REPORT OF INDEPENDENT AUDITORS

Plan Committee of Kaspar Wire Works, Inc.
401(k) Profit Sharing Plan
Shiner, Texas

We were engaged to audit the accompanying financial statements of Kaspar Wire Works, Inc. 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and for the years then ended, and the supplemental schedules for the year ended December 31, 2009, as listed in the table of contents. The financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan trustee instructed us not to perform, and we did not perform, any auditing procedures with respect to the Plan investments, which were certified by The Charles Schwab Trust Company, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed that The Charles Schwab Trust Company holds the Plan's investment assets and executes investment transactions. The Plan trustee has obtained a certification from The Charles Schwab Trust Company as of and for the years ended December 31, 2010 and 2009, which states that the information provided to the Plan trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as whole. The form and content of the information included in the financial statements and schedules, other than that derived from the investment information certified by The Charles Schwab Trust Company, have been audited by us in accordance with U. S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The audited financial statements of Kaspar Wire Works, Inc. 401(k) Profit Sharing Plan (the Plan) are maintained on the accrual basis in accordance with U.S. generally accepted accounting principles.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using this adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: The Plan's investments are primarily in mutual funds. The carrying values of these investments are the current market values (net asset value), as determined by quoted prices in an active market. Net appreciation (depreciation) in the fair market value of investments is reflected in the statement of changes in net assets available for plan benefits. Dividends are considered in the fair market value determination. The Plan also has an investment in a guaranteed interest contract, which is reported at fair value, and then adjusted to contract value, on the Statement of Net Assets Available for Benefits.

Participant Notes Receivable: Participant notes receivable are valued at cost, which approximates fair value.

Benefit Payments: Benefits are recorded when paid.

Sponsor: The Plan is sponsored by Kaspar Wire Works, Inc., for the benefit of its employees, and has been adopted by: Kaspar Die and Tool, Inc.; Kaspar Electroplating Corporation; Kaspar Properties, Inc.; Sho-Rack Service Center, Inc., Sho-Rack Service Center West, Inc.; Sho-Rack Service Center Southeast, Inc.; Kaspar Ranch Hand Equipment, L.P.; Ranch Hand Distribution, LLC; Kaspar Texas Traditions, and Kaselco, LLC (effective October 1, 2010). Collectively, the sponsor and adopting employers are referred to as the "Company" or "Employer").

New Accounting Pronouncements: In September 2010, the FASB issued ASU 2010-24, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires that loans to participants be reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest. ASU 2010-25 is effective for periods ending after December 15, 2010, and should be applied retrospectively to all prior periods. However for the purposes of Form 5500 reporting, participant notes receivable continue to be classified with investments.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events: Subsequent events have been evaluated by management through the date of the report of the independent auditors. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Concentration of Credit Risks: Concentration of credit risk with respect to investments managed by The Charles Schwab Trust Co. is reduced as a result of the diversity of the underlying investments.

NOTE B - PLAN DESCRIPTION

The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Kaspar Wire Works, Inc. 401(k) Profit Sharing Plan is a defined contribution plan, established January 1, 1986, covering virtually all employees who have six months of service with the Company. The Plan is for the exclusive benefit of participants and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100% vested in their accounts. See *Vesting* below.

Contributions: Participants may contribute up to 90% of their pretax annual compensation, subject to certain limitations of the Internal Revenue Code. The employer may contribute to the Plan each year a discretionary amount, which is allocated to all employees who participated in the Plan. Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined benefit or contribution plans.

Vesting: Participants are one hundred percent (100%) vested at all times in both their contributions and the employer's voluntary contributions.

Eligibility: Employees of the Sponsor and covered companies are eligible to participate in the Plan following 500 hours of service and six months of employment.

Participant Accounts: Each participant's account is credited with their contribution and allocations of a) the Plan Sponsor contributions, b) Plan earnings, and c) charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Upon enrollment in the Plan, a participant may change their investment option daily and direct employee contributions in 1% increments in several investment options.

Participants' Notes Receivable: Participants may borrow from their account a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Interest rates are established daily by the Trustee. Principal and interest is repaid by payroll deduction.

Payment of Benefits: Payment of the vested account balance will begin no later than the sixtieth day after the end of the year during which the participant reaches normal retirement age, dies or terminates employment, whichever is later. If the total vested account balance is less than $5,000, the participant will receive a single lump sum payment. If the vested account balance is equal to or greater than $5,000, various payment options are available and are described more fully in the Plan agreement. Hardship withdrawals are available to the plan participants upon approval by the Plan Committee. At December 31, 2010 and 2009, there were no vested benefits allocated to participants who had withdrawn from participation.

NOTE C - TRANSACTIONS WITH PARTIES-IN-INTEREST

Fees paid during the year for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services, and have been paid by the Plan Sponsor.

NOTE D - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles (GAAP) has established a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs are inputs that reflect assumptions of what market participants would use in pricing the asset or liability based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of the inputs, as follows:

Level 1: Quoted prices are available in active markets for identical assets or liabilities;
Level 2: Quoted prices in active markets for similar assets and liabilities that are observable for the asset or liability; or
Level 3: Unobservable pricing inputs that are generally less observable from objective sources, such as discounted cash flow models or valuations.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2010, other than the reclassification of participant notes receivable in accordance with ASU 2010-25. The following is a description of the valuation methodologies used for assets measured at fair value:

Common Stocks, Corporate Bonds and U.S. Government Securities: Valued at the closing prices reported on the active market which the individual securities are traded.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed Investment Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS - continued

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, at fair value, as of:

NOTE E – GUARANTEED INTEREST CONTRACT (SCHWAB STABLE VALUE FUND)

The Plan holds a benefit-responsive guaranteed interest contract (Schwab stable value fund) in their investment portfolio with Charles Schwab Bank (Schwab). Schwab maintains the Plan contributions in this investment in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Schwab is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Because this fund is fully benefit-responsive, contract value is the relevant measurement. The guaranteed interest contract is presented on the face of the statements of net assets available for benefits at fair value, and then an adjustment to contract value is presented in arriving at net assets available for benefits. Contract value, as reported to the Plan by Schwab, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The interest crediting rate of the investment contract was 2.73% at December 31, 2010 and 3.06% at December 31, 2009. The average yield was 2.26% for 2010 and 2.65% for 2009. The interest crediting rate is reset by Schwab quarterly. The guaranteed rate for 2010 and 2009 was 0%.

NOTE E – GUARANTEED INTEREST CONTRACT (SCHWAB STABLE VALUE FUND) - continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) full or partial plan termination, (2) insolvency of the plan sponsor or (3) aggregate terminations in any contract year exceed 20% of the full contract value as determined on the first day of the contract year. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE F - INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(k) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving its determination letter. However, the Plan administrator believes that the Plan is appropriately designed and is currently being operated in compliance with applicable requirements of the IRC.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE G – INVESTMENTS (Unaudited)
