The Plan Administrator
D & J Construction Company, Inc. 401(k) Plan
West Monroe, Louisiana

Independent Auditor's Report

We were engaged to audit the accompanying statements of D & J Construction Company, Inc. 401(k) Plan as of December 31, 2010 and 2009 and supplemental schedules as listed in the table of contents for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Frontier Trust, the Custodian of the Plan, except for comparing such information with the related information included in the 2010 and 2009 financial statements and the supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The accompanying supplemental schedule was presented for purposes of additional analysis and is not a required part of the basic financial statements. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the Custodian, has been audited by us in accordance with generally accepted auditing standards and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

D & J CONSTRUCTION COMPANY, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

1. Description of Plan

The following description of the D & J Construction Company, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all employees of D & J Construction Company, Inc., Ouachita Terminals, The R Group, Trenchless Methods and Highway Graphics who are twenty-one or older and have completed at least three months of service, as defined in the plan document. Effective January 1, 2009, employees of The R Group were moved out of this plan into a separate plan. Participant account balances for The R Group were transferred on January 20, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

- (a) ***Participant accounts.*** Each participant's account is credited with the participant's voluntary contribution, the Company's matching contribution and Plan earnings, which are allocated proportionately among all participants based on their investment in each fund.
- (b) ***Employee contributions.*** Participants are permitted to contribute up to 15% of their annual compensation, as defined in the plan document, to the Plan on a tax-deferred basis, so long as the total deferrals do not exceed the federal limit for the year. Transfers from qualified plans are allowed under the provisions of the Plan. Additional voluntary contributions are not allowed.
- (c) ***Employer contributions.*** Effective January 1, 2004, the Company amended the Plan to provide for a safe harbor feature. As a result, the Company contributes 100% of the first 3% and 50% of the next 2% of base compensation that a participant contributes to the Plan, which has been designated by the Plan document. The Company also may make a discretionary profit sharing contribution based on the Company's profits. In 2010 and 2009, the Company elected not to make the profit sharing contribution.
- (d) ***Vesting.*** Participants are fully vested in their employee contributions plus actual earnings thereon. Vesting in the Company contributions made prior to January 1, 2004 and earnings thereon is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Effective January 1, 2004, the Plan was amended to allow for safe harbor provisions. All safe harbor contributions are 100% vested when funded.

1. Description of Plan (Continued)

- (e) **Forfeitures.** Forfeitures of nonvested Company contributions are used first to reduce Plan expenses and then Company contributions. Any remaining forfeitures are then reallocated to active participants in the Plan.
- (f) **Payment of benefits.** On termination of service due to death, disability, retirement, or upon reaching normal retirement age, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than his or her life expectancy.
- (g) **Plan restatement.** The Plan was adopted effective March 1, 1997. It has since been restated effective March 1, 2009 to include the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"), the Pension Protection Act of 2006 and the Final 415 Regulations.
- (h) **Administrative expenses.** The Company pays the administrative costs of the Plan associated with any professional services provided to the Plan, and the cost of communications to the participants.

2. Summary of Significant Accounting Policies

- (a) **Basis of accounting.** The financial statements of the Plan are prepared under the accrual method of accounting, except for the cash basis recording of benefits paid.
- (b) **Investment valuation and income recognition.** The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.
- (c) **Use of estimates.** The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets.

	<u>2010</u>	<u>2009</u>
ML Retirement Reserves Money Fund	1,587,711	1,020,931
Black Rock Global Allocation Fund	634,712	658,069
Black Rock Latin America Fund	288,411	495,955

During 2010, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$276,331.

4. **Information Certified by the Plan's Custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	<u>December 31,</u>	
	<u>2010</u>	<u>2009</u>
Mutual funds	2,603,174	2,827,441
Common collective trusts	89,647	97,005
Cash and cash equivalents	<u>1,631,773</u>	<u>1,053,162</u>
	<u>4,324,594</u>	<u>3,977,608</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. **Fair Value Measurements**

FASB ASC #820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC #820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

5. Fair Value Measurements (Continued)

Common collective trust: Valued at the proportionate share of units of participation in the underlying mutual funds, which are valued at the net asset value (NAV) at year end.

Money market fund: The fund intends to keep a constant \$1 net asset value (NAV), however, to ensure that it does, the fund is participating in the U.S. Treasury Department's Temporary Guarantee Program.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

<i>Assets at Fair Value as of December 31, 2010</i>

6. Plan Termination

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

7. Plan's Tax Status

The Company adopted a Prototype Standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax.

8. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through June 16, 2011 which is the date the financial statements were available to be issued.

Independent Auditor's Report

We were engaged to audit the accompanying statements of D & J Construction Company, Inc. 401(k) Plan as of December 31, 2010 and 2009 and supplemental schedules as listed in the table of contents for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Frontier Trust, the Custodian of the Plan, except for comparing such information with the related information included in the 2010 and 2009 financial statements and the supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The accompanying supplemental schedule was presented for purposes of additional analysis and is not a required part of the basic financial statements. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the Custodian, has been audited by us in accordance with generally accepted auditing standards and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

D & J CONSTRUCTION COMPANY, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

1. Description of Plan

The following description of the D & J Construction Company, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all employees of D & J Construction Company, Inc., Ouachita Terminals, The R Group, Trenchless Methods and Highway Graphics who are twenty-one or older and have completed at least three months of service, as defined in the plan document. Effective January 1, 2009, employees of The R Group were moved out of this plan into a separate plan. Participant account balances for The R Group were transferred on January 20, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

- (a) ***Participant accounts.*** Each participant's account is credited with the participant's voluntary contribution, the Company's matching contribution and Plan earnings, which are allocated proportionately among all participants based on their investment in each fund.
- (b) ***Employee contributions.*** Participants are permitted to contribute up to 15% of their annual compensation, as defined in the plan document, to the Plan on a tax-deferred basis, so long as the total deferrals do not exceed the federal limit for the year. Transfers from qualified plans are allowed under the provisions of the Plan. Additional voluntary contributions are not allowed.
- (c) ***Employer contributions.*** Effective January 1, 2004, the Company amended the Plan to provide for a safe harbor feature. As a result, the Company contributes 100% of the first 3% and 50% of the next 2% of base compensation that a participant contributes to the Plan, which has been designated by the Plan document. The Company also may make a discretionary profit sharing contribution based on the Company's profits. In 2010 and 2009, the Company elected not to make the profit sharing contribution.
- (d) ***Vesting.*** Participants are fully vested in their employee contributions plus actual earnings thereon. Vesting in the Company contributions made prior to January 1, 2004 and earnings thereon is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Effective January 1, 2004, the Plan was amended to allow for safe harbor provisions. All safe harbor contributions are 100% vested when funded.

1. Description of Plan (Continued)

- (e) **Forfeitures.** Forfeitures of nonvested Company contributions are used first to reduce Plan expenses and then Company contributions. Any remaining forfeitures are then reallocated to active participants in the Plan.
- (f) **Payment of benefits.** On termination of service due to death, disability, retirement, or upon reaching normal retirement age, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than his or her life expectancy.
- (g) **Plan restatement.** The Plan was adopted effective March 1, 1997. It has since been restated effective March 1, 2009 to include the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"), the Pension Protection Act of 2006 and the Final 415 Regulations.
- (h) **Administrative expenses.** The Company pays the administrative costs of the Plan associated with any professional services provided to the Plan, and the cost of communications to the participants.

2. Summary of Significant Accounting Policies

- (a) **Basis of accounting.** The financial statements of the Plan are prepared under the accrual method of accounting, except for the cash basis recording of benefits paid.
- (b) **Investment valuation and income recognition.** The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.
- (c) **Use of estimates.** The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets.

	<u>2010</u>	<u>2009</u>
ML Retirement Reserves Money Fund	1,587,711	1,020,931
Black Rock Global Allocation Fund	634,712	658,069
Black Rock Latin America Fund	288,411	495,955

During 2010, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$276,331.

4. **Information Certified by the Plan's Custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	<u>December 31,</u>	
	<u>2010</u>	<u>2009</u>
Mutual funds	2,603,174	2,827,441
Common collective trusts	89,647	97,005
Cash and cash equivalents	<u>1,631,773</u>	<u>1,053,162</u>
	<u>4,324,594</u>	<u>3,977,608</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. **Fair Value Measurements**

FASB ASC #820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC #820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

5. Fair Value Measurements (Continued)

Common collective trust: Valued at the proportionate share of units of participation in the underlying mutual funds, which are valued at the net asset value (NAV) at year end.

Money market fund: The fund intends to keep a constant \$1 net asset value (NAV), however, to ensure that it does, the fund is participating in the U.S. Treasury Department's Temporary Guarantee Program.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

<i>Assets at Fair Value as of December 31, 2010</i>
