To the Plan Administrators of
GSC Logistics, Inc. 401(k) Plan
Oakland, California

We have conducted a DOL limited-scope audit of the financial statements of GSC Logistics, Inc. 401(k) Plan for the year ended December 31, 2010 and have issued our report thereon dated June 27, 2011. As permitted by Regulation 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 7 to those financial statements. Because of the significance of the information that we will not audit, we are unable, and have not expressed an opinion on those financial statements and schedules taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 7, 2011. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by GSC Logistics, Inc. 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2010. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the appreciation of investment is based on information certified by the custodian. We evaluated the key factors and assumptions used to develop the appreciation of investment in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was: The disclosure of management's methodology for valuing the investments held in the plan in accordance with (ASC) 820 in Note 4.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated June 27, 2011.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the trustees and management of GSC Logistics, Inc. 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

We sincerely, appreciate the opportunity to provide services to the GSC Logistics, Inc. 401(k) Plan and hope you find the information included in this correspondence useful and informative. If you have any questions or wish to discuss any of the items further, please let us know.

Sincerely,

Mowat Mackie & Anderson LLP

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan currently offers various mutual funds as investment options for participants. The Company has elected to make safe harbor matching contributions in an amount equal to 100% of the first 4% of eligible compensation, contributed to the Plan as pretax contributions. Additionally the Company may make discretionary matching contributions of a percent, if any, to be determined during the contribution period based on a percentage of the employees deferral contributions. Participants direct the investment of all contributions into the various investment options offered by the Plan. In addition the employer can make discretionary non-elective contributions to be determined by the Board.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and Plan earnings. Investment income allocations are based on participant account balances on a daily valuation basis. Allocation among the available funds is at the participant's discretion. Participants may change their investment options at any time. The benefit to which a participant is entitled is limited to the amount of the participant's vested account balance.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are vested immediately in their contribution and earnings thereon. Participants are also immediately vested in employer's qualified safeharbor matching contributions and earnings thereon. Vesting in discretionary employer matching contributions is based on years of continuous service. A participant is fully vested after six years of credited service.

Payment of Benefits

Participant contributions can be distributed prior to termination or retirement age for hardship claims, death or disability as defined in the Plan agreement Participant may elect either a partial or lump sum distribution equal to the value of the participant's vested interest in his or her account.

On termination of service for account balances less than $5,000, as defined by the Plan, a lump-sum distribution will be made at the employer's discretion. For account balances greater than $5,000, the participant may elect a lump sum cash payment or direct rollover.

The normal retirement age under the Plan is 59 1/2 years of age.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, is forfeited. Forfeitures may be used to pay administrative expenses as directed by the Company and/or to restore previously forfeited account balances as stated in the Plan document. Any remaining forfeitures will then be used to reduce Company contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted within the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company absorbed substantially all administrative costs of the Plan for the year ended December 31, 2010.

NOTE 3 – INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31:

	2010	2009
BLKRK Equity Div I	$ 131,161	$ 91,850
FA Lev CO Stock A	136,245	91,363

FA Intl Discovery A	127,416	99,518
FA Freedom 2050 A	136,830	99,365

During 2010, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $173,567.

NOTE 4 – FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,576,870	$ -	$ -	$ 1,576,870
Total investments at fair value	$ 1,576,870	$ -	$ -	$ 1,576,870

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,274,973	$ -	$ -	$ 1,274,973
Total investments at fair value	$ 1,274,973	$ -	$ -	$ 1,274,973

NOTE 5– PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts, including employer contributions.

NOTE 6– RELATED- PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional an affiliate of Fidelity Management Trust. Fidelity Management Trust is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Pursuant to DOL regulation 61FR39988, the aforementioned transactions between the Plan and Fidelity Management Trust are exempt transactions.

NOTE 7– INFORMATION CERTIFIED BY TRUSTEE

The Plan's investments are currently held in safekeeping with Fidelity Management Trust Company, the Plan's custodian. Investments are in accordance with the policy set by the Plan's Administrator or by subsequent policy amendments.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the directed trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2010 and the schedule of assets held for investment purposes as of December 31, 2010, and the related investment activity reflected in the statement of changes in assets available for benefits for the year then ended.

NOTE 8– AMOUNTS ALLOCATED TO PARTICIPANTS WHO HAVE WITHDRAWN

As of December 31, 2010, five account balances totaling $140,589 were allocated to participants who had withdrawn from the Plan, but had not yet been distributed.

NOTE 9– INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan received a favorable determination of its amended plan on March 31, 2008. Although the Plan has been amended and restated since receiving its favorable determination letter, the Plan Administrator and tax counsel believe that the Plan is currently designed and being operated within the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Franchise Tax Board. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 10– RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated all events subsequent to the statements of net assets available for benefits date of December 31, 2010 through June 27, 2011, which represents the date these financial statements are available to be issued.

Per the latest collective bargaining agreement, effective September 1, 2011, union employees will not be eligible to receive employer matching contributions and will be entitled to participate in the Western Conference Teamsters Pension Fund.
