EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Evergreen 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan’s adoption agreement (“Adoption Agreement”) for more complete information of the Plan’s provisions.

General

The Plan is a defined contribution plan established January 1, 1998. The Plan covers all employees of Evergreen Convalescent Hospital and Rehabilitation Center, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. An employee must have completed three months of service with the Company to be eligible to participate in the Plan, as defined in the Plan.

The Plan was amended at various dates through December 31, 2010 to comply with applicable laws and regulations.

Plan Administration

The Company is the plan administrator and is responsible for managing the day-to-day operations of the Plan. The Plan’s trustee, State Street, is responsible for the management of the Plan’s assets. The Plan’s recordkeeper, Automatic Data Processing, Inc. (ADP), is responsible for the custody of the Plan’s assets.

Contributions

Eligible employees may contribute from 2% to 15% of their compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Plan participants over age 50 may defer additional catch-up contributions, subject to the IRC limitations. Participants may also contribute rollovers representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers a number of investment options in money market accounts, certificates of deposits, common/collective trust funds and mutual funds managed by State Street Bank and Trust Company (State Street).

The Company may elect each year to make a discretionary matching contribution equal to a percentage of total employee savings contributions and discretionary profit sharing contributions. The Company made no matching contributions to the plan for the year ended December 31, 2010.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Contributions - Continued

The Company may also elect each year to make discretionary profit sharing contributions on behalf of all eligible participants. The Company did not elect to make discretionary profit sharing contributions for the year ended December 31, 2010.

Vesting

Participants are fully vested in their contributions and the earnings thereon. Vesting in the Company's matching and discretionary profit sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. The Plan provides for vesting of Company matching and discretionary profit sharing contributions as follows:

<u>Years of Service</u>	<u>% Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more years	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are first applied against administrative expenses of the Plan. If forfeitures exceed administrative expenses, any excess forfeitures will be used to reduce the employer's matching contribution that would otherwise be made to the Plan. For the year ended December 31, 2010, there were no forfeitures available to reduce Company matching contributions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution or installment payments equal to the participant's vested account balance, if the vested account balance is more than \$5,000. If the vested account balance is \$5,000 or less, the entire balance will be paid out. Payments of account balances in excess of \$5,000 may be deferred until age 70½. In addition, hardship distributions are permitted if certain criteria are met.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN – CONTINUED

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions (including those rolled over from another qualifying plan), related matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on the proportion that each participant's account balance bears to the total of all participant account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum limited to the lesser of: (1) \$50,000 or (2) 50% of the participant's vested account balance. Each loan made bears a reasonable rate of interest, which is determined by the custodian of the Plan. Loans must be repaid in level payments generally through after-tax payroll deductions over a period not to exceed five years, unless such loan is used by the participant to acquire a personal residence. Should employment with the Company be terminated prior to the full repayment of the loan, all remaining unpaid principal and interest shall be considered an immediate distribution of benefits under the Plan and reported as taxable income to the participant. Note receivable from participants at December 31, 2010 and 2009 amounted to \$27,251 and 36,817, respectively.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan. Audit fees and other administrative expenses are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Valuation of Investments

The Plan's investments are stated at fair value. Mutual funds are stated at fair value determined by quoted market prices. The fair values of the Plan's interests in common/collective trust funds are determined using the net asset values of the funds as reported by State Street, which are based on the fair value of the underlying investments.

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Change in Fair Value of Investments

Net change in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Notes Receivable from Participants

The notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Benefit claims are accrued when they have been processed and approved for payment by the Plan. The amounts allocated to accounts of terminated employees who have also terminated their participation in the Plan, including involuntary cash-outs, as a component of net assets available for plan benefits, was \$7,131 at December 31, 2010.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Reclassifications

Certain prior year amounts in the statement of net assets available for benefits and statement of changes in net assets available for benefits have been reclassified to conform to the current year presentation.

Subsequent Events

In accordance with GAAP, events occurring between December 31, 2010 and July 20, 2011 (the date the financial statements were available to be issued) were evaluated, and no material subsequent events that required recognition in these financial statements were noted.

Recent Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board (FASB) issued authoritative guidance that requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. The guidance is effective for fiscal years ending after December 15, 2010 and is required to be applied retrospectively. The adoption of this guidance did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans have been reclassified to notes receivable from participants as of December 31, 2009.

In January 2010, the FASB issued authoritative guidance to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance clarified that disclosures should be presented separately for each “class” of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. The guidance also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, the guidance introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance was effective for reporting periods beginning after December 15, 2009. Since the guidance only affects fair value measurement disclosures, adoption of the guidance did not affect the Plan’s net assets available for benefits or its changes in net assets available for benefits.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Recent Accounting Pronouncements - Continued

In September 2009, the FASB issued authoritative guidance for measuring the fair value to allow entities to use net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the net asset value is calculated in a manner consistent with investment company accounting. The Plan adopted the guidance for the reporting period ended December 31, 2009, and has utilized the practical expedient to measure the fair value of investments within the scope of this guidance based on the investment's NAV. Adoption of the guidance did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

NOTE 3 - TAX STATUS

The Plan has adopted a Prototype Profit Sharing Plan and received a favorable opinion letter from the Internal Revenue Service dated November 6, 2001, which stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with GAAP, the Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. As a result, the Plan has recognized no interest or penalties related to uncertain tax positions.

NOTE 4 - PLAN AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

EVERGREEN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for Plan benefits as of December 31, 2010 and 2009, the supplemental Schedule H, line 4i – Schedule of assets (Held at End of Year) as of December 31, 2010, and the related investment activity reflected in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2010.

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritized the inputs to valuation techniques used to measure fair value into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3).). The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies used for the Plan assets measured at fair value on a recurring basis are as follows:

Interest-bearing cash: The carrying value approximates fair value.

Mutual funds: These investments are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end (Level 1).

Common/Collective trust funds: These investments are valued using the NAV provided by State Street. The NAV is quoted on a private market that is not active; however, it's based on the values of underlying investments, which are traded on an active market (Level 2).

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the measurement date.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by State Street, the custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest and are denoted as such in the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year). However, these party-in-interest transactions are exempt pursuant to applicable ERISA regulations.

NOTE 8 - INVESTMENTS

The fair values of individual investments that represent 5% or more of the Plan's net assets at December 31, are as follows:

* For comparative purposes

During 2010, the Plan's investments (including interest, dividends, and gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$25,879.

NOTE 9 - CORRECTIVE DISTRIBUTIONS

The Plan failed to pass the Actual Deferral Percentage (ADP) test for the 2010 Plan year. In order to correct this testing failure, federal law generally requires that corrective action be completed no later than the end of following year to avoid Plan disqualification. For the corrective distributions to be considered taxable income during 2010, federal law requires the corrective distribution to be made no later than March 15 of the following year. The corrective distribution of \$126 as of December 31, 2010 was made by the required deadline and is reported as a liability in the accompanying statements of net assets available for plan benefits.

Considering the remedial actions taken pursuant to the provisions of the Plan document, management believes that the failed nondiscrimination testing will not affect the tax-exempt status of the Plan.
