Report of Independent Auditors

The Plan Administrator
Durham School Services 401(k) and Profit Sharing Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Durham School Services 401(k) and Profit Sharing Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by DWS Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Durham School Services 401(k) and Profit Sharing Plan

Notes to Financial Statements

December 31, 2010

1. Description of the Plan

The following description of the Durham School Services 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined-contribution plan covering substantially all eligible employees of Durham School Services, L.P. and Durham D&M, LLC (collectively, the Sponsor) who reside in California, Oregon, Texas, or Washington (the DTI States).

Effective at the close of business on December 31, 2010, the Plan was merged into the Durham School Services 401(k) Savings Plan. The notes to the financial statements are presented and apply to the Plan prior to the merger.

Employees (those other than non-resident aliens, highly compensated employees, officers, and those employees who are employed in any state other than the DTI States) become eligible to participate in the Plan on February 1 or October 1 following the date of hire. Employees are eligible for discretionary Sponsor profit-sharing contributions after the completion of 12 months of service and having an entry date by January 1 or July 1. A participant must be employed on December 31 and must have completed 700 hours of service to receive the Sponsor profit-sharing contribution for that plan year. Only employees not classified as piece-rate employees are eligible to receive a profit-sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to make deferral contributions to the Plan from 1% to 20% of their compensation, as defined. In accordance with federal tax law, contributions are subject to limitations imposed by the Internal Revenue Service (the IRS). The Sponsor can make profit-sharing contributions, and the amount contributed is at the Sponsor's discretion. Discretionary profit-sharing contributions are allocated to eligible participants pro rata based on compensation. No such contribution was made in 2010.

All contributions are participant directed.

1. Description of the Plan (continued)

Participant's Account

Each participant's account is credited with the participant's and the Sponsor's contributions, if any, as well as investment earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested amount.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Sponsor profit-sharing contributions are subject to the following vesting schedule:

Years of Service	Vesting %
1	20%
2	40
3	60
4	80
5 or more	100

Benefit Payments

Upon termination of service due to retirement (age 65), death, or permanent disability, the participant will become 100% vested in his or her account balance. Upon termination of employment, the vested portion of a participant's account is paid. Distributions are in the form of a single lump-sum payment.

The Plan provides for limited in-service distributions and hardship withdrawals, as defined.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested.

1. Description of the Plan (continued)

Forfeitures

Non-vested balances of participants' accounts may be subject to forfeiture upon termination of the participants' employment with the Sponsor. Forfeitures are used to reduce the Sponsor discretionary profit-sharing contributions.

Expenses

Administrative expenses of the Plan are paid by the Sponsor.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4 for further discussion of fair value.

The purchase and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Distributions

Distributions to participants are recorded by the Plan when actual payment is made.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market-related risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported on the statements of net assets available for benefits and participant account balances.

Subsequent Events

Subsequent events have been evaluated through July 8, 2011, the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and notes, including investments held at December 31, 2010 and 2009, and net appreciation in fair value of mutual funds and interest and dividends for the year ended December 31, 2010, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by DWS Trust Company (DWS), the trustee of the Plan.

Individual investments that represent 5% or more of the Plan's net assets at December 31 are as follows:

	December 31	
	2010	2009
DWS Lifecompass 2015 Fund	\$ –	\$ 8,562,338
DWS Cash Investment Trust	–	4,347,559
DWS S&P 500 Index Fund	–	869,741

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The

hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1—Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2—Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3—Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

4. Fair Value Measurements (continued)

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Mutual funds: valued at quoted market prices of shares held by the Plan at year-end.

As of December 31, 2010, all plan assets have been transferred into the Durham School Services 401(k) Savings Plan.

Plan's assets carried at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Fixed income	\$ 4,868,960	\$ –	\$ –	\$ 4,868,960
U.S. equities	2,196,481	–	–	2,196,481
Non-U.S. equities	680,565	–	–	680,565
Balanced	8,562,338	–	–	8,562,338
Total assets at fair value	<u>\$ 16,308,344</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$ 16,308,344</u>

5. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2010-6 and 2005-16, the Sponsor has determined that it is eligible to, and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Durham School Services 401(k) and Profit Sharing Plan

Notes to Financial Statements (continued)

5. Income Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

6. Related-Party Transactions

Plan investments in mutual funds are managed by DWS, the trustee. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.
