INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Landsman Development Corp. Retirement Plan

We were engaged to audit the statements of net assets available for benefits of Landsman Development Corp. Retirement Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets held for investment purposes as of December 31, 2010. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information that was certified by Bank of America, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LANDSMAN DEVELOPMENT CORP.
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF PLAN

The following description of the Landsman Development Corp. Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Landsman Development Corp. and its subsidiaries, Landsman Real Estate Services, Inc. and Landsman Building Services Group, Inc., which was formerly known as Mayzon Building Services Group, Inc., (Company) who have six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Plan is administered by the Company. All assets of the Plan are held and managed by Bank of America, N.A.

Contributions - Each year, participants may contribute up to 25% of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified retirement plans. At its discretion, the Company may make matching contributions. Additional discretionary contributions may also be made by the Company. Contributions are subject to certain limitations.

During the years ending December 31, 2010 and 2009, the Company made matching contributions equal to 25% of the first 4% of base compensation that a participant contributes to the Plan. The Company also made discretionary contributions of $75,000 during the years ending December 31, 2010 and 2009.

Participant Investment Options - Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, Plan earnings and forfeitures, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately 100% vested in their contributions plus actual earnings thereon. Company contributions plus earnings thereon become 20% vested upon completion of two years of service and continue to vest at the rate of 20% for each successive year of service until 100% vested after six years of service. Participants are considered to have completed one year of service for vesting purposes upon completion of 1,000 hours of service at any time during the Plan year.

Forfeitures - Participants who terminate their employment prior to becoming 100% vested will forfeit the nonvested portion of the Company contributions in their account. Amounts forfeited are transferred from the terminated participant's account into a forfeiture account and will be reallocated to eligible participants. The forfeiture account had a balance of $10,303 at December 31, 2010 and $5,753 at December 31, 2009. During the years ending December 31, 2010 and 2009, forfeitures reallocated to eligible participants totaled $5,753 and $8,939, respectively.

1. DESCRIPTION OF PLAN, Continued

Administrative Expenses - Certain administrative expenses of the Plan are paid for by the Company. The Plan incurred administrative expenses in the amount of $10,955 for the year ending December 31, 2010 and $10,430 for the year ending December 31, 2009 that was paid for by the Company.

Notes Receivable from Participants - Participant loans may be granted only for the same reasons for which hardship withdrawals are permitted under the Plan. Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by a percentage of the vested account balance equal to the amount borrowed divided by the vested account balance and bear interest at a rate comparable to similar types of loans. Principal and interest are paid ratably through periodic payroll deductions.

Payment of Benefits - Upon retirement, death, hardship or termination of employment, a participant may elect to receive benefits in a single sum payment or in installments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

In accordance with Financial Accounting Standards Board Accounting Standards Codification, "Financial Services – Investment Companies", the statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Valuation of Investments and Income Recognition - The Plan's investments are stated at fair value. Quoted market prices in active markets are used to value investments. The common collective trust also uses estimates to value underlying investments in the absence of readily determinable fair values. These estimates have been determined by the management of the trust.

The common collective trust is valued based on the underlying investments in investment contracts and then adjusted by the issuers to contract value. Contract value represents contributions made, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The common collective trust may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities and maintains a net asset contract value of $1.00.

On October 6, 2010, the Trustee of the common collective trust approved a Resolution to terminate the trust and commence liquidation of the assets of the trust, which required the trust to change the accounting of the underlying investments from contract value to fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Shares of registered investment companies (mutual funds) are valued at their quoted market prices, which represent the net asset value of shares held by the Plan at year end. Units of the self-directed brokerage account are valued based on the market value of the underlying investments, which includes common stocks, corporate and government bonds, and money market funds. The self-directed brokerage account maintains a unit value of $1.00. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants - In accordance with the updated provisions of Financial Accounting Standards Board Accounting Standards Codification, "Plan Accounting – Defined Contribution Pension Plans", the Plan has classified participant loans as notes receivable. The notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

3. INFORMATION CERTIFIED BY THE TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has obtained certification from Bank of America, N.A. that the investments and the related investment activity appearing in the statements of net assets available for benefits, appearing in the statements of changes in net assets available for benefits, and appearing in the schedule of assets held for investment purposes are complete and accurate.

4. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2010:

	Number of Shares/Units	Fair Value
Merrill Lynch Retirement Preservation Trust Fund	1,226,636	$ 1,226,636

During the year ended December 31, 2010, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by $595,209.

4. INVESTMENTS, Continued

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2009:

	Number of Shares/Units	Fair Value
Merrill Lynch Retirement Preservation Trust Fund	1,144,273	$ 1,065,318
Neuberger Berman International Fund	48,551	$ 790,903
Blackrock Fundamental Growth Fund	27,215	$ 524,426
Blackrock Government Income Fund	51,966	$ 536,291
PIMCO Total Return Fund	81,131	$ 876,214

Blackrock Large Cap Value Fund	49,141	$ 655,049
Merrill Lynch Self-Directed Brokerage Account	686,669	$ 686,669

During the year ended December 31, 2009, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by $972,989.

5. FAIR VALUE MEASUREMENT

The Plan accounts for its investments in accordance with Financial Accounting Standards Board Accounting Standards Codification, "Fair Value Measurements and Disclosures" (Fair Value Standard), which defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by the Fair Value Standard, are used to measure fair value.

The Fair Value Standard prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. FAIR VALUE MEASUREMENT, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (mutual funds) are valued at quoted market price, which represents the net asset value of shares held by the Plan at year end.

The common collective trust and the self-directed brokerage account are valued based on quoted market prices of the underlying investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$5,425,364	$ -	$ -	$5,425,364
Common collective trust	-	1,226,636	-	1,226,636
Self-directed brokerage account	-	753,548	-	753,548
Cash	12	-	-	12
Total assets	$5,425,376	$1,980,184	$ -	$7,405,560

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$4,804,948	$ -	$ -	$4,804,948
Common collective trust	-	1,065,318	-	1,065,318
Self-directed brokerage account	-	686,669	-	686,669
Cash	11	-	-	11
Total assets	$4,804,959	$1,751,987	$ -	$6,556,946

6. INVESTMENT CONTRACTS WITHIN COMMON COLLECTIVE TRUST

The Plan's common collective trust investment held various investment contracts. Most of these investment contracts were fully benefit-responsive and contract value was the relevant measurement attribute for the net assets available for benefits.

The common collective trust is credited with contributions and actual earnings on the underlying investments, and charged for participant withdrawals and administrative expenses. The investment contract issuers were contractually obligated to repay the principal and a specified interest rate. There were no reserves against contract value for credit risk of the investment contract issuers or otherwise.

Certain events that are deemed to be caused by actions of the Plan Sponsor would have limited the Plan's ability to transact at contract value with the common collective trust. Such events included the following: (a) amendments to the Plan documents, including complete or partial plan termination or merger with another plan, (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974, (d) bankruptcy of the Plan sponsor or other Plan sponsor event that would cause a significant withdrawal from the Plan. None of these events had occurred and the Plan's ability to transact at contract value with the Plan participants was not limited.

The average yield earned by the common collective trust based on actual earnings was 2.35% at December 31, 2009. The average yield earned by the common collective trust based on the actual interest rate credited to participants was 2.57% at December 31, 2009.

Effective with the Trustee's October 6, 2010 approval of a Resolution to terminate the trust and commence liquidation of the assets of the trust, the trust changed from a stable value fund to a short-term bond fund. The investments of the trust consist of various short-term U.S. Government Sponsored Agency Obligations and U.S. Treasury Obligations that are measured at fair value at December 31, 2010.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Bank of America, N.A., who is the trustee as defined by the Plan. The transactions with Bank of America, N.A. qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account.

9. RISKS AND UNCERTAINTIES

The Plan provides various investment options. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the account balances of participants and the amounts reported in the statement of net assets available for benefits.

10. TAX STATUS

The Internal Revenue Service has determined and informed the Company, by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. Taxing jurisdictions generally have the right to examine and audit the previous three years of tax returns filed. Any interest and penalties assessed to the Plan are recorded as administrative expenses ($-0- for the years ended December 31, 2010 and 2009). The Plan administrator is not aware of any uncertain tax positions requiring measurement or disclosure in these financial statements.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2010	2009
Net assets available for benefits per the financial statements	$ 7,509,700	$ 6,667,307
Less: Adjustment from contract value to fair value for fully benefit-responsive investment contracts	-	(78,954)
Net assets available for benefits per the Form 5500	$ 7,509,700	$ 6,588,353

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31:

	2010	2009
Net increase in net assets per the financial statements	$ 842,393	$ 340,631
Less: Current year adjustment from contract value to fair value for fully benefit-responsive investment contracts	-	(78,954)
Plus: Prior year adjustment from contract value to fair value for fully benefit-responsive investment contracts	78,954	135,276
Net increase in net assets per the Form 5500	$ 921,347	$ 396,953

12. SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

Effective January 19, 2011, the Merrill Lynch Retirement Preservation Trust Fund was replaced with the Federated Capital Preservation Fund as the stable value fund option in the Plan.
