As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 to the financial statements, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes transactions. The plan administrator has obtained certifications from the trustee regarding the completeness and accuracy of the investment information summarized in Note 5 that was provided to the plan administrator by the trustee as of and for the years ended December 31, 2010 and 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan and Significant Accounting Policies

Plan description: The following description of the Braxton County Memorial Hospital, Inc. Retirement Savings Plan (the Plan), provides only general information. Participants should refer to the Plan document for more complete information.

General: The Plan, which was adopted January 1, 1998, and amended effective January 1, 2006 (to allow for ROTH contributions and to address Code Sections 401(k) and 401(m) 2004 Final Regulations) is a defined contribution 401(k) and profit sharing plan available to all personnel, except for per diem employees, leased employees, and employees covered by a collective bargaining agreement, of Braxton County Memorial Hospital, Inc. (the Plan Sponsor). The Plan was restated effective April 15, 2010 to adopt the provisions of the Pension Protection Act. Employees are eligible to participate on their first day of employment, or upon reaching the age of 21. The Plan requires completion of 12 months of service and the attainment of age 21 in order to receive employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A member of the Braxton County Memorial Hospital, Inc. has been designated by the Plan Sponsor to administer the Plan in accordance with its terms and in accordance with the documents and instruments governing the Plan insofar as such documents and instruments are consistent with the provisions of ERISA.

Contributions: Participants may elect to defer an amount from one percent (1%) up to nineteen percent (19%) of their compensation, as defined in the Plan document, limited to the maximum allowed under the Internal Revenue Code for such plan year. Once an employee completes one year of service, the employer makes matching contributions in an amount equal to 100% of the employee's pretax contributions but subject to limitations based on years of service as follows:

Length of Service of Participant	Matching Percentages of Compensation	
	% Match	Of the first
Less than 1 year	0%	0%
1 – 5 years	100%	1%
6 – 10 years	100%	2%
11 – 15 years	100%	3%
16 – 20 years	100%	4%
21 + years	100%	5%

The employer may, at its discretion, make additional matching contributions. To be eligible for the discretionary contributions, the employee must be a participant, have completed 1,000 hours of service and be employed the last day of the Plan year.

Participant investment options: Each Plan participant has the right to direct all contributions and earnings of their account among investment funds provided under the Plan. Participants should refer to the most recent annual report of each investment fund for information on risk factors, asset concentrations and other financial data. Participants may transfer funds between investment options at any time.

Participant accounts: Each participant account is credited with the participant's elective deferrals and any employer contributions. In addition, each participant's account is credited with their share of investment earnings and appreciation/depreciation in the value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in all contributions and earnings which are credited to their respective account.

Payment of benefits: Upon retirement (normal retirement age is 59½), death, disability or other termination of employment, as defined in the Plan document, participants or their spouses and/or beneficiaries may elect to receive their account as a lump sum cash payment. Further, upon termination of employment, the participant may elect to transfer his or her account balances to another qualified plan or individual retirement account. Even if a participant continues employment after age 59½, distributions

NOTES TO FINANCIAL STATEMENTS

will be made no later than April 1 of the calendar year after a participant attains age 70½. Lump sum distributions will be made to terminated participants when the vested account balance is less than \$1,000. Benefit payments are recorded upon distribution.

The Plan allows for hardship withdrawals for certain employee needs as defined in the Plan document. The Plan Sponsor has sole authority to authorize hardship withdrawals, pursuant to the Plan specifications. Hardship withdrawals approximated \$5,850 and \$0 for the years ended December 31, 2010 and 2009, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts for any purpose subject to a \$1,000 minimum and a maximum amount which is the lesser of one-half of a participant's vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participant's loans during the prior twelve months. The participant's account balance serves as collateral for the loan. Loans bear interest at a rate determined by the Plan Administrator based on prevailing industry loan rates. Loans must be repaid in level payments on a bimonthly basis over a five year period (principal residence loans over a fifteen year period) through payroll deductions.

Significant accounting policies: The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America and to general practices within the employee benefit plan industry. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The principles and policies which significantly affect the determination of net assets and the changes in net assets are summarized below.

Significant New Accounting Pronouncements: In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25). ASU 2010-25 changed the reporting on loans to participants. Prior to ASU 2010-25, loans to participants were reported as investments at fair value. ASU 2010-25 requires that loans to participants be reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest. ASU 2010-25 is effective for periods ending after December 15, 2010 and allows early adoption. The Plan adopted ASU 2010-25 in the 2010 financial statements, applied retrospectively for all periods presented. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new standard. The adoption of ASU 2010-25 was not significant as the unpaid principal balance plus accrued interest of loans to participants approximated fair value. There was no impact to the net assets as of December 31, 2010 and 2009, as a result of the adoption.

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06), which amends Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (ASC 820), adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

**BRAXTON COUNTY MEMORIAL HOSPITAL, INC.
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Investment income derived from participant investments is recorded net of investment expenses charged by each respective fund. Participants should refer to the latest fund prospectus or annual report for additional information related to mutual fund fee assessments.

The Plan does not require collateral to secure investment instruments.

Notes receivable from participants: Loans to participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Operating expenses: All expenses of maintaining the plan are paid by the Plan Sponsor.

Subsequent events: The plan has evaluated subsequent events through July 11, 2011, the date the financial statements were available to be issued.

Note 2. Tax Status

The Braxton County Memorial Hospital, Inc. Retirement Savings Plan has adopted the Fidelity Management & Research Co. prototype standardized profit sharing plan. Fidelity has received a determination letter dated March 31, 2008 that the Plan and related amendments qualifies under Internal Revenue Code Section 401(a). An employer who has adopted the prototype plan will also be considered to have a plan qualified under Section 401(a) provided all of the terms of the Plan are followed, and the eligibility requirements and contribution or benefit provisions are not more favorable for highly compensated employees than other employees. The Plan has been amended and restated since receiving the determination letter. The Plan Administrator believes that the Braxton County Memorial Hospital, Inc. Retirement Savings Plan is currently being operated in compliance with the aforementioned prototype plan and the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2007.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participant accounts will become fully vested and nonforfeitable.

Note 4. Related Party Transactions and Investment Administration

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, and certain others. During 2010 and 2009, the Plan Sponsor contracted with Fidelity Management Trust Company (Fidelity) to administer the Plan assets. Administrative functions include participant account maintenance, custodial services, and participant loan services. The only fees paid to Fidelity are paid by the participant for the application of participant loans and those fees are already built into Fidelity's mutual fund structure. Also, quarterly administrative fees paid to Fidelity related to participant loans are charged to the participant's account. These fees approximated \$2,000 and \$1,800 for the years ended December 31, 2010 and 2009, respectively.

**BRAXTON COUNTY MEMORIAL HOSPITAL, INC.
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Certain other administrative expenses for legal, accounting, and other professional services are paid directly by the Plan Sponsor and not charged to the Plan and certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

Note 5. Assets Certified

The following is a summary of the plan's asset information as of December 31, 2010 and 2009, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets. Investments that represent 5% or more of the Plan's net assets are separately identified.

(none in excess of 5% of net assets)

\$ 78,115 \$ 108,698

*Not in excess of 5% of net assets

Other Information: During the years ended December 31, 2010 and 2009, the Plan's investments, which consist principally of mutual funds appreciated in value (including gains and losses on investments bought, sold and held during each year) by \$300,608 and \$431,149, respectively. Interest and dividend income was \$42,484 and \$36,713 for the years ended December 31, 2010 and 2009, respectively. Interest income on notes receivable from participants was \$4,330 and \$5,320 for the years ended December 31, 2010 and 2009, respectively.

Note 6. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC 820), *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**BRAXTON COUNTY MEMORIAL HOSPITAL, INC.
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds, valued at the net asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2010 and 2009, respectively.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
