INDEPENDENT AUDITOR'S REPORT

June 27, 2011

The Plan Administrator
Clayton Williams Energy, Inc.
401(k) Plan and Trust

We have audited the accompanying statements of net assets available for benefits of the Clayton Williams Energy, Inc. 401(k) Plan and Trust (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Clayton Williams Energy, Inc. 401(k) Plan and Trust as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, Line 4i, schedule of assets held for investment purposes as of December 31, 2010, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Clayton Williams Energy, Inc. (the "Company") 401(k) Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated, is a defined contribution plan established by Clayton Williams Energy, Inc. (the "Company" or "CWEI") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company who become entitled to participate in the Plan. Employees who have 90 days of service and are age 21 or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was amended effective January 1, 2001 to provide that a participant shall be fully vested in his or her salary deferral contribution account, after-tax contribution account, matching employer contribution account, discretionary employer contribution account, and rollover contribution account. The Plan was amended effective August 2, 2004 to include the terms and conditions of the DWS Trust Company prototype 401(k) plan document as supplemented and modified. The Plan was amended December 6, 2007, effective January 1, 2008, to auto-enroll employees upon becoming eligible and add a Roth 401(k) feature, which allows after-tax contributions.

Plan Administration

The Plan is administered by the Company. ADP Retirement Service, Inc. is the Plan's recordkeeper. DWS Trust Company ("DWS") holds the Plan's assets. DWS is also the Trustee and is responsible for accepting funds, managing them and distributing them to beneficiaries.

Contributions

The Plan requires that the amounts of all participant and Company contributions comply with limitations established by the IRC. Subject to these limitations, participants may contribute to the Plan up to 100% of pre-tax annual compensation, as defined by the Plan, and the Company, in its sole discretion, may provide a matching contribution equal to a percentage of participants' contributions. The Company makes matching contributions equal to 100% of participants' contributions, limited to 6% of compensation. The Company may also make discretionary profit-sharing contributions to the Plan which are allocated to participants' accounts based on each participant's compensation as a percentage of total compensation.

Vesting

Participants are fully vested in their contributions and the earnings thereon. The Plan has been established as a safe-harbor plan; therefore, participants are fully vested in Company matching and discretionary contributions upon entry into the Plan.

Benefits

Upon termination of service due to death, disability or retirement, participants may request and receive a lump-sum distribution in an amount equal to the value of the vested interest in their respective accounts. Participants may also receive hardship withdrawals of their accounts, subject to certain limitations, as defined by the IRC.

CLAYTON WILLIAMS ENERGY, INC.
401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Individual accounts are maintained to reflect each participant's allocated share of the Plan's income, the Plan's administrative expenses, the Company's contributions, and the participant's contributions. Allocations of investment income and forfeitures are based on participant account balances.

Investment Options

As directed by participants, the Plan purchases units of participation in twenty distinct investment portfolios sponsored and administered by DWS. In addition, the Plan makes participant-directed investments and matching contributions in the Company's common stock. Under the Plan, participants are allowed to transfer funds between any investment options, including the Company stock fund.

Administrative Expenses

At its discretion, the Company may pay all or any portion of administrative expenses on behalf of the Plan. Administrative expenses paid by the Company were not significant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements and supplemental schedule are prepared on the accrual basis of accounting.

Payment of Benefits

Benefit payments are recognized when paid. Benefits due to participants who have elected to withdraw from the Plan but have not been paid are deducted from net assets available for benefits. At December 31, 2010 and 2009 there were no amounts allocated to withdrawing participants.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value. Securities traded in public markets are valued at their quoted market prices. Purchases and sales of securities are reflected on a trade-date basis. Changes in the market value of investments from one period to the next, combined with realized gains and losses based on differences between revalued costs and market value of investments on the trade date, are recognized as net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Reinvested income is reflected as additions to the cost basis of investments.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Recent Accounting Pronouncements

In January 2010, the FASB issued ASU 2010-06, which amended ASC 820, *Fair Value Measurements and Disclosures*, to provide more robust disclosures about the different classes of assets and liabilities measured at fair value, the valuation techniques and input used, the activity in Level 3 fair value measurements and the transfers between Levels 1, 2 and 3. ASU 2010-06 became effective on January 1, 2010. See Note 4.

In September 2010, the FASB issued ASU 2010-25, which amended ASC 962, *Plan Accounting – Defined Contribution Pension Plans*, to require that participant loans be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted the guidance for the year ended December 31, 2010. This ASU did not have a significant impact to the Plan.

3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31, 2010 and 2009:

	December 31,	
	2010	2009
DWS Stable Value Fund	\$ 3,218,558	\$ 2,430,589
Baron Growth Fund	1,648,932	1,354,097
Growth Fund of America-R3	2,757,248	2,328,041
Oppenheimer Value Fund-N	2,923,046	2,407,181
Templeton Foreign-A	1,880,643	1,613,755
Clayton Williams Energy, Inc. common stock	11,140,007	4,469,453

The Stable Value Fund is a collective investment trust, organized under the Deutsche Bank Trust Company Americas Pyramid Trust, in order to provide participants with a stable, fixed-rate return on investment and protection of principal from changes in market interest rates.

The Stable Value Fund's crediting rate is set at the start of the contract and resets on a quarterly basis. The average yield of the entire Stable Value Fund based on actual earnings was 2.07% and 1.48% at December 31, 2010 and 2009, respectively. The average yield of the pooled separate accounts based on the interest rate credited to participants was 2.62% and 1.49% at December 31, 2010 and 2009, respectively. To calculate the required yield, the amount credited to participants for the last day of the period is annualized and divided by the fair value of the investment portfolio on that date.

The Stable Value Funds are in the Statements of Net Assets Available for Benefits at fair value in the investments total, and adjusted to contract value in determining the net assets available for benefits.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC Topic 820 ("ASC 820"), *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CLAYTON WILLIAMS ENERGY, INC.
401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

- Common stock: Valued at the closing price reported on the active market on which the individual securities are traded;
- Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end;
- Stable Value Fund: Valued at the net fair value per unit of the fund's underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010

6. TAX STATUS

DWS obtained a favorable determination letter from the Internal Revenue Service on September 11, 2001, stating that the prototype plan, which was adopted by the Plan in 2004, is a qualified plan under the IRC. The Plan has been amended since this time and management has not received an updated determination letter but believes the Plan is in compliance with the applicable requirements of the IRC to remain tax-exempt.
