Report of Independent Auditors

The Plan Administrator
Catholic Health Initiatives
Defined Contribution Retirement Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Catholic Health Initiatives Defined Contribution Retirement Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Great-West Retirement Services, the recordkeeper of the Plan, as agent for Wells Fargo Bank, N.A., the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the agent, on behalf of the custodian, as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan administrator by the agent for the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the agent, on behalf of the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2010

1. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

The Plan is a noncontributory, defined contribution plan that covers substantially all employees of Mountain Management Services, a subsidiary of Catholic Health Initiatives (the Plan Sponsor or CHI), who have been employed for at least one year and worked 1,000 hours in any Plan year. The Plan includes credited service with other CHI employers or affiliates for the purposes of determining eligibility to participate.

Contributions

The Mountain Management Services' annual discretionary employer contribution is 4% of each participant's annual compensation (plus, if applicable, 4% of compensation in excess of the Social Security wage base) to the Plan, provided the participant has at least 1,000 hours of service during the latest service period. All investments in participant accounts are participant directed.

Participant Accounts

Each participant's account is credited with allocations of the Company's defined contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Additionally, participants may participate in the self-directed brokerage option. However, no investments were held in the self-directed brokerage option as of December 31, 2010 and 2009.

Vesting

Participants are fully vested in the value of their participant accounts at all times.

Payment of Benefits

On termination of service, a participant may receive a lump-sum amount equal to the value of his or her account, or upon death, disability, or retirement.

1. Description of the Plan (continued)

Plan Expenses

The expenses of administering the Plan are paid from the Plan unless they are paid by the Plan Sponsor.

Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. In the event of a termination of the Plan, the net assets of the Plan are to be set aside and allocated for purposes of paying any due and accrued expenses and liabilities of the Plan with the remainder to be distributed to the participants in amounts equal to their vested benefits in the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting. Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and

2. Summary of Significant Accounting Policies (continued)

International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures will not be required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

In January 2010, the FASB issued ASU 2010-06, *Improving Disclosures about Fair Value Measurements*. ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 becomes effective for reporting periods beginning after December 15, 2009. The adoption of ASU 2010-06 does not have a material impact on the Plan's financial statements.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The established framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

2. Summary of Significant Accounting Policies (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at quoted market prices, which represents the net asset value (NAV) of shares held by the Plan at year-end.

Pooled Separate Accounts: Valued at the NAV of shares held by the Plan at year-end as determined by the issuer.

2. Summary of Significant Accounting Policies (continued)

Guaranteed Fixed Fund: Valued at fair value using a formula that considers contract value, the crediting interest rate, and the current interest rate as of December 31. Fair value approximates contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual funds				
International	$ 312,470	$ –	$ –	$ 312,470

a. This category includes investments in highly diversified funds designed to offer options based on predetermined degrees of risk. Funds offer a mix of total return, capital appreciation, and preservation of capital, and include options with varying degrees of income targets and risk. There are currently no redemption restrictions on these investments. The fair values of the investments in this category have been estimated using the net asset value per share.

b. Mid-cap investments offer higher potential returns over time, but may expose investors to market downturns. Mid-cap stocks may be more volatile than large-cap stocks but with potentially higher return, and they may be less volatile than small-cap stocks. There are currently no redemption restrictions on these investments. The fair values of the investments in this category have been estimated using the net asset value per share.

2. Summary of Significant Accounting Policies (continued)

c. This fund tracks the total return of the common stocks that comprise the S&P 500 Composite Stock Price Index, by investing in such stocks in approximately the same proportions as they are represented in the S&P 500. There are currently no redemption restrictions on these investments. The fair values of the investments in this category have been estimated using the net asset value per share.

d. This category includes multiple fixed-income investment options, which typically provide more steady income than other investment options. Funds offered include a mix of total return, current income, capital appreciation, preservation of capital, and prudent investment management. There are currently no redemption restrictions on these investments. The fair values of the investments in this category have been estimated using the net asset value per share.

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31:

	Guaranteed Fixed Fund	
	2010	**2009**
Balance, beginning of year	**$ 3,131,714**	$ 2,826,226
Investment income and dividends, net of investment expenses	**102,513**	95,135
Purchases, sales, issuances, and settlements, net	**(1,285,581)**	210,353
Balance, end of year	**$ 1,948,646**	$ 3,131,714

Investment Contract With Insurance Company

On June 30, 1998, the Plan entered into a Group Annuity Contract (GAC) with Great-West Life and Annuity Insurance Company (GWL). The GAC consists of a guaranteed interest rate account (Guaranteed Fixed Fund) and pooled separate accounts. The Guaranteed Fixed Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. GWL is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

2. Summary of Significant Accounting Policies (continued)

As described ASC 962, *Investments – Other Defined Contribution – Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. ASC 962 defines the circumstances in which an investment contract is considered fully benefit-responsive, and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined contribution health and welfare and pension plans.

Contract value, as reported to the Plan by GWL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value approximates fair value.

The value of the Guaranteed Fixed Fund is subject to the financial stability of GWL. The GAC does not permit GWL to terminate the agreement prior to the scheduled maturity date. However, the Company may terminate its deposits under the GAC by giving at least 60 days advance notice. If an event of default occurs and is not cured, the non-defaulting party may terminate the GAC. The crediting interest rate is based on a formula agreed upon with GWL, but may not be less than 3.5%. The crediting interest rate is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with GWL. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is remote.

Average Yields for Guaranteed Fixed Fund	**2010**	**2009**
Based on actual earnings	**3.50%**	3.50%
Based on interest rate credited to participants	**3.50**	3.50

2. Summary of Significant Accounting Policies (continued)

Concentration of Market and Credit Risk

The Plan's exposure to credit loss in the event of nonperformance of investments managed by Wells Fargo Bank, N.A. (the Custodian) is limited to the carrying value of such instruments. The Plan's concentrations of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

3. Investments

Other than the fair value of the Guaranteed Fixed Fund, all investment information disclosed in the accompanying financial statements, footnotes, and supplemental schedule, including investments held at December 31, 2010 and 2009, and net appreciation in fair value of investments and investment income for the year ended December 31, 2010, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Retirement Services, the recordkeeper of the Plan and business unit of GWL, as agent for the Custodian. The contract value of the guaranteed fixed fund was certified as complete and accurate by the recordkeeper of the Plan, as agent for the Custodian.

During 2010, the Plan's investments (including investments bought, sold, and held during the year) appreciated in fair value as follows:

Pooled separate accounts	$ 76,468
Mutual funds	244,167
	$ 320,635

3. Investments (continued)

Investments that represent 5% or more of fair value of the Plan's net assets are as follows:

	December 31	
	2010	**2009**
Great-West Guaranteed Fixed Fund	**$ 1,948,646**	$ 3,131,714
Pimco Total Return Fund – Admin	**1,107,557**	231,547*
Maxim Moderately Conservative Profile II	**577,439**	–
Maxim Moderately Aggressive Profile II	**501,909**	–
Maxim Moderately Conservative Profile Portfolio	**–**	507,947
Maxim Moderately Aggressive Profile Portfolio	**–**	400,782

*Represents less than 5% of plan assets.

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated October 29, 2010, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

5. Subsequent Events

Effective January 1, 2011, the Plan Sponsor approved the merger of the CHI 401(k) Plan and the CHI Defined Contribution Retirement Plan to provide greater administrative efficiency, lower fiduciary oversight responsibility, and simplify transactions for participants. Effective January 1, 2011, the Plan Sponsor approved a change in service organization, which named Fidelity Management Trust Company as the Trustee.

Plan management has evaluated subsequent events for the Plan through July 15, 2011, the date the financial statements were available to be issued.

6. Reconciliation of Financials to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2010:

Net assets available for benefits per the financial statements	$ 7,511,023
Employer contribution receivable	(569,421)
Transfer of assets due to plan merger (see Note 5)	(6,941,602)
Net assets available for benefits per the Form 5500	$ –

The following is a reconciliation of employer contributions per the financial statements to the Form 5500 for the year ending December 31, 2010:

Employer contributions per the financial statements	$ 569,421
Net change in employer contributions in 2010	(25,150)
Employer contributions per the Form 5500	$ 544,271

The 2010 Form 5500 is presented on the cash basis of accounting while the Plan's financial statements are presented on the accrual basis of accounting.
