INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of

Witron Integrated Logistics Corporation 401(k) Plan:

We were engaged to audit the financial statements of Witron Integrated Logistics Corporation 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 5, which was certified by Nationwide Trust Company, FSB (the "Custodian"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Custodian held the Plan's assets and executed investment transactions. The Plan administrator has obtained certification from the Custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WITRON INTEGRATED LOGISTICS CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN

The following description of the Witron Integrated Logistics Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all full-time employees of Witron Integrated Logistics Corporation (the "Sponsor") who have attained age 21 and have completed six months of service. Employees become eligible for the Sponsor matching contributions and Sponsor discretionary contributions once they have completed twelve months of service. The Plan became effective January 1, 1997, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC").

Contributions
Employees eligible to participate in the Plan ("participants") may contribute any percentage of eligible compensation (as defined) to the Plan through a salary deferral arrangement, up to the limit prescribed by the IRC, which is adjusted annually by the Internal Revenue Service ("IRS"). Participants may also make rollover contributions, which represent distributions from other qualified retirement plans.

The Plan allows the Sponsor to make a discretionary matching contribution which is allocated on the basis of each participant's elective deferral up to 6% of base compensation. For the year ended December 31, 2010, the Sponsor matched 50% of participant contributions up to 6% of base compensation. The Plan also allows the Sponsor to make an additional discretionary matching contribution. For the year ended December 31, 2010, the Sponsor did not make an additional discretionary contribution.

Investment options
The Plan's assets are held by Nationwide Trust Company, FSB, (the "Custodian"), the custodian of the Plan's investment assets. Under an arrangement with the Custodian and upon enrollment in the Plan, a participant may direct employee contributions in any whole percentage increments in any of the available funds. Participants may change their allocation to the various investment options at any time via telephone or the internet.

Participant accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contributions and (b) Plan earnings and losses. Allocations are based on participant contributions or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's matching contributions, discretionary contributions, and actual earnings thereon is based on years of qualifying service. A participant is fully vested after 6 years of credited service with the Sponsor.

Forfeited accounts
Forfeited non-vested accounts shall be applied to reduce administrative expenses of the Plan, then to reduce future Sponsor contributions. Forfeited amounts during the year ended December 31, 2010 were $82 and no amount was used to reduce administrative expenses or Sponsor contributions. At December 31, 2010, accumulated forfeitures available to reduce future Sponsor contributions totaled $3,327.

Payment of benefits
Upon termination of service with the Sponsor, attainment of normal retirement age or for reasons of death or disability, a participant may request a lump-sum distribution equal to the value of his or her vested account. A terminated participant whose vested account balance does not exceed $1,000 will receive a lump-sum distribution of the vested account balance immediately following termination. The Plan does not allow withdrawals for reasons of financial hardship.

Notes receivable from participants
The Plan does not allow participant loans.

Administrative expenses
As described in Note 4, the Plan was amended in 2009 to allow administrative costs associated with certain participant-initiated transactions to be paid by the Plan and charged to the accounts of the participants who initiate the transactions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting
The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Payment of benefits
Benefits are recorded when paid.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Net appreciation/depreciation in fair value of mutual funds includes dividends and realized and unrealized gains and losses on those investments.

Use of estimates in financial statement preparation
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent events
The Sponsor has evaluated subsequent events through July 11, 2011, the date the financial statements were available to be issued.

3. RELATED PARTY TRANSACTIONS

For the year ended December 31, 2010, the Sponsor incurred approximately $11,000 on behalf of the Plan for insurance, third party administration fees and accounting costs.

The Plan invests in certain funds managed by the Custodian. Accordingly, transactions in such investments qualify as party-in-interest transactions.

4. PLAN AMENDMENTS

Effective January 1, 2009, the Plan was amended to permit payment of administrative fees out of the forfeiture account.

Effective April 1, 2009, the Plan amended its fee payment provision to permit certain participant-initiated transaction fees to be paid out of individual participant accounts, such as fees charged for distributions for terminated participants.

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule. The following information included in the Plan's financial statements and supplemental schedule was prepared and certified as complete and accurate by the Custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010:

	2010	2009
Mutual funds	$ 758,417	$ 542,449

	2010
Net appreciation in fair value of mutual funds	$ 84,977

The fair values of investments that represent 5% or more of the Plan's net assets available for plan benefits are as follows at December 31:

	2010	2009
Blackrock International Opportunity Investment Fund	$ 79,898	$ 58,780
American Funds EuroPacific Growth Fund R6	44,413	37,171
Oppenheimer Global Fund	44,248	32,249
Fidelity Puritan Fund	40,141	27,335
PIMCO Low Duration A	38,782	30,730
Dreyfus S&P 500 Index	36,143 *	28,563

* Investment represents less than 5% of net assets in the year indicated, shown above for comparison only.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used during the year ended December 31, 2010.

- Mutual funds: Valued at unit value which is computed daily by the Custodian. The net asset value (NAV) of shares is increased proportionately by allocated dividends and capital gains and reduced by an asset management charge.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at fair value as of December 31, 2010

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

9. TAX STATUS

The Plan uses a prototype plan document provided by Pension Specialists, Inc. Pension Specialists received an opinion letter from the IRS, dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC.

The Sponsor has not obtained a determination from the IRS on its adoption of the prototype plan. In accordance with Revenue Procedure 2002-6, the Sponsor has chosen to rely on the opinion letter of the prototype plan. Subsequent to this opinion letter, the prototype plan has been amended. The Sponsor believes the Plan, as amended, is being operated in compliance with the applicable requirements of the IRC and, therefore, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2010 and 2009, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress, and the Plan is no longer subject to income tax examinations for years prior to 2007.

10. SUBSEQUENT EVENT

Effective January 1, 2011, the Sponsor amended the Plan to lower participation eligibility requirements from six months of service to one month of service.
