EMPLOYEES' PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Blackhawk Bank & Trust (the "Bank") Employees' Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1966 (amended and restated January 1, 2001) covering all employees of Blackhawk Bank & Trust with 1,000 hours of service. Participation in the Plan is voluntary and employees can enroll in the Plan on the first day of the Plan year, after having satisfied the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

The Bank contributes 7.5% of its net taxable income after stipulated adjustments as defined in the Plan. Participants are not required to make any contribution to the Plan. The Plan provides for additional employer contributions (subject to federal limitations) at the discretion of the Bank.

Employer profit sharing contributions and employee contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, if any, and allocations of (a) the Bank's profit sharing contribution, and (b) Plan earnings, and charged with the participant's withdrawals and allocations of administrative expenses. Allocations of employer contributions and forfeitures of terminated participant's nonvested accounts are based on participant years of service and compensation, as defined in the Plan. Investment earnings are allocated to participant's accounts based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures of nonvested participant accounts are reallocated to remaining participants accounts. Forfeitures included in net assets available for benefits as of December 31, 2010 and 2009 were $37,844 and $23,403, respectively.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Bank's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

A participant may elect to receive a distribution from his or her account upon retirement, termination of employment, total and permanent disability, or death of the participant, whichever occurs earlier. Upon retirement, the vested accumulated funds are paid to the participant in a lump sum or at a later date selected by the participant.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through May 16, 2011, which is the date the financial statements were available to be released.

Investments

The Plan's investments are held and administered by Merrill Lynch (Custodian) who allocates Plan assets to the individual accounts of each participant as directed by the participant. Investments are stated at fair value. The fair value of investments is based on quoted market prices of national securities exchanges. Where marketable securities are not listed on an exchange, price quotations are obtained from securities brokerage firms.

The fixed income account (Merrill Lynch Retirement Preservation Trust) is stated at fair value, (as determined by Merrill Lynch) as required by FASB ASC 962, *Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans*. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fixed income account, as determined by Merrill Lynch, represents contributions made under the contract plus earnings at the contract rate (1.73% in 2010 and 2.35% in 2009), less participant withdrawals and administrative expenses. Effective October, 2010, the termination of the Merrill Lynch Retirement Preservation Trust was approved and liquidation of its assets commenced. At December 31, 2010, Merrill Lynch determined that the contract value of this account approximated fair value. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income reported in the financial statements includes realized and unrealized gains and losses on investment transactions, interest and dividends as reported by the Plan administrator.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

(2) Investments

The following information has been certified as complete and accurate by Merrill Lynch (custodian) as of December 31, 2010 and 2009 and for the years then ended. Investments that represent 5% or more of the Plan's net assets are separately identified.

(3) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of the Plan's investments have been determined by Merrill Lynch and reported in the accompanying statement of net assets available for benefit as follows:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2010:			
Available for sale securities:			
Mutual funds	$14,080,625	14,080,625	-
Common collective trust	1,865,573	-	1,865,573
Cash and cash equivalents	9,488	9,488	-
	$15,955,686	14,090,113	1,865,573
December 31, 2009:			
Available for sale securities:			
Mutual funds	$12,423,833	12,423,833	-
Common collective trust	702,622	-	702,622
Cash and cash equivalents	720,000	720,000	-
	$13,846,455	13,143,833	702,622

SFAS ASC 820 "Fair Value Measurements" establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non-active markets and Level 3 inputs consist of other valuation techniques which have the lowest priority. The Plan uses appropriate valuation techniques based on the availability of inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The common collective trust is not actively traded and significant other observable inputs are not available. Thus, the fair value of the common collective trust is determined by Merrill Lynch by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

(3) Fair Value Measurements, continued

The following tables provide further details of the Level 3 fair value measurements for the common collective trust.

	2010	2009
Beginning balance	$ 702,622	496,484
Transfers into Level 3	-	-
Transfers out of Level 3	-	-
Total gains or losses included in changes in net assets available for benefits	64,394	36,755
Purchases, sales, issuances, and settlements:		
Purchases	2,195,684	293,615
Issuances	-	-
Sales	(1,097,127)	(124,232)
Settlements	-	-
Ending balance	$1,865,573	702,622

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010 and 2009 are reported in net appreciation in fair value of investments.

(4) Federal Income Taxes

The Plan uses a prototype plan document sponsored by CCH Incorporated. CCH Incorporated received an opinion letter from the Internal Revenue Service ("IRS"), dated March 16, 2010, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

(5) Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Administrative Expenses

During 2007, the Plan switched administrative services from U.S. Bank N.A. to Merrill Lynch. Under the current contract with Merrill Lynch, the Plan is only charged administrative fees for member requested services. Under the prior contract with U.S. Bank N.A., the Plan was charged investment management fees, general administration expenses and member requested service fees.

Certain other expenses in connection with the general administration of the Plan are paid by the Plan's sponsor and therefore are not included in the accompanying Statement of Changes in Net Assets.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Subsequent Events

As a result of the termination and liquidation of the Merrill Lynch Retirement Preservation Trust described in note 1(b), the Plan's investment in that account was fully redeemed in January, 2011. The proceeds from this liquidation were invested in the Invesco Stable Value Retirement Fund – CL5, which is a collective trust fund whose investment objective is to preserve principal and provide market rate interest income.
