To the Benefits Committee
Commercial Vehicle Group, Inc.
Norwalk Union 401(k) Plan
New Albany, Ohio

We were engaged to audit the financial statements of the Commercial Vehicle Group, Inc. Norwalk Union 401(k) Plan ("the Plan") as of November 3, 2010 and December 31, 2009 and for the period January 1, 2010 through November 3, 2010, as listed in the accompanying contents page. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee held the Plan's investment assets and executed investment transactions. The plan administrator has obtained certification from the trustee as of November 3, 2010 and December 31, 2009 and for the period January 1, 2010 through November 3, 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 4, the Plan Sponsor elected during 2010 to terminate the Plan. As a result, the Plan changed its basis of accounting for periods subsequent to December 31, 2009 from the accrual basis used in presenting the 2009 financial statements to the liquidation basis used in presenting the 2010 financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

COMMERCIAL VEHICLE GROUP, INC.
NORWALK UNION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
November 3, 2010 and December 31, 2009

NOTE 1 – DESCRIPTION OF PLAN

The following description of Commercial Vehicle Group, Inc. Norwalk Union 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of the Norwalk Plant of Commercial Vehicle Group, Inc. (the “Company”), who are members of the International Union, United Automobile Aerospace and Agricultural Implement Workers of America, U.A.W. and its Local 1379 and have completed 90 days of service as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The plan was terminated effective September 1, 2010 (see Note 4).

Contributions: Each year, participants may contribute a percentage of pre-tax annual compensation, a maximum of 20% as defined by the Plan, up to the maximum annual IRS limitation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct these contributions into various investment options offered by the Plan. Employees who were hired before May 1, 2006 are eligible to receive an employer profit sharing contribution equal to 3% of eligible compensation. All employees hired after May 1, 2006 are eligible to receive an employer matching contribution of up to 50% of the participants first 6% of eligible compensation. Company contributions are invested in a manner consistent with the participant’s contributions. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's own contributions and allocations of (a) the Company's contribution, if any, and (b) the Plan's earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation, contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions and employer discretionary contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon, if any, is based on years of continuous service. A participant is 100% vested after three years of credited service, as defined. Participants are 100% vested in their accounts in cases of death, disability or normal retirement.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one outstanding loan per participant is permitted. The maximum loan term allowed is five years, unless the loan is for the purchase of the participant's principal residence in which case the loan term may not exceed ten years. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the trustee and range from 5.0% to 8.5% at December 31, 2009. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: On termination of service, participants or beneficiaries may elect to receive either a single lump-sum payment in an amount equal to the value of the participant's vested account or in the form of installment payments in substantially equal amounts over a period of time. Benefit payments are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
November 3, 2010 and December 31, 2009

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses of the Plan are paid by the Company.

Forfeitures: Forfeitures of non-vested Company matching contributions are used to reduce future Company contributions payable under the Plan. Forfeited non-vested accounts totaled \$0 and \$201 at November 3, 2010 and December 31, 2009, respectively. No Company contributions were reduced by forfeitures during the period January 1, 2010 through November 3, 2010.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The 2009 financial statements of the Plan are prepared under the accrual basis of accounting. When the decision to terminate the Plan was made effective the basis of accounting was changed to the liquidation basis of accounting. This change did not have a material effect on the financial statements (see Note 4).

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Adoption of New Accounting Standard: In September 2010, the FASB amended existing guidance with respect to the reporting of participant loans for defined contribution pension plans. The guidance requires that loans issued to participants be reported as notes receivable, segregated from plan investments, and be measured at their unpaid principal balances plus accrued but unpaid interest. This guidance is effective for reporting periods ending after December 15, 2010, and is to be applied retrospectively to all periods presented comparatively. The adoption of this guidance by the Plan resulted in a reclassification from *investments* to *notes receivable from participants* of \$383,827 on the statement of net assets available for benefits as of December 31, 2009. Adoption had no effect on the Plan's net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investments Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

FASB ASC 820 defines fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. FASB ASC 820 establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
November 3, 2010 and December 31, 2009

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

During the period January 1, 2010 through November 3, 2010, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$171,208 and interest and dividend income earned by the Plan's investments and notes receivable from participants totaled \$57,736.

NOTE 4 – PLAN TERMINATION

On August 26, 2010, the board of directors of Commercial Vehicle Group, Inc. resolved to terminate the Plan as a result of the closure of the Norwalk Plant. The resolution terminated the Plan effective September 1, 2010. As a result of the Plan termination, all participants became 100% vested in their account balances. On November 3, 2010, the residual plan assets were depleted from the trustee and the Plan ceased to exist.

NOTE 5 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 7, 2010 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt through the date of Plan termination.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is affiliated with Fidelity Investments and is the trustee as defined by the Plan, and therefore, these investments qualify as party-in-interest transactions. The Plan held notes receivable from participants at December 31, 2009, which qualify as party-in-interest transactions. Fees paid to the trustee by the Plan for the period January 1, 2010 to November 3, 2010 totaled \$2,535.

REPORT OF INDEPENDENT AUDITORS

To the Benefits Committee
Commercial Vehicle Group, Inc.
Norwalk Union 401(k) Plan
New Albany, Ohio

We were engaged to audit the financial statements of the Commercial Vehicle Group, Inc. Norwalk Union 401(k) Plan ("the Plan") as of November 3, 2010 and December 31, 2009 and for the period January 1, 2010 through November 3, 2010, as listed in the accompanying contents page. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee held the Plan's investment assets and executed investment transactions. The plan administrator has obtained certification from the trustee as of November 3, 2010 and December 31, 2009 and for the period January 1, 2010 through November 3, 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 4, the Plan Sponsor elected during 2010 to terminate the Plan. As a result, the Plan changed its basis of accounting for periods subsequent to December 31, 2009 from the accrual basis used in presenting the 2009 financial statements to the liquidation basis used in presenting the 2010 financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
November 3, 2010 and December 31, 2009

NOTE 1 – DESCRIPTION OF PLAN

The following description of Commercial Vehicle Group, Inc. Norwalk Union 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of the Norwalk Plant of Commercial Vehicle Group, Inc. (the “Company”), who are members of the International Union, United Automobile Aerospace and Agricultural Implement Workers of America, U.A.W. and its Local 1379 and have completed 90 days of service as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The plan was terminated effective September 1, 2010 (see Note 4).

Contributions: Each year, participants may contribute a percentage of pre-tax annual compensation, a maximum of 20% as defined by the Plan, up to the maximum annual IRS limitation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct these contributions into various investment options offered by the Plan. Employees who were hired before May 1, 2006 are eligible to receive an employer profit sharing contribution equal to 3% of eligible compensation. All employees hired after May 1, 2006 are eligible to receive an employer matching contribution of up to 50% of the participants first 6% of eligible compensation. Company contributions are invested in a manner consistent with the participant’s contributions. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's own contributions and allocations of (a) the Company's contribution, if any, and (b) the Plan's earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation, contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions and employer discretionary contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon, if any, is based on years of continuous service. A participant is 100% vested after three years of credited service, as defined. Participants are 100% vested in their accounts in cases of death, disability or normal retirement.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one outstanding loan per participant is permitted. The maximum loan term allowed is five years, unless the loan is for the purchase of the participant's principal residence in which case the loan term may not exceed ten years. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the trustee and range from 5.0% to 8.5% at December 31, 2009. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: On termination of service, participants or beneficiaries may elect to receive either a single lump-sum payment in an amount equal to the value of the participant's vested account or in the form of installment payments in substantially equal amounts over a period of time. Benefit payments are recorded when paid.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses of the Plan are paid by the Company.

Forfeitures: Forfeitures of non-vested Company matching contributions are used to reduce future Company contributions payable under the Plan. Forfeited non-vested accounts totaled \$0 and \$201 at November 3, 2010 and December 31, 2009, respectively. No Company contributions were reduced by forfeitures during the period January 1, 2010 through November 3, 2010.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The 2009 financial statements of the Plan are prepared under the accrual basis of accounting. When the decision to terminate the Plan was made effective the basis of accounting was changed to the liquidation basis of accounting. This change did not have a material effect on the financial statements (see Note 4).

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Adoption of New Accounting Standard: In September 2010, the FASB amended existing guidance with respect to the reporting of participant loans for defined contribution pension plans. The guidance requires that loans issued to participants be reported as notes receivable, segregated from plan investments, and be measured at their unpaid principal balances plus accrued but unpaid interest. This guidance is effective for reporting periods ending after December 15, 2010, and is to be applied retrospectively to all periods presented comparatively. The adoption of this guidance by the Plan resulted in a reclassification from *investments* to *notes receivable from participants* of \$383,827 on the statement of net assets available for benefits as of December 31, 2009. Adoption had no effect on the Plan's net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investments Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

FASB ASC 820 defines fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. FASB ASC 820 establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

During the period January 1, 2010 through November 3, 2010, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$171,208 and interest and dividend income earned by the Plan's investments and notes receivable from participants totaled \$57,736.

NOTE 4 – PLAN TERMINATION

On August 26, 2010, the board of directors of Commercial Vehicle Group, Inc. resolved to terminate the Plan as a result of the closure of the Norwalk Plant. The resolution terminated the Plan effective September 1, 2010. As a result of the Plan termination, all participants became 100% vested in their account balances. On November 3, 2010, the residual plan assets were depleted from the trustee and the Plan ceased to exist.

NOTE 5 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 7, 2010 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt through the date of Plan termination.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is affiliated with Fidelity Investments and is the trustee as defined by the Plan, and therefore, these investments qualify as party-in-interest transactions. The Plan held notes receivable from participants at December 31, 2009, which qualify as party-in-interest transactions. Fees paid to the trustee by the Plan for the period January 1, 2010 to November 3, 2010 totaled \$2,535.
