1). Description of Plan

The following description of the Johns Byrne Company (Company) 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a). General:
The Plan is a defined contribution plan, adopted November 1, 1988, covering all employees, except union and non-resident aliens, with six months of eligible service. After meeting the eligibility requirement, the employee can enter the Plan on either January 1 or July 1 of each year. No service with a predecessor employer is recognized for eligibility purposes. Plan forfeitures are used first to pay plan expenses and then to cover employer matching.

b). Contributions:
Company 401(k) contributions and matching contributions are discretionary. In addition, the company may annually contribute a discretionary profit sharing contribution to the participants' accounts. Contributions are subject to certain limitations. For the plan years ended December 31, 2010 and 2009, the Company made matching 401(k) contributions to the Plan of $156,900 and $166,717, respectively. The Company made no discretionary profit sharing contributions for the plan years ended December 31, 2010 and 2009, respectively.

c). Participants Accounts:
Each participant's account is credited with any applicable 401(k) contributions as well as the allocation of (a) the company's profit sharing contribution, (b) plan earnings or losses, and (c) forfeitures. Allocations are based on participant earnings (wages) or account balances, as defined respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

d). Vesting:
Participants' voluntary 401(k) contributions are immediately vested. With regard to profit sharing contributions, participants are not vested in their individual accounts until they have achieved five years of service or upon their death or disability. Participants are 100% vested after 5 years of credited service. Participants are 100% vested immediately in their rollover accounts.

e). Payment of Benefits:
Benefit payments or withdrawals may be made for any of the following circumstances: normal retirement upon reaching age 65; total disability; employee death; hardship and termination of service. On the required payment date, benefits will be paid as either a lump sum equal to the value of the participant's account or through the payment of equal or substantially equal installments paid not less than annually over a period not to exceed the participant's life expectancy (joint life expectancy for joint life spousal election).

1). Description of Plan (continued)

f.) Participants' Loans:
Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum of $50,000 or fifty percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and will bear interest at the prevailing rate as determined by the Plan administrator.

g.) Plan Amendments:

- Effective at January 1, 2002, the Company amended and restated the Plan to comply with GUST.
- Effective January 1, 2003 the company amended the Plan to allow Plan loans.
- Effective December 31, 2003 the Company amended the Plan to adopt the Deemed 125 Plan Amendment (cafeteria plans) and the 401(a)(9) Plan Amendment (minimum distributions)
- Effective April 1, 2005 the Company amended the Plan to determine matching contributions each payroll period.
- Effective September 15, 2005, the Company amended the Plan to allow, following separation, mandatory distributions of amounts under $1,000 without employee's consent, unless balance is rollover per employee's request.
- Effective January 1, 2006 the Company executed a participation agreement to include the Johns Byrne Graphic Technologies Corp. in the Plan and amended the Plan to update the events that qualify for hardship distributions to include burial/funeral expenses for qualified person(s) and qualified principal residence repairs due to casualty loss.
- Effective November 1, 2006 the Company amended the Plan to incorporate the Final 401(k)/401(m) regulations.

2). Summary of Significant Accounting Policies

a). Accounting Standards Codification
In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 168, "The FASB Accounting Standards Codification and Hierarchy of Generally Accepted Accounting Principles – a replacement of FASB Statement no. 162". This standard establishes the FASB Standards Accounting Codification ("Codification") as the source of authoritative accounting principles generally accepted in the United States of America ("U.S.GAAP") recognized by the FASB to be applied to nongovernmental entities. The Codification supersedes all of the existing accounting and reporting standards, but is not intended to change or alter existing U.S. GAAP. The Codification changes the references of financial standards within the Plan's financial statements. All references made to U.S. GAAP use the new Accounting Standards Codification ("ASC") and the Codification numbering system prescribed by the FASB.

b). Basis of Presentation:
The accompanying financial statements are prepared on an accrual basis of accounting in accordance with generally accepted accounting principles.

2). Summary of Significant Accounting Policies (continued)

c). Valuation of Investments:
Investments in stocks, bonds and notes are recorded at their fair market value.

During 2010 and 2009, the Plan's investments (including investments bought and held during the year) appreciated (depreciated) in value by $1,287,421 and $2,657,708, respectively, as follows:

	2010	2009
Investments at fair value as determined by quoted market price:		
Participant directed:		
Mutual Funds	$ 1,287,421	$ 2,657,708
Net change in value	$ 1,287,421	$ 2,657,708

d.) Estimates:
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

e.) Loan Default:
A loan will be in default on the last day of the calendar year following the year in which a payment was last made. On that day, the loan will be treated as a taxable distribution from the Plan.

f). Date of Management's Review
Subsequent events were evaluated through July 25, 2011, which is the date the financial statements were available to be issued.

3). Tax Status of the Plan

The company adopted the Pension Resources, Inc. Prototype Non-Standardized 401(k) Profit Sharing Plan and Trust. This prototype plan has received a favorable determination letter from the Internal Revenue Service, dated August 7, 2001, qualifying the Plan under the provisions stated in Section 401(a) of the Internal Revenue Code and for exemption of income taxes on the earnings of the trust fund under Section 501(a) of the Internal Revenue Code.

4). Trustee and Investment Manager

Under the terms of the trust agreement Corey S. Gustafson, John B. Gustafson, Jr. and Michael J. Gustafson are trustees. The investment advisor and investments are selected by the trustees and may change from time to time. With regard to the 401(k), investment activities are at the discretion of the participants based upon those investments made available under the Plan.

5). Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

6). Transactions Required to be Reported

ERISA requires that transactions or aggregates of transactions with respect to plan assets when the amount of the transaction or aggregate of transactions exceeding 5% of the fair value of plan assets at the beginning of the plan year be separately disclosed. There were no transactions required to be reported for 2010 and 2009.

7) Investments

The following presents investments at December 31, 2010 and 2009, which represents 5% or more of the plan assets:

8) Fair Value Measurements

As of January 1, 2008, the Plan adopted Accounting Standards Codification (ASC) 820 which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 830 are described below.

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets of liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

As of December 31, 2010, the Plan's investments measured at fair value on a recurring basis were as follows:

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual Funds	5,257,102	-	-	5,257,102
Participant loans	-	-	109,396	109,396
	5,257,102	-	109,396	5,366,498

Total Level 3 assets were 2% of total "Net Assets Available for Plan Benefits" on the Plan's statements of net assets available for plan benefits at fair value as of December 31, 2010.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

8) Fair Value Measurements (continued)

	Level 3 Investments Assets and Liabilities	
	Participant Loans	Total
Balance, beginning of year	154,221	154,221
Unrealized gains	-	-
Purchases, issuances, repayments, and settlements, net	(44,825)	(44,825)
Balance, end of year	109,396	109,396

9). Administrative costs

The Company absorbs a significant amount of the costs associated with the plan.

10). Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
