Independent Auditor's Report

July 18, 2011

To the Participants, Plan Administrator and Trustees of
The Gypsum Group 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of The Gypsum Group 401(k) Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Capital Bank and Trust, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2010 and 2009, and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE GYPSUM GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of plan

The following description of The Gypsum Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan covers all employees of Gypsum Express Ltd., Gypsum Wholesalers, Inc., Big Red Towing, LLC and Gypsum Logistics, LLC (collectively known as the "Company"), who have twelve months of service and are eighteen years of age or older. All assets acquired under the Plan are the result of employer or participant contributions thereto, and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Company may contribute for each participant a discretionary matching contribution equal to a percentage of the participant's elective contributions. The Company's discretionary matching contributions were $83,951 and $131,152 for the years ended December 31, 2010 and 2009, respectively. The Company may also contribute to the Plan additional amounts for all eligible participants at the discretion of the Trustees. There were no discretionary profit sharing contributions for the years ended December 31, 2010 and 2009. Participants are allowed to make elective salary deferrals up to the maximum amount allowed by the Internal Revenue Code (the "Code"). The Plan allows rollover contributions.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after seven years of credited service for any discretionary profit sharing contribution and after six years of credited service for any matching contribution.

Forfeited non-vested accounts totaled approximately $3,600 and $43,900, as of December 31, 2010 and 2009, respectively. These accounts will be used to reduce future employer contributions.

Participant accounts - Each participant's account is credited with the participant's elective salary deferral contribution, an allocation of the Company's contribution and the plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Under the Plan, participants are allowed to borrow funds against the participant's interest in the Plan at interest rates and repayment terms specified by the plan document.

Participant notes receivable - Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. Interest rates range from 5.00% to 8.25%. Principal and interest is paid ratably through payroll deductions. According to requirements of the participant note receivable program, the plan administrator will consider a note in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment.

Investment options - Upon enrollment in the Plan, a participant may direct any portion of their contribution to any of the Plan's investment options. Participants may change their investment options daily.

Payment of benefits - On termination of service, a participant or beneficiary may receive a lump-sum amount equal to the vested value of his or her account. Benefits are recorded when paid.

Plan termination - Although the Company has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their account balances.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Furthermore, the Plan holds investment securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Valuation of investments - Investments are reported at fair market value (see Note 5). All fair market values have been determined by Capital Bank and Trust, Trustee of the Plan (see Note 4). Purchases and sales of securities are recorded on a payroll-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant notes receivable - Participants notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable becomes material.

Administrative fees - Costs of managing the investments and of maintaining participant accounts are paid directly out of the Plan's assets or paid by the Company. Other administrative costs, including legal and accounting costs, are paid by the Company (see Note 8).

Economic dependency and concentration of credit risk - The Plan's investments are invested with American Funds Investments at December 31, 2010 and 2009. Accordingly, the Plan is dependent upon the financial condition of American Funds Investments.

Subsequent events - Management has evaluated subsequent events through July 18, 2011, the date that the financial statements were available for issue. In July 2011, the trustees agreed to change the Plan's investment Trustees from Capital Bank and Trust to John Hancock Life Insurance Company of New York. There have been no other subsequent events that would require disclosure or adjustment to the financial statements.

Reclassification - Certain amounts in the 2009 financial statements have been restated to conform to the 2010 presentation.

Note 3 - Tax status of plan

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2010 and 2009. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2007.

Note 4 - Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust has certified that the trusteed investments and investment income included in the accompanying financial statements and supplemental schedule are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except to compare such information to the related information included in the financial statements and supplemental schedule. Individual investments held that are 5% or more of the Plan's net assets ($263,794 for 2010 and $244,866 for 2009) are separately identified below.

Note 5 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on Fair Value Measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2010 and 2009. Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds - Managed portfolios, including commercial paper, certificate of deposits, U.S. government agency obligations, corporate bonds and notes, repurchase agreements and other assets and liabilities valued at the closing price reported on the active market on which the individual security is traded (Level 2).

Registered investment companies - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Note 6 - Plan amendments

Effective January 1, 2009, the Plan was amended to reflect change in current tax rules and regulations.

Note 7 - Life insurance and reconciliation of the financial statements to Form 5500

At the option of individual participants, the Trustees of the Plan are authorized to use a portion of the participant's 401(k) contributions to purchase whole life insurance policies. These policies are owned by the participants and death benefits are payable to the individual participant's account in the Plan. Cash surrender value of life insurance policies is not recorded in the financial statements as they are allocated insurance contracts. These amounts are recorded on Form 5500 as plan assets. The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2010	2009
Net assets available for benefits per the financial statements	$ 5,275,870	$ 4,897,320
Add - Cash surrender value of life insurance owned by participants	231,333	213,054
Net assets available for benefits per Form 5500, Schedule H, Part I, Line 11	$ 5,507,203	$ 5,110,374

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500:

	Year ended December 31,	
	2010	2009
Net increase per the financial statements	$ 378,550	$ 1,098,573
Other income (Line 2c) - Increase in cash surrender value of life insurance owned by participants	18,279	5,044
Net increase (Line 2k) per Form 5500	$ 396,829	$ 1,103,617

Note 8 - Related party transactions

Certain plan investments are managed by American Funds Investments. Investment fees paid by the Plan for investment management services were included in the net appreciation in fair value of investments on the accompanying statements of changes in net assets available for benefits. Capital Bank and Trust is the Trustee for the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Trustee fees paid by the Plan were $5,953 and $3,812 for the years ended December 31, 2010 and 2009, respectively. The Plan contracts Omega, Inc. to provide recordkeeping and third party administrative services. These services qualify as party-in-interest transactions. Fees paid to these service providers are paid by the Company.
