As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information certified by Fidelity Management Trust Company, trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE A -- DESCRIPTION OF PLAN

The following description of the PRA International 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of PRA International, Inc. ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2003, the CroMedica Inc. 401(k) Plan merged with and into the Plan. The participants of the CroMedica Inc. 401(k) Plan are subject to the provisions of the Plan agreement, except for some exceptions as noted in the Summary Plan Description.

Eligibility Requirements: Employees of the Company are eligible to become active members of the Plan upon reaching the age of 18 and upon the first day of the month following 30 days of employment.

Contributions: Each year, participants may contribute up to twenty percent of pre-tax annual compensation as defined by the Plan. The participants may also make contributions to a Roth account and after tax contributions. Certain participants may also make catch-up contributions in accordance with IRS guidelines.

The Company makes a matching contribution equal to 50% of the participant's contribution, provided that such matching contribution shall apply only to that portion of such participant's elective contribution that does not exceed six percent of the participant's compensation. Each fiscal year, the Company may also contribute an amount to be determined at the discretion of the Board of Directors. The Company made no discretionary contributions during the years ended December 31, 2010 and 2009. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses, where applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of service, as follows:

<u>Years of Service</u>	<u>% of Employer Contribution that Becomes Vested</u>
Less than One Year	0%
One Year	20%
Two Years	40%
Three Years	60%
Four Years	80%
Five Years or more	100%

Benefit Payments: A participant may elect to receive an amount equal to the value of his or her vested interest upon termination of service due to death, disability, or retirement. Payment(s) may be made in a lump-sum distribution or in annual installments. Participants may make hardship withdrawals upon demonstrating immediate and heavy financial need, as defined by the Plan.

PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE A -- DESCRIPTION OF PLAN -- Continued

Forfeitures: At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$243,894 and \$86,052, respectively. Forfeitures totaling \$79,729 and \$556,502 for the years ended December 31, 2010 and 2009, respectively, were used to pay administrative fees and reduce employer contributions.

Participant Loans: A participant may make a written application to the plan administrator for one or more loans from the Plan; however, a participant may only have one loan outstanding at any time. The maximum loan allowed to a participant may not be greater than 50% of the participant's vested account or \$50,000, if less. The minimum loan is \$1,000. Participant loans are secured by the participant's account. Loan principal and interest are generally repaid through payroll deductions, with payments due not less than quarterly. Loans may be prepaid and become due upon termination of the participant's employment. Loans must be repaid within five years of the date of the loan. However, if the loan is used for purchase of a principal residence, the loan can be repaid over a period of not more than ten years. Interest is assessed at a fixed rate based on the rates available for similar loans from commercial lending institutions at the inception of the loan and is credited to the participant's account.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates and assumptions.

Recently Issued Accounting Pronouncements: In September 2010, the FASB issued Accounting Standards Update ("ASU") 2010-25, *Plan Accounting - Defined Contribution Pension Plans (Topic 962), Reporting Loans to Participants by Defined Contribution Pension Plans*, a consensus of the FASB Emerging Issues Task Force ("Update"). This Update requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The amendments in the Update are to be applied retrospectively to all prior periods presented, effective for fiscal years ending after December 15, 2010, with early adoption permitted. The Plan has adopted the amendments of the Update for the 2010 plan year and has reclassified participant loans from investments to notes receivable from participants and loan interest from investment income for financial statement presentation. The Form 5500 and supplemental schedule H, line 4i - schedule of assets (held at end of year) will continue to present notes receivable from participants as an investment.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Contracts: Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by accounting guidance, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -- Continued

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits: Benefits are recorded when paid.

Expenses: All administrative expenses of the Plan, including audit and legal fees, are paid by the Plan, as provided in the plan document.

Reclassification: Certain reclassifications have been made in the prior period financial statements in order to conform to the current year presentation.

NOTE C -- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is available based on quoted market prices, when available.

Level 2 Fair Value Measurements

The fair value of the common/collective trust and pooled separate account for which a quoted market price is not available is based on the market value of the underlying investments such as equities, preferred stock, bonds, real estate and mutual funds.

Level 3 Fair Value Measurements

The Plan does not have any significant financial assets requiring the use of Level 3 inputs.

NOTE D -- INVESTMENTS -- Continued

During 2010 and 2009, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value as follows:

	<u>2010</u>	<u>2009</u>
Mutual funds	\$ 5,044,785	\$ 7,678,466
Common/collective trust	<u>55,516</u>	<u>102,248</u>
	<u>\$ 5,100,301</u>	<u>\$ 7,780,714</u>

NOTE E -- INVESTMENT CONTRACTS

In 2010, the Plan held investments in a managed income portfolio fund with Fidelity Management Trust Company ("Fidelity"). The fund is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is included in the statement of net assets available for benefits at fair value. The adjustment from fair value to contract value for the fund is based on the contract value as reported by Fidelity (which represents contributions made to the fund, plus earnings, less withdrawals and administrative expenses). The contract is fully benefit-responsive. The fair value of the fund at December 31, 2010 and 2009 was \$4,398,615 and \$4,008,446, respectively. The average yield and crediting interest rates were approximately 2.68% and 1.44% in 2010 and 3.16% and 1.20% in 2009. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE F -- RELATED PARTY TRANSACTIONS

Certain plan assets are invested in funds managed by affiliates of Fidelity Management Trust Company, trustee of the Plan. Fidelity Management Trust Company and affiliates are parties-in-interest. Fees paid by the Plan to Fidelity Management Trust Company for administrative services were \$9,113 and \$6,809 in 2010 and 2009, respectively. Additionally, plan investments have internal expenses that compensate Fidelity Management Trust Company or its affiliates.

Years Ended December 31, 2010 and 2009

NOTE G -- PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

NOTE H -- TAX STATUS

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter dated March 31, 2008. The letter states that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan has not applied for a stand-alone tax determination letter; however, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

NOTE I -- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan Administrator
PRA INTERNATIONAL 401(k) PLAN

We were engaged to audit the financial statements of PRA International 401(k) Plan (the "Plan") as of and for the years ended December 31, 2010 and 2009 and the supplemental schedule as of December 31, 2010, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information certified by Fidelity Management Trust Company, trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE A -- DESCRIPTION OF PLAN

The following description of the PRA International 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of PRA International, Inc. ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2003, the CroMedica Inc. 401(k) Plan merged with and into the Plan. The participants of the CroMedica Inc. 401(k) Plan are subject to the provisions of the Plan agreement, except for some exceptions as noted in the Summary Plan Description.

Eligibility Requirements: Employees of the Company are eligible to become active members of the Plan upon reaching the age of 18 and upon the first day of the month following 30 days of employment.

Contributions: Each year, participants may contribute up to twenty percent of pre-tax annual compensation as defined by the Plan. The participants may also make contributions to a Roth account and after tax contributions. Certain participants may also make catch-up contributions in accordance with IRS guidelines.

The Company makes a matching contribution equal to 50% of the participant's contribution, provided that such matching contribution shall apply only to that portion of such participant's elective contribution that does not exceed six percent of the participant's compensation. Each fiscal year, the Company may also contribute an amount to be determined at the discretion of the Board of Directors. The Company made no discretionary contributions during the years ended December 31, 2010 and 2009. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses, where applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of service, as follows:

<u>Years of Service</u>	<u>% of Employer Contribution that Becomes Vested</u>
Less than One Year	0%
One Year	20%
Two Years	40%
Three Years	60%
Four Years	80%
Five Years or more	100%

Benefit Payments: A participant may elect to receive an amount equal to the value of his or her vested interest upon termination of service due to death, disability, or retirement. Payment(s) may be made in a lump-sum distribution or in annual installments. Participants may make hardship withdrawals upon demonstrating immediate and heavy financial need, as defined by the Plan.

Notes to Financial Statements--Continued

PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE A -- DESCRIPTION OF PLAN -- Continued

Forfeitures: At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$243,894 and \$86,052, respectively. Forfeitures totaling \$79,729 and \$556,502 for the years ended December 31, 2010 and 2009, respectively, were used to pay administrative fees and reduce employer contributions.

Participant Loans: A participant may make a written application to the plan administrator for one or more loans from the Plan; however, a participant may only have one loan outstanding at any time. The maximum loan allowed to a participant may not be greater than 50% of the participant's vested account or \$50,000, if less. The minimum loan is \$1,000. Participant loans are secured by the participant's account. Loan principal and interest are generally repaid through payroll deductions, with payments due not less than quarterly. Loans may be prepaid and become due upon termination of the participant's employment. Loans must be repaid within five years of the date of the loan. However, if the loan is used for purchase of a principal residence, the loan can be repaid over a period of not more than ten years. Interest is assessed at a fixed rate based on the rates available for similar loans from commercial lending institutions at the inception of the loan and is credited to the participant's account.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates and assumptions.

Recently Issued Accounting Pronouncements: In September 2010, the FASB issued Accounting Standards Update ("ASU") 2010-25, *Plan Accounting - Defined Contribution Pension Plans (Topic 962), Reporting Loans to Participants by Defined Contribution Pension Plans*, a consensus of the FASB Emerging Issues Task Force ("Update"). This Update requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The amendments in the Update are to be applied retrospectively to all prior periods presented, effective for fiscal years ending after December 15, 2010, with early adoption permitted. The Plan has adopted the amendments of the Update for the 2010 plan year and has reclassified participant loans from investments to notes receivable from participants and loan interest from investment income for financial statement presentation. The Form 5500 and supplemental schedule H, line 4i - schedule of assets (held at end of year) will continue to present notes receivable from participants as an investment.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Contracts: Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by accounting guidance, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -- Continued

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits: Benefits are recorded when paid.

Expenses: All administrative expenses of the Plan, including audit and legal fees, are paid by the Plan, as provided in the plan document.

Reclassification: Certain reclassifications have been made in the prior period financial statements in order to conform to the current year presentation.

NOTE C -- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is available based on quoted market prices, when available.

Level 2 Fair Value Measurements

The fair value of the common/collective trust and pooled separate account for which a quoted market price is not available is based on the market value of the underlying investments such as equities, preferred stock, bonds, real estate and mutual funds.

Level 3 Fair Value Measurements

The Plan does not have any significant financial assets requiring the use of Level 3 inputs.

Years Ended December 31, 2010 and 2009

NOTE D -- INVESTMENTS -- Continued

During 2010 and 2009, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value as follows:

	<u>2010</u>	<u>2009</u>
Mutual funds	\$ 5,044,785	\$ 7,678,466
Common/collective trust	<u>55,516</u>	<u>102,248</u>
	<u>\$ 5,100,301</u>	<u>\$ 7,780,714</u>

NOTE E -- INVESTMENT CONTRACTS

In 2010, the Plan held investments in a managed income portfolio fund with Fidelity Management Trust Company ("Fidelity"). The fund is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is included in the statement of net assets available for benefits at fair value. The adjustment from fair value to contract value for the fund is based on the contract value as reported by Fidelity (which represents contributions made to the fund, plus earnings, less withdrawals and administrative expenses). The contract is fully benefit-responsive. The fair value of the fund at December 31, 2010 and 2009 was \$4,398,615 and \$4,008,446, respectively. The average yield and crediting interest rates were approximately 2.68% and 1.44% in 2010 and 3.16% and 1.20% in 2009. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE F -- RELATED PARTY TRANSACTIONS

Certain plan assets are invested in funds managed by affiliates of Fidelity Management Trust Company, trustee of the Plan. Fidelity Management Trust Company and affiliates are parties-in-interest. Fees paid by the Plan to Fidelity Management Trust Company for administrative services were \$9,113 and \$6,809 in 2010 and 2009, respectively. Additionally, plan investments have internal expenses that compensate Fidelity Management Trust Company or its affiliates.

PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE G -- PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

NOTE H -- TAX STATUS

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter dated March 31, 2008. The letter states that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan has not applied for a stand-alone tax determination letter; however, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

NOTE I -- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan Administrator
PRA INTERNATIONAL 401(k) PLAN

We were engaged to audit the financial statements of PRA International 401(k) Plan (the "Plan") as of and for the years ended December 31, 2010 and 2009 and the supplemental schedule as of December 31, 2010, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information certified by Fidelity Management Trust Company, trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE A -- DESCRIPTION OF PLAN

The following description of the PRA International 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of PRA International, Inc. ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2003, the CroMedica Inc. 401(k) Plan merged with and into the Plan. The participants of the CroMedica Inc. 401(k) Plan are subject to the provisions of the Plan agreement, except for some exceptions as noted in the Summary Plan Description.

Eligibility Requirements: Employees of the Company are eligible to become active members of the Plan upon reaching the age of 18 and upon the first day of the month following 30 days of employment.

Contributions: Each year, participants may contribute up to twenty percent of pre-tax annual compensation as defined by the Plan. The participants may also make contributions to a Roth account and after tax contributions. Certain participants may also make catch-up contributions in accordance with IRS guidelines.

The Company makes a matching contribution equal to 50% of the participant's contribution, provided that such matching contribution shall apply only to that portion of such participant's elective contribution that does not exceed six percent of the participant's compensation. Each fiscal year, the Company may also contribute an amount to be determined at the discretion of the Board of Directors. The Company made no discretionary contributions during the years ended December 31, 2010 and 2009. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses, where applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of service, as follows:

<u>Years of Service</u>	<u>% of Employer Contribution that Becomes Vested</u>
Less than One Year	0%
One Year	20%
Two Years	40%
Three Years	60%
Four Years	80%
Five Years or more	100%

Benefit Payments: A participant may elect to receive an amount equal to the value of his or her vested interest upon termination of service due to death, disability, or retirement. Payment(s) may be made in a lump-sum distribution or in annual installments. Participants may make hardship withdrawals upon demonstrating immediate and heavy financial need, as defined by the Plan.

PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE A -- DESCRIPTION OF PLAN -- Continued

Forfeitures: At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$243,894 and \$86,052, respectively. Forfeitures totaling \$79,729 and \$556,502 for the years ended December 31, 2010 and 2009, respectively, were used to pay administrative fees and reduce employer contributions.

Participant Loans: A participant may make a written application to the plan administrator for one or more loans from the Plan; however, a participant may only have one loan outstanding at any time. The maximum loan allowed to a participant may not be greater than 50% of the participant's vested account or \$50,000, if less. The minimum loan is \$1,000. Participant loans are secured by the participant's account. Loan principal and interest are generally repaid through payroll deductions, with payments due not less than quarterly. Loans may be prepaid and become due upon termination of the participant's employment. Loans must be repaid within five years of the date of the loan. However, if the loan is used for purchase of a principal residence, the loan can be repaid over a period of not more than ten years. Interest is assessed at a fixed rate based on the rates available for similar loans from commercial lending institutions at the inception of the loan and is credited to the participant's account.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates and assumptions.

Recently Issued Accounting Pronouncements: In September 2010, the FASB issued Accounting Standards Update ("ASU") 2010-25, *Plan Accounting - Defined Contribution Pension Plans (Topic 962), Reporting Loans to Participants by Defined Contribution Pension Plans*, a consensus of the FASB Emerging Issues Task Force ("Update"). This Update requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The amendments in the Update are to be applied retrospectively to all prior periods presented, effective for fiscal years ending after December 15, 2010, with early adoption permitted. The Plan has adopted the amendments of the Update for the 2010 plan year and has reclassified participant loans from investments to notes receivable from participants and loan interest from investment income for financial statement presentation. The Form 5500 and supplemental schedule H, line 4i - schedule of assets (held at end of year) will continue to present notes receivable from participants as an investment.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Contracts: Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by accounting guidance, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -- Continued

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits: Benefits are recorded when paid.

Expenses: All administrative expenses of the Plan, including audit and legal fees, are paid by the Plan, as provided in the plan document.

Reclassification: Certain reclassifications have been made in the prior period financial statements in order to conform to the current year presentation.

NOTE C -- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is available based on quoted market prices, when available.

Level 2 Fair Value Measurements

The fair value of the common/collective trust and pooled separate account for which a quoted market price is not available is based on the market value of the underlying investments such as equities, preferred stock, bonds, real estate and mutual funds.

Level 3 Fair Value Measurements

The Plan does not have any significant financial assets requiring the use of Level 3 inputs.

PRA INTERNATIONAL 401(k) PLAN

Years Ended December 31, 2010 and 2009

NOTE D -- INVESTMENTS -- Continued

During 2010 and 2009, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value as follows:

	<u>2010</u>	<u>2009</u>
Mutual funds	\$ 5,044,785	\$ 7,678,466
Common/collective trust	<u>55,516</u>	<u>102,248</u>
	<u>\$ 5,100,301</u>	<u>\$ 7,780,714</u>

NOTE E -- INVESTMENT CONTRACTS

In 2010, the Plan held investments in a managed income portfolio fund with Fidelity Management Trust Company ("Fidelity"). The fund is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is included in the statement of net assets available for benefits at fair value. The adjustment from fair value to contract value for the fund is based on the contract value as reported by Fidelity (which represents contributions made to the fund, plus earnings, less withdrawals and administrative expenses). The contract is fully benefit-responsive. The fair value of the fund at December 31, 2010 and 2009 was \$4,398,615 and \$4,008,446, respectively. The average yield and crediting interest rates were approximately 2.68% and 1.44% in 2010 and 3.16% and 1.20% in 2009. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE F -- RELATED PARTY TRANSACTIONS

Certain plan assets are invested in funds managed by affiliates of Fidelity Management Trust Company, trustee of the Plan. Fidelity Management Trust Company and affiliates are parties-in-interest. Fees paid by the Plan to Fidelity Management Trust Company for administrative services were \$9,113 and \$6,809 in 2010 and 2009, respectively. Additionally, plan investments have internal expenses that compensate Fidelity Management Trust Company or its affiliates.

Years Ended December 31, 2010 and 2009

NOTE G -- PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

NOTE H -- TAX STATUS

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter dated March 31, 2008. The letter states that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan has not applied for a stand-alone tax determination letter; however, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

NOTE I -- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
