Independent Auditor's Report

To the U.S. Foodservice, Inc. Retirement Administration Committee
Sky Brothers/Lo-Temp Express Collective
Bargaining Unit Employees' Pension Plan

We were engaged to audit the Sky Brothers/Lo-Temp Express Collective Bargaining Unit Employees' Pension Plan (the "Plan") statement of net assets available for benefits and statement of changes in net assets available for benefits as of and for the year ended December 31, 2010, and the statement of accumulated plan benefits and statement of changes in accumulated plan benefits as of January 1, 2010. These financial statements are the responsibility of the Plan's management. The Sky Brothers/Lo-Temp Express Collective Bargaining Unit Employees' Pension Plan statement of net assets available for benefits and statement of changes in net assets available for benefits as of and for the year ended December 31, 2009, and the statement of accumulated plan benefits and statement of changes in accumulated plan benefits as of January 1, 2009, were audited by other auditors, whose report dated July 29, 2010, disclaimed an opinion as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes D and E, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2010 financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2010 that the information provided to the plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements taken as a whole. The form and content of the information included in the 2010 financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the Sky Brothers/Lo-Temp Collective Bargaining Unit Employees' Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan covering employees of U.S. Foodservice, Inc. (the "Employer"), who were formerly employed by U.S. Foodservice Altoona, who are members of the Collective Bargaining Unit Local 110 of the International Brotherhood of Teamsters, Chauffeurs and Warehousemen and have completed one year of service, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Amendment

On September 2, 2010, the Plan was amended to include recognition of the most recent bargaining agreement, signed on February 17, 2009, which increased the benefit multiplier as follows:

49.00 dollars effective June 1, 2009
49.33 dollars effective June 1, 2010
49.66 dollars effective June 1, 2011

Trustee Agreement

The Plan operates under a trustee agreement with The Northern Trust Company (the "Trustee").

NOTE A - DESCRIPTION OF THE PLAN - Continued

Pension Benefits

Employees are entitled to annual pension benefits at the later of their normal retirement date or their tenth anniversary of initial participation in the Plan or termination:

- **Normal Retirement Benefits** - Normal retirement age is 60. Monthly benefit levels are negotiated and revised in conjunction with the bargaining unit contract renewals.
- **Early Retirement Benefits** - Early retirement date is the date on which a participant has attained age 55 and completed at least 15 years of service. The participant may elect to receive an unreduced accrued pension at age 55 and after 30 years of service, or an actuarially reduced benefit (5% per year) beginning prior to age 60.
- **Separation Benefits** - A participant who terminates employment prior to normal retirement age will be entitled to receive a monthly pension benefit starting at age 60 if the participant has completed at least 5 years of service. This benefit would be equal to the amount accrued at the date of termination.
- **Death and Disability Retirement Benefits** - If an active participant dies, a death benefit equal to the value of the participant's accumulated pension benefits is paid to the participant's beneficiary at normal retirement age. Active participants who become totally and permanently disabled will be entitled to receive a monthly disability pension benefit after reaching age 55 and completing 15 years of service.
- **Vesting** - Participants are 100% vested after 5 years of credited service; however, benefits commence at the age of 60.
- **Forfeitures of Benefits** - Benefits which are forfeited in accordance with the terms of the Plan remain in the Plan and are used to reduce future employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The fair value of the Plan's interest in the U.S. Foodservice, Inc. Master Defined Benefit Pension Trust ("Master Trust") is based upon the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and administrative expenses (see Note E).

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

During 2010 and 2009, the Employer paid certain administrative expenses of the Plan.

Subsequent Events

The Plan has evaluated subsequent events through July 22, 2011, the date the financial statements were available to be issued.

NOTE C - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those future payments that, under the Plan's provisions, are attributable to the service which participants have already rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of deceased employees, and (c) present employees or their beneficiaries. Benefits under the Plan are based on years of service of which one year equals at least 1,000 hours of service.

The actuarial present value of accumulated Plan benefits is determined by MERCER Human Resource Consulting, the Plan's actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2010, 2009, and 2008 are:

- | | |
|--------------------------------------|--|
| a. Assumed Rate of Return | 7.75%, 8.00%, and 8.00%, compounded annually, respectively |
| b. Healthy Mortality | Effective January 1, 2010:
2010 PPA separate static annuitant and non-annuitant mortality tables
Effective January 1, 2009:
2009 PPA separate static annuitant and non-annuitant mortality tables
Effective January 1, 2008:
2008 PPA separate static annuitant and non-annuitant mortality tables |
| c. Retirement Age Assumptions | Graded schedule from age 55 to 60 |
| d. Withdrawal | 2003 SOA Pension Plan Turnover Study: The Basic Age Table |

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2010 and 2009
- Investment income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2010 and 2009

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE E - INTEREST IN U.S. FOODSERVICE MASTER TRUST

The Plan is a member of the Master Trust, which was established for the investment of assets of the Plan and several other U.S. Foodservice, Inc. sponsored retirement plans. Each participating retirement plan has a specified divided interest in the Master Trust. The assets of the Master Trust are held by the Trustee. At December 31, 2010 and 2009, the Plan's interest in the net assets and investment income of the Master Trust was a specified allocation by investment type. Administrative expenses relating to the Master Trust are directly charged or allocated to the individual plans.

	<u>\$56,354</u>	<u>\$93,230</u>

The Plan makes up approximately 3% of total Master Trust assets.

The Master Trust follows current guidance which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Bargaining Unit Employees' Pension Plan**

(In thousands)

NOTE E - INTEREST IN U.S. FOODSERVICE MASTER TRUST - Continued

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Cash and cash equivalents: Valued at original cost plus accrued interest.

Collective trust funds: Valued at the net asset value of the shares held at the end of the reporting period. This class represents investments in actively managed common collective trust funds that invest primarily in equity securities which may include common stocks, options and futures. Investments are valued at the net asset value per share multiplied by the number of shares held as of the measurement date.

Mutual funds: Valued at the closing price reported on the active market where the individual fund is traded.

Common stocks and convertible equities: Valued at the closing price reported on the active market where the individual securities are traded.

Long-term debt securities: Valued at the estimated price a dealer will pay for the individual securities, which is often the principal amount invested.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - FUNDING POLICY

The Employer is the sole contributor to the Plan. The Employer's funding policy is to contribute the minimum amount required to be funded for each Plan year pursuant to the provisions of ERISA based on actuarial calculations. The Employer's contributions for 2010 and 2009 have met the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

**NOTE G - PLAN TERMINATION AND PENSION BENEFIT GUARANTY
CORPORATION**

The Employer reserves the right to amend or terminate the Plan subject to the provisions of ERISA. The Pension Benefit Guaranty Corporation ("PBGC") reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards or is unable to pay benefits when due.

If the Plan is terminated, the Plan assets will be distributed among the Plan participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded vested benefits to the extent required by law. If there are any assets remaining after all the Plan's liabilities to participants have been satisfied, such remaining assets shall revert to the Employer.

If the Plan terminates, a portion of the benefits under the Plan is insured by the PBGC, a U.S. Government agency. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE H - TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated May 1, 2003 that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are managed by the Plan's Trustee and, as such, these qualify as party-in-interest transactions. Fees paid during the year for legal, accounting, actuarial and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Schedule SB, Line 22 — Description of Weighted Average Retirement Age

Schedule SB, Part V — Summary of Plan Provisions

Benefits included or excluded

Unless noted below, all benefits provided by the plan, as restated and amended effective January 1, 2009, are included in this valuation.

- **Most recent plan amendments included:** None.
- **Plan amendments excluded:** None
- **IRC Section 436 benefit restrictions:**
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Late retirement increases:** Refer to delayed retirement in the summary of plan provisions.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.
- **IRC Section 415(b) benefit limitations:** The limitations of Internal Revenue Code Section 415(b) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60 percent of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy accruals.

Effective date and plan year	Original plan: January 1, 1982 Restated plan: January 1, 2009 Plan year: January 1 through December 31
Most Recent amendment	January 1, 2009
Status of the plan	The plan has ongoing benefit accruals and new employees are eligible to participate in the plan once they satisfy the participation requirements.
Significant events that occurred during the year	None
Definitions	
▪ Covered employees	Employees of Sky Brothers, Inc. or of any member of the Affiliated Group which adopts the Plan, pursuant to a collective bargaining agreement between the Employer and the Union.
▪ Participation	Completion of one year of vesting service
▪ Employee contributions	None allowed
▪ Vesting service	A Participant shall earn one year of vesting service for each plan year such participant completes 1,000 hours of service.
▪ Credited service	A Participant shall earn one year of credited service for each Plan year during which such Participant completes at least 1,000 hours of service. Participants on 1/1/1982 receive credit for years of service from 1/1/1971 under the Sky Brothers, Inc. and Lo-Temp Express Profit Sharing Plan. Service prior to 1/1/1987 for former members of the Over-the-Road Association is disregarded.
▪ Accrued benefit	A Participant's years of credited service, up to 30 years, multiplied by the benefit level in effect at termination of employment.

Early retirement	
▪ Eligibility	Age 55 and completion of 15 years of service.
▪ Benefit	<p><u>Unreduced</u></p> <p>Eligible after a participant completes 30 years of service and reaches age 55. The benefit is equal to the normal retirement benefit calculated using credited service at termination of employment.</p> <p><u>Reduced</u></p> <p>For terminations before 6/15/2003, accrued benefit payable at normal retirement date is reduced to an actuarially equivalent benefit commencing on the Participant's early retirement date.</p> <p>For terminations after 6/14/2003, with less than 30 years of vesting service, the accrued benefit payable at normal retirement date is reduced 5% per year from age 60.</p>
Late retirement	
▪ Eligibility	Remains employed beyond normal retirement date
▪ Benefit	<p>Normal retirement benefit deferred until actual termination of employment with benefits based on the greater of:</p> <ul style="list-style-type: none"> ▪ Normal retirement benefit calculated using additional years of credited service and benefit level in effect at actual retirement, or ▪ Normal retirement benefit actuarially adjusted for late payment.
Deferred vested	
▪ Eligibility	Completion of five years of service.
▪ Benefit	Same as normal retirement benefit reduced for early commencement with the same reduction as early retirement.

Schedule SB, Part V — Summary of Plan Provisions

Pre-retirement death	
▪ Eligibility	Completion of five years of service.
▪ Benefit	If a vested participant dies prior to commencement of benefit payments, the surviving spouse, if any, shall receive a monthly benefit equal to the benefit payable to the spouse under the 50% Joint and Survivor option assuming the participant retired the day before his death. Benefit payments commence on the later of the day before his death or the first day the participant would have been eligible to retire.
Form of benefits	
▪ Automatic form for unmarried participants	Life annuity.
▪ Automatic form for married participants	Actuarially reduced Joint and 50% Survivor annuity.
▪ Optional forms	<ul style="list-style-type: none"> ▪ Life Annuity ▪ 10 Year Certain & Continuous Annuity ▪ Joint and 50% Survivor Annuity ▪ Joint and 100% Survivor Annuity ▪ Lump sum

Miscellaneous	
▪ Maximum compensation	N/A
▪ Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2010, the limit is \$195,000.

Plan provision changes since prior valuation

- Maximum benefits were updated from 2009 to 2010.
- The multiplier factor has been updated from \$49.00 to \$49.33 in 2010 valuation.

Schedule SB, Line 24 — Change in Actuarial Assumptions

- Interest discounts and mortality rates were updated from 2009 to 2010 in accordance with PPA and the sponsor changed their interest rate election from full yield curve with a two month look back to segment rates with 4 months look back.
- The expected investment return for 2010 was changed from 8.00% to 7.75% to reflect the change in the allocation of assets held in the master trust.
- The target normal cost expense load was decreased from \$100,000 to \$90,000 in order to better reflect historical experience and expected future plan experience.

Schedule SB, Line 25 — Change in Method

We changed to a new liability valuation system this year. This change did not materially affect liability amounts and qualifies for automatic IRS approval under final Section 430 regulations.

Asset methods

We used financial data submitted by the trustee as of January 1, 2010 without further audit. Customarily, this information would not be verified by a plan's actuary. We have reviewed the information for internal consistency and we have no reason to doubt its substantial accuracy.

The asset valuation method is an average of the adjusted market value over the last 2 years preceding the valuation date with semi-annual determination points. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset valuation method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than market.

Participant methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.
- **Disabled participants:** The liabilities for participants on long-term disability have been included with the liabilities for terminated vested participants.
- **Transferred participants:** The liabilities for employees who have transferred into another plan of the plan sponsor have been included with the liabilities for terminated vested participants.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Minimum funding methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Maximum deductible contribution method

Calculations of maximum deductible contributions include the excess of the funding target computed using the projected unit credit method over the minimum funding target. The objective of the projected unit credit method is to fund each participant's benefits under the plan as they accrue, taking into consideration expected future benefit increases. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- An individual's **projected funding target** is the present value of benefits based on credited service as of the beginning of the plan year and projected benefit that would be used in the calculation of the benefit on each expected separation date. If multiple decrements are used, the projected funding target for an individual is the sum of the component projected funding targets associated with the various anticipated separation dates.
- The plan's **projected funding target** is the sum of the projected funding targets for all participants under the plan. The excess of the plan's projected funding target over the plan's funding target is included in the "cushion amount".
