DANVILLE METAL STAMPING CO., INC. EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Danville Metal Stamping Co., Inc. Employees' Savings Plan was established October 29, 1985 for the purpose of providing a deferred profit sharing plan under Sec. 401(k) of the Internal Revenue Code, for employees of Danville Metal Stamping Co., Inc. (Company) and its affiliate. Significant accounting policies followed by the Plan are as follows.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investment transactions are recorded on the trade-date basis. Investment income includes net appreciation or depreciation in fair value, realized gains and losses on sale of investments, dividends, and interest earned. Net appreciation or depreciation in fair value of investments includes investments purchased, sold and held during the period. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Some of the administrative and operating expenses of the Plan are paid by Danville Metal Stamping Co., Inc. with no charge to the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements*. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for interim and annual reporting periods beginning after December 31, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010 and interim periods within those fiscal years with early adoption permitted. Management of the Plan does not believe the adoption of this guidance will impact the financial statement amounts; however, additional disclosures may be required.

The Plan adopted a new accounting standard, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides clarification of how loans to participants should be classified and measured by defined contribution pension benefit plans. This guidance requires that loans to participants be reported as notes receivable from participants in the statement of net assets available for benefits and be measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted this standard in its December 31, 2010 financial statements and has reclassified participant loans of $544,062 and $553,254 from participant-directed investments to notes receivable from participants as of December 31, 2010 and 2009, respectively. The Plan also reclassified interest income from participant loans of $35,130 and $40,189 from investment income to interest income from notes receivable from participants for the years ended December 31, 2010 and 2009, respectively. Net Assets of the Plan were not affected by the adoption of this standard.

NOTE 2 - DESCRIPTION OF THE PLAN

The following description of the Danville Metal Stamping Co., Inc. Employees' Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan provides deferred profit sharing benefits to eligible employees of Danville Metal Stamping Co., Inc. (Danville Metal) and its affiliate, Thermo Techniques, LLC (Thermo). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

NOTE 2 - DESCRIPTION OF THE PLAN (CONTINUED)

Eligibility

Eligible employees must meet the following requirements:

1. Complete one year of service and reach age 18.

The following employees are excluded under the terms of the Plan agreement:

1. Non-resident aliens without U.S. earned income,
2. Employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless such agreement expressly provides for participation in the Plan.

Contributions

The Plan provides the employee an elective deferred savings up to the Internal Revenue Service Code Section 415 limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Companies will match 25% of the participant's elective contributions, not in excess of 6% for Danville Metal Stamping and will match 50% of the participant's elective contributions, not in excess of 4% for Thermo. The Plan also provides for a discretionary profit-sharing contribution. The Companies did not make a profit-sharing contribution for 2010 or 2009.

Participant Accounts

Each participant's fund balance is held in a separate account. Each participant's account is credited or charged with the participant's contribution and allocation of (a) the Companies' contributions, (b) investment income, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested immediately.

Investment Options

Participants can direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 22 pooled separate accounts as investment options for Plan participants.

Notes Receivable from Participants

Participants may borrow up to 50 percent of their vested account balance. Individual loan amounts must be at least $1,000. A participant can only have one loan outstanding and the aggregate loan amount may not exceed $50,000. The interest rate for loans are consistent with those charged by financial providers. Loan terms may range from one to five years, or longer if for the purchase of a primary residence. The loans are secured by the balance in the participant's account.

NOTE 2 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, a participant may elect to receive the value of their account balance either as a lump sum or as a direct rollover in an individual retirement account or another qualified retirement plan.

NOTE 3 - SUMMARY OF INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

a. Total investments, as shown in the accompanying statements of net assets available for benefits, of $13,022,407 and $11,263,199 as of December 31, 2010 and 2009, respectively.

b. Notes receivable from participants shown in the accompanying statements of net assets available for benefits of $544,062 and $553,254 as of December 31, 2010 and 2009, respectively.

c. Net investment income as shown in the accompanying statements of changes in net assets available for benefits of $1,433,539 and $2,423,450 for the years ended December 31, 2010 and 2009, respectively.

d. Interest income from notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits of $35,130 and $40,189 for the years ended December 31, 2010 and 2009, respectively.

The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - INVESTMENTS

The fair values of individual investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2010	2009
Pooled Separate Accounts:		
American Funds The Growth Fund of America	$ 1,028,416	$ 971,858
Lifestyle Balanced	1,427,179	1,287,051
Lifestyle Growth	2,244,033	1,738,839
Lifestyle Moderate	805,913	659,635
T. Rowe Price Equity Income	809,130	775,189
John Hancock Money Market Fund	1,604,111	1,710,596
Lifestyle Aggressive Portfolio	*	706,889

* Below 5% threshold in the plan.

Investment income is comprised of the following for the years ended December 31:

	2010	2009
Net appreciation in fair value of pooled separate accounts	1,433,539	2,423,450
Total investment income	$ 1,433,539	$ 2,423,450

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Generally accepted accounting principles establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2—Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled Separate Accounts: Valued based upon the underlying investments of units held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009.

	Assets at Fair Value As of December 31, 2010

(a) The pooled separate accounts within the international category invest solely in the underlying funds: EuroPacific Growth, Mutual Global Discovery, International Opportunities Fund, and DFA International Value. These funds seek long-term capital appreciation through investments in equity and debt securities of companies outside of the United States.

(b) The pooled separate accounts within the small-cap category invest solely in the underlying funds: Small-Cap Index, Small-Cap Value, Small-Cap Opportunities, and AIM Small Cap Growth Fund. These funds seek long-term capital appreciation through investments primarily in small capitalization companies.

(c) The pooled separate accounts within the mid-cap category invest solely in the underlying funds: Lifestyle Moderate, Mid-Cap Index, Franklin Small-Mid Growth, and Lord Abbett Mid-Cap Value. These funds seek the long-term growth of capital through investments in fixed and equity securities as well as other funds that invest primarily in equity securities of established companies. A smaller portion of their investments may also lie in convertibles, preferred stock, US government securities, bonds, and fixed-income securities.

(e) The pooled separate account within the money market category invests solely in the underlying John Hancock Money Market fund. This fund seeks the maximum current income that is consistent with maintaining liquidity and preserving capital. The fund intends to maintain a stable $1 share price.

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

(f) The pooled separate accounts within the bond category invest solely in the underlying funds: PIMCO Total Return and Short-term Federal. These funds seek maximum current income and price appreciation consistent with the preservation of capital and prudent risk taking. To pursue this goal, the funds invest in various sectors of the bond market.

(g) The pooled separate accounts within the growth & income category invest solely in the underlying funds: Lifestyle Balanced and Lifestyle Conservative. These funds seek current income and long-term growth of capital. In order to achieve this goal, the funds invest in a mixture of funds that invest in equity securities and fixed income securities.

NOTE 6 - TERMINATION OF PLAN

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by the John Hancock Life Insurance Company (U.S.A.) (John Hancock). John Hancock is the Plan custodian and therefore these transactions qualify as party-in-interest transactions. Amounts paid by the Plan to John Hancock for administration fees amounted to $34,133 and $31,907 for the years ended December 31, 2010 and 2009, respectively. Amounts paid by the Plan to National Retirement Services for administrative fees amounted to $4,641 and $5,200 for the years ended December 31, 2010 and 2009, respectively.

NOTE 10 - SUBSEQUENT EVENTS

Management evaluated subsequent events through July 27, 2011, the date the financial statements were available to be issued. Events or transactions occurring after December 31, 2010, but prior to July 27, 2011 that provide additional evidence about conditions that existed at December 31, 2010, have been recognized in the financial statements for the year ended December 31, 2010. Events or transactions that provided evidence about conditions that did not exist at December 31, 2010 but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended December 31, 2010.
