INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
George T. Sanders Co. 401(k) Profit Sharing Plan and Trust
Wheat Ridge, Colorado

We were engaged to audit the accompanying statement of net assets available for benefits of George T. Sanders Co. 401(k) Profit Sharing Plan and Trust (the "Plan") as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010 as listed in the accompanying table of contents. These financial statements and the supplemental schedule are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by John Hancock Retirement Plan Services, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. The Plan administrator has obtained a certification from the John Hancock Retirement Plan Services as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule as of and for the year ended December 31, 2010. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits of the Plan as of December 31, 2009, and in our report dated July 20, 2010, we expressed our opinion that such financial statements present fairly, in all material respects, the financial status of the Plan as of December 31, 2009, in conformity with accounting principles generally accepted in the United States of America

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of George T. Sanders Co. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1976. The Plan is available to employees age 21 years or older who have completed 1,000 hours of service during the first 12 months of consecutive employment or during any subsequent Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of George T. Sanders Co. (the "Company") administers the Plan. John Hancock Retirement Plan Services ("John Hancock") serves as custodian, manages Plan assets, and maintains the Plan's records. John Hancock offers Plan participants a variety of investment options through various pooled separate accounts. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions up to 100% of their annual compensation, not to exceed limits established by the Internal Revenue Service ("IRS"), which are adjusted annually by the Secretary of Treasury for inflation. This maximum allowable percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. The Company will contribute matching contributions equal to 100% of participant elective deferrals up to 3% of compensation and 50% of elective deferrals between 3% and 5% of compensation. The Company contributed matching contributions of $137,460 for the year ended December 31, 2010.

The Plan also allows the Company to make a discretionary profit-sharing contribution equal to a uniform percentage of each participant's compensation. The Company made no discretionary profit-sharing contribution for the year ended December 31, 2010.

Participants' Accounts

Each participant's account is credited or charged with the participant's contributions, an allocation of the Company's matching and profit-sharing contributions, Plan earnings or losses, Plan expenses, and forfeitures. Participants who are subject to limitations on individual contributions, due to their level of pay in relation to that of the other participants, share in Company contributions to the extent of their contribution. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any employer matching contributions.

Profit-sharing contributions and the earnings or losses thereon are not fully vested when contributed and will vest as follows:

Years of Service	Vested Interest
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65 or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan), retirement due to disability, or if the Plan is terminated.

Payments of Benefits

Upon death, disability, retirement, or termination of service, a participant will receive a lump-sum payment in the amount equal to the participant's vested account balance within a reasonable period of time after termination of employment. Participants may not make withdrawals from their accounts prior to retirement at age 65, except in the event of disability, death, termination of employment, or notice of hardship, without being subject to certain restrictions and penalties. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If, at the time of termination of employment, the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account and will be reallocated on the earlier of the fifth consecutive one-year break in service or the end of the Plan year following the payment of the vested account balance. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $70 and $1,658, respectively. These accounts will be used to reduce future employer contributions. For the period ended December 31, 2010, employer contributions were reduced by $2,366 from forfeited accounts.

Valuation of Investments and Income Recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by generally accepted accounting principles, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract-value basis.

The net realized and unrealized investments gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchase and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Fair Value Accounting

The Plan applies fair value accounting standards, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair Value Accounting (continued)

The following table presents the Plan's investment assets that are measured at fair value on a recurring basis at December 31, 2010 for each of the fair value hierarchy levels.

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
Growth	$ -	$ 1,977,414	$ -	$ 1,977,414
Aggressive growth	-	1,157,398	-	1,157,398

Total	$ -	$ 6,290,577	$ -	$ 6,290,577

The following table presents the Plan's investment assets that are measured at fair value on a recurring basis at December 31, 2009 for each of the fair value hierarchy levels.

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
Growth	$ -	$ 1,631,905	$ -	$ 1,631,905
Aggressive growth	-	986,790	-	986,790
Conservative	-	806,115	-	806,115
Blend	-	780,891	-	780,891
Growth and income	-	605,436	-	605,436
Income	-	496,494	-	496,494
Guaranteed interest contract	-	166,854	-	166,854
Total	$ -	$ 5,474,485	$ -	$ 5,474,485

Plan investments in pooled separate accounts are valued on a per unit market basis as determined by the Plan trustee, which reflects the fair value of the investments based on quoted market prices. The valuation technique used to measure fair value of the guaranteed interest contract is the amount the Plan sponsor would receive if they were to withdraw or transfer funds within the Plan prior to maturity.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investments, which in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by John Hancock are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Recently Issued Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures about Fair Value Measurements.* This guidance requires additional disclosure of transfers of assets and liabilities between Levels 1 and 2 of the fair value hierarchy and disclosure of activities, on a gross basis, including purchases, sales, issuances, and settlements in the reconciliation of the assets and liabilities measured under Level 3 of the fair value hierarchy. This standard also clarifies existing disclosure requirements on levels of disaggregation and disclosures about inputs and valuation techniques. ASU 2010-06 was effective for the Plan's year ended December 31, 2010, except for the disclosure requirements on Level 3 activity that will be effective for the Plan's year ending December 31, 2011. The adoption of this standard did not have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated all subsequent events through July 25, 2011, which is the date the financial statements were available to be issued.

Note 2 - Investments

John Hancock has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2010 and the income earned on the investments for the year then ended, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

For 2010, the Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the custodian except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

The fair value of investments greater than 5% of net assets was the following:

	December 31,	
	2010	2009
Lifestyle Growth Fund	$ 1,847,738	$ 1,546,126
Lifestyle Conservative Fund	$ 857,915	$ 773,546
Lifestyle Aggressive Fund	$ 814,311	$ 707,882
Lifestyle Balanced Fund	$ 697,784	$ 547,170

During the year ended December 31, 2010, the Plan's pooled separate accounts appreciated $749,883 in value.

Note 3 - Income Taxes

The Plan received a favorable determination letter, dated September 19, 2010, from the IRS as to the qualified status of the Plan. Although the Plan has been amended since receipt of the determination letter, the Plan administrator believes the Plan remains a qualified plan and is not subject to tax. Accordingly, no provision for federal or state income taxes has been recorded.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 4 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or their beneficiary.

Note 6 - Related Party Transactions

Certain Plan investments are pooled separate accounts managed by John Hancock. John Hancock is the asset custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest, which are exempt from the prohibited transaction rules.

Note 7 - Reconciliation to Form 5500

Net assets available for benefits for financial reporting purposes differ from amounts shown on the Plan's Form 5500 as of December 31, 2009 due to the adjustment from fair value to contract value for of fully benefit-responsive investment contracts.
