401(k) Retirement Committee and Participants
ROYAL ELECTRIC COMPANY 401(K) PLAN

We were engaged to audit the financial statements and supplemental schedules of *Royal Electric Company 401(k) Plan* (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the accompanying index to the financial statements. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the trustee of the plan, *Frontier Trust Company* (the "trustee"), except for comparing such information with the related information included in the financial statements and supplemental schedules. The plan administrator has informed us that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Royal Electric Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Organization

The Plan is a participant-directed defined contribution plan established by Vellutini Corporation dba Royal Electric Company (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan was established on January 1, 1992 and amended and restated on April 1, 2009, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees who have attained the age of 21 and have completed three months of service are eligible to participate in the Plan. Employees may participate in employer contributions after completing one year of service. Members of a collective bargaining unit, non-resident aliens, and indentured apprentice electricians are not permitted to participate in the Plan. Employees are permitted to participate in pretax elective deferrals and employer contributions after completion of eligibility requirements. Employees become a participant on their entry date, which is the first day of the plan year and the first day of the seventh month of the plan year coinciding with or following the completion of eligibility requirements.

Participant Contributions

Participants may elect to contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and subject to IRC limitations. Catch-up contributions and rollover distributions from other qualified defined benefit or defined contribution plans are also permitted. The plan will not accept rollovers of designated Roth contributions. All contributions made by participants are deposited in the trust and allocated among the investment funds in accordance with the participants' effective elections.

Employer Contributions

The Company makes discretionary employer matching contributions to the Plan, based upon each Participant's elective deferrals. The Company also makes discretionary employer profit sharing contributions to the Plan, based upon the participant's ratio of eligible compensation to the total compensation paid to all eligible participants. A participant must be employed by the Company on the last day of the plan year to be eligible to participate in discretionary profit sharing contributions. The last day and service requirements are waived if a participant dies during the plan year. The company did not elect to make discretionary employer contributions to the Plan for the plan year ended December 31, 2010 and December 31, 2009. All contributions made on a participant's behalf shall be deposited in the trust and allocated among the investment funds in accordance with the participant's effective elections.

NOTE 1 - DESCRIPTION OF PLAN - continued

Employer Contributions - Davis Bacon Act

Certain participants whose services are covered by the federal, state, or municipal prevailing wage law or the Davis Bacon Act, as amended, receive Company prevailing wage law profit-sharing contributions. Davis Bacon Act contributions totaled $295,851 for the year ended December 31, 2010.

Investment Options

Participant contributions and investment earnings are directed by the participants, which may be invested in a variety of registered investment companies offered by Frontier Trust Company. Participants may also invest in the Merrill Lynch Retirement Preservation Trust, which is a common collective trust administered by Merrill Lynch Bank USA, an FDIC-insured Utah industrial loan corporation.

Participants may elect to transfer investments from one investment fund to any other investment fund in accordance with uniform and nondiscriminatory rules established by the Plan Administrator.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants. Each participant's account is credited with the participant's contributions plus allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses.

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their rollover and elective deferral contributions, plus actual earnings thereon. The vested portion of any participant account attributable to Company contributions and the earnings thereon is based on years of credited service. A participant becomes 100 percent vested in these contributions after six (6) years of credited service, or upon reaching normal retirement age, becoming disabled or upon his or her death. Participants vest according to the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE 1 - DESCRIPTION OF PLAN - continued

Forfeiture of Benefits

If a participant terminates prior to vesting 100 percent in the Company contributions, the forfeited balance shall be used to pay administrative expenses or reduce future employer contributions payable under the Plan. The forfeiture account activity for the plan year ended December 31, 2010 and December 31, 2009 is as follows:

Forfeiture Account	2010	2009
Beginning Balance, January 01	$ 12,932	$ 12,912
Forfeitures Credited During the Plan Year	7,899	903
Forfeitures Applied - Employer Match	--	--
Earnings on Forfeitures	521	(883)
Ending Balance - Unused Forfeitures	$ 21,352	$ 12,932

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their vested account balances. A loan setup fee is deducted from the participant's account for each loan that is processed. A participant is allowed only one outstanding loan at any given time. The loan can be used for any purpose.

Loans must be fully repaid through payroll deductions within five (5) years unless the loan is used for the purchase of a primary residence, for which the loan term may be extended. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator.

Payment of Benefits

Upon termination of service due to death, disability or normal retirement age, a participant (or participant's beneficiary in the event of death) will receive a lump-sum distribution equal to the total value of the participant's account. If a participant is terminated for any other reason, the participant shall be entitled to receive a distribution equal to the value of the vested interest in his or her account. A mandatory 20 percent federal tax is withheld on cash distributions. As an alternative to a cash distribution, the participant or beneficiary may request a rollover distribution to another qualified plan.

In the event of financial hardship, as defined by the Plan, a participant may request a distribution of any part of their elective deferral contributions. Hardship withdrawals may not be rolled over to another qualified employer plan or an Individual Retirement Account. A participant may not make contributions to the Plan for the 6-month period following the date of a hardship distribution.

Administrative Expenses

The expenses related to administration of the Plan are paid by the Plan unless the Company elects to make such payment.

NOTE 1 - DESCRIPTION OF PLAN - continued

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants become 100 percent vested in their account balances.

Plan Amendments

There were no significant amendments made to the Plan during the current year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and ASC 962-325, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, including those held in a common collective trust, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a common collective trust. As required by the FSP, the Statements of Net Assets Available for Benefits presents the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

As of October 6, 2010, the Trustee of "ML Retirement Preservation Trust" ("the Trust"), a common collective trust, approved a resolution to terminate the Trust and commence liquidation of its assets. As a result, the Trust changed its basis of accounting from the going concern basis to the liquidation basis. The most significant change was the change from contract value to fair value accounting. The change in the accounting method required the Trust to recognize an unrealized loss of the difference between the contract value of the contracts and the fair value of the underlying securities on October 6, 2010. Concurrent with this change, the liquidation of the long-term assets held by the Trust resulted in realized losses. The realized losses incurred from the restructuring of the Trust were funded by a Liquidity Commitment. There is no adjustment from fair value to contract value as of December 31, 2010.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year-end. The Plan's interest in the common collective trust is based on the fair value of the common collective trust's underlying investments as based on information reported by the investment advisor. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued as of the ex-dividend date. Net realized and unrealized appreciation (depreciation) in fair value of investments represents the realized gain or loss on disposition of investments plus the unrealized increase or decrease in fair value of investments held from the beginning of the plan year or date of purchase, whichever is later.

Notes Receivable from Participants

As described in Accounting Standards Codification Topic 962, *Reporting Loans to Participants by Defined Contribution Pension Plans* (ASC Topic 962), FASB ASC 962-310-45-2 and ASU 2010-25 requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new standard.

Cash and Cash Equivalents

The Company considers highly liquid investments with an original maturity of three (3) months or less to be cash and cash equivalents.

Contributions

Contributions are recorded on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Frontier Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental Schedule 1 is complete and accurate:

a. Net Assets Available for Benefits as of December 31, 2010, as they relate to investments held by the trustee.
b. Changes in Net Assets Available for Benefits for the year ended December 31, 2010, as they relate to investments held by the trustee.
c. Schedule of Assets (Held at End of Year) as of December 31, 2010.

NOTE 3 - INVESTMENTS - continued

Investments that represent 5 percent or more of fair value of the Plan's net assets as of December 31, 2010 and 2009 are as follows:

Description	2010	2009
ML Retirement Preservation Trust	$ 1,343,894	$ 1,264,837
BlackRock Small Value Opportunities Fund Inc.	870,557	645,485
BlackRock Global Allocation Fund Inc.	766,582	672,266
Total Investments Exceeding 5% or More of Net Assets	$ 2,981,033	$ 2,582,588

During 2010, the Plan's investments appreciated in value as follows:

Description	2010
Registered Investment Companies	$ 566,763
Common Collective Trust	15,834
Total Appreciation in Fair Value of Investments	$ 582,597

As described in Note 2, FSP AAG INV-1 and ASC 962-325 recognize contract value as the relevant measurement attribute for fully benefit-responsive contracts, including those held in a common collective trust, and established new financial statement presentation standards for annual periods ending after December 15, 2006. However, the AICPA issued Technical Practice Aid (TPA) 6931.10, which specifically exempts the Plan from including the disclosures detailed in the FSP for investments in common collective trusts only because such disclosures would be included in the separate financial statements of the common collective trust, in accordance with paragraph 11 of the FSP.

The Plan maintains an investment in a common collective trust (Merrill Lynch Retirement Preservation Trust) managed by Merrill Lynch Bank USA (Merrill Lynch), which is determined to be fully benefit-responsive. Merrill Lynch maintains the contributions in a general account. The contract is included in the Statements of Net Assets Available for Benefits at fair value as determined using the market approach based on market prices of similar contracts. Contract value for the common collective trust is based on the net asset value of the fund as reported by the investment advisor. There is no adjustment from fair value to contract value for the common collective trust as of December 31, 2010, as stated in Note 2.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC Topic 820), establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 4 - FAIR VALUE MEASUREMENTS - continued

The three levels of the fair value hierarchy under ASC Topic 820 are described below:

ASC Topic 820 Fair Value Measurement Framework Fair Value Hierarchy Priority – Observable Inputs	
Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: a. Quoted prices for similar assets or liabilities in active markets; b. Quoted prices for identical or similar assets or liabilities in inactive markets; c. Inputs other than quoted prices that are observable for the asset or liability; d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. Note: If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term ofthe asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value:

- ***Interest-bearing Cash***: Fair value is measured at the closing price of the security reported on the major market on which the security is traded.
- ***Common Collective Trusts***: Valued at the net asset value of the shares in the underlying investments held by the Plan at year end.
- ***Registered Investment Companies***: Valued at the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2010.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

Investments Classified at Fair Value Level December 31, 2010				
Description	Level 1	Level 2	Level 3	Total
Interest-bearing Cash	$ 23	$ --	$ --	$ 23
Common Collective Trusts	--	1,343,894		1,343,894
Registered Investment Companies	5,191,747	--	--	5,191,747
Total Investments at Fair Value	$ 5,191,770	$ 1,343,894	$ --	$ 6,535,664

NOTE 4 - FAIR VALUE MEASUREMENTS - continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009:

Investments Classified at Fair Value Level December 31, 2009				
Description	Level 1	Level 2	Level 3	Total
Interest-bearing Cash	$ 21	$ --	$ --	$ 21

Total Investments at Fair Value	$ 4,352,710	$ 1,264,837	$ --	$ 5,617,547

The following table sets forth the fair value of investments at December 31, 2010 in certain funds that calculate net investments value per share:

Net Investment Value – Alternative Investments December 31, 2010				
Description	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
ML Retirement Preservation Trust	$ 1,343,894	$ --	Immediate	1 Month
Total Investments at Fair Value	$ 1,343,894	$ --		

The following table sets forth the fair value of investments at December 31, 2009 in certain funds that calculate net investments value per share:

Net Investment Value – Alternative Investments December 31, 2009				
Description	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
ML Retirement Preservation Trust	$ 1,264,837	$ --	Immediate	1 Month
Total Investments at Fair Value	$ 1,264,837	$ --		

Retirement Preservation Trust - This investment is a collective investment trust maintained by Merrill Lynch Bank & Trust Co., FSB. BlackRock provides non-discretionary advice to Merrill Lynch Bank & Trust Co., FSB. Investment in the Trust is available only to tax-qualified employee benefit plans. The Trust seeks to maintain a stable value of $1 per unit, although this cannot be assured. The Trust is neither insured nor guaranteed by the FDIC or any other government agency.

NOTE 5 - TAX STATUS

Ascensus, Inc. has received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2008, stating that its volume submitter profit sharing plan, adopted by the Employer, is qualified under Section 401(a) of the Internal Revenue Code. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended and restated since receiving the opinion letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 6 - ERISA BONDING REQUIREMENTS

The Plan complies with ERISA bonding requirements through the endorsement of the Plan onto the Company's crime insurance policy. The crime policy, as it relates to the Plan, does not require a deductible.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Section 3(14) of ERISA defines a party in interest to include fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons just listed.

Certain plan investments are managed by related affiliates of Frontier Trust Company, the trustee of the Plan, and therefore, the transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to $7,379 and $10,112, for the year ended December 31, 2010 and 2009, respectively. Moreover, the plan sponsor is also a party-in-interest with respect to the Plan as personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Notes Receivable from Participants and the related interest income are considered related party transactions.

NOTE 8 - SIGNIFICANT RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are normally exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the plan sponsor is required to segregate and deposit participant contributions to the Plan at the earliest date that they can be reasonably segregated from the Company's general assets, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages.

In accordance with ERISA reporting requirements, the plan sponsor reported cumulative delinquent contributions in the amount of $22,194 as of December 31, 2010, as reflected on supplemental Schedule 2 to the financial statements. This amount represents delinquent contributions from prior plan years. There were no delinquent contributions during the 2010 Plan year. All prior years delinquent contributions were remitted to the Plan in prior years. Per ERISA reporting requirements, although there were no delinquent contributions as of December 31, 2010, cumulative late contributions are reflected on Schedule 2 until the year after full correction has been made.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Annual Return/Report of Employee Benefit Plan (Form 5500) is prepared on the accrual basis. At December 31, 2010, the balances on Schedule H (Part I and II) of the Form 5500 reconcile to those included in the financial statements. Accordingly, no reconciliation is required at December 31, 2010.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE 1

As stated in Note 2 of the financial statements, and as required by the FSP, the investment contracts held by a defined-contribution plan are required to be reported at fair value on the statement of net assets available for benefits of the financial statements. However, the investment contracts reported on supplemental Schedule 1 to the financial statements are presented at contract value. Furthermore, as stated in Note 2 of the financial statements, and as required by FASB ASC 962-310-45-2 and ASU 2010-25, participant loans are classified as notes receivable from participants and are no longer reflected as an investment in the financial statements. Accordingly, certain balances on supplemental Schedule 1 differ from those included in the financial statements.

The following is a reconciliation of the Plan's investments per the financial statements to supplemental Schedule 1 as of December 31, 2010 and 2009:

	2010	2009
Investments, at Fair Value per Financial Statements	$ 6,535,664	$ 5,617,547
Adjustment from Fair Value to Contract Value	--	91,750
Notes Receivables from Participants	63,236	91,643
Investments per Supplemental Schedule 1	$ 6,598,900	$ 5,800,940

NOTE 12 - SUBSEQUENT EVENT

For the year ended December 31, 2010, the company evaluated subsequent events for potential recognition and disclosure up to the financial statements issuance date of July 22, 2011.

On February 28, 2011, the "ML Retirement Preservation Trust" terminated operations and was liquidated on March 1, 2011 through an in-kind distribution to unit holders. All Trust units were redeemed or exchanged at the net asset value per unit of $1.00, which terminated the Trust. Pursuant to the termination and liquidation of the Trust, the Plan acquired the "ML Reserve Trust" as an investment option for plan participants.

On March 11, 2011, the Company fully corrected the prohibited transactions in the amount of $22,194 for the plan year ending December 31, 2009, by remitting the necessary amounts to the affected participant accounts to compensate those participants for lost investment earnings related to these delinquent contributions.

Effective June 1, 2011, the Plan was amended to change the classification of employees that will be excluded from the Plan. Pursuant to the amendment, Indentured Apprentice Electricians covered by another retirement plan are not permitted to participate in the Plan.
