Ms. Jordana Markman-Epstein
Silver Associates' Savings Plan
102 West Grayson
San Antonio, Texas 78212

Dear Ms. Markman-Epstein:

We have audited the financial statements of Silver Associates' Savings Plan (the "Plan") as of and for the year ended December 31, 2010, and have issued our report thereon dated July 21, 2011. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America

As communicated in our arrangement letter dated May 31, 2011, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in note 2 to the financial statements. In September 2010, the Financial Accounting Standards Board's Accounting Standards Codification issued an amendment, *Plan Accounting – Defined Contribution Plans: Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires participant loans to be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued, but unpaid interest. This amendment is effective for periods ending after December 15, 2010. This amendment requires retrospective application to all periods presented.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are investment valuation and income recognition.

Investments in stable value funds are reported at fair value based on the discounted cash flows based on current yields of similar instruments with comparable durations. Management's estimate of investment valuation other than stable value funds and income recognition is based on quoted market prices. We evaluated key factors and assumptions used to develop the investment valuation and income recognition and determined they are reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to information certified by State Street Bank and Trust Company, the custodian of the Plan, and fair value measurement.

Significant Difficulties Encountered During the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those we believe are trivial, and communicate them to the appropriate level of management. There were no uncorrected misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. The following misstatement was identified and corrected by management:

Description	Debit	Credit
Employee receivable	$ 18,557	
Employer receivable	7,927	
Employee contributions		$ 18,557
Employer contributions		7,927

To record employee and employer contributions receivable as of December 31, 2010.

Disagreements With Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Representations Requested From Management

We have requested certain written representations from management, which are included in the attached letter dated July 21, 2011.

Management's Consultations With Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Findings or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

RECOMMENDATIONS REGARDING THE INTERNAL CONTROL STRUCTURE

This letter includes comments and recommendations with respect to matters that came to our attention while planning and performing our audit of the financial statements of the Plan for the year ended December 31, 2010, except for performing any of the normal auditing procedures on assets certified by the custodian, as provided under Section 2520.103-8 of the United States Department of Labor's Rules and Regulations. These items are offered as constructive recommendations to be considered as part of the ongoing process of modifying and improving the Plan's practices and procedures.

In planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a control deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A deficiency in design exists when a control necessary to meet the control objective is missing, or when an existing control is not properly designed so that even if the control operates as designed, the control objective is not always met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or qualifications to perform the control effectively.

A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the Plan's financial statements that is more than inconsequential will not be prevented or detected.

We identified the following control deficiency during our audit.

Observation

During our audit, we noted for 1 out of 22 selections tested there was a discrepancy between information in the payroll register compared to information per ADP Retirement Services. Although it was noted the amounts being withheld were properly deposited into the participant's funds, the amounts being withheld did not match the deferral election percentage per ADP Retirement Services' records.

Recommendation

We recommend all employee data be reviewed annually to ensure it agrees with supporting documentation in ADP Retirement Services' files. The accuracy of employee data should also be reviewed before it is sent to ADP for payroll processing.

This report is intended solely for the information and use of the trustees, management, and others within Silver Ventures, Inc.; Desert Glory, Ltd.; Pearl Brewery, L.L.C.; and La Babia Management, and is not intended to be, and should not be, used by anyone other than these specified parties.

We thank you and your staff for the courteous assistance provided to us during the engagement and look forward to working with you in the future. Please do not hesitate to contact us if you have any questions or comments.

Sincerely,

Padgett, Stratemann & Co. LLP

In connection with your audit of the statements of net assets available for benefits plan of Silver Associates' Savings Plan (the Plan) as of December 31, 2010 and 2009 and the related statements of changes in net assets available for benefits for the years then ended, we confirm that we are responsible for the fair presentation in the financial statements of net assets and change in net assets in conformity with accounting principles generally accepted in the United States of America applied on a consistent basis and with the reporting requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and whether the supplemental schedule of assets held for investment purposes as of December 31, 2010 is fairly stated in all material respects in relation to the basic financial statements.

We confirm, to the best of our knowledge and belief, as of July 21, 2011 the following representations made to you during your audit.

1. The financial statements and supplemental schedule referenced to above are fairly presented in conformity with accounting principles generally accepted in the United States of America and with the reporting requirements of ERISA.
2. We have answered your questions about the Plan's tax compliance to the best of our knowledge and belief.
3. We have determined that the Plan custodian, State Street Bank and Trust Company, qualifies to issue a certification of the Plan's investment activity under section 2520.103-5 of the United States Department of Labor's Rules and Regulations. As a result, we instructed you not to perform any audit procedures over the investment information certified or provided by State Street Bank and Trust Company.
4. We have made available to you:
    a. The currently effective version of the Plan document, the trust agreement or insurance contracts and all related amendments. The Plan was most recently amended February 1, 2010.
    b. All correspondence, filings, reports, and determinations with the Internal Revenue Service (IRS) and the Department of Labor (DOL) relating to the Plan's compliance with ERISA and the maintenance of its tax-exempt status.
    c. All Plan financial records and related data. In that regard, the payroll information we provided you covered all employees that were eligible to participate in the Plan.
    d. All minutes of the meetings of the Plan's Investment Committee, or summaries of actions of recent meetings for which minutes have not yet been prepared.

5. We have no knowledge of fraud or suspected fraud affecting the Plan involving:
   a. Management or employees who have significant roles in the internal control.
   b. Others where the fraud could have a material effect on the financial statements.
6. We acknowledge our responsibility for the design and implementation of programs and controls to provide reasonable assurance that fraud is prevented and detected.
7. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.
8. We are aware of no significant deficiencies, including material weaknesses, in the design or operation of internal controls that could adversely affect the Plan's ability to record, process, summarize, and report financial data.
9. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.
10. We have no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
11. The following have been properly recorded and/or disclosed in the financial statements or supplemental schedules, as appropriate:
    a. Related-party transactions, including transactions with parties-in-interest, as defined in ERISA section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties.
    b. All significant estimates and material concentrations known to management that are to be disclosed in accordance with the Risk and Uncertainties Topic of the FASB Accounting Standards Codification. Significant estimates are estimates at the statement of net assets date that could change materially within the next year. Concentrations refer to nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.
    c. A description of the Plan.
    d. Assets held for investment.
    e. Participant loans or other receivables in default or considered to be uncollectible.
    f. Amendments to the Plan instrument
    g. Assets and liabilities measured at fair value in accordance with the Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification.
    h. Financial instruments with off-balance sheet market or credit risk.
    i. Amendments to the plan instrument.
12. We are responsible for making the accounting estimates included in the financial statements. Those estimates reflect our judgment based on our knowledge and experience about past and current events and our assumptions about conditions we expect to exist and courses of action we expect to take.

13. There are no:
    a. Material transactions that have not been properly recorded in the accounting records underlying the financial statements.
    b. Violations or possible violations of laws or regulations whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.
    c. Other material liabilities or gain or loss contingencies that are required to be accrued or disclosed by the Contingencies Topic of the FASB Accounting Standards Codification.
    d. Nonexempt (prohibited) party-in-interest transactions. In that regard, the Plan has complied with the DOL's regulations concerning the timely remittance of participants' contributions to trusts containing assets for the Plan.
    e. Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances and lines of credit or similar arrangements.
    f. Agreements to repurchase assets previously sold.
    g. Assets pledged or encumbered.
    h. Amounts of contractual obligations, liens, or encumbrances on assets or security agreements in effect under the Uniform Commercial Code not included in the liabilities recorded on the books.
    i. Liabilities that are subordinated to any other actual or possible liabilities of the Plan.
    j. Lease obligations by the Plan.
    k. Concentrations of credit risk.
    l. Derivative financial instruments
    m. Current and deferred assets and liabilities related to the accounting for income taxes. Additionally, we have evaluated the tax positions under the two-step approach for recognition and measurement of uncertain tax positions required by the Income Taxes Topic of the FASB Accounting Standards Codification.
    n. Guarantees, whether written or oral, under which the Plan is contingently liable to a bank or other lending institution.
    o. Reportable transactions.
    p. Exempt party in interest transactions.
14. We are not aware of any pending or threatened litigation, claims, or assessments that are required to be accrued or disclosed in the financial statements in accordance with Contingencies Topic of the FASB Accounting Standards Codification, and neither we, nor the Plan sponsor, or others acting on behalf of the Plan, have consulted a lawyer concerning litigation, claims, or assessments affecting the Plan.
15. The Plan has satisfactory title to all owned assets.
16. We have complied with *(a)* all aspects of contractual agreements, including provisions of the Plan, that would have a material effect on the financial statements in the event of noncompliance, *(b)* the fidelity bonding requirements of ERISA, *(c)* all participant eligibility and coverage requirements of

the Plan, ERISA and the Internal Revenue Code, and *(d)* the filing requirements of appropriate agencies.

17. The Internal Revenue Service has determined and informed the sponsor, by a letter dated May 3, 2002, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter. We believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.
18. There is no present intention to terminate the Plan.
19. We have reviewed the user control considerations of the Independent Auditors Review of Control Policies and Procedures for Automatic Data Processing, Inc. Autopay Payroll Services for the years ended December 31, 2010 and 2009 and we believe all applicable controls are in place.
20. We have reviewed the user control considerations of the Independent Auditors Review of Control Policies and Procedures for Automatic Data Processing, Inc.'s Retirement Services Participant Recordkeeping Operations For Small, Mid and Large Markets Business Units for the years ended December 31, 2010 and 2009 and we believe all applicable controls are in place.
21. We are responsible for determining that significant events or transactions that have occurred since the statement of net assets available for benefits date and through July 21, 2011 have been recognized or disclosed in the financial statements. No events or transactions have occurred subsequent to the statement of net assets available for benefits date and through July 21, 2011 that would require adjustment to, or disclosure in, the financial statements. We further represent that as of July 21, 2011 the financial statements were complete in a form and format that complied with accounting principles generally accepted in the United States of America and with the reporting requirements of ERISA and that all approvals necessary for issuance of the financial statements have been obtained.
22. Employer contributions were $233,340 and $345,718 as of December 31, 2010 and 2009, respectively. The employer contribution receivable was $7,927 and $39,299 as of December 31, 2010 and 2009, respectively.
23. During the course of your audit, you may have accumulated records containing data that should be reflected in our books and records. All such data have been so reflected. Accordingly, copies of such records in your possession are no longer needed by us.

Independent Auditors' Report

To the Plan Administrator
Silver Associates' Savings Plan
San Antonio, Texas

We were engaged to audit the accompanying statements of net assets available for benefits of Silver Associates' Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by State Street Bank and Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's assets and executes transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009, and for the years then ended, that the information in note 3 provided to the Plan administrator by the custodian is complete and accurate to the best of its knowledge, in accordance with its business records.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Silver Associates' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was restated and amended effective February 1, 2010, incorporating the Economic Growth and Tax Relief Reconciliation Act of 2001.

General

The Plan is a defined contribution safe harbor plan covering all eligible employees of the following four companies: Silver Ventures, Inc.; Desert Glory, Ltd.; Pearl Brewery, L.L.C.; and La Babia Management (collectively, the "Control Group" or the "Employer") who have completed 3 months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may elect to contribute up to 90% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer contributes 100% of the first 3% of compensation that a participant contributes to the Plan. In addition, the Employer will contribute 50% of the amount of the employee's contribution that exceeds 3% of the employee's compensation, but does not exceed 5% of the employee's compensation. Additional profit sharing amounts may be contributed at the option of the Employer's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Control Group's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their contributions and in Employer contributions plus actual earnings thereon.

1. Description of Plan (continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum distribution or installment payments equal to the value of the participant's vested interest in his or her account. Any balance under $5,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Expenses of the Plan

The Plan's administrative expenses are paid by either the Plan or the Control Group, as provided by the Plan document.

2. Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required, the statements of net assets available for benefits present the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncement

Reporting Loans to Participants by Defined Contribution Pension Plans

In September 2010, the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") issued an amendment, *Plan Accounting – Defined Contribution Plans: Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires participant loans to be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued, but unpaid interest. This amendment is effective for periods ending after December 15, 2010. This amendment requires retrospective application to all periods presented.

This amendment was adopted for the year ended December 31, 2010 and retrospectively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment. The adoption resulted in a reclassification of participant loans totaling $138,923 and $90,717 from investments to notes receivable as of December 31, 2010 and 2009, respectively. There was no impact to net assets as of December 31, 2010 or 2009 as a result of this adoption.

Subsequent Events

The Plan has evaluated subsequent events through July 21, 2011 the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies (continued)

Reclassification

Certain reclassifications have been made in the prior year's financial statements to conform to the current year's presentation.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2010	2009
State Street Bank and Trust Company:		
Morgan Stanley Stable Value Fund	**$ 872,613**	$ 888,767
Eaton Vance Income Fund of Boston – Class A	**755,089**	668,754
Alger Capital Appreciation Institutional Fund – Class I	**630,153**	577,223
Morgan Stanley Focus Growth Fund – Class A	**604,018**	481,797
Oppenheimer Global Fund – Class A	**540,094**	454,653
Invesco Van Kampen Mid Cap Growth – Class A	**427,492**	*
Morgan Stanley International Fund – Class A	**420,166**	418,015

*Did not meet 5% criteria at respective financial statement date.

The Plan's investments, including gains and losses on investments bought, sold, as well as held during the year, appreciated (depreciated) in fair value by $689,060 and $1,540,798 as follows:

	Years Ended December 31,	
	2010	2009
Stable value fund	**$ (125,282)**	$ (49,806)
Mutual funds	**814,342**	1,590,604
	$ 689,060	$ 1,540,798

4. Fair Value Measurements

FASB's ASC, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB's ASC, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

- Mutual funds – Valued at the net asset value of shares held by the Plan at year-end.

4. Fair Value Measurements (continued)

- Stable value fund – Valued at fair value by discounting the related cash flows based on the current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

  The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments, measured at fair value by the three levels described above, at December 31, 2010 and 2009 are as follows:

	Total Fair Value Measurement at December 31, 2010	Level 1	Level 2	Level 3
Assets:				
Mutual funds	**$ 6,726,604**	**$ 6,726,604**	**$ -**	**$ -**
Stable value fund (A)	**872,613**	**872,613**	**-**	**-**
Total assets	**$ 7,599,217**	**$ 7,599,217**	**$ -**	**$ -**

	Total Fair Value Measurement at December 31, 2009	Level 1	Level 2	Level 3
Assets:				
Mutual funds	$ 5,501,366	$ 5,501,366	$ -	$ -
Stable value fund (B)	888,767	-	888,767	-
Total assets	$ 6,390,133	$ 5,501,366	$ 888,767	$ -

(A) At December 31, 2010, the classification of the fair value measurement is classified as a Level 1 holding, as the only investment held by the stable value fund trust is a cash equivalent money market fund.

(B) At December 31, 2009, the classification of the fair value measurement is classified as a Level 2 holding, as security-backed contracts were held by the trust.

5. Stable Value Fund

The Plan has entered into a benefit-responsive stable value fund contract with SEI Trust Company, known as the Morgan Stanley Stable Value Fund, (the "Trust"). The Trust maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value fund contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund contract. The stable value fund contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by the Trust, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the stable value fund contract at December 31, 2010 and 2009 totaled $872,613 and $888,767, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The stable value fund contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Stable Value Fund (continued)

The average yields consist of the following:

	Years Ended December 31,	
	2010	2009
Based on actual earnings	*	3.36%
Based on interest rate credited to participants	*	1.12%

* In November 2010, the wrapper contracts held by the Trust were terminated with the contract issuers and all the Trust's assets were sold and reinvested in a money market fund; therefore, no crediting rate was calculated, and no interest was accrued to participants.

6. Plan Termination

Although it has not expressed an intent to do so, the Control Group has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan's underlying Plan document has received an advisory letter from the Internal Revenue Service dated May 3, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2010	2009
