NOTE 1 - DESCRIPTION OF PLAN

The following description of The Employees' Savings and Profit Sharing Retirement Income Trust of Ahlstrom Nonwovens LLC ("ESPRIT") (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established to provide retirement benefits to eligible employees of Ahlstrom Nonwovens LLC (Windsor Locks site) (the Company).

The Investment Committee and the Administrative Committee of the Company control and manage the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan.

On December 31, 2010, the assets of the Plan were merged into the Ahlstrom Employee Retirement Savings Plan (the Savings Plan). Participants from the Plan continue to be eligible to participate in the Savings Plan.

Eligibility - Participants are eligible to make pre-tax and after-tax contributions upon being hired by the Company and enrolling in the Plan. Participants are eligible for profit-sharing contributions after completing 1 year of service and having attained age 21. Participants are automatically enrolled in the Plan upon meeting the eligibility requirements unless they affirmatively decline to make deferral contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Transfers - Ahlstrom or its affiliates sponsors six separate defined contribution plans for certain locations. When a participant transfers from one location to another Ahlstrom location covered by a separate plan, there is a corresponding transfer of the participant's account balance. These are reflected as transfers in the accompanying statement of changes in net assets available for benefits.

Contributions - Participants may contribute between 1% and 30% of their eligible compensation on a pre-tax and after-tax basis, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code (the Code). Participants may also contribute up to 100% of their bonus compensation on a pre-tax and after-tax basis. All eligible employees who have not affirmatively enrolled or declined to enroll in the Plan within 45 days will be automatically enrolled in the Plan at a 3% deferral rate. For participants automatically enrolled in the Plan, their deferral percentage will increase by 1% annually until they are deferring 10% unless the participant makes an affirmative election otherwise. Employees may also contribute amounts representing distributions from other qualified retirement plans to the extent permitted by the Code, regardless of whether they have met the eligibility requirements for participation in the Plan.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

The Company makes a profit-sharing contribution each plan year, which varies according to profits. The contribution can be no less than 7% of the aggregate eligible compensation of all participants each year. The profit-sharing contribution is generally allocated to participants who are employed on the last day of the plan year and who have completed 1,000 hours of service during the plan year. The Company contribution was 7.42% of the aggregate eligible compensation of all participants for 2010.

Participant Accounts - Participants have separate accounts for employee and employer contributions for each investment option selected. Participants may elect to have contributions invested in any or all of the funds, subject to certain limitations. Investment income and administrative expenses are allocated to the participants' accounts regularly. Allocations of profit-sharing contributions are based on compensation and years of vesting service, as defined. Investment income and administrative expenses are based on a participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting - Participants are immediately vested in their deferral and rollover contributions, including earnings on these amounts. Vesting in the remainder of their accounts is based on years of continuous service. Participants are fully vested in employer contributions upon the completion of five years of service prior to January 1, 2007 and, effective on or after January 1, 2007, upon the completion of three years of service. Participants are also fully vested upon reaching their normal retirement age, disability or death.

Forfeitures - Forfeitures of nonvested employer contributions can be used to reduce the Company's future contributions or to pay plan expenses.

Company profit-sharing contributions were reduced by $7,668 from forfeited nonvested profit-sharing accounts for the year ended December 31, 2010.

Investment Options - Participants may direct their contributions to a variety of mutual funds and a collective trust fund held at Fidelity. These funds include a variety of investment options with various objectives and degrees of financial risk. Investments in life insurance contracts were transferred from a prior plan and are not a current investment option.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants - At the discretion of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. Loan terms range from 1 to 5 years, except for loans to purchase a primary residence, which may be up to 15 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the time the loan is approved. The notes currently bear interest at rates ranging from 4.25% to 9.50%. Participants may only have two loans outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account, determined as of the valuation date. The Plan also provides for in-service withdrawals by qualified participants. Distributions will be paid by lump sum, in installments over a number of years or by purchase of an annuity for certain grandfathered employees, based upon election of the participant or the Plan, as defined in the Plan or the Code.

Upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, and up to 50% of his or her vested Company contributions account, determined as of the valuation date, which is payable immediately in a lump-sum distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution retirement plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the statement of net assets available for benefits presents the fair value of investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. The Plan's investment in the Fidelity Managed Income Portfolio II has underlying investments that include fully benefit-responsive investment contracts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements - In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 requires new disclosures and clarifies existing disclosures under the standards for fair value measurements. Under the new standard, a reporting entity must separately disclose transfers in and out of Levels 1 and 2 in the fair value hierarchy and the reasons for such transfers. The new guidance also requires an entity to disclose and follow its policy for determining when transfers between levels are recognized and to provide more detail regarding the activity in Level 3 measurements. The new standard also clarifies existing disclosures by increasing the level of disaggregation to the class level and requiring more disclosures about the inputs and valuation techniques used for fair value measurements in Levels 2 and 3.

The Plan implemented all of the provisions of ASU 2010-06 in the fair value and related disclosures as of December 31, 2010. The standard does not require retroactive application to prior periods, and, thus, the Plan did not change its fair value disclosures as of December 31, 2009. The implementation of ASU 2010-06 is not considered to have a material impact on the Plan's financial statements.

In September 2010, the FASB issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25). ASU 2010-25 clarifies how loans to participants should be classified and measured by defined contribution pension benefit plans. Participant loans were previously classified as investments and presented at fair value. The new standard requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan has implemented ASU 2010-25 for the year ended December 31, 2010 and, as required under the standard, has retrospectively applied the standard to the statement of net assets available for benefits as of December 31, 2009.

These changes result in a reclassification of participant loans from investments to receivables in the financial statements and the corresponding elimination of disclosures related to fair value. The adoption of ASU 2010-25 is considered to have an immaterial impact on the presentation of the statement of net assets available for benefits. The adoption did not result in any change to the Plan's net assets available for benefits or changes in net assets available for benefits.

Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds are valued at the net asset value of shares held by the Plan at year end as reported in the active market in which the mutual funds are traded. Common and collective trusts are stated at their net unit values as reported by the investment manager of the fund based on the fair value of the underlying assets and liabilities. Cash surrender value of life insurance is valued based upon the surrender value of the insurance contracts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the plan document.

Payment of Benefits - Benefit payments to participants are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties - The Plan provides for various investment options in mutual funds and a common and collective trust. These investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the financial statements.

Subsequent Events - In preparing these financial statements, management has evaluated subsequent events through July 25, 2011, which represents the date the financial statements were available to be issued.

NOTE 3 - INCOME TAX STATUS

The Plan received a favorable determination letter on June 7, 2002 from the Internal Revenue Service (IRS) that it was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

NOTE 4 - CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements as of December 31, 2010 and 2009, and for the year ended December 31, 2010 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Fidelity, the trustee, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 5 - INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009, are as follows:

	2010	2009
Common and collective trust:		
Fidelity Managed Income Portfolio II	$ -	$ 19,612,706
Mutual funds:		
Fidelity Low-Priced Stock Fund	-	5,587,797
Fidelity Diversified International Fund	-	4,080,312
Spartan U.S. Equity Index Fund	-	13,733,723
PIMCO Total Return Fund - Administrative Class	-	8,660,659
Fidelity Contrafund	-	4,377,618

During 2010, the fair value of the Plan's investments in mutual funds and cash surrender value of life insurance contracts (including gains and losses on investments bought and sold, as well as held during the year) appreciated by $7,120,492.

NOTE 6 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Common and collective trust	$ -	$ 19,612,706	$ -	$ 19,612,706
Mutual funds	55,558,557	-	-	55,558,557
Cash surrender value of life insurance	-	-	338,424	338,424
Total Assets at Fair Value	$ 55,558,557	$ 19,612,706	$ 338,424	$ 75,509,687

As discussed in Note 1, the Plan's assets were merged into the Savings Plan at December 31, 2010, resulting in no investments at December 31, 2010.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

		Cash Surrender Value of Life Insurance
Balance - beginning of year	$	338,424
Change in value		(25,385)
Transfer to Ahlstrom Employee Retirement Savings Plan		(313,039)
Balance - End of Year	$	-

NOTE 7 - EXCESS CONTRIBUTIONS PAYABLE

The Plan initially failed the discrimination testing for the years ended December 31, 2010 and 2009. In order to correct the failure, the excess contributions, amounting to $11,025 and $9,438, respectively, were refunded to the participants in the year following the discrimination testing failure in accordance with IRS rules and regulations. The excess contributions are recorded as Plan liabilities at December 31, 2010 and 2009, and participant contributions have been reduced by $11,025 for the year ended December 31, 2010.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and a common and collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Notes receivable from participants also represent party-in-interest transactions.

NOTE 9 - ADMINISTRATIVE EXPENSES

Generally, all administrative expenses of the Plan are paid by the Company; however, loan processing expenses and account maintenance fees are paid by the plan participants as provided in the plan document.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500 at December 31, 2010 and 2009:
