These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the plan as of December 31, 2009, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated August 3, 2010 indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not , express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Lincoln National Life Insurance Company (National) and Standard Insurance Company (Standard), the custodians of the plan assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. The plan administrator has informed us that Lincoln held the Plan's investment assets and executed investment transactions as of December 31, 2009, and for the period from January 1, 2010, to October 15, 2010 and Standard held the Plan's investment assets as of December 31, 2010, and executed investment transactions from October 16, 2010, to December 31, 2010. The plan administrator has obtained certifications from the custodians as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. NOTE 1 – DESCRIPTION OF PLAN

The following description of Sugar Bowl Bakery 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement, as amended, for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) salary deferral plan covering substantially all employees of Sugar Bowl Bakery (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

Eligibility – Full-time employees of the Company are eligible to participate in the elective deferral contribution. Employees are eligible to participate in the Company's matching and profit sharing contribution upon reaching age 18 and after completing one year of service in which at least 1,000 hours are worked. Union employees or nonresident aliens are not eligible to participate.

Contributions and deferrals – There is no maximum limitation on the employee's salary reduction deferrals other than limitations imposed by federal tax law. The Company may elect to make discretionary matching contributions. The Company made discretionary matching contributions of 25% of participant deferrals through March 5, 2010. For the remainder of the year, the Company did not make matching contributions. The Company may also make discretionary profit sharing contributions and qualified nonelective contributions. The Company did not make a profit sharing contribution for the year ended December 31 2010. Contributions and deferrals are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's deferrals and contributions, and allocations of: (a) the Company's contribution; and (b) plan earnings, net of investment management fees. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their salary deferrals and contributions, plus actual earnings thereon. In general, vesting in company matching contributions is based on years of service, as defined, beginning with the second year of service, with increases in increments of 20% per year until fully vested after six years. Vesting in the Company's discretionary profit sharing contributions is based on years of service, as defined, beginning with the third year of service, with increases in increments of 20% per year, until fully vested after seven years.

Notes receivable from participants – Participants may borrow a minimum of $1,000 and up to 50% of their vested account balance, but not in excess of $50,000. Notes are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum note term is five years unless the note term qualifies as a home loan, in which case a reasonable period of time is to be used as determined at the time the note is made. Principal and interest are paid ratably through payroll deductions. As of December 31, 2010, the rates of interest on outstanding notes were 5.25%, with various maturities through September 2015.

Payment of benefits – Benefits are payable upon termination of employment, hardship, death, disability, retirement, or attainment of at least age 59½. Participants may elect to receive a lump-sum amount equal to the value of their account or installment payments.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future company contributions. Forfeitures totaling $6,136 were used during the year ended December 31, 2010, to reduce plan expenses. As of December 31, 2010 and 2009, forfeited nonvested accounts totaled $81 and $1,174.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable.

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are stated at fair value as certified by the Plan's custodians, Lincoln National Life Insurance Company (National) and Standard Insurance Company (Standard). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and recorded as earned. Dividend income is accrued on the ex-dividend date. The net appreciation in fair value of participant-directed investments consists of both the realized gains or losses and unrealized appreciation or depreciation of those investments.

Payment of benefits – Benefits are recorded when paid.

Expenses – Administrative expenses are paid by the Company. Certain transaction and investment management fees are paid by the Plan.

Recent accounting pronouncements – In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. The new guidance requires additional disclosures about transfers between levels within the fair value hierarchy and clarifies existing disclosure requirements regarding classes of assets and liabilities measured at fair value. The new guidance requires the Plan to: (a) disclose separately the amounts of significant transfers into and out of each level of the fair value hierarchy and describe the reasons for those transfers; (b) disclose the Plan's policy for determining when transfers between levels of the fair value hierarchy are recognized; and (c) present information about purchases, sales, issuances, and settlements on a gross basis in the reconciliation of the beginning and ending balance of Level 3 fair value measurements. The new guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 reconciliation disclosures, which are effective for reporting periods beginning after December 15, 2010. The Plan adopted this guidance on January 1, 2010. See Note 4.

In September 2010, the FASB issued ASU 2010-25, *Plan Accounting Defined Contribution Pension Plans,* which amends existing guidance by requiring participant loans to be classified as notes receivable from participants, segregated from plan investments, and measured at their unpaid principal balance plus any accrued but unpaid interest. The amendments to the Accounting Standards Codification included in ASU 2010-25 are effective for fiscal years ending after December 15, 2010. The Plan has adopted this guidance effective December 31, 2010, and has reclassified participant loans of $178,474 and $247,428 for the years ended December 31, 2010 and 2009, from investments to notes receivable from participants.

Subsequent events – Subsequent events are events or transactions that occur after the plan year-end, but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at year-end. The Plan has evaluated subsequent events through July 26, 2011, which is the date the financial statements were available to be issued.

NOTE 4 – FAIR VALUE MEASUREMENTS (UNAUDITED)

The Accounting Standards Codification (ASC) related to fair value measurements and disclosures, defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. The fair value hierarchy is based on the type of inputs used in arriving at fair value. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Methods used in arriving at fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The three levels of inputs used to establish fair value are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified or contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following sets forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31, 2010:

	Level 1	Level 2	Level 3	Total
Registered investment companies:				
Growth funds	$ 147,754	$ -	$ -	$ 147,754
Balanced funds	849,003	-	-	849,003
Money market fund	81	-	-	81
	$ 996,838	$ -	$ -	$ 996,838

The following sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 791,146	$ -	$ 791,146
Guaranteed account	-	-	156,176	156,176
	$ -	$ 791,146	$ 156,176	$ 947,322

The following table discloses the summary of changes in the fair value of the Plan's Level 3 investment assets:

	Guaranteed Account
Balance, beginning of year	$ 156,176
Earnings	3,720
Purchases, sales, issuances and settlements (net)	(159,896)
Balance, end of year	$ -

NOTE 5 – TAX STATUS

The Plan utilizes a volume submitter defined contribution plan provided by its custodian that received an opinion letter from the Internal Revenue Service on December 22, 2005, which stated that the volume submitter, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. It is reasonably possible that given the level of risk associated with investment securities, changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodians of the Plan's assets, as of December 31, 2010 and 2009. Lincoln held the Plan's assets and executed investment transactions as of December 31, 2009, and for the period from January 1, 2010, to October 15, 2010. Standard was the custodian of the Plan's assets, as of December 31, 2010, and executed investment transactions for the period from October 16, 2010, to December 31, 2010.

The custodians of the Plan have certified to the completeness and accuracy of the information summarized below:

	2010	2009
Standard Insurance Company		
Participant-directed investments	$ 996,838	n/a
Net appreciation in participant-directed investments	45,968	n/a
National Life Insurance Company		
Participant-directed investments	-	$ 947,322
Net appreciation in participant-directed investments	51,088	n/a

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts managed by the custodians of the plan assets and, therefore, transactions between the Plan and custodians qualify as exempt party-in-interest transactions.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
