INDEPENDENT AUDITORS' REPORT

To the Retirement Committee of the
Hardinge Inc. Retirement Plan:

We have audited the accompanying statements of net assets available for benefits of Hardinge Inc. Retirement Plan (the Plan) as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Hardinge Inc. Retirement Plan as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information included in Schedule I, "Schedule of Assets (Held at End of Year)," is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. DESCRIPTION OF THE PLAN

The following brief description of the Hardinge Inc. Retirement Plan (the Plan), formerly the Hardinge Inc. Savings Plan, provides only general information. Participants should refer to the Plan and associated Summary Plan Description for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible domestic employees of Hardinge Inc. (the Company or the Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility
All employees are eligible to begin salary deferrals upon employment. Employees hired before March 1, 2004 are not currently eligible for employer matching or non-elective contributions. Employees hired on or after March 1, 2004 are eligible to receive employer matching and non-elective contributions as of the January 1 or July 1 following the completion of one year of service, which includes at least 1,000 hours of service.

Vesting
Participants are immediately vested in all salary deferrals and employer matching contributions and earnings thereon. Vesting in employer non-elective contributions is based on years of vesting service. Participants vest 20% each year after the second year of vesting service and are fully vested after six years of service.

A partial plan termination occurs when there is a significant reduction in plan participation as a result of an employer initiated action. In 2009, it was determined that a partial termination of the Plan occurred. The affected participants were deemed to be 100% vested in the non-elective employer contributions, regardless of the number of years of vesting service.

Contributions
Participants may make voluntary pre-tax contributions in the form of salary reductions up to 100% of their annual compensation, as defined, subject to certain limitations under the terms of the Plan and Internal Revenue Code (IRC).

The Company matches 25% of the voluntary contributions made by an eligible participant hired on or after March 1, 2004, up to 4% of the participant's current compensation, as defined, for a maximum potential 1% Plan Sponsor contribution. Additionally, the Company makes a non-elective contribution of 4% of the participant's compensation, as defined, for all eligible participants hired on or after March 1, 2004.

Effective January 1, 2011, the Plan was amended to resume employer matching and non-elective contributions and to provide for employer contributions for employees who participate in the Hardinge Inc. Retirement Plan.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000, but no more than 50% of the participant's employee deferral and rollover balances. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates at the time of the loan as determined by the Plan's Loan Committee. Typically, the interest rate charged is prime rate plus 1%. Principal and interest are paid through payroll deductions over a term of five years, except for loans used to purchase a participant's principal residence, which may be repaid over a time determined to be reasonable by the Plan's Loan Committee, but no longer than ten years.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted under certain circumstances.

Benefit Payments
Upon termination of service, a participant may elect to leave his or her funds in the Plan, receive a lump-sum amount equal to the value of the account, or rollover their funds into another plan in accordance with Plan provisions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

As required by generally accepted accounting principles, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust. As required by generally accepted accounting principles, the statement of net assets available for benefits presents the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Change in Accounting Principle
In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. The Plan adopted ASU 2010-25 in the 2010 financial statements, and has retrospectively applied it to the financial statements and notes. The adoption of ASU 2010-25 was not significant to the financial statements as a whole as the unpaid principal balance plus accrued interest on loans to participants generally approximated fair value.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are stated at fair value. Money market funds are stated at cost, which approximates fair value. The Plan's interest in the common collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Hardinge Inc. common stock and mutual funds are valued at the last reported sales price on the last business day of the plan year. Where quoted market values are not available, the investment is valued at the most recent sales, trade, or current bid price. Purchases, sales, and interest income are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amount reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Fair Value Measurement - Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value. FASB Accounting Standards Codification 820 (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

  The Plan's investments in money market funds, Hardinge Inc. common stock, and mutual funds are valued using Level 1 inputs.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

  The Plan's investments in the common collective trust are valued using Level 2 inputs.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

  The Plan does not have any investments that are valued using Level 3 inputs.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)
The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses
The Company has elected to pay certain administrative expenses of the Plan which, if not paid by the Company, will be paid by the Plan.

Benefit Payments
Benefit payments are recorded when paid.

Forfeitures
Forfeitures of employer non-elective contributions are used to reduce future employer contributions. There were forfeitures of non-vested employer non-elective contributions of $13,816 and $15,988 in 2010 and 2009, respectively. At December 31, 2010, there was $64,742 available to offset future employer contributions. There were no forfeitures used to reduce employer contributions in 2010 or 2009.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

3. INVESTMENTS

4. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 7, 2000 that the Plan and related trust are designed in accordance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth by ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts and their accounts will be paid to them as provided by the plan document.

A partial plan termination occurs when there is a significant reduction in plan participation as a result of an employer initiated action. In 2009, it was determined that a partial termination of the Plan occurred. The affected participants were deemed to be 100% vested in the non-elective employer contributions, regardless of the number of years of vesting service.

Effective June 15, 2009, the Company suspended matching and non-elective contributions.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net assets at fair value and changes in net assets available for benefits as of and for the years ended December 31, 2010 and 2009 reported in the financial statements agree with the amounts reported in the Form 5500.

7. PARTY-IN-INTEREST TRANSACTIONS

Vanguard Fiduciary Trust Company (Vanguard) and Chemung Canal Trust Company (Chemung) are the trustees of the Plan. The Company is the Plan sponsor. As such, transactions between Vanguard, Chemung, and the Company and the Plan qualify as party-in-interest transactions. Additionally, participant loans are party-in-interest transactions.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through June 23, 2011, which is the date the financial statements were available to be issued.
