INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Global Crossing Limited Employees' Retirement Savings Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Global Crossing Limited Employees' Retirement Savings Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy of the information summarized in Note 7 that was provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2010 and as of December 31, 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Respectfully Submitted,

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 1 Description of the Plan

The following brief description of the Global Crossing Limited Employees' Retirement Savings Plan ("Plan"), is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is a defined contribution plan sponsored by Global Crossing Limited ("GCL" and together with its consolidated subsidiaries, the "Company"). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2010, the Company acquired Genesis Networks, Inc. (Genesis). Genesis was merged into a subsidiary of the Company effective January 1, 2011, at which time the employees became eligible to participate in the Plan.

Administration

The Plan is administered by the Company's Employee Benefits Committee whose members are appointed by the Company's Board of Directors. The Plan trustee is Fidelity Management Trust Company ("Trustee").

Participant Contributions

The Plan provides that each participant may voluntarily make contributions through a salary reduction agreement for whatever whole percentage a participant chooses, up to a maximum of 25 percent, subject to maximum contributions imposed by the Internal Revenue Code ("IRC").

An employee who has not either entered into a salary reduction agreement or affirmatively elected to forego making salary reduction contributions to the Plan, shall have his or her compensation reduced by three percent which will be contributed to the participant's account. After the first year of participation, the salary reduction percentage will increase as follows: four percent in the second year, five percent in the third year and six percent in all subsequent years.

Company Matching Contributions

Effective March 1, 2009, the company matching contribution was suspended. See Note 10.

Through February 28, 2009, the Company contributed a matching contribution of 100 percent of the first one percent of each participants' compensation, then 50 percent of the next five percent of each participants' compensation that the participant contributed to the Plan.

Participant Accounts

Individual accounts, which record the participant's contributions, the earnings on all contributions, and the amount of the participant's interest in each fund, are maintained for each participant. The participant's contributions are allocated directly to his or her individual account when the Trustee receives contributions. Participants have the option to invest their contributions in any of the funds and may change their allocation between funds at any time. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 1 Description of the Plan - Continued

Eligibility

All nonbargaining U.S. employees, except for summer and leased employees, that are scheduled to work 1,000 hours or more, are eligible to participate in the Plan upon the first day of the month after 30 days of employment. An eligible employee who is not scheduled to work at least 1,000 hours of service on an annualized basis may elect to commence participation on or after the first day of the month which is 30 days after the date the employee actually completes 1,000 hours of service during the preceding 12 month period.

Vesting

Participants are immediately 100 percent vested in their individual accounts, whether derived from participant contributions, employer matching contributions or earnings thereon.

Payment of Benefits

Payment of benefits generally begins upon termination of service and attaining normal retirement age (65). A participant may elect to receive either a lump-sum amount equal to the value of his or her vested account balance, or a participant may elect to receive installments over a period not to exceed 20 years. However, a participant who has reached age 59 ½, but who has not yet terminated employment, may withdraw all or a portion of his or her accumulated account balance in accordance with the terms of the Plan. In-service withdrawals are also permitted under other limited circumstances such as financial hardship.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than \$5,000, the participant may elect to leave their vested account in the Plan, receive a lump-sum amount, a direct rollover to a qualified plan under Section 401 of the IRC, or a direct rollover to a qualified Individual Retirement Account ("IRA") equal to the value of his or her vested account balance. If the vested account balance is more than \$1,000 but less than \$5,000, the participant may elect to have the balance paid in a lump-sum cash payment or transferred to an IRA or other eligible retirement plan. If the participant fails to make an election, the balance shall be transferred to an IRA of the Company's choice. If the vested account balance is \$1,000 or less, the balance must be distributed to the participant as soon as administratively feasible.

Notes Receivable from Participants

Loans are available to participants in the Plan on a nondiscriminatory basis. Loans cannot exceed the lesser of 50 percent of the vested amounts in the participant's account or \$50,000. A participant may only have two loans outstanding and they are treated as directed investments by the borrower with respect to his or her account. Loans from participants shall bear interest at a rate fixed by the Employee Benefits Committee, currently at one percent above Prime Rate (effective rate as of December 31, 2010 was 4.25%). Loans have a term of no more than 5 years except that a loan may be granted for a period not to exceed 25 years if the proceeds are used to purchase the participant's principal residence. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses

Significant expenses associated with the Plan are paid for by the Plan and by the Company.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The statements of net assets available for benefits present the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through July 22, 2011, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are recorded at amortized cost.

Risks and Uncertainties

The Plan invests in investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions and Benefits Paid

Contributions are recorded by the Plan when withheld from employees. Benefits are recorded when paid.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

***Note 3* Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance presented by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 3 Investment Valuation and Income Recognition - Continued

Mutual Funds: These investments are valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust: Valued at estimated fair value based on the underlying assets of the trust. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust at year end.

Money Market Funds: Valued at the NAV of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

(a) The objective of this investment is to preserve principal while earning interest income. While the yield will fluctuate, the investment seeks to maintain a stable net asset value of \$1 per share.

(b) The fund's investment objective is to seek current income with the preservation of capital through investing primarily in U.S. money market instruments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 Tax Status

The Plan obtained its latest determination letter dated November 2, 2009, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

During 2010, the Plan's investments in mutual funds (including unrealized and realized gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$20,706,090.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will remain 100 percent vested in their accounts.

Note 7 Financial Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of the following information:

- Investments and notes receivable from participants on the statements of net assets available for benefits as of December 31, 2010 and 2009. The common/collective trust was certified at contract value.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants on the statement of changes in net assets available for benefits for the years ended December 31, 2010.
- The schedule of assets (held at end of year) as of December 31, 2010.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Global Crossing Limited Employees' Retirement Savings Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Global Crossing Limited Employees' Retirement Savings Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy of the information summarized in Note 7 that was provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2010 and as of December 31, 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 1 **Description of the Plan**

The following brief description of the Global Crossing Limited Employees' Retirement Savings Plan ("Plan"), is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is a defined contribution plan sponsored by Global Crossing Limited ("GCL" and together with its consolidated subsidiaries, the "Company"). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2010, the Company acquired Genesis Networks, Inc. (Genesis). Genesis was merged into a subsidiary of the Company effective January 1, 2011, at which time the employees became eligible to participate in the Plan.

Administration

The Plan is administered by the Company's Employee Benefits Committee whose members are appointed by the Company's Board of Directors. The Plan trustee is Fidelity Management Trust Company ("Trustee").

Participant Contributions

The Plan provides that each participant may voluntarily make contributions through a salary reduction agreement for whatever whole percentage a participant chooses, up to a maximum of 25 percent, subject to maximum contributions imposed by the Internal Revenue Code ("IRC").

An employee who has not either entered into a salary reduction agreement or affirmatively elected to forego making salary reduction contributions to the Plan, shall have his or her compensation reduced by three percent which will be contributed to the participant's account. After the first year of participation, the salary reduction percentage will increase as follows: four percent in the second year, five percent in the third year and six percent in all subsequent years.

Company Matching Contributions

Effective March 1, 2009, the company matching contribution was suspended. See Note 10.

Through February 28, 2009, the Company contributed a matching contribution of 100 percent of the first one percent of each participants' compensation, then 50 percent of the next five percent of each participants' compensation that the participant contributed to the Plan.

Participant Accounts

Individual accounts, which record the participant's contributions, the earnings on all contributions, and the amount of the participant's interest in each fund, are maintained for each participant. The participant's contributions are allocated directly to his or her individual account when the Trustee receives contributions. Participants have the option to invest their contributions in any of the funds and may change their allocation between funds at any time. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 1 Description of the Plan - Continued

Eligibility

All nonbargaining U.S. employees, except for summer and leased employees, that are scheduled to work 1,000 hours or more, are eligible to participate in the Plan upon the first day of the month after 30 days of employment. An eligible employee who is not scheduled to work at least 1,000 hours of service on an annualized basis may elect to commence participation on or after the first day of the month which is 30 days after the date the employee actually completes 1,000 hours of service during the preceding 12 month period.

Vesting

Participants are immediately 100 percent vested in their individual accounts, whether derived from participant contributions, employer matching contributions or earnings thereon.

Payment of Benefits

Payment of benefits generally begins upon termination of service and attaining normal retirement age (65). A participant may elect to receive either a lump-sum amount equal to the value of his or her vested account balance, or a participant may elect to receive installments over a period not to exceed 20 years. However, a participant who has reached age 59 ½, but who has not yet terminated employment, may withdraw all or a portion of his or her accumulated account balance in accordance with the terms of the Plan. In-service withdrawals are also permitted under other limited circumstances such as financial hardship.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than \$5,000, the participant may elect to leave their vested account in the Plan, receive a lump-sum amount, a direct rollover to a qualified plan under Section 401 of the IRC, or a direct rollover to a qualified Individual Retirement Account ("IRA") equal to the value of his or her vested account balance. If the vested account balance is more than \$1,000 but less than \$5,000, the participant may elect to have the balance paid in a lump-sum cash payment or transferred to an IRA or other eligible retirement plan. If the participant fails to make an election, the balance shall be transferred to an IRA of the Company's choice. If the vested account balance is \$1,000 or less, the balance must be distributed to the participant as soon as administratively feasible.

Notes Receivable from Participants

Loans are available to participants in the Plan on a nondiscriminatory basis. Loans cannot exceed the lesser of 50 percent of the vested amounts in the participant's account or \$50,000. A participant may only have two loans outstanding and they are treated as directed investments by the borrower with respect to his or her account. Loans from participants shall bear interest at a rate fixed by the Employee Benefits Committee, currently at one percent above Prime Rate (effective rate as of December 31, 2010 was 4.25%). Loans have a term of no more than 5 years except that a loan may be granted for a period not to exceed 25 years if the proceeds are used to purchase the participant's principal residence. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses

Significant expenses associated with the Plan are paid for by the Plan and by the Company.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The statements of net assets available for benefits present the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through July 22, 2011, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are recorded at amortized cost.

Risks and Uncertainties

The Plan invests in investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions and Benefits Paid

Contributions are recorded by the Plan when withheld from employees. Benefits are recorded when paid.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 3 Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance presented by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

GLOBAL CROSSING LIMITED EMPLOYEES' RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 3 Investment Valuation and Income Recognition - Continued

Mutual Funds: These investments are valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust: Valued at estimated fair value based on the underlying assets of the trust. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust at year end.

Money Market Funds: Valued at the NAV of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

(a) The objective of this investment is to preserve principal while earning interest income. While the yield will fluctuate, the investment seeks to maintain a stable net asset value of \$1 per share.

(b) The fund's investment objective is to seek current income with the preservation of capital through investing primarily in U.S. money market instruments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 Tax Status

The Plan obtained its latest determination letter dated November 2, 2009, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will remain 100 percent vested in their accounts.

Note 7 Financial Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of the following information:

- Investments and notes receivable from participants on the statements of net assets available for benefits as of December 31, 2010 and 2009. The common/collective trust was certified at contract value.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants on the statement of changes in net assets available for benefits for the years ended December 31, 2010.
- The schedule of assets (held at end of year) as of December 31, 2010.
