1. Description of the Plan

The following description of Pacific Groservice, Inc. Profit-Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility and Coverage

The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of Pacific Groservice, Inc., (the "Plan Sponsor"). Employees are eligible to participate in the Plan providing they have completed at least one year of service and have attained 21 years of age. Eligible employees may begin deferring a portion of their salary into the Plan on January 1 or July 1 following eligibility. Union Employees and non-resident aliens are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and section 401(a) of the Internal Revenue Code.

Contributions

Participants may contribute up to 100% of their eligible annual salary to the Plan subject to certain anti-discrimination limitations, an annual restriction of $16,500 ($22,000 for those participants over age 49).

The plan sponsor has the discretion to match participant deferrals. For 2009, the plan sponsor matched 20% of participant deferrals on the first 6% of compensation. The match is calculated on a per pay period basis.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor matching contributions and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase.

Vesting and Forfeitures

Participants vest in plan sponsor matching contributions at the rate of 20% per year after the first year of service. Participants are 100% vested in the event of death, disability, or attaining normal retirement age (age 65). Forfeitures may be used to offset the expenses of the Plan and to offset matching contributions. At December 31, 2009 forfeitures available to offset plan sponsor contributions aggregated $657.

Payments of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement (age 65), disability, death, financial hardship (as defined in the Plan), or termination of employment. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative lump sum distribution. Retired participants must begin receiving distributions no later than April 15 of the year following the year the participant turns age 70 ½.

Notes Receivable from Participants

The Plan permits participants to receive a loan based upon their vested account balance. Borrowings are limited to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000, and participants may have only one loan outstanding at a time. Loans are payable through regular payroll deductions and must be repaid within five years (longer for qualified residential loans). Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other investments. Accordingly, the interest that participants pay on their loans will be directly credited to their accounts. In the event a participant defaults

on their loan, the plan administrator will offset the outstanding loan against the participant's account balance.

Plan Amendments
The Plan was without amendment during 2009.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Matching contributions are recorded when approved by the plan sponsor. Benefit payments and expenses are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the plan custodian (see note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest, delinquent participant loans are reclassified as distributions based upon the terms of the plan documents.

Risks and Uncertainties
The Plan provides for various investment options in mutual funds. These securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with these securities and the level of uncertainty related to changes in value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Subsequent Events
The Plan has evaluated subsequent events through July 22, 2011, the date the financial statements were available to be issued.

3. Certification of Assets

State Street Bank & Trust Company ("State Street") serves as the asset custodian of the Plan's assets. In that capacity, State Street holds the investment assets and executes investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income

Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the plan administrator has obtained certifications from State Street that all investment information in the accompanying financial statements and supplemental schedule are complete and accurate. All information as to investment assets at December 31, 2009 and 2008, and changes in investment assets for the year ended December 31, 2009, are presented solely based upon those certifications.

4. Fair Value Measurements - unaudited

Assets at Fair Value as of December 31, 2009:

		Level 1
Mutual Funds:		
International Stocks	$	131,917
Domestic Stocks and Bonds		146,931
Domestic Stocks		814,033
Money Market		545,764
Realty		41,582
Bonds		309,969
Total	$	1,990,196

Assets at Fair Value as of December 31, 2008:

		Level 1
Mutual funds	$	1,633,883

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820 *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the plan has the ability to access.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net assets value (NAV) of shares held by the plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments - Unaudited

The following investments equaled or exceeded 5% of the net assets available for benefits of the Plan at December 31, 2009 and 2008:

Dividends	$ 24,887
Realized gains	(95,634)
Unrealized gains (losses)	375,335
Total investment activity	$ 304,588

6. Tax Status

The plan sponsor has adopted a non-standardized plan document. The plan administrator and sponsor believe that the Plan is currently designed and is being operated in compliance with applicable requirements of the Internal Revenue Code and they have stated that they will take whatever action is required, if any, to continue the Plan as a qualified plan. Therefore, they believe that the Plan is qualified and its related trust is exempt from current income taxes.

7. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

8. Related Party Transactions

Since the inception of the Plan, the plan sponsor has absorbed some of the administrative expenses of operating the Plan.
