## INDEPENDENT AUDITORS' REPORT

To the Trustees of  
EGC 401(k) Plan  
Newport, Kentucky

We were engaged to audit the financial statements of EGC 401(k) Plan as of December 31, 2010 and 2009 and for the years then ended and the supplemental schedules as of and for the years ended December 31, 2010 and 2009, as listed in the accompanying table of contents. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Trust Company and Wilmington Trust Retirement and Institutional Services Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**EGC 401(k) PLAN  
NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 1 – DESCRIPTION OF PLAN**

The following description of the EGC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan with a cash or deferred arrangement covering all employees at the Company who are not covered by a collective bargaining agreement of EGC Construction Corporation (the "Company"). Employees are eligible to participate in the Plan once they have completed 90 days of eligible service and have reached age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants direct the investment of their contributions into various investment options offered by the Plan.

**Contributions**

Each year, participants may contribute up to limits determined by the Internal Revenue Service, as defined in the Plan. Once an employee becomes a participant in the Plan, they will be given an election form which they can complete to indicate the percentage or amount of their compensation they wish to defer. If the form is not completed, the employee will be deemed automatically to have elected 6% of their compensation to be contributed to the Plan. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document.

The Company may make matching contributions, as well as a profit sharing contribution to the Plan. These amounts will be determined by the Company's Board of Directors on an annual basis. For the years ended December 31, 2010 and 2009, the Company made matching contributions equal to 50% of the participant's deferrals up to the first 6% of the participant's compensation. There was no profit sharing contribution for 2010 or 2009.

**Participants' Accounts**

Each participant's account is credited with (a) employee elective 401(k) deferrals, (b) Plan earnings (including a charge for allocation of administrative expenses), and (c) employer contributions. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**Notes Receivable from Participants**

Participants may borrow from their accounts. The note cannot be more than the lesser of \$50,000 or 50% of the participant's vested account balance. Generally, notes are repayable through payroll deductions over periods up to 60 months. The notes are secured by the balance of the participant's account and bear interest at a reasonable rate.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

**NOTE 1 – DESCRIPTION OF PLAN (Continued)****Vesting**

Participants are immediately vested in their 401(k) elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service as defined in the Plan. Vesting begins upon the completion of the second year of service, and a participant is 100% vested after six years of credited service.

**Forfeitures**

Forfeitures on nonvested account balances will be used to reduce future employer contributions or to pay Plan expenses.

**Payment of Benefits**

On termination of service due to death, disability, retirement or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the vested portion of the value of their account or any other form of payment included in the Plan document.

**Administrative Expenses**

A portion of the administrative expenses, which include audit fees, are paid by the Plan's sponsor.

**NOTE 2 – SUMMARY OF ACCOUNTING POLICIES****Basis of Accounting**

The Plan prepares its financial statements in conformity with U.S. generally accepted accounting principles customary for savings and security plans.

Investment contracts held by defined contribution plans are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

**Method of Valuing Investments**

If available, quoted market prices are used to value investments. Securities that have no quoted market price are shown at estimated fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

**Use of Estimates**

The process of preparing financial statements in conformity with U.S. generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

**NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)****Net Assets Available for Benefits**

Net assets available for benefits include \$385 and \$-0- at December 31, 2010 and 2009, respectively, allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

**NOTE 3 – INVESTMENTS**

The following table presents the fair values of investments at December 31, 2010 and 2009. Investments that represent 5% or more of the Plan's net assets are separately identified.

Total Investments at Fair Value	<u>\$ 6,978,953</u>	<u>\$ 6,007,280</u>

During 2010 and 2009, the Plan's investments, including investments bought, sold, as well as held during the years appreciated as follows:

**Net Appreciation in Fair Value of Investments**

Mutual Funds and Common/ Collective Trust Fund	\$ 617,211	\$ 1,073,862
Guaranteed Investment Contract	<u>11,217</u>	<u>2,983</u>
	<u>\$ 628,428</u>	<u>\$ 1,076,845</u>

**NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY**

The Plan invests in a guaranteed investment contract, the Wilmington Trust and Institutional Services Company Collective Investment Trust for MetLife Group Annuity Contract (the "Fund") which invests in a variety of benefit responsive investment contracts issued by insurance companies and other financial institutions. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guarantee investment contract is presented on the face of the Statements of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was \$575,280 and \$552,920, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition or competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	<u>2010</u>	<u>2009</u>
Average Yields:		
Based on Actual Earnings	5.42%	12.28%
Based on Interest Rate Credited to Participants	3.13%	3.23%

**NOTE 5 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**NOTE 6 – TAX STATUS**

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This prototype document received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2008. The Plan has been amended since receiving this opinion letter. A determination letter has not been received specific to the EGC 401(k) Plan. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years still open under federal statute of limitations remain subject to review and change.

**NOTE 7 – FORFEITURES**

For the years ended December 31, 2010 and 2009, forfeitures of \$18,760 and \$10,173, respectively, were used to pay Plan expenses. No forfeitures were used to offset employer contributions for either year.

**NOTE 8 – LIMITED SCOPE AUDIT**

As of and for the year ended December 31, 2010, Charles Schwab Trust Company, the Plan's custodian, held all of the Plan's assets and was subject to periodic examination by regulatory agencies. The audit did not cover any information on Plan assets or related transactions involving the custodian. Instead, the custodian has prepared and certified a statement as to the completeness and accuracy of information concerning Plan assets and the related transactions.

As of and for the year ended December 31, 2009, Wilmington Trust Retirement and Institutional Services Company and Charles Schwab Trust Company, the Plan's custodians, held all of the Plan's assets and were subject to periodic examination by regulatory agencies. The audit did not cover any information on Plan assets or related transactions involving the custodians. Instead, the custodians prepared and certified statements as to the completeness and accuracy of information concerning Plan assets and the related transactions.

**NOTE 9 – EXCESS CONTRIBUTIONS**

Benefit distributions of \$388,499 and \$253,590 for the Plan years ended December 31, 2010 and 2009, respectively, include payments of \$10,907 and \$11,746 made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan for the prior year.

**NOTE 10 – RECONCILIATION OF NET ASSETS WITH PARTICIPANTS' ACCOUNTS**

Fees for services and administrative expenses paid by the Plan to the Plan's custodians were \$49,460 and \$22,475 for 2010 and 2009, respectively.

**NOTE 12 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500**

The participant loan payment withholdings for the last pay period of December, 2009 were not remitted to the Plan until January, 2010. These payments were included on the 2009 Form 5500 as a receivable. They were not included on the 2009 audited financial statements as a receivable. The participant loan interest associated with this has been included in the 2010 audited financial statements.

The 2010 and 2009 audited financial statements include a liability for excess contributions payable. This liability was not included on the 2010 or 2009 Form 5500. The distributions will be included on the 2011 and 2010 Forms 5500, respectively.

**NOTE 13 – FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**LEVEL 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**LEVEL 2** – Inputs for the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**LEVEL 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**NOTE 13 – FAIR VALUE MEASUREMENTS (Continued)**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 or 2009.

Mutual Funds – valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed Investment Contract –determined by MetLife based on quoted market prices of the underlying investments owned by MetLife

The preceding methods described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

**NOTE 14 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 15 – SUBSEQUENT EVENTS**

The date to which events occurring after December 31, 2010, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is July 15, 2011, which is the date on which the financial statements were available to be issued.
