GOLD COAST EAGLE DISTRIBUTING EMPLOYEES SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE A – DESCRIPTION OF PLAN

The following description of the Gold Coast Eagle Distributing Employees Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all eligible employees of Gold Coast Eagle Distributing, LLLP, (the Company). Employees who are at least twenty-one years of age and have completed one year of service, (with a minimum of 1,000 hours of service) are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Each participant account is credited with the participant's contribution, and allocations of the Company's discretionary contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants may contribute to the Plan up to $16,500 of their annual compensation for 2010. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company elected to make a discretionary non elective contribution. The Company contribution is allocated among eligible participants based on a uniform percentage of included compensation as follows: 3% for 1-3 years of service and 1-2 years of participation; 4% for 4-5 years of service and 3-4 years of participation; 5% for over 6 years of service and 5 years of participation. The Company, at its discretion, may also make other qualified non-elective contributions.

Vesting

Participants are immediately 100% vested in their voluntary pre-tax contributions plus actual earnings thereon. Participants vest in the Company contributions as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A – DESCRIPTION OF PLAN – CONTINUED

Payment of Benefits

Upon termination of service, (due to termination, retirement, death or disability), a participant may elect to receive an amount equal to the value of his or her vested account balance.

Upon reaching normal retirement age of 59 ½, participants are entitled to all of their accounts under the Plan. Generally, the Plan is compelled to begin minimum distributions of vested balances of participants reaching 70½. All other active participants may only receive a distribution of their vested balances in the event of financial hardship as defined by the Internal Revenue Service and as set forth in the Plan.

Forfeitures

Forfeitures of non-vested accounts are used to reduce future Company contributions and are allocated to eligible participant accounts. At December 31, 2010, forfeitures in the amount of $24,635 were available for use to reduce future Company contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value, based on the last reported sales price on the last business day of the Plan year. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchased and sales of investments are recorded on a trade-date basis.

Realized gains/(losses) on investments sold during the year have been included with unrealized gains/(losses) for the year in Net Appreciation (Depreciation) in Fair Value in the Statement of Changes in Net Assets Available for Benefits.

Contributions

Contributions from Plan participants are recorded in the plan year the Company makes the payroll deductions from participants' wages. Company contributions are made on a quarterly basis and are recorded in these financial statements in the year they pertain to.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2010, there was approximately $0 allocated to persons who, at the financial statement date, have elected to withdraw from the plan, but have not been paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from these estimates.

NOTE C – INVESTMENTS

Capital Bank and Trust Company was the custodian of the Plan assets, at December 31, 2010 and 2009. Information with respect to investments held by Capital Bank and Trust Company and their market values, as well as income and losses on investments included in the financial statements and supplemental schedules have been certified by Capital Bank and Trust Company as being complete and accurate.

The December 31, 2010 and 2009 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefit for the year ended December 31, 2010, and the accompanying notes to the financial statements were prepared in part from information certified by Capital Bank and Trust Company in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $2,019,085 and $1,727,969 at December 31, 2010 and 2009, respectively. NOTE D – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds with American Funds Distributors, Inc. As American Funds Distributors, Inc. provides third party services to the plan, these transactions qualify as party-in-interest transactions. The Company provides to the Plan certain accounting and administrative services for which no fees are charged. The Company also absorbs significant plan expenses.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE F – TAX STATUS

The Company, on behalf of the plan, has adopted the American Funds Distributors, Inc. prototype plan. The Internal Revenue Service has determined and informed American Funds Distributors, Inc. by a letter Dated May 28, 2002, that plans using this prototype plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan may rely on this letter with respect to the qualification of its plan under Code section 401(a).

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end and are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of stable value funds are generally obtained directly from the fund house or other investment provider. Valuations are based on observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly, i.e. quoted prices used to value similar instruments in active market such as bonds.

NOTE I – FAIR VALUE MEASUREMENTS – CONTINUED
