## INDEPENDENT AUDITORS' REPORT

July 27, 2011

To the Plan Administrator  
Blue Origin, LLC 401(k) and Profit Sharing Plan

We were engaged to audit the financial statements and supplemental schedule of Blue Origin, LLC 401(k) and Profit Sharing Plan (the Plan) as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan's assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan Administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements and supplemental schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## **Notes to Financial Statements**

**December 31, 2010 and 2009**

### **NOTE 1 - ORGANIZATION AND DESCRIPTION OF THE PLAN**

The Blue Origin, LLC 401(k) and Profit Sharing Plan (Plan) is a defined contribution plan and has been in effect since July 5, 2004. The Plan has been amended to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan covers substantially all employees of Blue Origin, LLC (the Company). Employees become eligible for participation upon hire and the attainment of age 21, and may begin participation on the first day of the month following the hire date. Employees are eligible to receive discretionary matching contributions at the time they begin deferring compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

Participants may contribute up to 90% of their pre tax eligible compensation to the Plan, within statutory limits. These contributions are paid to the Plan after each pay period. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may authorize discretionary matching contributions on an annual basis. Employer matching contributions are funded in January of the following Plan year. For the years ended December 31, 2010 and 2009, the Company authorized matching contributions equal to 100% of the first 3% of compensation that a participant contributed to the Plan. The Plan recorded \$451,381 of employer matching contributions in 2010 which represented the 2009 matching contributions. The 2010 matching contributions totaled \$492,483 and were funded in January 2011. At the option of the Board of Directors, the Company may also make an annual profit sharing contribution each year. No profit sharing contribution was made for 2010.

#### **Participant Accounts**

Individual participant accounts are maintained by Fidelity Investments Institutional Operations Company, Inc., the Plan's third party administrator. Each participant's account is credited or charged with the participant's contribution, the Company's contributions, and allocations of investment earnings and losses and certain administrative expenses. Loan and distribution transaction fees charged by Fidelity are deducted from the respective participants' accounts. Allocations are based on participant compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

## **Investment Options**

Participants direct employee and employer contributions among a variety of mutual funds available through Fidelity Management Trust Company (Fidelity).

## **Vesting**

Participants are immediately vested in their own contributions plus actual earnings thereon.

Vesting in the Company's matching and discretionary profit sharing contributions is based on a 3 year cliff vesting schedule with 100% vesting after three years of credited service. Upon normal retirement (65), death or disability, participants become fully vested in all benefits.

## **Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Terms of the notes receivable may not exceed five years except for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator at the time of loan issuance. The interest rate on outstanding receivables as of December 31, 2010 is 4.0%. Principal and interest are paid ratably through payroll deductions.

## **Payment of Benefits**

Benefits may be distributed upon retirement, death, disability or other termination of employment. Benefits equal to the value of the participant's vested account are paid in a lump sum or in installments as elected by participants. Under certain hardship circumstances or attainment of age 59 ½, participants may request a lump-sum distribution of their vested account balances prior to retirement.

## **Forfeited Accounts**

Upon termination, participants' non-vested account balances are forfeited. Forfeitures may first be used to pay administrative expenses if not paid by the Company. Any remaining forfeitures will be used to reduce employer contributions. There was no forfeited non-vested account balance at December 31, 2010 and 2009 and no forfeitures were used to pay administrative expenses or reduce employer matching contributions in 2010.

## **Administrative Expenses**

Mutual fund management expenses are deducted from each fund's earnings to arrive at net appreciation or depreciation as reported in the accompanying statement of changes in net assets available for benefits. Loan and distribution transaction fees charged by Fidelity are deducted from the respective participants' accounts (Note 6). Other Plan administration fees are paid by forfeited account balances, if any, and remaining fees are paid by the Company.

## **Reclassifications**

During the year ended December 31, 2010, the Plan adopted a new accounting standard (ASU 2010-25) which amended modified cash basis accounting related to how loans to participants should be classified and measured, to be retroactively applied to December 31, 2009. Previous guidance required these loans to be classified as investments measured at fair value. ASU 2010-25 requires these loans to be classified as notes receivable from participants measured at their unpaid principal balance plus any accrued but unpaid interest. Accordingly, 2009 amounts have been reclassified to conform with the 2010 presentation.

## **NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES**

The following are significant accounting policies used by the Plan:

### **Basis of Accounting**

The accompanying financial statements have been prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the U.S. (GAAP). That basis differs from GAAP in that contributions are recorded when received instead of when withheld by employees or due from the employer, and fees are recognized when paid instead of when incurred.

### **Estimates**

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

### **Valuation of Investments**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

### **Net Appreciation in Fair Value of Investments**

Realized and unrealized gains and losses related to mutual funds are reported in "net appreciation in fair value of investments." Interest and dividends reinvested in the mutual funds are also reported in this category.

### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest, if any. Delinquent participant loans that are deemed to be in default based upon the terms of the Plan document are reclassified as distributions.

### **Payment of Benefits**

Benefits are recorded when paid.

### NOTE 3 - FAIR VALUE MEASUREMENTS

The modified cash basis of accounting requires the use of an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access (level 1 measurements) and the lowest priority to inputs to the valuation methodology that are unobservable and significant to the fair value measurement (level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009:

**Mutual funds** - Valued at the net asset value of shares held by the Plan at year end (level 1 measurement).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by nature and risk of investment, and level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	<b>2010</b>	<b>2009</b>

#### NOTE 5 - INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee, has certified that the following data included in the accompanying financial statements, notes and supplemental schedule is complete and accurate.

- 1) Fair value of mutual funds as of December 31, 2010 and 2009.
- 2) Outstanding balances of notes receivable from participants as of December 31, 2010 and 2009.
- 3) Net appreciation in fair value of investments and interest on notes receivable from participants for the year ended December 31, 2010.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, notes and supplemental schedule.

#### NOTE 6 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity, the trustee as defined by the Plan. Therefore, transactions with Fidelity and its affiliates qualify as party-in-interest transactions. The Plan paid \$737 to Fidelity Management Trust Company, an affiliate of Fidelity, for administrative services during the year ended December 31, 2010.

#### NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

## **NOTE 8 - TAX STATUS**

The Plan operates under provisions of a Fidelity Management & Research Co. prototype plan which received an opinion letter from the Internal Revenue Service dated October 9, 2003, which stated that the prototype plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. The Plan Administrator believes that the Plan and related trust are designed and currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

The modified cash basis of accounting requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for periods prior to December 31, 2007.

## **NOTE 9 – RISKS AND UNCERTAINTIES**

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

## **NOTE 10 – SUBSEQUENT EVENTS**

The date to which events occurring after December 31, 2010, have been evaluated for possible adjustment to the financial statements or disclosure therein is July 27, 2011, which is the date on which the financial statements were available to be issued.
