Independent Auditors' Report

We were engaged to audit the financial statements of Bering Home Center, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedules as of and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by Prudential Trust Company, the Trustee for the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The Bering Home Center, Inc. Retirement Savings Plan (the "Plan") is a qualified retirement plan adopted by Bering Home Center, Inc. (the "Company") effective October 1, 1968. The Plan was amended and restated on October 1, 2002.

The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the legal Plan document for a more complete description of the Plan's provisions.

A. Employee Participation − The Plan is a defined contribution plan covering all employees of the Company who have attained age eighteen (18) years or older and have completed six (6) months of service. Employees may enter the Plan on the first day of the month following the date they satisfy the eligibility requirements.

B. Contributions − Participants may elect to defer at least one percent (1%) to one hundred percent (100%) of eligible compensation into the Plan not to exceed the maximum amount allowed by law. Participants age fifty (50) or older may elect to defer additional amounts called catch-up contributions. Participants may revoke or make modifications to their election at any time.

   Participants may also deposit into the Plan distributions they have received from other plans and certain IRAs as rollover contributions.

   The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participants' elective deferrals, which the Company will determine each year. The discretionary matching contribution is currently equal to twenty-five percent (25%) of each participant's deferral up to six percent (6%) of eligible compensation.

   On an annual basis, a discretionary nonelective contribution may be made to the Plan and allocated to eligible participants based on compensation. In order to share in the nonelective contribution, a participant must be actively employed on the last day of the Plan year and must have completed at least 1,000 hours of service during the Plan year. A participant will share in the nonelective contribution for the year regardless of the above in the year of death, disability, or attainment of normal retirement age. The Company did not make a discretionary nonelective contribution for the year ended December 31, 2010.

C. Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, Plan earnings or losses, and administrative expenses. Participant accounts are segregated for purposes of determining the earnings or losses on their accounts. Participant accounts do not share in the investment performance of other participants who have directed their own investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

D. Vesting − Participants are immediately vested in their contributions and rollovers plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions or discretionary nonelective contributions of their accounts plus actual earnings or losses thereon is based on years of service. A participant is fully vested after six (6) years of credited service.

E. Investment Options – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants.

F. Payment of Benefits − Benefit payments may be made upon death, normal retirement, disability or termination of employment. Benefit payments will be made either in a single lump-sum payment in cash equal to the value of the participant's account balance, installment payments over a period of not more than the participant's assumed life expectancy (or beneficiary's in case of death), or directly rolled over to an IRA or another qualified employer plan. If the participant's vested account balance is not greater than $1,000, it will be paid automatically in a lump-sum payment in cash as soon as administratively feasible following the event that entitled a distribution. Participants may receive an in-service distribution upon attaining age fifty-nine and one-half (59½) or incurring a financial hardship. Hardship withdrawals are available to participants who do not have sufficient resources or savings available to satisfy certain immediate and heavy financial needs. In the event a participant receives a hardship distribution, the participant will be suspended from making elective deferrals for at least six (6) months after receipt of the hardship distribution.

G. Forfeited Accounts − If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remaining in the Plan is called a forfeiture. Forfeitures are first used to pay Plan administrative expenses. Forfeitures will then be used to reduce employer contributions. There were $5,167 and $3,762 in forfeited nonvested accounts at December 31, 2010 and 2009, respectively. For the year ended December 31, 2010, $905 was used to pay Plan expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Basis of Accounting (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Investment Valuation and Income Recognition (Continued)

- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at the closing price of the net asset value ("NAV") of shares held by the Plan at year-end.

Collective Trust Fund: The stable value fund may invest in a variety of investment contracts and instruments issued by selected insurance companies and financial institutions. It is stated at fair value as determined by the issuer based on the fair market value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no significant transfers between Level 1 and Level 2 investments during the year ended December 31, 2010.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Investment Valuation and Income Recognition (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

	Collective Trust Fund
Balance, beginning of year	$ 258,454
Realized gains	1,967
Unrealized gains relating to instruments still held at the reporting date	7,805
Purchases, sales, issuances and settlements,	233,057
BALANCE, END OF YEAR	$ 501,283

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

D. Collective Trust Fund

For 2010 and 2009, the Prudential Stable Val 10 Fund ("PSVF") consists of collective investment funds managed and trusteed by Wells Fargo Bank, N.A. and primarily invests in guaranteed investment contracts with insurance companies, bank investment contracts, and security backed contracts. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the PSVF, plus earnings, less participant withdrawals and administrative expenses. Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The average yields earned by the collective trust fund are as follows:

	2010	2009
Based on actual earnings	**2.38%**	3.40%
Based on interest rate credited to participants	**2.90%**	3.32%

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Recent Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures about Fair Value Measurements*. This update requires a number of new disclosures including disclosure of significant transfers in or out of Level 1 and Level 2 and the reason for such transfers, an entity's policy for determining when transfers between levels are recognized, the valuation techniques and inputs used in determining the fair value of assets or liabilities classified as Level 2 or Level 3 and requires the changes in Level 3 fair value measurements to be disclosed separately rather than net. In addition, this update seeks to improve transparency by requiring fair value measurement disclosures for each class of assets and liabilities. This pronouncement is effective for reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements which are effective for fiscal years beginning after December 15, 2010. The Plan adopted this pronouncement in its entirety effective beginning January 1, 2010. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

F. Benefits

Benefits are recorded when paid. As of December 31, 2010, there were no amounts allocated to participants who have elected to withdraw from the Plan, but have not been paid.

G. Administrative Expenses

The Plan will pay some or all Plan related expenses. The expenses charged to the Plan may be charged pro-rata to each participant in relation to the size of each participant's account or may be charged equally to each participant. In addition, some types of expenses may be charged only to some participants based on their use of a Plan feature or receipt of a Plan distribution.

H. Subsequent Events

The Plan has evaluated subsequent events through July 27, 2011, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Prudential Trust Company, (the "Trustee") for the Plan, except for comparing, such information certified by the Trustee to information included in the Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year),:

	December 31, 2010	December 31, 2009
Mutual funds	**$ 3,420,156**	$ 3,368,552
Collective trust fund	**490,492**	257,938
TOTALS	**$ 3,910,648**	$ 3,626,490

The Trustee also certified to the completeness and accuracy of $437,856 of capital gains and net appreciation in value of investments and $26,574 of dividends related to the aforementioned investments for the year ended December 31, 2010.

NOTE 4 – INVESTMENTS (UNAUDITED)

At December 31, 2010 and 2009, the Plan's investments were held by the Trustee and were participant-directed. The following presents investments that represent five percent (5%) or more of the Plan's net assets at year-end:

	2010	2009

Jensen Portfolio Cl R	**508,574**	539,314
Prudential Stable Val 10	**490,492**	257,938

**Represented less than five percent (5%) of the Plan's net assets as of December 31.

NOTE 4 – INVESTMENTS (UNAUDITED) (CONTINUED)

The following table presents the net appreciation (including investments bought, sold and held during the year) in value for each of the Plan's investment categories for the year ended December 31, 2010:

Mutual funds	$ 428,084
Collective trust fund	9,772
TOTAL	$ 437,856

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential Trust Company. Prudential Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services are netted against net appreciation in fair value of investments.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all participants will become fully vested in their accounts.

NOTE 7 – TAX STATUS

The Plan adopted a prototype standardized profit sharing plan sponsored by Prudential Insurance Co. of America. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – TAX STATUS (CONTINUED)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

NOTE 8 – PROHIBITED TRANSACTIONS

During 2010, the Company failed to remit to the Plan's Trustee certain participant contributions totaling $1,417 within the period prescribed by Department of Labor ("DOL") regulations. The Company entered into the DOL Voluntary Correction Program and lost earnings were deposited into the participants' accounts on August 12, 2010.

During 2009, the Company failed to remit to the Plan's Trustee certain participant contributions totaling $2,945 within the period prescribed by DOL regulations. On August 17, 2010, the Company deposited a total of $65 in lost earnings into the Plan as a result of these delays.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

Independent Auditors' Report

We were engaged to audit the financial statements of Bering Home Center, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedules as of and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by Prudential Trust Company, the Trustee for the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The Bering Home Center, Inc. Retirement Savings Plan (the "Plan") is a qualified retirement plan adopted by Bering Home Center, Inc. (the "Company") effective October 1, 1968. The Plan was amended and restated on October 1, 2002.

The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the legal Plan document for a more complete description of the Plan's provisions.

A. Employee Participation − The Plan is a defined contribution plan covering all employees of the Company who have attained age eighteen (18) years or older and have completed six (6) months of service. Employees may enter the Plan on the first day of the month following the date they satisfy the eligibility requirements.

B. Contributions − Participants may elect to defer at least one percent (1%) to one hundred percent (100%) of eligible compensation into the Plan not to exceed the maximum amount allowed by law. Participants age fifty (50) or older may elect to defer additional amounts called catch-up contributions. Participants may revoke or make modifications to their election at any time.

   Participants may also deposit into the Plan distributions they have received from other plans and certain IRAs as rollover contributions.

   The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participants' elective deferrals, which the Company will determine each year. The discretionary matching contribution is currently equal to twenty-five percent (25%) of each participant's deferral up to six percent (6%) of eligible compensation.

   On an annual basis, a discretionary nonelective contribution may be made to the Plan and allocated to eligible participants based on compensation. In order to share in the nonelective contribution, a participant must be actively employed on the last day of the Plan year and must have completed at least 1,000 hours of service during the Plan year. A participant will share in the nonelective contribution for the year regardless of the above in the year of death, disability, or attainment of normal retirement age. The Company did not make a discretionary nonelective contribution for the year ended December 31, 2010.

C. Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, Plan earnings or losses, and administrative expenses. Participant accounts are segregated for purposes of determining the earnings or losses on their accounts. Participant accounts do not share in the investment performance of other participants who have directed their own investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

D. Vesting − Participants are immediately vested in their contributions and rollovers plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions or discretionary nonelective contributions of their accounts plus actual earnings or losses thereon is based on years of service. A participant is fully vested after six (6) years of credited service.

E. Investment Options – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants.

F. Payment of Benefits − Benefit payments may be made upon death, normal retirement, disability or termination of employment. Benefit payments will be made either in a single lump-sum payment in cash equal to the value of the participant's account balance, installment payments over a period of not more than the participant's assumed life expectancy (or beneficiary's in case of death), or directly rolled over to an IRA or another qualified employer plan. If the participant's vested account balance is not greater than $1,000, it will be paid automatically in a lump-sum payment in cash as soon as administratively feasible following the event that entitled a distribution. Participants may receive an in-service distribution upon attaining age fifty-nine and one-half (59½) or incurring a financial hardship. Hardship withdrawals are available to participants who do not have sufficient resources or savings available to satisfy certain immediate and heavy financial needs. In the event a participant receives a hardship distribution, the participant will be suspended from making elective deferrals for at least six (6) months after receipt of the hardship distribution.

G. Forfeited Accounts − If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remaining in the Plan is called a forfeiture. Forfeitures are first used to pay Plan administrative expenses. Forfeitures will then be used to reduce employer contributions. There were $5,167 and $3,762 in forfeited nonvested accounts at December 31, 2010 and 2009, respectively. For the year ended December 31, 2010, $905 was used to pay Plan expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Basis of Accounting (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Investment Valuation and Income Recognition (Continued)

- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at the closing price of the net asset value ("NAV") of shares held by the Plan at year-end.

Collective Trust Fund: The stable value fund may invest in a variety of investment contracts and instruments issued by selected insurance companies and financial institutions. It is stated at fair value as determined by the issuer based on the fair market value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Investment Valuation and Income Recognition (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

C. Investment Valuation and Income Recognition (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

	Collective Trust Fund
Balance, beginning of year	$ 258,454
Realized gains	1,967
Unrealized gains relating to instruments still held at the reporting date	7,805
Purchases, sales, issuances and settlements,	233,057
BALANCE, END OF YEAR	$ 501,283

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

D. Collective Trust Fund

For 2010 and 2009, the Prudential Stable Val 10 Fund ("PSVF") consists of collective investment funds managed and trusteed by Wells Fargo Bank, N.A. and primarily invests in guaranteed investment contracts with insurance companies, bank investment contracts, and security backed contracts. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the PSVF, plus earnings, less participant withdrawals and administrative expenses. Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The average yields earned by the collective trust fund are as follows:

	2010	2009
Based on actual earnings	**2.38%**	3.40%
Based on interest rate credited to participants	**2.90%**	3.32%

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Recent Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures about Fair Value Measurements*. This update requires a number of new disclosures including disclosure of significant transfers in or out of Level 1 and Level 2 and the reason for such transfers, an entity's policy for determining when transfers between levels are recognized, the valuation techniques and inputs used in determining the fair value of assets or liabilities classified as Level 2 or Level 3 and requires the changes in Level 3 fair value measurements to be disclosed separately rather than net. In addition, this update seeks to improve transparency by requiring fair value measurement disclosures for each class of assets and liabilities. This pronouncement is effective for reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements which are effective for fiscal years beginning after December 15, 2010. The Plan adopted this pronouncement in its entirety effective beginning January 1, 2010. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

F. Benefits

Benefits are recorded when paid. As of December 31, 2010, there were no amounts allocated to participants who have elected to withdraw from the Plan, but have not been paid.

G. Administrative Expenses

The Plan will pay some or all Plan related expenses. The expenses charged to the Plan may be charged pro-rata to each participant in relation to the size of each participant's account or may be charged equally to each participant. In addition, some types of expenses may be charged only to some participants based on their use of a Plan feature or receipt of a Plan distribution.

H. Subsequent Events

The Plan has evaluated subsequent events through July 27, 2011, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Prudential Trust Company, (the "Trustee") for the Plan, except for comparing, such information certified by the Trustee to information included in the Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year),:

	December 31, 2010	December 31, 2009
Mutual funds	**$ 3,420,156**	$ 3,368,552
Collective trust fund	**490,492**	257,938
TOTALS	**$ 3,910,648**	$ 3,626,490

The Trustee also certified to the completeness and accuracy of $437,856 of capital gains and net appreciation in value of investments and $26,574 of dividends related to the aforementioned investments for the year ended December 31, 2010.

NOTE 4 – INVESTMENTS (UNAUDITED)

At December 31, 2010 and 2009, the Plan's investments were held by the Trustee and were participant-directed. The following presents investments that represent five percent (5%) or more of the Plan's net assets at year-end:

	2010	2009

Prudential Stable Val 10	**490,492**	257,938

**Represented less than five percent (5%) of the Plan's net assets as of December 31.

NOTE 4 – INVESTMENTS (UNAUDITED) (CONTINUED)

The following table presents the net appreciation (including investments bought, sold and held during the year) in value for each of the Plan's investment categories for the year ended December 31, 2010:

Mutual funds	$ 428,084
Collective trust fund	9,772
TOTAL	$ 437,856

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential Trust Company. Prudential Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services are netted against net appreciation in fair value of investments.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all participants will become fully vested in their accounts.

NOTE 7 – TAX STATUS

The Plan adopted a prototype standardized profit sharing plan sponsored by Prudential Insurance Co. of America. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – TAX STATUS (CONTINUED)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

NOTE 8 – PROHIBITED TRANSACTIONS

During 2010, the Company failed to remit to the Plan's Trustee certain participant contributions totaling $1,417 within the period prescribed by Department of Labor ("DOL") regulations. The Company entered into the DOL Voluntary Correction Program and lost earnings were deposited into the participants' accounts on August 12, 2010.

During 2009, the Company failed to remit to the Plan's Trustee certain participant contributions totaling $2,945 within the period prescribed by DOL regulations. On August 17, 2010, the Company deposited a total of $65 in lost earnings into the Plan as a result of these delays.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

Independent Auditors' Report

We were engaged to audit the financial statements of Bering Home Center, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedules as of and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by Prudential Trust Company, the Trustee for the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The Bering Home Center, Inc. Retirement Savings Plan (the "Plan") is a qualified retirement plan adopted by Bering Home Center, Inc. (the "Company") effective October 1, 1968. The Plan was amended and restated on October 1, 2002.

The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the legal Plan document for a more complete description of the Plan's provisions.

A. Employee Participation − The Plan is a defined contribution plan covering all employees of the Company who have attained age eighteen (18) years or older and have completed six (6) months of service. Employees may enter the Plan on the first day of the month following the date they satisfy the eligibility requirements.

B. Contributions − Participants may elect to defer at least one percent (1%) to one hundred percent (100%) of eligible compensation into the Plan not to exceed the maximum amount allowed by law. Participants age fifty (50) or older may elect to defer additional amounts called catch-up contributions. Participants may revoke or make modifications to their election at any time.

   Participants may also deposit into the Plan distributions they have received from other plans and certain IRAs as rollover contributions.

   The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participants' elective deferrals, which the Company will determine each year. The discretionary matching contribution is currently equal to twenty-five percent (25%) of each participant's deferral up to six percent (6%) of eligible compensation.

   On an annual basis, a discretionary nonelective contribution may be made to the Plan and allocated to eligible participants based on compensation. In order to share in the nonelective contribution, a participant must be actively employed on the last day of the Plan year and must have completed at least 1,000 hours of service during the Plan year. A participant will share in the nonelective contribution for the year regardless of the above in the year of death, disability, or attainment of normal retirement age. The Company did not make a discretionary nonelective contribution for the year ended December 31, 2010.

C. Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, Plan earnings or losses, and administrative expenses. Participant accounts are segregated for purposes of determining the earnings or losses on their accounts. Participant accounts do not share in the investment performance of other participants who have directed their own investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

D. Vesting − Participants are immediately vested in their contributions and rollovers plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions or discretionary nonelective contributions of their accounts plus actual earnings or losses thereon is based on years of service. A participant is fully vested after six (6) years of credited service.

E. Investment Options – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants.

F. Payment of Benefits − Benefit payments may be made upon death, normal retirement, disability or termination of employment. Benefit payments will be made either in a single lump-sum payment in cash equal to the value of the participant's account balance, installment payments over a period of not more than the participant's assumed life expectancy (or beneficiary's in case of death), or directly rolled over to an IRA or another qualified employer plan. If the participant's vested account balance is not greater than $1,000, it will be paid automatically in a lump-sum payment in cash as soon as administratively feasible following the event that entitled a distribution. Participants may receive an in-service distribution upon attaining age fifty-nine and one-half (59½) or incurring a financial hardship. Hardship withdrawals are available to participants who do not have sufficient resources or savings available to satisfy certain immediate and heavy financial needs. In the event a participant receives a hardship distribution, the participant will be suspended from making elective deferrals for at least six (6) months after receipt of the hardship distribution.

G. Forfeited Accounts − If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remaining in the Plan is called a forfeiture. Forfeitures are first used to pay Plan administrative expenses. Forfeitures will then be used to reduce employer contributions. There were $5,167 and $3,762 in forfeited nonvested accounts at December 31, 2010 and 2009, respectively. For the year ended December 31, 2010, $905 was used to pay Plan expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Basis of Accounting (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Investment Valuation and Income Recognition (Continued)

- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at the closing price of the net asset value ("NAV") of shares held by the Plan at year-end.

Collective Trust Fund: The stable value fund may invest in a variety of investment contracts and instruments issued by selected insurance companies and financial institutions. It is stated at fair value as determined by the issuer based on the fair market value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Balance, beginning of year	$ 258,454
Realized gains	1,967
Unrealized gains relating to instruments still held at the reporting date	7,805
Purchases, sales, issuances and settlements,	233,057
BALANCE, END OF YEAR	$ 501,283

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

D. Collective Trust Fund

For 2010 and 2009, the Prudential Stable Val 10 Fund ("PSVF") consists of collective investment funds managed and trusteed by Wells Fargo Bank, N.A. and primarily invests in guaranteed investment contracts with insurance companies, bank investment contracts, and security backed contracts. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the PSVF, plus earnings, less participant withdrawals and administrative expenses. Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The average yields earned by the collective trust fund are as follows:

	2010	2009
Based on actual earnings	**2.38%**	3.40%
Based on interest rate credited to participants	**2.90%**	3.32%

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Recent Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures about Fair Value Measurements*. This update requires a number of new disclosures including disclosure of significant transfers in or out of Level 1 and Level 2 and the reason for such transfers, an entity's policy for determining when transfers between levels are recognized, the valuation techniques and inputs used in determining the fair value of assets or liabilities classified as Level 2 or Level 3 and requires the changes in Level 3 fair value measurements to be disclosed separately rather than net. In addition, this update seeks to improve transparency by requiring fair value measurement disclosures for each class of assets and liabilities. This pronouncement is effective for reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements which are effective for fiscal years beginning after December 15, 2010. The Plan adopted this pronouncement in its entirety effective beginning January 1, 2010. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

F. Benefits

Benefits are recorded when paid. As of December 31, 2010, there were no amounts allocated to participants who have elected to withdraw from the Plan, but have not been paid.

G. Administrative Expenses

The Plan will pay some or all Plan related expenses. The expenses charged to the Plan may be charged pro-rata to each participant in relation to the size of each participant's account or may be charged equally to each participant. In addition, some types of expenses may be charged only to some participants based on their use of a Plan feature or receipt of a Plan distribution.

H. Subsequent Events

The Plan has evaluated subsequent events through July 27, 2011, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Prudential Trust Company, (the "Trustee") for the Plan, except for comparing, such information certified by the Trustee to information included in the Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year),:

	December 31, 2010	December 31, 2009
Mutual funds	**$ 3,420,156**	$ 3,368,552
Collective trust fund	**490,492**	257,938
TOTALS	**$ 3,910,648**	$ 3,626,490

The Trustee also certified to the completeness and accuracy of $437,856 of capital gains and net appreciation in value of investments and $26,574 of dividends related to the aforementioned investments for the year ended December 31, 2010.

NOTE 4 – INVESTMENTS (UNAUDITED)

At December 31, 2010 and 2009, the Plan's investments were held by the Trustee and were participant-directed. The following presents investments that represent five percent (5%) or more of the Plan's net assets at year-end:

	2010	2009
Pru Jenn Md Cp Grw A	$ **417,527**	$ 417,195
Victory Special Value A	**208,093**	**

Jensen Portfolio Cl R	**508,574**	539,314
Prudential Stable Val 10	**490,492**	257,938

**Represented less than five percent (5%) of the Plan's net assets as of December 31.

NOTE 4 – INVESTMENTS (UNAUDITED) (CONTINUED)

The following table presents the net appreciation (including investments bought, sold and held during the year) in value for each of the Plan's investment categories for the year ended December 31, 2010:

Mutual funds	$ 428,084
Collective trust fund	9,772
TOTAL	$ 437,856

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential Trust Company. Prudential Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services are netted against net appreciation in fair value of investments.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all participants will become fully vested in their accounts.

NOTE 7 – TAX STATUS

The Plan adopted a prototype standardized profit sharing plan sponsored by Prudential Insurance Co. of America. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – TAX STATUS (CONTINUED)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

NOTE 8 – PROHIBITED TRANSACTIONS

During 2010, the Company failed to remit to the Plan's Trustee certain participant contributions totaling $1,417 within the period prescribed by Department of Labor ("DOL") regulations. The Company entered into the DOL Voluntary Correction Program and lost earnings were deposited into the participants' accounts on August 12, 2010.

During 2009, the Company failed to remit to the Plan's Trustee certain participant contributions totaling $2,945 within the period prescribed by DOL regulations. On August 17, 2010, the Company deposited a total of $65 in lost earnings into the Plan as a result of these delays.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)
