Notes to Financial Statements

1. Description of Plan

The following description of The ESAB Group, Inc. Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of The ESAB Group, Inc., AlcoTecWire Corporation, and Anderson Group, Inc. (collectively the “Employer”), except leased employees. Full-time employees are eligible to become participants of the Plan upon hire. Part-time employees becomes eligible to participate in the Plan upon completion of one year of service or 1,000 hours of service during the first twelve months of employment or any Plan year beginning after the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions are equal to the sum of the following:

- a) A participant may elect to contribute from 1 to 75 percent of his or her pretax compensation, as defined by the Plan, not to exceed certain limitations.
- b) Participants who have attained age 50 before year-end, may elect to make catch-up contributions.
- c) Participants, excluding members of a collective bargaining agreement for whom participation has not been negotiated, are permitted to make Roth after-tax contributions.
- d) The Employer contributes a matching contribution to the Plan on behalf of all participants not covered by a collective bargaining agreement. The matching contribution is equal to 100 percent of the participant’s salary deferral contribution up to 4 percent of compensation as defined by the Plan. No matching contributions are made on catch-up contributions.
- e) A discretionary contribution may be contributed at the option of the Employer for collective bargaining employees, AlcoTecWire Corporation employees and all other employees, separately. During 2010, the Employer contributed 2% of compensation for all eligible AlcoTecWire Corporation participants, 4% of compensation for all collective bargaining participants and 4% of compensation to all other eligible participants. From January 1 to April 30, 2010, the Employer suspended the discretionary contributions for non-collective bargaining employees. Effective May 1, 2010, the Employer reinstated the discretionary contributions for non-collective bargaining employees.
- f) Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Contributions are subject to certain limitations.

See accompanying independent auditors’ report.

The ESAB Group, Inc. Savings Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer matching contribution and discretionary contribution, and an allocation of Plan earnings and expenses thereon. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the participant's vested account balance. The Plan offers mutual funds and a common collective trust as investment options for participants.

Benefit Payments

Upon termination of service, death, disability or retirement (age 65), a participant or the beneficiary may elect to receive the balance of his or her vested account balance in a lump-sum installment or an annuity payment, as provided by the Plan. Upon approval by the plan administrator, participants may withdraw a portion of their vested account in the event of undue financial hardship in accordance with safe harbor guidelines. For vested balances less than \$1,000, an automatic lump-sum distribution may be made upon the distributable event date.

Vesting

Each participant is immediately 100 percent vested in all of his or her participant contributions, and employer contributions, plus actual earnings thereon.

Forfeitures

Forfeited non-vested accounts are used to reduce future matching contributions. For the year ended December 31, 2010, there were no forfeitures used to reduce employer matching contributions. At December 31, 2010 and 2009, there were no forfeited non-vested amounts.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer. During 2010, \$16,500 in Plan expenses were paid through an expense reimbursement credit from Fidelity. Any unused portions of the credit reverted back to Fidelity Management Trust Company (Fidelity) effective January 1, 2011. The Plan pays administrative expenses including investment and loan processing fees, as well as certain participant requested services. Administrative expenses totaled \$24,112 for year ended December 31, 2010.

Notes Receivable from Participants

Participants may borrow from their fund account up to an amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. The minimum loan issuance amount is \$1,000. Only two loans may be outstanding at any given time. Loan terms range from one to five years, with the exception of the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates at the time the funds are borrowed. Interest rates ranged from 4.25 to 10.5 percent during 2010. Principal and interest are paid ratably through payroll deductions.

See accompanying independent auditors' report.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update (“ASU”) 2010-06, which amends ASC 820, *Fair Value Measurements and Disclosures*, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The adoption did not have a material impact on the Plan’s financial statements.

ASU 2010-25 requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. ASU 2010-25 is effective retrospectively for fiscal years after December 15, 2010, with early adoption permitted. The Plan adopted ASU 2010-25 as of January 1, 2009. Upon adoption, there was no material impact to the Plan.

Accounting Pronouncement to be Adopted

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRSs. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan’s financial statements.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 7 for discussion of fair value measurements.

See accompanying independent auditors’ report.

The ESAB Group, Inc. Savings Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are reclassified as notes receivables from participants measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all notes receivable from participants with no payments received for 6 months as in default. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2010, \$339,442 was recorded as deemed distributions.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid.

Reclassification

Certain amounts in the 2009 financial statements have been reclassified to conform to current year presentation.

3. Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated July 12, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been recorded.

See accompanying independent auditors' report.

The ESAB Group, Inc. Savings Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain fully vested in their accounts.

5. Investments

Investments that represent 5 percent or more of the Plan's net assets are separately identified in the following table:

<i>December 31,</i>	2010	2009
Fidelity Investment Grade Bond Fund	\$ -	\$ 5,250,189
PIMCO Total Return Admin	5,203,314	-

Other*	32,088,673	26,684,044
Total investments at fair value	\$ 81,590,360	\$ 73,837,515

*Investments that individually represent less than 5 percent of net assets in the respective year.

6. Investment Information Certified by the Plan's Trustee

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, information certified by the Plan's trustee, Fidelity Management Trust Company, as of December 31, 2010 and 2009 and for the year ended December 31, 2010, was not audited, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

See accompanying independent auditors' report.

The ESAB Group, Inc. Savings Plan

Notes to Financial Statements

A summary of the Plan's financial information which has been certified by the Plan's trustee, is presented as follows:

<i>December 31,</i>	2010	2009
Mutual funds	\$ 69,789,084	\$ 61,997,135
Common collective trust, fair value	\$ 11,801,276	\$ 11,840,380
Adjustment from fair value to contract value for fully benefit responsive investment contracts	\$ (95,956)	\$ 220,174
Notes receivable from participants	\$ 2,992,788	\$ 3,023,666
<i>Year Ended December 31,</i>	2010	
Net appreciation in fair value of mutual funds	\$ 7,238,993	
Interest on notes receivable from participants	\$ 144,931	
Interest and dividends	\$ 1,487,189	

7. Fair Value Measurements

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See accompanying independent auditors' report.

The ESAB Group, Inc. Savings Plan

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009:

Mutual Funds: Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2010 and 2009.

Common Collective Trusts: CCTs represent investments with various investment managers. Units held in CCTs are valued at the unit value as reported by the investment managers, with the exception of CCTs holding fully benefit responsive investment contracts. The Plan holds shares of CCTs that have investments in fully benefit-responsive investment contracts. For purposes of the Statement of Net Assets Available for Benefits, these CCTs are stated at fair value with an adjustment to contract value. As provided in ASC 962, an investment contract is generally required to be reported at fair value, rather than contract value, to the extent it is fully benefit-responsive. The fair value of such investment contracts held by the CCTs are determined using the market price of the underlying securities and the value of the investment contract as determined by the trustee.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value:

<i>December 31, 2010</i>	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

10. Risks and Uncertainties

The Plan invests in various investments, including mutual funds and a common collective trust. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through July 28, 2011, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified.

See accompanying independent auditors' report.
