Report of Independent Auditors

The Plan Administrator
Golub & Company LLC 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Golub & Company LLC 401(k) Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Golub & Company LLC 401(k) Plan

Notes to Financial Statements

December 31, 2010

1. Description of Plan

The following description of the Golub & Company LLC 401(k) Plan (the Plan) provides only general information about the Plan's provisions. Golub & Company LLC (the Company) is the Plan's sponsor. Participants should refer to the summary plan description and other plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan formed April 1, 1994, and is subject to the requirements of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan has a 401(k) component and was established to provide retirement benefits for employees of the Company. The trustee of the Plan is State Street Bank and Trust Company (the Trustee). ADP Retirement Plan Services is the record keeper for the Plan.

All employees who have attained the age of 21 years old are eligible to participate. Employees can enroll in the Plan immediately upon gaining eligibility.

Contributions

Each year, participants may generally contribute up to 80% of eligible annual compensation, as defined in the Plan, subject to maximum amounts established by the Internal Revenue Code (the Code), pursuant to Section 401(k) of the Code. Participants age 50 or more are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

The Company may make a discretionary matching contribution, in cash, based on the participant's elective deferral in a percentage set by the Company prior to the end of each plan year. Generally, participants must be employed on the last day of the plan year to be eligible for employer contributions. For the year ended December 31, 2010, the Company contributed 7% of the first 80% of compensation that a participant contributed to the Plan. All contributions are subject to certain limitations of the Code.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the employer's contributions, if any, and the Plan's earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions or to pay plan expenses. The benefit to which a participant is entitled is the balance that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts plus actual earnings thereon is based on years of credited service, as defined in the Plan. Employees who were participants in the Plan are vested under the following schedule:

Years of Vesting Service	Non-Forfeitable Percentage
Less than 2	0%
At least 2, but not less than 3	20
At least 3, but not less than 4	40
At least 4, but not less than 5	60
At least 5, but not less than 6	80
6 or more	100

Participant Loans

Participants may borrow (subject to certain restrictions) from their plan accounts a minimum of $500 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. All loans are to amortize over a reasonable period of time not to exceed 5 years, or 30 years for purchases of real estate, which is to serve as the participant's primary residence. Loans are secured by the vested balance in the participant's account and are to bear interest at the prime rate plus 2% as published in *The Wall Street Journal* on the 14th day of each month. Principal and interest are to be paid through payroll deductions or cash installments, whenever payroll deductions are not possible. In the event of a participant termination, the participant loan amount outstanding is due immediately.

1. Description of Plan (continued)

Payment of Benefits

In the event of retirement, termination of service, death, or disability, the participant or their beneficiary may receive a lump-sum amount equal to the vested value of his or her account. Participants may obtain withdrawals of any portion of their participant contributions after attaining the age of 59 1/2 or for certain financial hardship situations. Such withdrawal will be authorized by the plan administrator only upon satisfaction of criteria as enumerated in the plan agreement.

Administrative Expenses

Administrative expenses, consisting principally of accounting and trustee fees, are generally paid directly by the Company. Certain transaction charges are paid by the Plan.

Investment Options

Participants may direct their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions. The Plan's investments are held by the Trustee.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2010 or 2009. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Plan invests in fully benefit-responsive investment contracts. This fund is recorded at fair value (see Note 4); however, because these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net investment income includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements*. ASU 2010-06 amended Accounting Standards Codification (ASC) 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarifies that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provides guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarifies the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not affect the Plan's net assets available for benefits or its changes in net assets available for benefits.

In September 2010, the FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. ASU 2010-25 is effective for fiscal years ending after December 15, 2010, and is required to be applied retrospectively. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans have been reclassified to notes receivable from participants as of December 31, 2009.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

Management evaluated subsequent events for the Plan through July 28, 2011, the date the financial statements were available to be issued.

3. Investments

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2010	**2009**
PIMCO Total Return Fund	**$ 698,866**	$ 587,030
The Jensen Portfolio	**396,605**	335,486
T. Rowe Price Retirement 2030 Fund	**283,267**	316,445
Thornburg International Value Fund	**381,163**	306,783
T. Rowe Price Retirement 2020 Fund	*****	281,116
Invesco VanKampen Equity & Income Fund	**329,186**	252,512
T. Rowe Price Retirement 2040 Fund	**269,733**	225,023
Invesco VanKampen Small Cap Value Fund	**313,724**	219,693

*Investment represented less than 5% of the Plan's net assets available for benefits

Other than the fair value of the State Street Global Advisors (SSgA) Stable Value Fund and the adjustment from fair value to contract value for fully benefit-responsive investment contracts, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2010 and 2009, and net appreciation/(depreciation) in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2010, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee of the Plan. The contract value of the Stable Value Fund was certified as complete and accurate by the Trustee.

3. Investments (continued)

	December 31, 2010
SSgA Stable Value Fund, at fair value	$ 198,780
SSgA Stable Value Fund, at contract value	195,217

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

4. Fair Value Measurements (continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest-level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for major categories of assets measured at fair value by the Plan:

Mutual funds – Valued at the quoted market prices, which represent the net asset value (NAV) of shares held by the plan at year end.

Money market funds – Valued at cost, which approximates fair value.

Common collective trusts – Valued at the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

	Assets at Fair Value as of December 31, 2010			
	Level 1	**Level 2**	**Level 3**	**Total**

4. Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2009			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds:				
U.S. equities	$ 1,672,698	$ –	$ –	$ 1,672,698

Total assets at fair value	$ 3,464,992	$ 547,778	$ –	$ 4,012,770

a. These common/collective trust funds are designed to deliver safety and stability by preserving principal and accumulating earnings. These funds are primarily invested in SSgA funds portfolios and exchange traded funds. They primarily invest in underlying equity funds and some fixed income funds. There are no unfunded commitments, restrictions on redemption frequency or advance notice periods required for redemption.

b. This common/collective trust fund is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund as reported by the issuer of the fund. The fair value differs from the contract value. As previously discussed in Note 2, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore the related trust is tax-exempt. In accordance with Revenue Procedures 2010-6 and 2005-16, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per financial statements at December 31 to the Form 5500:

	December 31	
	2010	**2009**
Net assets available for benefits per the financial statements	**$ 4,911,114**	$ 4,076,644
