To the Plan Administrator
LABS, Inc. Employees' Retirement Plan
Denver, Colorado

We were engaged to audit the accompanying statements of net assets available for benefits of the LABS, Inc. Employees' Retirement Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedules of delinquent participant contributions for the years ended December 31, 2010 and 2009, and assets (held at end of year) at December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified or provided by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company), the custodian of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian regarding the completeness and accuracy of the information summarized in Note 4 that was provided to the Plan Administrator by the custodian as of and for the year ended December 31, 2010, and as of December 31, 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LABS, Inc. Employees' Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the LABS, Inc. Employees' Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and summary Plan description for more complete information.

General and eligibility: The Plan is a defined contribution plan established by LABS, Inc. (the Organization) effective December 1, 2007. Full-time employees of the Organization are eligible to make employee contributions upon hiring and may receive employer contributions on the first day of the month following completion of one year of service (1,000 hours). Each year employees may contribute a percentage of their annual compensation but not more than the maximum allowable limits established by the Internal Revenue Code (IRC). For the year ended December 31, 2010, the Organization made safe harbor contributions equal to the sum of (1) 100% of participant's deferrals that do not exceed 3% of his or her compensation and (2) 50% of the participant's deferrals that exceed 3% of his or her compensation but do not exceed 5% of his or her compensation. In addition, the Organization contributes additional amounts as a percentage of eligible compensation as follows:

	<u>Contribution Percentage</u>
More than 1 Year of Service but less than 2	2%
More than 2 Years of Service but less than 3	3%
More than 3 Years of Service but less than 4	4%
More than 4 Years of Service but less than 5	5%
More than 5 Years of Service	6%

Participants in the Plan direct their contributions and Organization contributions into various investment options offered by the Plan. Participants may change their elections daily. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Organization's matching contributions, Plan earnings and an allocation of service charges. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Elective deferral pre-tax contributions and earnings thereon are fully vested and nonforfeitable. Any employer contributions are also fully vested upon the contribution date.

Payment of benefits: On termination of service due to retirement, death or disability, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or an annuity which provides for annual installments over a specified period. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution less applicable taxes, or the participant may elect to roll over his or her account balances into another qualified retirement savings account.

LABS, Inc. Employees' Retirement Plan

Notes to Financial Statements

Notes receivable from participants: Participants may borrow from their fund accounts amounts from \$1,000 to \$50,000 reduced by the excess, if any, of the highest outstanding balance during the prior 12 months over the outstanding balance on the date on which the new loan is made and limited to a maximum of 50% of the present value of the participant's vested account balance. The loans bear interest at rates to be determined by the Plan Administrator based on a commercially reasonable rate. and are collateralized by the participant's vested account balance. The repayment period is limited to five years, except that a loan used for the purchase of a principal residence may exceed five years. The repayment period may not extend beyond the participant's normal retirement date. Principal and interest is paid ratably through payroll deductions. Notes receivable outstanding at December 31, 2010 bear interest at rates ranging from 5.25% to 9.25% and are due through August 2015.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting and presentation: The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards established by the Financial Accounting Standards Board (FASB) to ensure consistent reporting of net assets and changes in net assets. References to Generally Accepted Accounting Principles (GAAP) in these footnotes are to the FASB Accounting Standards Codification™ (ASC or the Codification).

Accounting estimates and assumptions: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various funds as investment instruments. Mutual funds are exposed to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment in insurance contract: Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan invests in investment contracts through an insurance contract. The statement of net assets available for benefits presents the fair value of the investment in the insurance contract as well as the adjustment of the investment in the insurance contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

LABS, Inc. Employees' Retirement Plan

Notes to Financial Statements

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary), or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Recently issued accounting pronouncements: In September, 2010, the FASB issued an amendment, *Plan Accounting-Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was adopted for the year ended December 31, 2010, and retrospectively applied to December 31, 2009.

The adoption resulted in a reclassification of participant loans totaling \$87,078 and \$136,012 from investments, at fair value to notes receivable from participants as of December 31, 2010 and 2009, respectively. There was no impact to net assets available for benefits as of December 31, 2010 or 2009, as a result of the adoption.

In January 2010, the FASB issued an amendment on the Fair Value Measurements and Disclosures Topic which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and those disclosures should include a discussion of inputs and valuation techniques. It further clarifies that reconciliation of Level 3 measurements should separately present purchases, sales, issuances and settlements instead of netting these changes. With respect to matters other than Level 3 measurements, the amendment was effective and adopted for the Plan's year ended December 31, 2009. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010 and has not yet been adopted. The Plan is currently evaluating the impact of the guidance related to Level 3 measurements on its disclosures.

Subsequent events: The Plan Administrator evaluated subsequent events through July 28, 2011, the date the financial statements were available to be issued.

Note 3. Administrative Expenses

Certain administrative functions are performed by employees of the Organization. No such employee receives compensation from the Plan. All administrative fees, other than loan fees, are paid by the Organization.

Note 4. Information Certified and Provided by the Custodian

The following is a summary of the Plan's asset information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company) (the Custodian) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31,	
	2010	2009
Investments, at fair value:		
Mutual funds	<u>\$ 3,314,839</u>	<u>\$ 2,246,147</u>
Investment in insurance contract:		
Principal Fixed Income Guaranteed Option, at contract value	48,355	76,158
Adjustment from contract value to fair value (not certified)	<u>(2,418)</u>	<u>(3,808)</u>
Principal Fixed Income Guaranteed Option, at fair value (not certified)	<u>45,937</u>	<u>72,350</u>
	<u><u>\$ 3,360,776</u></u>	<u><u>\$ 2,318,497</u></u>
Notes receivable from participants	<u>\$ 87,078</u>	<u>\$ 136,012</u>

The Custodian also certified to the completeness and accuracy of the following investment income information for the year ended December 31, 2010:

	Interest and Dividends	Net Appreciation in Fair Value of Investments
Mutual funds	\$ 39,217	\$ 377,610
Insurance contract	2,372	-
Participant loans	6,759	-
	<u>\$ 48,348</u>	<u>\$ 377,610</u>

Notes to Financial Statements

The following table presents Plan investments that represent 5% or more of the Plan's net assets at December 31, 2010 and 2009:

	December 31,	
	2010	2009
Principal Trust Company mutual funds:		
Principal Lifetime 2020 R3 Fund	\$ 328,647	\$ 253,663
Principal Lifetime 2030 R3 Fund	731,147	735,933
Principal Lifetime 2040 R3 Fund	699,538	430,063
Principal Lifetime 2050 R3 Fund	485,388	259,298
PIMCO Total Return A Fund	202,803	109,790

The Plan offers an investment in the Principal Fixed Income Guaranteed Option (the PFIGO), a fully benefit responsive investment contract with the Custodian. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The PFIGO issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As of December 31, 2010 and 2009, the interest rate credited to the PFIGO was 2.85% and 3.25%, respectively.

Because the PFIGO is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the PFIGO. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5. Fair Value Measurements

Topic 820 of the Accounting Standards Codification, *Fair Value Measurements and Disclosures* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LABS, Inc. Employees' Retirement Plan

Notes to Financial Statements

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's mutual funds are valued using Level 1 inputs while the PFIGO is valued using Level 3 inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Fixed Fund, PFIGO: Valued based on guaranteed benefits under the terms of the contract.

Mutual Funds: Valued based on quoted market price of the fund.

There have been no changes in the methodologies used at December 31, 2010 and 2009.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2010 and 2009:

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right to terminate the Plan at its discretion. In the event of termination, the net assets of the Plan, after payment of any expenses properly charged, will be distributed to each participant according to the amount then credited to his or her account.

Note 7. Tax Status

Effective December 1, 2007, the Plan adopted a standardized form of a prototype plan sponsored by the Custodian. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan applies the standards on accounting for uncertainty in income taxes. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustments to the financial statements; therefore, no provision of liability for income taxes has been included in the financial statements.

Note 8. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by the Custodian and therefore qualify as party-in-interest transactions. Fees paid by the Plan service charges amounted to \$12,979 for the year ended December 31, 2010.

Note 9. Plan Compliance

During the year ended December 31, 2010, the Plan Sponsor failed to deposit \$491 of participant loan repayments within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
