We were engaged to audit the financial statements of the Coremetrics, Inc. Employees' 401(k) Plan as of December 3, 2010 and December 31, 2009 and for the period January 1, 2010 to December 3, 2010, as listed in the accompanying index. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Standard Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 3, 2010 and December 31, 2009 and for the period from January 1, 2010 to December 3, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

As further explained in Note 1-C of the financial statements, in conjunction with the acquisition of Coremetrics, Inc. by IBM Corporation, assets and account balances maintained under the Plan were merged into the IBM 401(k) Plus Plan on December 3, 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

COREMETRICS, INC. EMPLOYEES' 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 3, 2010 AND DECEMBER 31, 2009

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Coremetrics, Inc. Employees' 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

A. General

The Plan is a defined contribution plan that was established in 2000 by Coremetrics, Inc. (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan was amended and restated in its entirety effective November 1, 2009 to comply with the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) and other legislative changes. The Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Administration and Expenses

An officer of the Company serves as Plan trustee. An Administrative Committee (the "Committee") manages the operation and administration of the Plan. Standard Insurance Company ("Standard") is the Plan custodian and third-party administrator who maintains the records of participant data. Investment fund management fees, contract administration fees, commissions and operating expenses are charged directly to the funds and thereby factored into each fund as a reduction of investment return. A majority of other costs of administering the Plan are paid by the Company.

C. Plan Merger

On July 30, 2010 the Company was acquired by International Business Machines Corporation ("IBM"). Eligible employees of the Company who became employees of IBM or a member of IBM's controlled group of companies following the acquisition became eligible to participate in the IBM 401(k) Plus Plan ("IBM Plan") on September 1, 2010. The Plan was frozen effective August 31, 2010 pending the merger of the Plan into the IBM Plan. A total of 156 participant accounts and assets valued at approximately \$5,254,000 were transferred from the Plan to the IBM Plan on December 3, 2010.

D. Participant Contributions

The Plan covers substantially all employees of the Company of age 21 or older, but specifically excludes union employees, nonresident aliens and leased employees. Prior to the time the Plan was frozen on August 31, 2010, participants could elect to have the Company contribute from 1% of their eligible pre-tax compensation, as defined in the Plan, to the maximum amount allowable under Code provisions. Participants who elected to have the Company contribute a portion of their compensation to the Plan agreed to accept an equivalent reduction in taxable compensation. Participants of age 50 or older were permitted to make additional catch-up contributions of up to \$5,500 in 2010. Effective January 1, 2010, Roth after tax contributions were allowed under the Plan.

Participants were also permitted to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions were invested in accordance with the participant's investment directions and Plan provisions.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Employer Contributions

The Plan allows for Company discretionary matching and profit sharing contributions as approved by the Board of Directors. No matching or discretionary profit sharing contributions were made from inception of the Plan.

F. Vesting

All participant accounts were comprised solely of participant contributions and rollovers and were 100% vested on the date of the merger of the Plan into the IBM Plan.

G. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers and the participant's share of Plan earnings or losses and expenses. Plan assets are invested based solely on instructions received from participants.

H. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability or retirement, a participant or beneficiary may choose to maintain his or her account in the Plan or to receive benefits in a lump sum or installments equal to the value of the participant's account balance. Hardship distributions are permitted under limited circumstances, as defined in the Plan and approved by the Plan administrator.

I. Notes Receivable from Participants

Participants are allowed to borrow from \$1,000 to the lesser of \$50,000 or 50% of their vested account balance. A loan is secured by a participant's vested balance, bears interest at a fixed rate established by the Plan administrator at loan inception, and carries a maximum term of five years unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be extended to ten years. Outstanding participant loans valued at approximately \$24,000 were included in the transfer of Plan assets to the IBM Plan in December 2010.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The Plan maintains its accounting records on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit responsive investment contracts held by a defined contribution plan are required to be reported at fair value. The Plan's investment in the Standard Guaranteed Interest Account meets the definition of a fully benefit responsive contract (Note 7).

B. New Accounting Pronouncement

The Financial Accounting Standards Board (FASB) recently issued ASU 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans – a consensus of the FASB Emerging Issues Task Force, clarifying the classification and measurement guidance on

B. New Accounting Pronouncement (Continued)

participant loans of a defined contribution pension plan. The ASU requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balance plus accrued unpaid interest. This guidance is a change to the requirement to classify participant loans as investments recognized in accordance with ASC 820, Fair Value Measurements Disclosures. The new guidance is effective for fiscal years ending after December 15, 2010 and must be applied retroactively. Early adoption is permitted. The Plan adopted this new guidance for the period beginning January 1, 2010.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

D. Investment Valuation and Income Recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 6).

Purchases and sales of investments are recorded on the trade-date basis. Dividends and interest income are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on pooled separate account investments bought and sold during the year.

NOTE 3 - INCOME TAX STATUS

The Company adopted a volume submitter plan that received a favorable opinion letter from the Internal Revenue Service. The Company believes the Plan was operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from Federal and state income taxes.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The Plan administrator believes the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this guidance. Information returns for years for which the applicable statutes of limitations have not expired are subject to examination by authorities.

NOTE 4 - RELATED PARTY TRANSACTIONS

Plan assets include investments in pooled separate accounts and an insurance company general account investment provided by Standard Insurance Company, the custodian and record keeper. Purchases and sales of units of these funds, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibitions of party-in-interest transactions under ERISA.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY STANDARD INSURANCE COMPANY

In accordance with CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, all of the information disclosed in the accompanying financial statements including investments held at December 31, 2009 and, and interest and dividends and net appreciation in fair value of investments for the period January 1, 2010 to December 3, 2010, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Standard Insurance Company, the Plan custodian. The following table presents the fair values of investments and investment funds that include 5% or more of the Plan's net assets available for benefits:

	<u>December 3, 2010</u>	<u>December 31, 2009</u>

	<u>\$ -</u>	<u>\$ 4,543,643</u>

Certified dividends and interest for the period January 1, 2010 to December 3, 2010 were \$33,605. Certified net appreciation in fair value of pooled separate account investments including gains and losses on investments bought and sold was \$471,467 for the period January 1, 2010 to December 3, 2010.

NOTE 6 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are based on quoted prices in an active market. Level 2 inputs are based on quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Units of pooled separate accounts are valued at the fair value per unit reported by Standard based on closing market prices of the accounts' underlying securities. The fair value of the Standard Guaranteed Interest Account is an estimate made by Standard of the value participants would receive if they withdrew or transferred funds from account prior to maturity. The following table summarizes the Plan's investments at December 31, 2009 based on the inputs used to value them:

Balance, December 3, 2010	<u>\$ -</u>

NOTE 7 - GUARANTEED INTEREST ACCOUNT

Plan investments in the Standard Guaranteed Interest Account are maintained in a general account by Standard. The fund is credited earnings on underlying investments and charged for participant withdrawals and administrative expenses. Standard is contractually obligated to repay principal and a specified interest rate to the Plan.

Because the fund is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the account. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. Participants generally may direct the withdrawal or transfer of all or a portion of their investment in the account at contract value. The fund was liquidated at contract value preceding the transfer of Plan assets to the IBM Plan in December 2010.

The crediting interest rate of the account is based on a formula. The account's average yield was 3.37% and 3.16% for 2010 and 2009, respectively.

Plan Administrator
Coremetrics, Inc. Employees' 401(k) Plan
c/o IBM
1 North Castle Drive
Mail Drop 218
Armonk, New York 10504-1725

We have audited the financial statements of the Coremetrics, Inc. Employees' 401(k) Plan (the "Plan") for the period January 1, 2010 to December 3, 2010. Professional standards require that we provide you with information about certain matters related to the financial statement audit that are, in our professional judgment, significant and relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. The following summarizes various matters that must be communicated to you under auditing standards generally accepted in the United States of America.

The Auditor's Responsibility under Generally Accepted Auditing Standards

Our responsibility under auditing standards generally accepted in the United States of America, except as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, has been described to you in our engagement letter.

Accounting Policies and Practices

The plan administrator is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

The Financial Accounting Standards Board (FASB) issued ASU 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans, clarifying the classification and measurement guidance on participant loans of a defined contribution pension plan effective for years ending after December 15, 2010. The ASU requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balance plus accrued unpaid interest. This guidance is a change to the requirement to classify participant loans as investments recognized in accordance with ASC 820, Fair Value Measurements Disclosures. The plan administrator adopted this new guidance for the period beginning January 1, 2010.

No other new accounting policies were adopted for 2010, and there were no changes in application of existing accounting policies in the 2010 financial statements. We noted no transactions for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Audit Adjustments

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We are aware of no uncorrected misstatements that are material to the Plan's financial statements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of our audit.

Difficulties Encountered in Performing the Audit

We did not encounter any difficulties in dealing with management relating to performance of the audit.

Management Representation

We have requested certain representations from management that are included in the management representation letter dated July 25, 2011.

Management Consultations with Other Independent Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Plan Administrator and those responsible for Plan governance and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

MILLER, KAPLAN, ARASE & CO., LLP
