INDEPENDENT AUDITORS' REPORT

Plan Administrator LeMaster & Daniels 401(k) Plan

We were engaged to audit the financial statements of LeMaster & Daniels 401(k) Plan (the Plan) as of April 13, 2011 and May 31, 2010, and for the period ended April 13, 2011 as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of April 13, 2011 and May 31, 2010, and for the period ended April 13, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LEMASTER & DANIELS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
April 13, 2011 and May 31, 2010

1. PLAN DESCRIPTION

The following description of the LeMaster & Daniels 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General - The Plan is a defined contribution plan covering all eligible employees of LeMaster & Daniels, PLLC (LD), and its affiliates Prospera Wealth Management, LLC (Prospera) and TROI, LLC (collectively, the Employer). The Employer is the plan sponsor and plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan termination - On August 5, 2010, it was announced that, effective November 1, 2010, LD and Prospera were being acquired by LarsonAllen LLP. As a result of this transaction, the LD Executive Committee elected to terminate the Plan effective December 31, 2010. On November 1, 2010, all employees of LD and Prospera were terminated and concurrently offered employment with LarsonAllen LLP. Accordingly, all salary deferrals and matching contributions into the Plan related to these employees ceased. The former employees of LD and Prospera were immediately eligible to participate in the LarsonAllen LLP Profit Sharing 401(k) Plan, a defined contribution plan sponsored by LarsonAllen LLP. Effective with the close of business December 31, 2010, TROI, LLC was acquired by Inland Imaging, Inc. The management of TROI, LLC elected to terminate their involvement in the Plan effective November 30, 2010.

All participant account balances were distributed out of the Plan during the period ended April 13, 2011.

Eligibility - Employees who are 21 years of age or older shall be eligible to participate in and enter the Plan upon their hire date by making salary deferral contributions. Employees who have attained the age of 21 and completed one year of service, consisting of 1,000 service hours or more, shall be eligible to receive Employer matching contributions. Employees who have attained the age of 21 and completed two years of service, consisting of 1,000 hours of service or more each year, shall be eligible to participate in Employer profit sharing contributions. A participant must be employed on the last day of the plan year to be eligible to receive an allocation of the profit sharing contribution, unless the participant has terminated due to retirement after reaching age 59½, disability or death. Entry dates for Employer matching and profit sharing contributions are June 1, September 1, December 1, and March 1 coinciding with or immediately following the date that eligibility requirements are met.

Participant contributions - Plan participants may contribute up to 90% of their eligible compensation to the Plan, subject to certain limitations as defined by the Internal Revenue Code (the Code). Participants may elect to categorize a portion or all of their contribution under the Plan's Roth deferral feature. Eligible participants may also make "catch-up" contributions subject to certain limitations as defined by the Code. These salary deferral contributions are funded to the Plan following each pay date. The Plan also allows rollover contributions from other qualified plans.

LEMASTER & DANIELS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS, continued
April 13, 2011 and May 31, 2010

1. PLAN DESCRIPTION, continued

Employer contributions - The Employer makes matching contributions to the Plan equal to 25% of salary deferral amounts contributed by each participant up to 12% of the participant's compensation, resulting in a maximum Employer matching contribution of 3% of the participant's compensation. At its discretion, the Employer may also make a profit sharing contribution, subject to the approval of the LD Executive Committee. The maximum profit sharing contribution is a percentage of eligible compensation, as determined by the Executive Committee, up to the taxable wage base defined by the Code, plus 5.7% of compensation in excess of the taxable wage base defined by the Code. For the period ended April 13, 2011 and the year ended May 31, 2010, the Employer elected to not make a profit sharing contribution into the Plan.

Notes receivable from participants - The Plan may make hardship loans to participants of up to 50% of their account balance upon approval by the Plan's administrator. The minimum loan amount is \$1,000 and a participant's outstanding loan balance may not exceed \$50,000. Such loans shall bear interest at reasonable rates. Principal and interest payments are received through participant payroll deductions. All outstanding loans were repaid in full during the period ended April 13, 2011.

Vesting - Participants are fully vested in all amounts contributed to their accounts.

Participant accounts - Each participant's account is credited with the participant's contributions, the Employer's contributions, and earnings on account balances and is charged with certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may direct the investment of their account balances to any combination of the Plan's investment options. Participants may also invest all or part of their account balances in self-directed brokerage accounts.

Payment of benefits - Upon termination of service, including termination due to death, disability, or attainment of retirement age, participants meeting specific criteria may elect to receive benefits in the form of lump-sum or installment payments over a period not exceeding the participant's life expectancy. Distributions may be made in installments to comply with required minimum distribution rules. In addition, eligible participants may receive in-service distributions, including distributions for financial hardship.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are presented on the accrual basis of accounting.

2. SIGNIFICANT ACCOUNTING POLICIES, continued

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit payments - Benefits are recorded when paid to the participants.

Administrative expenses - Fees associated with self-directed brokerage accounts (SDBA) are deducted from the related participants' accounts. In addition, certain asset-based fees are deducted directly from each participant's investment returns. The Plan also allows the Employer the discretion to pay administrative expenses of the Plan. For the period ended April 13, 2011, certain administrative expenses of the Plan were paid by the Employer. Any fees paid directly by the Employer are not included in the financial statements.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Adoption of new accounting standard - In September 2010, the Financial Accounting Standards Board (FASB) issued *Accounting Standards Update (ASU) 2010-25, Reporting Loans to Participants by Defined Contribution Plans*, which requires disclosure and measurement changes related to participant loans. For financial reporting purposes, participant loans are now classified as notes receivable from participants, and no longer considered to be investments and subject to the fair value measurement and disclosure requirements. The requirements of ASU 2010-25 have been retrospectively applied throughout the Plan's financial statements.

Subsequent events - The Plan has evaluated subsequent events through May 26, 2011, the date the financial statements were available to be issued.

3. FEDERAL INCOME TAX STATUS

The Employer has adopted a Fidelity Management Trust Company (Fidelity) volume submitter plan that received an opinion letter dated March 31, 2008, in which the Internal Revenue Service (IRS) stated that the volume submitter plan, as then designed, complied with the applicable requirements of the Code. The volume submitter plan on which the Plan is based has been amended since receiving the letter. However, the Plan's management believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the Code.

4. FAIR VALUE MEASUREMENTS

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2:* Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted market prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS, continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 13, 2011 and May 31, 2010.

- *Mutual funds*: Valued at the net asset value of shares held by the Plan.
- *Common stocks*: Valued at the closing price reported on the active market on which the individual securities are traded.
- *Certificates of deposit*: Valued based on the discounted value of contractual cash flows using interest rates being offered on certificates with similar maturities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2010 (none at April 13, 2011):
