REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator
Red Canoe Credit Union Capital Accumulation Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Red Canoe Credit Union Capital Accumulation Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedules of (1) Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2010, and (2) Schedule H, line 4(a) – Schedule of delinquent participant contributions for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 8, which was certified by Marshall & Ilsley Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator
Red Canoe Credit Union Capital Accumulation Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Red Canoe Credit Union Capital Accumulation Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedules of (1) Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2010, and (2) Schedule H, line 4(a) – Schedule of delinquent participant contributions for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 8, which was certified by Marshall & Ilsley Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RED CANOE CREDIT UNION CAPITAL ACCUMULATION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Red Canoe Credit Union Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a salary deferral and profit sharing plan covering substantially all employees of Red Canoe Credit Union (the Credit Union) and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Credit Union is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Credit Union are eligible to participate in the Plan after completing one year of service in which at least 1,000 hours are worked.

Plan administration – The Plan is administered by the Pension Oversight Committee, whose members are appointed by the Board of Directors of the Credit Union. The Plan's trustee, Marshall & Ilsley Trust Company (the Trustee or M&I), is responsible for the custody and management of the Plan's investments. The Trustee also maintains the accounting records of the Plan with respect to Plan administration and participant account activity.

Contributions – Participants may elect to contribute up to the maximum pretax compensation allowable by law to the Plan each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Credit Union may elect to make discretionary profit sharing contributions to the Plan. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any profit sharing contributions.

The Credit Union makes a profit sharing contribution of 1% of each participant's eligible annual compensation for individuals with less than five years of service and 11% of eligible compensation for individuals with five or more years of service. Employer contributions are not treated as taxable income until they are distributed and received by the participants as allowed by the Internal Revenue Code (IRC). Contributions are subject to regulatory limitations. The profit sharing contribution was \$536,944 for the year ended December 31, 2010.

Safe Harbor contribution – The Credit Union elected to provide for a Safe Harbor employer contribution. Under the Safe Harbor provision, the Credit Union makes a non-elective matching contribution of 100% on salary deferrals up to 3% of compensation and then 50% of salary deferrals from 3% to 5% of compensation. The Safe Harbor contribution was \$266,830 for the year ended December 31, 2010.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Credit Union's contribution and, (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RED CANOE CREDIT UNION CAPITAL ACCUMULATION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE 1 – DESCRIPTION OF PLAN – (continued)

Vesting – Participants are fully vested in their salary deferrals and Safe Harbor contributions plus actual earnings thereon. Vesting in profit sharing contributions and related investment earnings is based on years of service with increases in increments of 20% per year until fully vested after six years.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan may exceed five years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2010, the rates of interest on outstanding loans ranged from 4.25%–9.25% with various maturities through April 2024.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance, substantially equal installments or partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Credit Union contributions. As of December 31, 2010 there were no forfeited non-vested accounts. As of December 31, 2009, forfeited non-vested accounts totaled \$27,227. Employer contributions were reduced by \$46,348 of forfeitures for the year ended December 31, 2010.

Investment options – Participants must direct employee contributions to be invested amongst various investment options as made available and determined by the plan administrator. Participants may change their investment options any time throughout the year via direct phone or Internet access to M&I.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)

Recent accounting pronouncement(s) – In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. The new guidance requires additional disclosures about transfers between levels within the fair value hierarchy and clarifies existing disclosure requirements regarding classes of assets and liabilities measured at fair value. The new guidance requires the Plan to: (a) disclose separately the amounts of significant transfers into and out of each level of the fair value hierarchy and describe the reasons for those transfers, (b) disclose the Plan's policy for determining when transfers between levels of the fair value hierarchy are recognized, and (c) present information about purchases, sales, issuances, and settlements on a gross basis in the reconciliation of the beginning and ending balance of Level 3 fair value measurements. The new guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 reconciliation disclosures which are effective for reporting periods beginning after December 15, 2010. The Plan adopted this guidance on January 1, 2010. See Note 4.

In September 2010, the FASB issued ASU 2010-25, *Plan Accounting-Defined Contribution Pension Plans* which amends existing guidance by requiring participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The amendments to the Accounting Standards Codification included in ASU 2010-25 are effective for fiscal years ending after December 15, 2010. The Plan has adopted this guidance effective December 31, 2010 and has reclassified participant loans of \$336,495 and \$276,292 for the years ended December 31, 2010 and 2009, respectively, from investments to notes receivable from participants.

Investment valuation – Guaranteed investment contracts are stated at contract value and all other investments are stated at fair value as certified by the Plan's trustee, Marshal & Ilsley Trust Company.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Authoritative guidance requires the statements of net assets available for benefits present the fair value of the investments, as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

RED CANOE CREDIT UNION CAPITAL ACCUMULATION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable.

Payment of benefits – Benefits are recorded when paid.

Expenses – Administrative expenses are paid by the Credit Union. Certain transaction fees are paid by the Plan.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are issued. Note 13 provides disclosure of certain subsequent events that did not result in recognition in the financial statements.

The Plan has evaluated subsequent events through July 28, 2011, which is the date the financial statements were issued.

NOTE 3 – INVESTMENTS

At December 31, 2009, and for the year then ended, except for participant loans, the Plan's assets were invested in the 103-12 Investment Entity held by CUNA Capital Accumulation 103-12IE (CCA 103-12IE). Effective January 1, 2010, a separate individual trust was established for the Plan and the Plan's assets were no longer commingled with other plans in a 103-12 Investment entity.

Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2010	2009
CUNA Mutual Stable Value Fund *	\$ 1,101,783	\$ -
Vanguard Total Bond Market Index Fund	\$ 802,015	\$ -
Vanguard Institutional Index Fund	\$ 1,627,199	\$ -

Investments in 103-12 Investment Entity	\$ -	\$ 11,838,209

** Contract value has been presented for the CUNA Mutual Stable Value Fund as it is the relevant measurement for financial statement purposes.*

During 2010, the Plan's investments (including gains and losses on investments purchased, sold, as well as held during the year) appreciated in fair value as follows:

Registered investment companies	\$ 758,691
Collective trusts	600,071
Net appreciation in fair value of investments	<u>\$ 1,358,762</u>

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement –

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Registered investment companies (mutual funds) – Value determined by obtaining quoted market prices on nationally recognized security exchanges and are classified within level 1 of the valuation hierarchy.

Collective trust – Units held in collective trusts are valued using the net asset value (NAV) of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective investment is calculated based on a compilation of primarily observable market information. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust. Accordingly, the unit value for a collective investment is classified within level 2 of the valuation hierarchy. The Plan invests in the following significant collective trust funds:

- *CUNA Mutual Lifestyle Conservative Fund* – The fund seeks to provide a high level of interest income and long-term growth of capital. The investment portfolio is approximately made up of 40% stocks and 60% bonds for conservative growth with income.
- *CUNA Mutual Lifestyle Moderate Fund* – The fund seeks to provide long-term growth of capital and a moderate level of interest income. The investment portfolio is approximately made up of 60% stocks and 40% bonds for substantial potential growth with income.

RED CANOE CREDIT UNION CAPITAL ACCUMULATION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE 4 – FAIR VALUE MEASUREMENTS – (continued)

- *CUNA Mutual Lifestyle Aggressive Fund* – The fund seeks to provide long-term growth of capital and income from dividends. The investment portfolio is approximately made up of 80% stocks and 20% bonds for aggressive growth.

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent) at December 31, 2010:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
CUNA Mutual Lifestyle Aggressive Fund	\$2,500,484	\$ -	Daily	N/A
CUNA Mutual Lifestyle Moderate Fund	1,893,371	-	Daily	N/A
CUNA Mutual Lifestyle Conservative Fund	1,489,774	-	Daily	N/A

Guaranteed investment contracts – Valued at estimated fair value on the statements of net assets available for benefits. The estimated fair value is based upon the fair value of the underlying investments in the insurance company general account as reported on the audited financial statements of CUNA Mutual Insurance Society and Subsidiaries. Guaranteed investment contracts are classified within level 3 of the valuation hierarchy. See note 5.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – GUARANTEED INVESTMENT CONTRACTS WITH CUNA MUTUAL INSURANCE SOCIETY

In 2010 and 2009, the plan entered into two benefit-responsive guaranteed investment contracts (GIC's) with CUNA Mutual Insurance Society (CUNA). CUNA maintains the contributions to the contracts in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the plan by National, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

RED CANOE CREDIT UNION CAPITAL ACCUMULATION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH CUNA MUTUAL INSURANCE SOCIETY
– (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Traditional GICs are unsecured, general account obligations of insurance companies. The obligation is backed by the general account assets of the insurance company that writes the investment contract. The crediting rate on this product is typically fixed for the life of the investment.

Accounting standards require that the Plan provide the following disclosures regarding certain investments in guaranteed investment contracts:

	Average Yield	Crediting Interest rate	Investments at Fair Value		Adjustment to Contract Value	
			2010	2009	2010	2009
CUNA Mutual Insurance Society GIC						
December 31, 2010	4.5%	4.5%	\$ 463,104	\$ -	\$ (4,669)	\$ -
December 31, 2009	4.0%	4.0%	-	469,612	-	(3,588)
CUNA Mutual Stable Value GIC						
December 31, 2010	3.1%	3.0%	1,113,005	-	(11,222)	-
December 31, 2009	3.4%	3.0%	-	1,016,242	-	(2,946)
Total			<u>\$ 1,576,109</u>	<u>\$ 1,485,854</u>	<u>\$ (15,891)</u>	<u>\$ (6,534)</u>

NOTE 6 – TAX STATUS

The Plan document is a prototype non-standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on April 9, 2008, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 8 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 and 29 CFR 2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA at and for the year ended December 31, 2010 and 2009, respectively. Accordingly, Marshall & Ilsley Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009.
- Net appreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2010.
- Investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of registered investment company and collective trust funds managed by CUNA Mutual Group. Transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were \$73,258 for the year ended December 31, 2010.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Credit Union has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 11 – RECONCILIATION TO FORM 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

NOTE 12 – LATE CONTRIBUTIONS

As disclosed in the accompanying schedule, certain participant contributions were not remitted to the Plan within the timeframe required by the Department of Labor. The Credit Union has determined the amount of related lost earnings and has remitted these amounts to participants' accounts during the year ended December 31, 2010.

NOTE 13 – SUBSEQUENT EVENT

Subsequent to December 31, 2010, the Plan changed its trustee from Marshall & Ilsley Trust Company to MG Trust Company.
