SUBSIDIARIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
October 30, 2010 and October 31, 2009

NOTE 1: DESCRIPTION OF PLAN

The following description of the Transhumance Inc. & Subsidiaries 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Transhumance Inc. & Subsidiaries 401(k) Plan became effective November 2, 1997, to provide retirement benefits for employees of Transhumance Holding Company, Inc. (the "Plan Sponsor") and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants may choose to invest their account balance in any one or combination of various investment options. The Plan is administered by an Employee Benefits Administration Committee comprised of three persons appointed by the Plan Sponsor's Board of Directors.

The Plan is a defined contribution plan covering all full-time, non-union employees.

Plan Year

The Plan has adopted a 52-week/53-week plan year, which ends on the Saturday closest to October 31. The Plan year corresponds with the Plan Sponsor's accounting year-end.

Eligibility

Employees of the Plan Sponsor and its participating subsidiaries are eligible to participate in the Plan. Employees are eligible to participate in the Plan on the first day of the fiscal quarter coinciding with, or next following, the date the employee commences service with the Plan Sponsor. To be eligible an employee must be at least 18 years of age.

Vesting

Participants are 100% vested in their salary deferrals and fully vested in Plan Sponsor contributions upon the completion of three years of credited service.

Contributions

The Plan allows for the following types of contributions:

- ***Employee Salary Deferral 401(k) Contributions***
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code") where each employee may elect to have their compensation reduced up to the maximum amount allowable, not to exceed the limits of Code Section 401(k). These contributions are subject to nondiscrimination tests prescribed by the Plan agreement.

- ***Discretionary Employer Matching Contributions***
  The Plan Sponsor may match participant contributions equal to 100% of the participants' salary reduction, to a maximum of 2% of the participants' compensation. The Plan Sponsor made no matching contributions to the Plan in 2010 or 2009.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

- ***Safe Harbor Matching Contributions***
  The Plan Sponsor will contribute safe harbor matching contributions in the form of cash or Plan Sponsor stock up to 100% of participant salary deferrals, limited to 3% of compensation, plus 50% of the excess over 3% up to 5% of compensation. Safe harbor matching contributions will be made to the Plan Sponsor's Employee Stock Ownership Plan. The Plan Sponsor made matching contributions of $245,316 and $253,261 in 2010 and 2009, respectively.

- ***Employer Discretionary Contributions***
  A contribution may be made at the discretion of the employer without regard to the employer's current or accumulated profits. In 2010 and 2009, the Plan Sponsor elected not to make discretionary contributions.

Allocations
Investment earnings and losses are allocated to each participant's account based on actual activity of their selected investments.

Participant Accounts
An account is maintained for each participant that consists of contributions, and the participant's share of investment gains (losses), interest and dividends, less any distributions to the participant.

Forfeitures
Forfeitures are first used for payment of administrative expenses and then may be used to reduce employer contributions. Forfeitures of $8,611 and $3,488 were used for payment of administrative expenses in 2010 and 2009, respectively. Forfeitures of $22,130 and $30,203 were available for payment of administrative expenses or reduction of employer contributions at October 30, 2010 and October 31, 2009, respectively.

Distributions
Vested benefits are distributable from Plan assets for hardships, in-service early distribution, upon retirement (age 65), termination, death or disability. The manner of distribution is determined by the trustees as either: (1) a lump sum, (2) installments not to exceed five years, (3) or a combination of the above.

Retirement
Normal retirement under the Plan is age 65.

Administrative Expenses
Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Risks and Uncertainties
The Plan invests in various mutual funds, pooled separate accounts, and common collective trusts. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual basis of accounting.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Investments

Investments are reported at their current fair value; see Note 6 for further information on fair value measurements. Realized and unrealized market gains and losses on investments are reflected in each participant's self-directed account.

Income Taxes

The Company obtained its latest determination letter on July 6, 2009 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes is included in the Plan's financial statements.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 5: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board establishes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted market prices for identical or similar assets or liabilities in active or inactive markets or inputs other than quoted prices that are observable or corroborated by observable market data for the asset or liability; and Level 3 inputs have the lowest priority and are unobservable and significant to the fair value measurement. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 30, 2010 and October 31, 2009.

Mutual Funds: Mutual funds are valued using quoted market prices available on active markets.

Pooled Separate Accounts: Pooled separate accounts invest mainly in mutual funds and stocks, both domestic and international. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). Pooled separate accounts include the Plan's investment in the Principal U.S. Property Fund which invests mainly in commercial real estate and includes mortgage loans which are backed by the associated properties. These underlying real estate investments have unobservable Level 3 pricing inputs. The fair value of the underlying real estate is estimated using discounted cash flow valuation models that utilize public real estate market data inputs such as transaction prices, market rents, vacancy levels, leasing absorption, market cap rates and discount rates. In addition each property is appraised annually by an independent appraiser

NOTE 6: **FAIR VALUE MEASUREMENTS (Continued)**

Common Collective Trust: Common collective trust represents the Plan's investment in the Principal Stable Value Fund. This is a common collective trust for which the net asset value is based on the market value of its underlying investments. The fund contains synthetic investment contracts comprised of both underlying investment and contractual components. Contract value represents invested principal plus accrued interest. The fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 30, 2010 and October 31, 2009:
