To the Plan Administrator
O'Brien Group 401(k) Plan
Peoria, Illinois

We were engaged to audit the accompanying statements of net assets available for benefits of O'Brien Group 401(k) Plan as of December 31, 2010 and 2009, the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedules of Form 5500, Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2010 and Form 5500, Schedule H, Part IV, line 4a – Schedule of Delinquent Participant Contributions . These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustees hold the Plan's assets and execute transactions. The Plan administrator has obtained certifications from the trustees regarding the completeness and accuracy of the information summarized in Note 7 that was provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2010 and 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution plan covering substantially all employees of O'Brien Steel Service Co., GTT, Inc., and Rohn Products, LLC who are twenty-one years of age or older and have completed one year of service as defined by the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 70% of their wages in the form of a payroll deduction subject to the annual Section 415 dollar limits. The Plan has been amended so the company automatically had each employee make a 5% contribution to the Plan through June 30, 2009 and 3% after June 30, 2009. The employee can elect to have this automatic feature not apply. The Company makes a matching contribution of 100% of the first 2% of compensation and 50% of the next 3% of compensation for January 1 through June 30, 2009. For July 1 through December 31, 2009, the match was changed to 50% of the first 6% of compensation, limited to $2,500 in total. Beginning January 1, 2010, the match became discretionary.

Participant accounts: Each participant's account is credited with his or her voluntary contributions and allocations of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-directed investments: Participants may select from various investment options offered by Principal Life Insurance Company in which to invest their account balances on a daily basis. If a participant does not designate any investment options, all contributions to their account will be deposited into the Principal Lifetime Account.

Vesting: Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's contribution and earnings thereon is based on years of service. The participant is fully vested after six years of credited service from the date of employment.

Payment of benefits: Balances relating to employee deferrals plus earnings will be paid in a lump-sum or annuity upon termination of services.

Forfeitures: Forfeitures of terminated participants' nonvested accounts are used to reduce administrative expense and then reduce employer contributions. Unused forfeitures included in net assets available for benefits were $2,191 and $2,459 as of December 31, 2010 and 2009, respectively. During 2010, $677 of forfeitures was used to pay employer contributions.

Participant notes receivable: A participant may not borrow from his or her participant account balances.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully-benefit responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of investment contracts as well as the

Note 2. Summary of Accounting Policies (continued)

adjustment of the fully benefit-responsive investment contracts from fair value to contract value at December 31, 2010 and 2009, contract value approximates fair market value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes that Plan's gains and losses on investments bought and sold as well as held during the year.

In January 2010, FASB issued an amendment *Fair Value measurement and Disclosures- Improving Disclosures about Fair Value Measurements ASU 2010-06* which requires new disclosures about transfers of financial assets and liabilities between levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2and level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. With respect to matters other than reconciliation of Level 3 measurements, the amendment was effective and adopted for periods beginning on or after December 15, 2009. See Note 8 for impact of adoption.

Expenses: All administrative expense may be paid out of the Plan unless paid by the Company. The Plan paid $15,308 in administrative expenses.

Payments of benefits: Benefits are recorded when paid.

Subsequent Events: Subsequent events have been evaluated through July 27, 2011, which is the date the financial statements were available to be issued.

Certified Heat Treating Company will be a participating company in the Plan effective January 1, 2011.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, all amounts become fully vested and shall be distributed to the participants.

Note 4. Income Tax Status

The Plan has received a letter from the Internal Revenue Service as to its qualified status. The Plan has been amended since receiving the determination letter. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2007.

Note 5. Related Party Transactions

Certain Plan investments are managed by Principal Life Insurance Company (trustee). Principal is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 6. Information Certified by Trustees

The following is a summary of the plan's assets information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets.

	December 31,	
	2010	2009
Investments, participant-directed investment programs:		
Pooled separate accounts:		
Principal Money Market Separate Account*	$ 529,789	$ 493,910
Principal Bond and Mortgage Separate Account*	443,683	568,555
Principal Diversified International Stock Separate Account*	-	239,913
Principal Large Cap S & P 500 Index Separate Account*	960,068	763,089
All others	3,184,983	1,894,052
Guaranteed interest accounts*	558,231	355,838
	$ 5,676,754	$ 4,315,357

* Represents an investment which exceeds 5% of the net assets available for benefits as of December 31, 2010.

Principal Life Insurance Company also certified to the completeness and accuracy of $634,302 of net appreciation in fair value of pooled separate accounts and $48,398 of net appreciation of guaranteed interest accounts related to the aforementioned assets for the year ended December 31, 2010.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Fair Value Measurements

Accounting Topic 820, *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Guaranteed interest account: Valued at fair value by discounting the related cash flows based on the current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Note 8. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

Assets at Fair Value as of December 31, 2010

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2010:

Level 3
Year Ended December 31, 2010

	Pooled separate accounts	Guaranteed interest account
Balance, beginning of year	$ 188,571	$ 355,838
Interest	-	11,408
Gains and losses	30,535	(3,311)
Purchases	26,104	267,191
Settlements	(19,328)	(72,895)
Balance, end of year	$ 225,882	$ 558,231

The following is a list of transfers during the year ended December 31, 2010:

	Transfer between levels		
	Level 1	Level 2	Level 3
Mutual funds	$ -	$ (162,135)	$ 3,598
Guaranteed investment contract	-	160,370	(1,833)

Transfers between level 2 and 3 are a result of participants changing investment allocation.

Note 9. Fair Value of Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)

The following table set forth additional disclosures of Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2010:

Investment	FV	Unfunded commitment	Redemption Frequency	Redemption Notice period
Guaranteed investment contract (a)	$ 558,231	$ -	Immediate	None

(a) This category includes a guaranteed investment contract whose objective is to protect principal while providing a higher rate of return than shorter term investments, such as money market funds. The fund invests a high percentage of its net assets in diversified portfolio bonds, including corporate bonds, US Treasuries and debt guaranteed by the US Government. The fair value of investments in this category has been estimated using the net asset value per share for the underlying investments.

Note 10. Prohibited Transactions

During 2010, the Plan sponsor inadvertently failed to deposit approximately $13,527 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan sponsor will file Form 5330 and pay applicable excise tax. The excise tax payments will be made from the Plan sponsor's assets and not from the assets of the Plan.
