TRINITY FORGE, INC. 401(k) INVESTMENT
AND EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
October 31, 2010 and 2009

NOTE A - PLAN DESCRIPTION

Trinity Forge, Inc. (the "Company") established the Trinity Forge, Inc. Employee Stock Ownership Plan (the "Plan") effective as of November 1, 1991. This was done by amending and restating the previously existing Trinity Forge Inc.'s Employees Profit Sharing Plan. Subsequently, upon the merger of Trinity Forge, Inc. and Target Machine Inc.'s Employees Profit Sharing Plan was merged into the Trinity Forge Inc.'s Employee Stock Ownership Plan. In 1999, Trinity Forge, Inc. added a 401(k) Plan and formed the Trinity Forge, Inc. 401(k) Investment and Employee Stock Ownership Plan.

The Company's Stock Ownership Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1976, as amended (ERISA). The Plan is not a leveraged plan. In 1997 the Plan's Administrator and Trustee was Dennis H. Withers, President of the Company. Effective in 1998 and continuing, the Plan Trustee is Charles Schwab.

Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company distributions for such year.

Distributions from the Plan are not normally made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Distributions are made in cash or, if participant elects, in the form of Company common shares plus cash for any fractional shares. Participants are eligible for 10% distribution after 20 years of service.

The Trustee votes all stock except in matters of merger, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all the assets of the business, in which case the participants are entitled to direct their vote.

The following description of the Company's 401(k) feature of the plan ("401k") provides only general information. Participants should refer to the Plan agreement for a more complete description of the 401k provisions.

Contributions. 401(k) feature - Each year, participants may contribute up to 25% of pretax annual compensation, as defined in the 401k, up to a maximum of $16,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contribution is allocated to Participants based upon salary proportion up to a maximum of 15% of pretax annual compensation. The Company can make its contribution in the form of cash or Company common stock. Contributions are subject to certain limitations. For the plan year ended October 31, 2010 the Company made $184,000 in contributions to the plan, $92,000 in cash and $92,000 was in 4,529 shares of Company common stock.

ESOP feature - The Company is not obligated to make a contribution to the Plan. Generally, the Company's Board of Directors authorizes contributions of cash or common stock to the Plan when, in their judgment, the Company's profit and cash flow permit.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contribution into various investment options offered by the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are valued based on the quoted market price on the last day of the year or on contract value. The difference between current market value and cost of the investment is reflected in the statement of changes in net assets available for plan benefits by investment fund as net unrealized appreciation or depreciation in market value of

investments. Where there is no readily available last traded or current bid prices, fair value estimation procedures used in determining asset values might cause differences from the values that would exist in a ready market due to the potential subjectivity in the estimates. Following is a description of the valuation methodologies used for assets measured at fair value:

Trinity Forge, Inc. Common Stock – Trinity Forge, Inc. common stock at fair value on October 31, 2010 and 2009. Fair value is determined annually by an independent appraisal.

Mutual Funds – Mutual funds are investment vehicles stated at fair value based on quoted market prices reported by the Trustee.

Purchases, Sales, and Dividend Income - Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Interest and rental income are recorded on the accrual basis. Dividends are accrued on the ex-dividend date.

Risks and Uncertainties – The plan utilized various investment instruments, including mutual funds, money market funds, and common stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported on the financial statements.

Payment of Benefits - Benefits are recorded when paid.

Trinity Forge, Inc. common stock 2009 cost information has been restated to be consistent with the 2010 cost information used.

NOTE C - TAX STATUS

The plan obtained its latest determination letter on March 4, 2004, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code to qualify as a tax-exempt plan under Code Section 4975(e)(7).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of October 31, 2010, there are no uncertain positions taken or expect to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE D - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of investments in corporate stocks, bonds and mutual funds, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash that is received, interest, and dividend income, makes distributions to participants, and executes participant-directed investments.

Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan. Most administrative expenses for the investment, custodial, administrative fees and appraisals were paid directly by the Plan.

NOTE H – INDEPENDENT APPRAISAL OF SPONSOR'S STOCK

Subsequent to the end of the Plan's fiscal year, the Sponsor (Trinity Forge, Inc., which by definition is a party in interest) has an independent appraisal completed to determine the fair market value of the Sponsor's stock. The 2010 appraisal was completed on February 24, 2011 and the market value of the Sponsor's stock was determined to be $20.32 per share for the plan year ended October 31, 2010. Additionally, the 2009 appraisal was complete on May 26, 2010 and the market value of the Sponsor's stock was determined to be $14.55 per share for the plan year ended October 31, 2009. Other than the changes in the sponsor stock, the plan has no other related party transactions.

NOTE I – FAIR VALUE MEASUREMENTS

FASB Accounting Standard Codification Topic 820-10, formerly Financial Accounting Standards Board Statement No. 157, *Fair Value Measurements* (SFAS 157), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described below:

- Level 1 – quoted market prices in active markets for identical assets or liabilities
- Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

As of October 31, 2010, the Plan's investments measured at fair value consisted of the following instruments and classifications within the fair value hierarchy:

	Fair Value Measurements Using Input Types			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments in Registered Investment Companies	$3,690,309	-0-	-0-	$3,690,309
Trinity Forge, Inc Common Stock	-0-	$487,232	-0-	487,232
Total	$3,690,309	$487,232	-0-	$4,177,541

As of October 31, 2009, the Plan's investments measured at fair value consisted of the following instruments and classifications within the fair value hierarchy:

	Fair Value Measurements Using Input Types			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments in Registered Investment Companies	$3,195,524	-0-	-0-	$3,195,524
Trinity Forge, Inc Common Stock	-0-	$282,997	-0-	282,997
Total	$3,195,524	$282,997	-0-	$3,478,521

The Plan employs the following approaches in valuing its investments:

- Investments in registered investment companies are valued using quoted market prices, as all have active markets.
- The Trinity Forge, Inc. Common Stock is valued using an independent appraisal engaged by the Plan Sponsor.

NOTE J – SUBSEQUENT EVENTS

In preparing these financial statements, The Plan has evaluated events and transactions for potential recognition or disclosure through August 15, 2011, the date the financial statements were available to be issued.

In April 2011, the plan was amended to allow the Sponsor Company, Trinity Forge, Inc., to make a discretionary matching contribution equal to a percentage of the participant's salary reduction contributions.

In January 2011, the plan received a new favorable determination letter from the Internal Revenue Service.

NOTE K – RECONCILATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

There were no reconciling items between the net assets available for benefits per the financial statements and the Schedule H of Form 5500.

NOTE L – PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE M – NEW ACCOUNTING PRONOUNCEMENTS

In January 2010, the Financial Accounting Standards Board ("FASB") issued guidance related to improving disclosures about fair value measurements. The new guidance requires separate disclosures of the amounts of transfers in and out of Level 1 and 2 fair value measurements and a description of the reason for such transfer. In the reconciliation for Level 3 fair value measurements using significant unobservable inputs, information about purchases, sales, issuances, and settlements shall be presented separately. These disclosures were effective for the Plan on January 1, 2010. The guidance requires additional disclosures but does not impact the Plan's net assets available for the current year or prior year.

In September 2010, the FASB issued guidance clarifying how loans to participants should be

classified and measured by defined contribution plans. Participant loans were previously classified as investments at fair value. The guidance requires that participant loans be classified as notes receivable from participants, which are segregated from the plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This guidance was effective for the Plan in 2010, and was required to be applied retrospectively to the prior period presented. Since the new guidance was for participant loans, and the Plan currently does allow participant loans, the new guidance did not affect the Net Assets Available for Plan Benefits, Statement of Changes in Net Assets Available for Plan Benefits or the related footnote disclosures.
