Independent Auditor's Report

To the Plan Administrator
Thyssenkrupp Steel USA, LLC 401(k) Plan
Mobile, Alabama

We were engaged to audit the accompanying statements of net assets available for benefits of the Thyssenkrupp Steel USA, LLC 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the current trustee of the Plan, and Reliance Trust Company, the former trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustees holds/held the Plan's investment assets and executes/executed transactions. The Plan Administrator has obtained certifications from the trustees regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the current trustee as of and for the period from April 1, 2010 to December 31, 2010, and the former trustee from January 1, 2010 to March 31, 2010, and as of December 31, 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the current and former trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the Thyssenkrupp Steel USA, LLC (the "Plan Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions:

General: The Plan is a defined contribution plan and was established on June 1, 2008 for the purpose of providing benefits upon retirement to those employees of Thyssenkrupp Steel USA, LLC (the "Plan Sponsor"). The Plan covers substantially all employees of the Plan Sponsor that are at least 18 years of age or older. All assets transferred to the Plan will be invested and administered in accordance with the terms of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective April 1, 2010, the Plan changed its trustee from Reliance Trust Company to Fidelity Management Trust Company. Effective April 1, 2010, the Plan was amended to allow employees of Thyssenkrupp Steel Americas, LLC (Plan Sponsor's affiliate company) to participate in the Plan.

Contributions: Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, subject to maximum dollar limitations established by the Internal Revenue Service. The Plan provides for automatic salary reduction contributions of 4% of compensation for each participant. The participant may elect to either: (a) not have salary deferrals made to the Plan under automatic enrollment, or (b) to have deferrals made at a different percentage. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Safe-harbor matching contributions will be made by the Plan Sponsor and will equal the sum of 100% of the amount of participants' salary reductions that are not in excess of 4% of each participant's annual compensation. The safe-harbor matching contribution will be determined for each payroll period. Discretionary profit sharing contributions, if any, will be allocated among participants eligible to share in the contribution for the Plan year. In order to be eligible for any profit sharing contribution, the employee must have worked 1,000 hours or more during the Plan year and be employed on the last day of the Plan year. Participants' share of the contribution will depend upon how much compensation was received during the year compared to the compensation received by other eligible participants. For the year ended December 31, 2010, the Plan Sponsor did not contribute any profit sharing contribution.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contribution and Plan earnings and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participants' compensation or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct employee and employer contributions into selected investment options as made available and determined by the Plan Sponsor. Participants have daily access to their investment balances. Participants may change their investment options daily.

Forfeited accounts: Forfeited amounts are used to either pay for Plan expenses or reduce future Plan Sponsor contributions. As of December 31, 2010 and 2009, there were no forfeited nonvested accounts. No forfeited nonvested amounts were used to reduce employer's contributions during the year ended December 31, 2010.

Thyssenkrupp Steel USA, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their salary deferrals, rollovers and the safe-harbor contribution plus or minus actual earnings or losses thereon. Vesting in the discretionary profit sharing contribution portion of their account is based on the following schedule:

Years of Service	Vesting Percentage
Less than 3	0%
3 or more	100%

Participants become fully vested, regardless of the above vesting schedule, upon attainment of normal retirement age (65), termination of service due to disability or death or termination of the Plan.

Notes receivable from participants: Participants may borrow from their vested fund accounts up to a maximum of 50% of their vested account balances or \$50,000 reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during a one-year period. Loan terms shall not exceed five years. The loans will be charged a reasonable fixed rate of interest as determined by the Plan Administrator at the issuance of each loan and will be collateralized by the balance in the participant's account. Interest rates on loans at December 31, 2010 was 4.25%. Principal and interest are paid ratably through payroll deductions or ACH (automated clearing house system for electronic funds transfer).

Payment of benefits: On termination of service a participant or designated beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount or equal periodic payments according to the provisions of the Plan. In the event that the participant's vested balance is less than \$5,000, the Plan Administrator may make a single lump-sum payment without the election of the participant. Such amounts greater than \$1,000 must be rolled over into an individual retirement account unless the participant elects otherwise.

Note 2. Significant Accounting Policies

Basis of accounting: The Plan's financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Investment contracts: Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis with respect to fully benefit-responsive investment contracts. The Plan invests in an investment contract through a collective trust in the Fidelity Managed Income Portfolio I Fund.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Contributions: Contributions from employees of the Plan Sponsor and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from amounts being paid along with the applicable matching contribution. All employee and Plan Sponsor contributions are participant-directed.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan Sponsor provides certain administrative and accounting services to the Plan at no cost. Most administrative expenses are paid directly from the Plan's assets. Other administrative expenses are paid by the Plan Sponsor and include audit and legal fees.

Income taxes: Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2007.

Subsequent events: The Plan Administrator has evaluated subsequent events through July 29, 2011, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Recent accounting pronouncements: In January 2010, Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") No. 2010-06, *Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements*, which requires new disclosures about transfers of financial assets and liabilities between Levels 1 and 2. ASU 2010-06 also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. With respect to matters other than Level 3 reconciliation measurements, the amendment was effective and adopted for periods beginning on or after December 15, 2009. See Note 5 for effect of adoption. The guidance related to Level 3 reconciliation measurements is effective for periods beginning on or after December 15, 2010, and has not yet been adopted. The Plan's management is currently evaluating the effect of the guidance related to Level 3 measurements on the disclosures.

In September 2010, the FASB issued ASU 2010-25, *Plan Accounting-Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. ASU 2010-25 requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This standard is effective for periods ending after December 15, 2010, with early adoption permitted. This standard requires retrospective application to all periods presented. This standard was adopted for the year ended December 31, 2010, and retrospectively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new standard. The adoption resulted in a reclassification of participant loans totaling \$26,641 from investments to notes receivable from participants as of December 31, 2009. There was no impact to the net assets as of December 31, 2009, as a result of the adoption.

Accounting pronouncements not yet effective: In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards ("IFRSs"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Note 3. Information Certified or Provided by Trustees

The following is a summary of the Plan's asset information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company ("Fidelity"), the current trustee of the Plan, for the period from April 1, 2010 through December 31, 2010, and Reliance Trust Company ("Reliance"), the former trustee of the Plan, for the period from January 1, 2010 through March 31, 2010, and as of December 31, 2009, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustees that information provided to the Plan administrator by the trustees related to the following assets and investment activity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets.

	December 31,	
	2010	2009
Investments:		
Registered investment companies (mutual funds)	\$ 9,095,253	\$ 2,973,407
Collective trust fund *	153,558	-

	<u>\$ 9,506,360</u>	<u>\$ 3,106,349</u>
Participant loans	<u>\$ 370,849</u>	<u>\$ 26,641</u>

* Generally investments are certified at fair value; however, the value certified by the trustee at December 31, 2010 is contract value which is different from the fair value reported in Note 5 in accordance with GAAP.

Fidelity and Reliance have also certified to the completeness and accuracy of \$863,509 of net appreciation in fair value of registered investment companies (mutual funds), \$3,144 of interest and dividend income on investments and \$4,773 of interest income on notes from participants for the year ended December 31, 2010.

Pyramis Index Lifecycle Comingled Pool – 2045	722,980	*
Fidelity Freedom 2045 Fund	*	\$ 269,363
Fidelity Freedom 2030 Fund	*	346,787
Fidelity Freedom 2035 Fund	*	313,517
Fidelity Freedom 2025 Fund	*	416,421
Fidelity Freedom 2020 Fund	*	302,140
Fidelity Freedom 2015 Fund	*	181,202

* Investment balance did not comprise 5% or more of the Plan's net assets available for benefits as of the date indicated, but is included for comparative purposes.

Note 5. Fair Value Measurements

Accounting Standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Money market funds: Valued at fair value as determined by the closing price of the account at year end.

Shares of registered investment companies (mutual funds): Valued at the closing market price of the fund, reported on the active market on which the individual fund is traded.

Collective trust fund: Valued at fair value based on the fund's underlying investments plus the wrap contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, which the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note 6. Investment in Fully Benefit-Responsive Investment Contract

The Plan holds investments in Fidelity Managed Income Portfolio I Fund (MIP), which is a collective trust fund managed by Fidelity Management Trust Company. The MIP is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans and is dedicated exclusively to the management of assets of defined contribution plans. The collective trust guarantees a minimum rate of return and provides full benefit responsiveness, provided that all terms have been met.

As described in Note 2, because the MIP is fully-benefit responsive, contract value, as reported to the Plan, is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the MIP. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The overall contract value yield and underlying investment return for that fund was approximately 1.44% and 2.68%, respectively, for the year ended December 31, 2010.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated December 6, 2010 that the Plan is designed in accordance with applicable rules and regulations of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Related-Party Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among other, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, the contributions remitted by the employer are considered party-in-interest transactions. Fidelity is the current trustee and Reliance is the former trustee and, therefore, transactions with these entities qualify as party-in-interest transactions. The administrative expenses incurred by the Plan, which were paid to the trustees, amounted to \$5,224 for the year ended December 31, 2010.
