MARSDEN RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 DESCRIPTION OF PLAN

The following description of Marsden Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective September 1, 2002. The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was last amended and restated effective January 1, 2011 to add Marsden Services, LLC and Final Touch Services, LLC as participating employers. The Plan is a defined contribution plan covering all eligible employees of Marsden Bldg. Maintenance LLC, American Security, LLC, National Maintenance Contractors, Paradise Building Services, LLC, Caretakers Building Maintenance, LLC, Palen/Kimball, LLC, Marsden Holding, LLC, and Haynes Building Services (the Employer). Employees begin participation upon the completion of one year of service and attaining age twenty-one. However, employees are eligible to participate in the 401(k) deferral portion of the Plan following the completion of three months of service and the attainment of age twenty-one. The Plan excludes employees covered by a collective bargaining agreement, non-resident aliens, leased employees, reclassified employees and highly compensated employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Plan includes a 401(k) cash or deferred arrangement. Under this arrangement and subject to Plan provisions, participants may elect to make salary deferral contributions to the Plan subject to Plan limitations. The Plan allows participants age 50 and older to make catch-up contributions. Employees are also allowed to make rollover contributions. Contributions are subject to certain limitations.

The Employer may elect to make a discretionary matching contribution. The Employer elected to match 20% of the employee deferrals on the first \$500 deferred during 2010 and 2009 for employees of Marsden Bldg. Maintenance, American Security, LLC and Paradise Building Services, LLC and 3% of eligible compensation for employees of National Maintenance Contractors. The Employer elected a one-time match contribution of 100% of employee deferrals up to a maximum of \$1,000 for Palen/Kimball, LLC for 2009. There was no Employer matching contribution elected for employees of Caretakers Building Maintenance, LLC during 2010 and 2009. The Employer may also elect to make a discretionary profit sharing contribution to the Plan. Participants must be employed on the last day of the Plan year in order to receive a profit sharing contribution unless their termination was due to death, disability or reaching the normal retirement age of 65. There were no Employer profit sharing contributions for the years ended December 31, 2010 and 2009. Participants direct the investment of contributions into the various investment options offered under the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with an allocation of the Participant's deferrals, Employer's matching or profit sharing contributions, and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Vesting

Participants are immediately vested in their 401(k) deferrals, plus actual earnings thereon. Vesting in the Employer contributions portion of their account plus earnings thereon is based on years of continuous employment, as follows:

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less Than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or More	100%

Notwithstanding the above, a participant will become fully vested upon death, disability or reaching normal retirement age of 65. Participants receive service credit for years of service with the predecessor sponsors Marsden Bldg. Maintenance Co., American Security Corporation, Clean Power, Inc., National Maintenance Contractors, Paradise Building Services, LLC, Caretakers Building Maintenance, LLC, Palen/Kimball, LLC, and Haynes Building Services, LLC.

Forfeitures

Forfeitures of nonvested accounts are first used to reduce Plan expenses and then to reduce future Employer matching contributions. The forfeiture balance at December 31, 2010 and 2009 was \$1,028 and \$2,006, respectively. Forfeitures of \$1,638 and \$345 were used to reduce Employer match contributions in 2010 and 2009, respectively. There were no forfeitures used to pay Plan expenses in 2010 and 2009.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest is paid ratably through payroll deductions. Notes terms are up to 5 years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over 15 years. The notes are secured by the balance in the participant's account and bear interest at 1% over the prime rate. At December 31, 2010, interest rates on outstanding notes ranged from 4.25% to 9.25%.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Benefit Payments

Upon termination of service, death, disability or retirement (age 65), the participant will receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. Distributions of account balances between \$1,000 and \$5,000 may be directed to an individual retirement account.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MARSDEN RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2010 and 2009.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of mutual funds are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value. The collective fund represents investments with various investment managers. The respective fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Units held in the collective fund are valued based on the market prices of the underlying investments in the funds at year-end using net asset value.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

During 2010, FASB released guidance that reclassifies participant loans from investments to notes receivable effective for fiscal years ending after December 15, 2010. The guidance requires the reclassification to be retrospectively applied to all prior periods presented. The Plan adopted this guidance effective for the Plan year ending December 31, 2010.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expense

The Employer pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan are included in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Reclassifications

Certain amounts in the 2009 financial statements have been reclassified to conform with the 2010 presentation. These reclassifications do not affect net assets available for benefits as previously reported.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 11, 2011, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of notes receivable from participants and all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009 (except for the adjustment from fair value to contract value for fully benefit responsive investment contracts), the statements of changes in net assets available for benefits for the years ended December 31, 2010 and 2009, and the schedule of assets (held at end of year) as of December 31, 2010.

NOTE 4 FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	2010			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Fund:				
Stable Value Fund	\$ 565,923	\$ -	Daily	Daily

Investment Type	2009			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Fund:				
Stable Value Fund	\$ 520,143	\$ -	Daily	Daily

The stable value collective funds objective is to protect principal while providing a higher rate of return than other conservative investments, such as money market funds. To achieve this, the Fund invests in instruments which are not expected to experience price fluctuation in most economic or interest rate environments.

NOTE 5 INVESTMENTS

The following schedule presents the fair value of the investments which exceed 5% of net assets available for benefits as of December 31:

Investments at Fair Value	2010	2009
Wells Fargo Collective Stable Return Fund (Contract Value)	\$ 553,741	\$ 519,105
PIMCO Total Return Fund	647,479	647,008

Wells Fargo Adv Small Cap Value Fund	402,640	383,024
Goldman Sachs Structured Intl Equity Fund	-	399,472
MFS Research International	420,526	-

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

MARSDEN RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PLAN TAX STATUS

The Company adopted a Wells Fargo Bank, N.A. Prototype Non-Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since relying on the prototype opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 9 PARTY-IN-INTEREST TRANSACTION

The investments are managed by Wells Fargo Bank, N.A., the trustee. Therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for administrative and trustee fees amounted to \$9,083 and \$14,329 for the years ended December 31, 2010 and 2009, respectively.

NOTE 10 PLAN TRANSFER

The Employer entered into an agreement to merge business operations with Palen/Kimball LLC effective September 1, 2008. Employees of Palen/Kimball LLC were immediately eligible to participate in the Marsden Retirement Savings Plan. During 2009, a loan balance in the amount of \$15,717 was transferred from the Palen/Kimball LLC 401(k) Plan into the Marsden Retirement Savings Plan.
