SAFEMASTERS COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION:

The following plan description of Safemasters Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Safemasters Company, Inc. (the Company) who are age twenty-one or older. Employees are required to have one month of service before they are eligible to participate in the plan and may enter the Plan on April 1, July 1, October 1 or January 1 once the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2005, Stanley Security Services (Stanley) acquired Safemasters Company, Inc. The Plan ceased operations effective July 1, 2005, and participants have enrolled in the Stanley Value Plan. On May 6, 2008, Stanley's board of directors passed a resolution to terminate the plan effective May 31, 2008 and authorized the appropriate officers to take such steps as necessary to obtain Internal Revenue Service (IRS) approval of the termination of the Plan. On June 22, 2010, the IRS approved the Plan termination. Participants were offered various options relating to the liquidation of their accounts. As a result, all investment and participant loans were transferred or distributed from the Plan as of October 22, 2010.

Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Plan (100% in 2010 and 2009) of pretax annual compensation subject to the limits established by the Internal Revenue Code (\$16,500 for 2010 and 2009). Compensation is defined as W-2 income (as adjusted to include certain non-taxable compensation) excluding fringe benefits, deferred compensation and welfare benefits. There have been no participant contributions to the Plan since June 2005.

The Company may contribute for each participant who makes elective contributions a matching contribution equal to a percentage of the elective contributions made by the participant. The Company may also contribute a discretionary amount to the Plan, which is not limited to its current or accumulated net profit. Discretionary contributions are allocated among participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants.

The decision to make matching or discretionary contributions is determined by the Company's Board of Directors. Forfeitures of discretionary contributions are added to the Company's contributions under the Plan. The Company did not make any discretionary or matching contributions for the period ended October 22, 2010 or the year ended December 31, 2009.

Contributions may be subject to certain limitations, depending on the compensation of the participant, and whether the participant is also benefiting under other plans maintained by the Company.

Participants' Accounts

Net income of the Plan is allocated on the basis of participants' weighted average account balances.

Effective July 1, 2005, all participants with balances became 100% vested in employer's matching and discretionary contributions.

The unallocated forfeiture balance was \$0 at October 22, 2010 and December 31, 2009.

Investment Options

Upon enrollment in the Plan, a participant can direct employee contributions in various increments in any of the following investment options:

- ING VP Strategic Allocation Conservative Portfolio - Funds are invested to provide total return consistent with preservation of capital.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION: (CONCLUDED)

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment accounts and participant loan account. Loan terms range up to 5 years, or more than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan Administrator which ranged from 4.25% to 9.25% during the period ended October 22, 2010 and in 2009. Principal and interest is paid ratably through payroll deductions.

Benefits

The normal retirement age provided under the Plan is the date a participant attains 65 years of age and early retirement is available at age 55. Benefits are also provided in the event of a participant's death or disability.

Distributions under the Plan are made in lump-sum amounts in the form of cash.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments

Investments are presented at fair value as determined by ING Life Insurance and Annuity Company (ING), the investment manager and custodian, at October 22, 2010 and December 31, 2009. The annual increase or decrease in fair value is reflected in income. The insurance company general account (ING Fixed Account) is presented at book value, which approximates fair value, as determined by ING.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company has elected to pay substantially all expenses of administration, including accounting and audit fees, and the compensation of employees of the Company who assist in the administration of the Plan. Accordingly, no expenses of administration are reflected in the accompanying Statements of Changes in Net Assets Available for Benefits.

Investment management fees are charged against investment income of the Plan.

NOTE 3. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Other Than Quoted Prices In Active Markets that are Observable (Level 2)	Significant Unobservable Inputs (Level 3)
October 22, 2010:

Total	<u>\$ 1,782,024</u>	<u>\$ 1,634,200</u>	<u>\$ -</u>	<u>\$ 147,824</u>

Financial Accounting Standards Board Accounting Standards Codification (ASC 820) "Fair Value Measurements and Disclosures", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs other than quoted prices in an active market that are observable, and Level 3 inputs are unobservable and significant to the fair value measurement, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The Plan did not hold any investments that were valued using Level 2 inputs at October 22, 2010 and December 31, 2009.

SAFEMASTERS COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 5. TAX STATUS:

The Plan has adopted a prototype plan designed by ING. The prototype plan obtained its latest determination letter on December 7, 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently revised to comply with the provisions of EGTRRA. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 6. CHANGE IN ACCOUNTING PRINCIPLES

Accounting Standards Update No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25), which was effective for financial statements issued for fiscal years ending after December 15, 2010 and adopted by the Plan in 2010 requires participant loans to be classified as notes receivable and not investments, see Note 2. The following adjustments have been made retrospectively to the Plan's financial statements as of December 31, 2009:

	Adoption of ASU 2010-25	As Previously Reported	Difference
Total investments	\$ 1,782,024	\$ 1,802,527	\$ (20,503)
Notes receivable from participants	<u>20,503</u>	<u>-</u>	<u>20,503</u>
Net Assets Available for Benefits	<u>\$ 1,802,527</u>	<u>\$ 1,802,527</u>	<u>\$ -</u>

The change in accounting principle had no impact on the Plan's net increase of \$117,755 for the year ended December 31, 2009 or the net assets available for benefits at December 31, 2009 of \$1,802,527 that were previously reported.

Note 6. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through August 5, 2011, the date the financial statements were available to be issued. The Plan determined that there were no subsequent events to report.

SAFEMASTERS COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION:

The following plan description of Safemasters Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Safemasters Company, Inc. (the Company) who are age twenty-one or older. Employees are required to have one month of service before they are eligible to participate in the plan and may enter the Plan on April 1, July 1, October 1 or January 1 once the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2005, Stanley Security Services (Stanley) acquired Safemasters Company, Inc. The Plan ceased operations effective July 1, 2005, and participants have enrolled in the Stanley Value Plan. On May 6, 2008, Stanley's board of directors passed a resolution to terminate the plan effective May 31, 2008 and authorized the appropriate officers to take such steps as necessary to obtain Internal Revenue Service (IRS) approval of the termination of the Plan. On June 22, 2010, the IRS approved the Plan termination. Participants were offered various options relating to the liquidation of their accounts. As a result, all investment and participant loans were transferred or distributed from the Plan as of October 22, 2010.

Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Plan (100% in 2010 and 2009) of pretax annual compensation subject to the limits established by the Internal Revenue Code (\$16,500 for 2010 and 2009). Compensation is defined as W-2 income (as adjusted to include certain non-taxable compensation) excluding fringe benefits, deferred compensation and welfare benefits. There have been no participant contributions to the Plan since June 2005.

The Company may contribute for each participant who makes elective contributions a matching contribution equal to a percentage of the elective contributions made by the participant. The Company may also contribute a discretionary amount to the Plan, which is not limited to its current or accumulated net profit. Discretionary contributions are allocated among participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants.

The decision to make matching or discretionary contributions is determined by the Company's Board of Directors. Forfeitures of discretionary contributions are added to the Company's contributions under the Plan. The Company did not make any discretionary or matching contributions for the period ended October 22, 2010 or the year ended December 31, 2009.

Contributions may be subject to certain limitations, depending on the compensation of the participant, and whether the participant is also benefiting under other plans maintained by the Company.

Participants' Accounts

Net income of the Plan is allocated on the basis of participants' weighted average account balances.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION: (CONCLUDED)

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment accounts and participant loan account. Loan terms range up to 5 years, or more than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan Administrator which ranged from 4.25% to 9.25% during the period ended October 22, 2010 and in 2009. Principal and interest is paid ratably through payroll deductions.

Benefits

The normal retirement age provided under the Plan is the date a participant attains 65 years of age and early retirement is available at age 55. Benefits are also provided in the event of a participant's death or disability.

Distributions under the Plan are made in lump-sum amounts in the form of cash.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments

Investments are presented at fair value as determined by ING Life Insurance and Annuity Company (ING), the investment manager and custodian, at October 22, 2010 and December 31, 2009. The annual increase or decrease in fair value is reflected in income. The insurance company general account (ING Fixed Account) is presented at book value, which approximates fair value, as determined by ING.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company has elected to pay substantially all expenses of administration, including accounting and audit fees, and the compensation of employees of the Company who assist in the administration of the Plan. Accordingly, no expenses of administration are reflected in the accompanying Statements of Changes in Net Assets Available for Benefits.

Investment management fees are charged against investment income of the Plan.

NOTE 3. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Other Than Quoted Prices In Active Markets that are Observable (Level 2)	Significant Unobservable Inputs (Level 3)

Financial Accounting Standards Board Accounting Standards Codification (ASC 820) "Fair Value Measurements and Disclosures", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs other than quoted prices in an active market that are observable, and Level 3 inputs are unobservable and significant to the fair value measurement, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The Plan did not hold any investments that were valued using Level 2 inputs at October 22, 2010 and December 31, 2009.

NOTES TO FINANCIAL STATEMENTS

Note 5. TAX STATUS:

The Plan has adopted a prototype plan designed by ING. The prototype plan obtained its latest determination letter on December 7, 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently revised to comply with the provisions of EGTRRA. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 6. CHANGE IN ACCOUNTING PRINCIPLES

Accounting Standards Update No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25), which was effective for financial statements issued for fiscal years ending after December 15, 2010 and adopted by the Plan in 2010 requires participant loans to be classified as notes receivable and not investments, see Note 2. The following adjustments have been made retrospectively to the Plan's financial statements as of December 31, 2009:

	Adoption of ASU 2010-25	As Previously Reported	Difference
Total investments	\$ 1,782,024	\$ 1,802,527	\$ (20,503)
Notes receivable from participants	<u>20,503</u>	<u>-</u>	<u>20,503</u>
Net Assets Available for Benefits	<u>\$ 1,802,527</u>	<u>\$ 1,802,527</u>	<u>\$ -</u>

The change in accounting principle had no impact on the Plan's net increase of \$117,755 for the year ended December 31, 2009 or the net assets available for benefits at December 31, 2009 of \$1,802,527 that were previously reported.

Note 6. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through August 5, 2011, the date the financial statements were available to be issued. The Plan determined that there were no subsequent events to report.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION: (CONCLUDED)

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment accounts and participant loan account. Loan terms range up to 5 years, or more than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan Administrator which ranged from 4.25% to 9.25% during the period ended October 22, 2010 and in 2009. Principal and interest is paid ratably through payroll deductions.

Benefits

The normal retirement age provided under the Plan is the date a participant attains 65 years of age and early retirement is available at age 55. Benefits are also provided in the event of a participant's death or disability.

Distributions under the Plan are made in lump-sum amounts in the form of cash.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments

Investments are presented at fair value as determined by ING Life Insurance and Annuity Company (ING), the investment manager and custodian, at October 22, 2010 and December 31, 2009. The annual increase or decrease in fair value is reflected in income. The insurance company general account (ING Fixed Account) is presented at book value, which approximates fair value, as determined by ING.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company has elected to pay substantially all expenses of administration, including accounting and audit fees, and the compensation of employees of the Company who assist in the administration of the Plan. Accordingly, no expenses of administration are reflected in the accompanying Statements of Changes in Net Assets Available for Benefits.

Investment management fees are charged against investment income of the Plan.

NOTE 3. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

Financial Accounting Standards Board Accounting Standards Codification (ASC 820) "Fair Value Measurements and Disclosures", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs other than quoted prices in an active market that are observable, and Level 3 inputs are unobservable and significant to the fair value measurement, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The Plan did not hold any investments that were valued using Level 2 inputs at October 22, 2010 and December 31, 2009.

Note 5. TAX STATUS:

The Plan has adopted a prototype plan designed by ING. The prototype plan obtained its latest determination letter on December 7, 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently revised to comply with the provisions of EGTRRA. Note 6. CHANGE IN ACCOUNTING PRINCIPLES

Accounting Standards Update No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25), which was effective for financial statements issued for fiscal years ending after December 15, 2010 and adopted by the Plan in 2010 requires participant loans to be classified as notes receivable and not investments, see Note 2. The following adjustments have been made retrospectively to the Plan's financial statements as of December 31, 2009:

	Adoption of ASU 2010-25	As Previously Reported	Difference
Total investments	\$ 1,782,024	\$ 1,802,527	\$ (20,503)

Net Assets Available for Benefits	<u>\$ 1,802,527</u>	<u>\$ 1,802,527</u>	<u>\$ -</u>

The change in accounting principle had no impact on the Plan's net increase of \$117,755 for the year ended December 31, 2009 or the net assets available for benefits at December 31, 2009 of \$1,802,527 that were previously reported.

SAFEMASTERS COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION:

The following plan description of Safemasters Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Safemasters Company, Inc. (the Company) who are age twenty-one or older. Employees are required to have one month of service before they are eligible to participate in the plan and may enter the Plan on April 1, July 1, October 1 or January 1 once the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2005, Stanley Security Services (Stanley) acquired Safemasters Company, Inc. The Plan ceased operations effective July 1, 2005, and participants have enrolled in the Stanley Value Plan. On May 6, 2008, Stanley's board of directors passed a resolution to terminate the plan effective May 31, 2008 and authorized the appropriate officers to take such steps as necessary to obtain Internal Revenue Service (IRS) approval of the termination of the Plan. On June 22, 2010, the IRS approved the Plan termination. Participants were offered various options relating to the liquidation of their accounts. As a result, all investment and participant loans were transferred or distributed from the Plan as of October 22, 2010.

Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Plan (100% in 2010 and 2009) of pretax annual compensation subject to the limits established by the Internal Revenue Code (\$16,500 for 2010 and 2009). Compensation is defined as W-2 income (as adjusted to include certain non-taxable compensation) excluding fringe benefits, deferred compensation and welfare benefits. There have been no participant contributions to the Plan since June 2005.

The Company may contribute for each participant who makes elective contributions a matching contribution equal to a percentage of the elective contributions made by the participant. The Company may also contribute a discretionary amount to the Plan, which is not limited to its current or accumulated net profit. Discretionary contributions are allocated among participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants.

The decision to make matching or discretionary contributions is determined by the Company's Board of Directors. Forfeitures of discretionary contributions are added to the Company's contributions under the Plan. The Company did not make any discretionary or matching contributions for the period ended October 22, 2010 or the year ended December 31, 2009.

Contributions may be subject to certain limitations, depending on the compensation of the participant, and whether the participant is also benefiting under other plans maintained by the Company.

Participants' Accounts

Net income of the Plan is allocated on the basis of participants' weighted average account balances.

Effective July 1, 2005, all participants with balances became 100% vested in employer's matching and discretionary contributions.

The unallocated forfeiture balance was \$0 at October 22, 2010 and December 31, 2009.

Investment Options

Upon enrollment in the Plan, a participant can direct employee contributions in various increments in any of the following investment options:

SAFEMASTERS COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION:

The following plan description of Safemasters Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Safemasters Company, Inc. (the Company) who are age twenty-one or older. Employees are required to have one month of service before they are eligible to participate in the plan and may enter the Plan on April 1, July 1, October 1 or January 1 once the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2005, Stanley Security Services (Stanley) acquired Safemasters Company, Inc. The Plan ceased operations effective July 1, 2005, and participants have enrolled in the Stanley Value Plan. On May 6, 2008, Stanley's board of directors passed a resolution to terminate the plan effective May 31, 2008 and authorized the appropriate officers to take such steps as necessary to obtain Internal Revenue Service (IRS) approval of the termination of the Plan. On June 22, 2010, the IRS approved the Plan termination. Participants were offered various options relating to the liquidation of their accounts. As a result, all investment and participant loans were transferred or distributed from the Plan as of October 22, 2010.

Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Plan (100% in 2010 and 2009) of pretax annual compensation subject to the limits established by the Internal Revenue Code (\$16,500 for 2010 and 2009). Compensation is defined as W-2 income (as adjusted to include certain non-taxable compensation) excluding fringe benefits, deferred compensation and welfare benefits. There have been no participant contributions to the Plan since June 2005.

The Company may contribute for each participant who makes elective contributions a matching contribution equal to a percentage of the elective contributions made by the participant. The Company may also contribute a discretionary amount to the Plan, which is not limited to its current or accumulated net profit. Discretionary contributions are allocated among participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants.

The decision to make matching or discretionary contributions is determined by the Company's Board of Directors. Forfeitures of discretionary contributions are added to the Company's contributions under the Plan. The Company did not make any discretionary or matching contributions for the period ended October 22, 2010 or the year ended December 31, 2009.

Contributions may be subject to certain limitations, depending on the compensation of the participant, and whether the participant is also benefiting under other plans maintained by the Company.

Participants' Accounts

Net income of the Plan is allocated on the basis of participants' weighted average account balances.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION: (CONCLUDED)

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment accounts and participant loan account. Loan terms range up to 5 years, or more than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan Administrator which ranged from 4.25% to 9.25% during the period ended October 22, 2010 and in 2009. Principal and interest is paid ratably through payroll deductions.

Benefits

The normal retirement age provided under the Plan is the date a participant attains 65 years of age and early retirement is available at age 55. Benefits are also provided in the event of a participant's death or disability.

Distributions under the Plan are made in lump-sum amounts in the form of cash.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments

Investments are presented at fair value as determined by ING Life Insurance and Annuity Company (ING), the investment manager and custodian, at October 22, 2010 and December 31, 2009. The annual increase or decrease in fair value is reflected in income. The insurance company general account (ING Fixed Account) is presented at book value, which approximates fair value, as determined by ING.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company has elected to pay substantially all expenses of administration, including accounting and audit fees, and the compensation of employees of the Company who assist in the administration of the Plan. Accordingly, no expenses of administration are reflected in the accompanying Statements of Changes in Net Assets Available for Benefits.

Investment management fees are charged against investment income of the Plan.

NOTE 3. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Other Than Quoted Prices In Active Markets that are Observable (Level 2)	Significant Unobservable Inputs (Level 3)

Financial Accounting Standards Board Accounting Standards Codification (ASC 820) "Fair Value Measurements and Disclosures", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs other than quoted prices in an active market that are observable, and Level 3 inputs are unobservable and significant to the fair value measurement, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The Plan did not hold any investments that were valued using Level 2 inputs at October 22, 2010 and December 31, 2009.

NOTES TO FINANCIAL STATEMENTS

Note 5. TAX STATUS:

The Plan has adopted a prototype plan designed by ING. The prototype plan obtained its latest determination letter on December 7, 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently revised to comply with the provisions of EGTRRA. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 6. CHANGE IN ACCOUNTING PRINCIPLES

Accounting Standards Update No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25), which was effective for financial statements issued for fiscal years ending after December 15, 2010 and adopted by the Plan in 2010 requires participant loans to be classified as notes receivable and not investments, see Note 2. The following adjustments have been made retrospectively to the Plan's financial statements as of December 31, 2009:

	Adoption of ASU 2010-25	As Previously Reported	Difference
Total investments	\$ 1,782,024	\$ 1,802,527	\$ (20,503)
Notes receivable from participants	<u>20,503</u>	<u>-</u>	<u>20,503</u>
Net Assets Available for Benefits	<u>\$ 1,802,527</u>	<u>\$ 1,802,527</u>	<u>\$ -</u>

The change in accounting principle had no impact on the Plan's net increase of \$117,755 for the year ended December 31, 2009 or the net assets available for benefits at December 31, 2009 of \$1,802,527 that were previously reported.

Note 6. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through August 5, 2011, the date the financial statements were available to be issued. The Plan determined that there were no subsequent events to report.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION: (CONCLUDED)

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment accounts and participant loan account. Loan terms range up to 5 years, or more than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan Administrator which ranged from 4.25% to 9.25% during the period ended October 22, 2010 and in 2009. Principal and interest is paid ratably through payroll deductions.

Benefits

The normal retirement age provided under the Plan is the date a participant attains 65 years of age and early retirement is available at age 55. Benefits are also provided in the event of a participant's death or disability.

Distributions under the Plan are made in lump-sum amounts in the form of cash.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments

Investments are presented at fair value as determined by ING Life Insurance and Annuity Company (ING), the investment manager and custodian, at October 22, 2010 and December 31, 2009. The annual increase or decrease in fair value is reflected in income. The insurance company general account (ING Fixed Account) is presented at book value, which approximates fair value, as determined by ING.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company has elected to pay substantially all expenses of administration, including accounting and audit fees, and the compensation of employees of the Company who assist in the administration of the Plan. Accordingly, no expenses of administration are reflected in the accompanying Statements of Changes in Net Assets Available for Benefits.

Investment management fees are charged against investment income of the Plan.

NOTE 3. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

Financial Accounting Standards Board Accounting Standards Codification (ASC 820) "Fair Value Measurements and Disclosures", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs other than quoted prices in an active market that are observable, and Level 3 inputs are unobservable and significant to the fair value measurement, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The Plan did not hold any investments that were valued using Level 2 inputs at October 22, 2010 and December 31, 2009.

NOTES TO FINANCIAL STATEMENTS

Note 5. TAX STATUS:

The Plan has adopted a prototype plan designed by ING. The prototype plan obtained its latest determination letter on December 7, 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently revised to comply with the provisions of EGTRRA. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 6. CHANGE IN ACCOUNTING PRINCIPLES

Accounting Standards Update No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25), which was effective for financial statements issued for fiscal years ending after December 15, 2010 and adopted by the Plan in 2010 requires participant loans to be classified as notes receivable and not investments, see Note 2. The following adjustments have been made retrospectively to the Plan's financial statements as of December 31, 2009:

	Adoption of ASU 2010-25	As Previously Reported	Difference
Total investments	\$ 1,782,024	\$ 1,802,527	\$ (20,503)
Notes receivable from participants	<u>20,503</u>	<u>-</u>	<u>20,503</u>
Net Assets Available for Benefits	<u>\$ 1,802,527</u>	<u>\$ 1,802,527</u>	<u>\$ -</u>

The change in accounting principle had no impact on the Plan's net increase of \$117,755 for the year ended December 31, 2009 or the net assets available for benefits at December 31, 2009 of \$1,802,527 that were previously reported.

Note 6. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through August 5, 2011, the date the financial statements were available to be issued. The Plan determined that there were no subsequent events to report.

SAFEMASTERS COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION:

The following plan description of Safemasters Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Safemasters Company, Inc. (the Company) who are age twenty-one or older. Employees are required to have one month of service before they are eligible to participate in the plan and may enter the Plan on April 1, July 1, October 1 or January 1 once the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2005, Stanley Security Services (Stanley) acquired Safemasters Company, Inc. The Plan ceased operations effective July 1, 2005, and participants have enrolled in the Stanley Value Plan. On May 6, 2008, Stanley's board of directors passed a resolution to terminate the plan effective May 31, 2008 and authorized the appropriate officers to take such steps as necessary to obtain Internal Revenue Service (IRS) approval of the termination of the Plan. On June 22, 2010, the IRS approved the Plan termination. Participants were offered various options relating to the liquidation of their accounts. As a result, all investment and participant loans were transferred or distributed from the Plan as of October 22, 2010.

Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Plan (100% in 2010 and 2009) of pretax annual compensation subject to the limits established by the Internal Revenue Code (\$16,500 for 2010 and 2009). Compensation is defined as W-2 income (as adjusted to include certain non-taxable compensation) excluding fringe benefits, deferred compensation and welfare benefits. There have been no participant contributions to the Plan since June 2005.

The Company may contribute for each participant who makes elective contributions a matching contribution equal to a percentage of the elective contributions made by the participant. The Company may also contribute a discretionary amount to the Plan, which is not limited to its current or accumulated net profit. Discretionary contributions are allocated among participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants.

The decision to make matching or discretionary contributions is determined by the Company's Board of Directors. Forfeitures of discretionary contributions are added to the Company's contributions under the Plan. The Company did not make any discretionary or matching contributions for the period ended October 22, 2010 or the year ended December 31, 2009.

Contributions may be subject to certain limitations, depending on the compensation of the participant, and whether the participant is also benefiting under other plans maintained by the Company.

Participants' Accounts

Net income of the Plan is allocated on the basis of participants' weighted average account balances.

Effective July 1, 2005, all participants with balances became 100% vested in employer's matching and discretionary contributions.

The unallocated forfeiture balance was \$0 at October 22, 2010 and December 31, 2009.

Investment Options

Upon enrollment in the Plan, a participant can direct employee contributions in various increments in any of the following investment options:

- ING VP Strategic Allocation Growth Portfolio - Funds are invested to provide capital appreciation.

Note 6. CHANGE IN ACCOUNTING PRINCIPLES

Accounting Standards Update No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25), which was effective for financial statements issued for fiscal years ending after December 15, 2010 and adopted by the Plan in 2010 requires participant loans to be classified as notes receivable and not investments, see Note 2. The following adjustments have been made retrospectively to the Plan's financial statements as of December 31, 2009:

	Adoption of ASU 2010-25	As Previously Reported	Difference

Net Assets Available for Benefits	<u>\$ 1,802,527</u>	<u>\$ 1,802,527</u>	<u>\$ -</u>

The change in accounting principle had no impact on the Plan's net increase of \$117,755 for the year ended December 31, 2009 or the net assets available for benefits at December 31, 2009 of \$1,802,527 that were previously reported.

SAFEMASTERS COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION:

The following plan description of Safemasters Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Safemasters Company, Inc. (the Company) who are age twenty-one or older. Employees are required to have one month of service before they are eligible to participate in the plan and may enter the Plan on April 1, July 1, October 1 or January 1 once the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2005, Stanley Security Services (Stanley) acquired Safemasters Company, Inc. The Plan ceased operations effective July 1, 2005, and participants have enrolled in the Stanley Value Plan. On May 6, 2008, Stanley's board of directors passed a resolution to terminate the plan effective May 31, 2008 and authorized the appropriate officers to take such steps as necessary to obtain Internal Revenue Service (IRS) approval of the termination of the Plan. On June 22, 2010, the IRS approved the Plan termination. Participants were offered various options relating to the liquidation of their accounts. As a result, all investment and participant loans were transferred or distributed from the Plan as of October 22, 2010.

Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Plan (100% in 2010 and 2009) of pretax annual compensation subject to the limits established by the Internal Revenue Code (\$16,500 for 2010 and 2009). Compensation is defined as W-2 income (as adjusted to include certain non-taxable compensation) excluding fringe benefits, deferred compensation and welfare benefits. There have been no participant contributions to the Plan since June 2005.

The Company may contribute for each participant who makes elective contributions a matching contribution equal to a percentage of the elective contributions made by the participant. The Company may also contribute a discretionary amount to the Plan, which is not limited to its current or accumulated net profit. Discretionary contributions are allocated among participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants.

The decision to make matching or discretionary contributions is determined by the Company's Board of Directors. Forfeitures of discretionary contributions are added to the Company's contributions under the Plan. The Company did not make any discretionary or matching contributions for the period ended October 22, 2010 or the year ended December 31, 2009.

Contributions may be subject to certain limitations, depending on the compensation of the participant, and whether the participant is also benefiting under other plans maintained by the Company.

Participants' Accounts

Net income of the Plan is allocated on the basis of participants' weighted average account balances.

Effective July 1, 2005, all participants with balances became 100% vested in employer's matching and discretionary contributions.

The unallocated forfeiture balance was \$0 at October 22, 2010 and December 31, 2009.

Investment Options

Upon enrollment in the Plan, a participant can direct employee contributions in various increments in any of the following investment options:

- ING VP Strategic Allocation Growth Portfolio - Funds are invested to provide capital appreciation.
- ING VP Strategic Allocation Moderate Portfolio - Funds are invested to provide total return (i.e., income and capital appreciation, both realized and unrealized).
- ING VP Strategic Allocation Conservative Portfolio - Funds are invested to provide total return consistent with preservation of capital.
- ING VP Index Plus Large Cap Portfolio – Funds are invested to outperform the total return performance of Standard & Poor's 500 Composite Index (S&P 500), while maintaining a market level of risk.

- ING VP Index Plus Mid Cap Portfolio - Funds are invested to outperform the total return performance of the Standard & Poor's Mid Cap 400 Index, while maintaining a market level of risk.
- ING T. Rowe Price Growth Equity Portfolio - Funds are invested primarily in common stocks. The portfolio concentrates its investments in growth companies.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION: (CONCLUDED)

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment accounts and participant loan account. Loan terms range up to 5 years, or more than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan Administrator which ranged from 4.25% to 9.25% during the period ended October 22, 2010 and in 2009. Principal and interest is paid ratably through payroll deductions.

Benefits

The normal retirement age provided under the Plan is the date a participant attains 65 years of age and early retirement is available at age 55. Benefits are also provided in the event of a participant's death or disability.

Distributions under the Plan are made in lump-sum amounts in the form of cash.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments

Investments are presented at fair value as determined by ING Life Insurance and Annuity Company (ING), the investment manager and custodian, at October 22, 2010 and December 31, 2009. The annual increase or decrease in fair value is reflected in income. The insurance company general account (ING Fixed Account) is presented at book value, which approximates fair value, as determined by ING.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company has elected to pay substantially all expenses of administration, including accounting and audit fees, and the compensation of employees of the Company who assist in the administration of the Plan. Accordingly, no expenses of administration are reflected in the accompanying Statements of Changes in Net Assets Available for Benefits.

Investment management fees are charged against investment income of the Plan.

NOTE 3. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Other Than Quoted Prices In Active Markets that are Observable (Level 2)	Significant Unobservable Inputs (Level 3)

Total	<u>\$ 1,782,024</u>	<u>\$ 1,634,200</u>	<u>\$ -</u>	<u>\$ 147,824</u>

Financial Accounting Standards Board Accounting Standards Codification (ASC 820) "Fair Value Measurements and Disclosures", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs other than quoted prices in an active market that are observable, and Level 3 inputs are unobservable and significant to the fair value measurement, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The Plan did not hold any investments that were valued using Level 2 inputs at October 22, 2010 and December 31, 2009.

The Plan was subsequently revised to comply with the provisions of EGTRRA. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 6. CHANGE IN ACCOUNTING PRINCIPLES

Accounting Standards Update No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25), which was effective for financial statements issued for fiscal years ending after December 15, 2010 and adopted by the Plan in 2010 requires participant loans to be classified as notes receivable and not investments, see Note 2. As a result, all investment and participant loans were transferred or distributed from the Plan as of October 22, 2010.

Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Plan (100% in 2010 and 2009) of pretax annual compensation subject to the limits established by the Internal Revenue Code (\$16,500 for 2010 and 2009). Compensation is defined as W-2 income (as adjusted to include certain non-taxable compensation) excluding fringe benefits, deferred compensation and welfare benefits. There have been no participant contributions to the Plan since June 2005.

The Company may contribute for each participant who makes elective contributions a matching contribution equal to a percentage of the elective contributions made by the participant. The Company may also contribute a discretionary amount to the Plan, which is not limited to its current or accumulated net profit. Discretionary contributions are allocated among participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants.

The decision to make matching or discretionary contributions is determined by the Company's Board of Directors. Forfeitures of discretionary contributions are added to the Company's contributions under the Plan. The Company did not make any discretionary or matching contributions for the period ended October 22, 2010 or the year ended December 31, 2009.

Contributions may be subject to certain limitations, depending on the compensation of the participant, and whether the participant is also benefiting under other plans maintained by the Company.

Participants' Accounts

Net income of the Plan is allocated on the basis of participants' weighted average account balances.

Note 1. PLAN DESCRIPTION: (CONCLUDED)

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment accounts and participant loan account. Loan terms range up to 5 years, or more than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan Administrator which ranged from 4.25% to 9.25% during the period ended October 22, 2010 and in 2009. Principal and interest is paid ratably through payroll deductions.

Benefits

The normal retirement age provided under the Plan is the date a participant attains 65 years of age and early retirement is available at age 55. Benefits are also provided in the event of a participant's death or disability.

Distributions under the Plan are made in lump-sum amounts in the form of cash.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments

Investments are presented at fair value as determined by ING Life Insurance and Annuity Company (ING), the investment manager and custodian, at October 22, 2010 and December 31, 2009. The annual increase or decrease in fair value is reflected in income. The insurance company general account (ING Fixed Account) is presented at book value, which approximates fair value, as determined by ING.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company has elected to pay substantially all expenses of administration, including accounting and audit fees, and the compensation of employees of the Company who assist in the administration of the Plan. Accordingly, no expenses of administration are reflected in the accompanying Statements of Changes in Net Assets Available for Benefits.

Investment management fees are charged against investment income of the Plan.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

Financial Accounting Standards Board Accounting Standards Codification (ASC 820) "Fair Value Measurements and Disclosures", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs other than quoted prices in an active market that are observable, and Level 3 inputs are unobservable and significant to the fair value measurement, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The Plan did not hold any investments that were valued using Level 2 inputs at October 22, 2010 and December 31, 2009.

Note 5. TAX STATUS:

The Plan has adopted a prototype plan designed by ING. The prototype plan obtained its latest determination letter on December 7, 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently revised to comply with the provisions of EGTRRA. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 6. CHANGE IN ACCOUNTING PRINCIPLES

Accounting Standards Update No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25), which was effective for financial statements issued for fiscal years ending after December 15, 2010 and adopted by the Plan in 2010 requires participant loans to be classified as notes receivable and not investments, see Note 2. The following adjustments have been made retrospectively to the Plan's financial statements as of December 31, 2009:

	Adoption of ASU 2010-25	As Previously Reported	Difference
Total investments	\$ 1,782,024	\$ 1,802,527	\$ (20,503)
Notes receivable from participants	<u>20,503</u>	<u>-</u>	<u>20,503</u>
Net Assets Available for Benefits	<u>\$ 1,802,527</u>	<u>\$ 1,802,527</u>	<u>\$ -</u>

The change in accounting principle had no impact on the Plan's net increase of \$117,755 for the year ended December 31, 2009 or the net assets available for benefits at December 31, 2009 of \$1,802,527 that were previously reported.

Note 6. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through August 5, 2011, the date the financial statements were available to be issued. The Plan determined that there were no subsequent events to report.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 1. PLAN DESCRIPTION:

The following plan description of Safemasters Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Safemasters Company, Inc. (the Company) who are age twenty-one or older. Employees are required to have one month of service before they are eligible to participate in the plan and may enter the Plan on April 1, July 1, October 1 or January 1 once the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2005, Stanley Security Services (Stanley) acquired Safemasters Company, Inc. The Plan ceased operations effective July 1, 2005, and participants have enrolled in the Stanley Value Plan. On May 6, 2008, Stanley's board of directors passed a resolution to terminate the plan effective May 31, 2008 and authorized the appropriate officers to take such steps as necessary to obtain Internal Revenue Service (IRS) approval of the termination of the Plan. On June 22, 2010, the IRS approved the Plan termination. Participants were offered various options relating to the liquidation of their accounts. As a result, all investment and participant loans were transferred or distributed from the Plan as of October 22, 2010.

Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Plan (100% in 2010 and 2009) of pretax annual compensation subject to the limits established by the Internal Revenue Code (\$16,500 for 2010 and 2009). Compensation is defined as W-2 income (as adjusted to include certain non-taxable compensation) excluding fringe benefits, deferred compensation and welfare benefits. There have been no participant contributions to the Plan since June 2005.

The Company may contribute for each participant who makes elective contributions a matching contribution equal to a percentage of the elective contributions made by the participant. The Company may also contribute a discretionary amount to the Plan, which is not limited to its current or accumulated net profit. Discretionary contributions are allocated among participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants.

The decision to make matching or discretionary contributions is determined by the Company's Board of Directors. Forfeitures of discretionary contributions are added to the Company's contributions under the Plan. The Company did not make any discretionary or matching contributions for the period ended October 22, 2010 or the year ended December 31, 2009.

Contributions may be subject to certain limitations, depending on the compensation of the participant, and whether the participant is also benefiting under other plans maintained by the Company.

Participants' Accounts

Net income of the Plan is allocated on the basis of participants' weighted average account balances.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 22, 2010 AND DECEMBER 31, 2009

Note 5. TAX STATUS:

The Plan has adopted a prototype plan designed by ING. The prototype plan obtained its latest determination letter on December 7, 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently revised to comply with the provisions of EGTRRA. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 6. CHANGE IN ACCOUNTING PRINCIPLES

Accounting Standards Update No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25), which was effective for financial statements issued for fiscal years ending after December 15, 2010 and adopted by the Plan in 2010 requires participant loans to be classified as notes receivable and not investments, see Note 2. The following adjustments have been made retrospectively to the Plan's financial statements as of December 31, 2009:

	Adoption of ASU 2010-25	As Previously Reported	Difference
Total investments	\$ 1,782,024	\$ 1,802,527	\$ (20,503)
Notes receivable from participants	<u>20,503</u>	<u>-</u>	<u>20,503</u>
Net Assets Available for Benefits	<u>\$ 1,802,527</u>	<u>\$ 1,802,527</u>	<u>\$ -</u>

The change in accounting principle had no impact on the Plan's net increase of \$117,755 for the year ended December 31, 2009 or the net assets available for benefits at December 31, 2009 of \$1,802,527 that were previously reported.
