INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Polly's, Inc. Vacation Benefits Plan

We have audited the accompanying statements of net assets available for benefits - modified cash basis of the Polly's, Inc. Vacation Benefits Plan (the "Plan") as of October 31, 2010 and 2009, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended. These statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2 to the financial statements, these financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Polly's, Inc. Vacation Benefits Plan as of October 31, 2010 and 2009, and the changes in its financial status for the years then ended on the basis of accounting described in Note 2.

POLLY'S, INC. VACATION BENEFITS PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2010 AND 2009

Note 1 - Description of the Plan

The following description of the Polly's, Inc. Vacation Benefits Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan documents for a more complete description of the Plan's provisions.

General

Polly's, Inc. (the "Company") is the Plan's sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Benefits are paid through the Polly's, Inc. Voluntary Employees' Beneficiary Association Trust (the "Trust"), which was established in November 1986 at the same time as the Plan and is qualified under Section 501(c)(9) of the Internal Revenue Code ("IRC"). The Trust was established to fund vacation benefits to eligible employees of the Company.

Contributions

Employer contributions represent amounts paid by the Company to the Trust to fund vacation benefits paid to participants as specified under the Plan documents and Trust agreement.

Eligibility

Employees are eligible to participate once they complete one year of service and 1,800 hours.

Benefits

Benefits accrue at varying rates, from one to three weeks per year, based on length of service and full or part time status as specified in the Plan document. Benefits are paid to participants on the basis of their most recent, normal salary from the assets of the Trust at the time vacation is taken for salaried employees and after each anniversary date of service for hourly employees. Upon termination, participants receive all earned but unpaid benefits. Benefit obligations at October 31, 2010 and 2009 approximated $304,000 and $297,000, respectively. Such obligations are based on Plan management's estimates. Actual benefits paid could differ from those estimates.

Some factors affecting the change during the year to benefit obligations include the level of employee participation in the Plan, the relationship of vacation earned to vacation taken, and participants' compensation levels.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are presented on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, additions to net assets are recognized when received rather than when earned and deductions are recognized when paid rather than when incurred.

Concentration of Credit Risk

Financial instruments that may subject the Plan to credit risk principally consist of uninsured cash-in-bank balances. The Plan maintains all of its cash with a major financial institution. At times, the Plan's bank balance may exceed the amount insured by the Federal Deposit Insurance Corporation (generally, $250,000 per financial institution).

Note 2 - Summary of Significant Accounting Policies (continued)

Fair Value of Financial Instruments
The Plan's financial instruments consist solely of cash. The carrying amount of cash approximates its fair value at October 31, 2010 and 2009 based on the short-term nature of this instrument.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3 - Tax Status

The Trust established to hold the Plan's assets is qualified pursuant to the appropriate section of the IRC; accordingly, the Trust's net investment income is exempt from income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Trust established under the Plan to hold the Plan's assets obtained its latest determination letter in 1988, in which the Internal Revenue Service stated that the Trust, as then designed, was in compliance with the applicable requirements of the IRC. The Trust has been amended since receiving the determination letter. However, the plan administrator believes that the Trust is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of Trust agreement.

Note 5 – Subsequent Events

The plan administrator evaluated subsequent events through August 3, 2011, the date the Plan's financial statements were available to be issued. No subsequent events requiring disclosure were noted.
