INDEPENDENT AUDITORS' REPORT

Blackwell's Book Services Retirement Savings Plan:

We were engaged to audit the financial statements and supplemental schedule of the Blackwell's Book Services Retirement Savings Plan (the "Plan") as of December 31, 2010 and for the year then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

The financial statements of the Plan as of December 31, 2009 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan. Their report, dated September 30, 2010 indicated that because of the significance of the information they did not audit, they were unable to, and did not, express an opinion in the financial statements taken as a whole and the form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the Trustee as of December 31, 2010 and for the year then ended, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BLACKWELL'S BOOK SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

1. PLAN DESCRIPTION

The following description of the Blackwell's Book Services Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The plan covers all full-time employees of Blackwell's Book Services, Inc. (the "Company") who have attained age 21, except for those covered by a collective bargaining agreement.

Contributions - Contributions consist of employee elective deferrals and discretionary matching contributions provided by the Company. Participants may voluntarily contribute up to 60% of their compensation, up to a maximum of \$16,500 for both years ended December 31, 2010 and 2009, subject to certain discrimination tests prescribed by the Internal Revenue Code. Participants aged 50 and older may elect to defer additional amounts ("catch-up contributions") to the Plan. The Company may make discretionary match or discretionary non-elective contributions. The Company made discretionary matching contributions of 50% of participant's elected deferral contributions up to a maximum of 2% of a participant's compensation through April 30, 2009. Effective May 1, 2009, the Company ceased making discretionary matching contributions for an undetermined period of time. There were no discretionary non-elective contributions during the years ended December 31, 2010 and 2009, respectively.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions and allocations of Plan earnings or losses and administrative expenses. Allocations for each fund are based on the ratio of weighted average participant account balances to the total weighted average of all participant account balances. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Investment Options - Upon enrollment in the Plan, a participant directs the investment of his or her contributions and Company matching contributions into various investment options offered by the Plan.

Vesting - Participants are immediately vested in all amounts credited to their accounts.

Forfeitures - The Plan provides that forfeited non-vested Company contributions be used to reduce future Company contributions. At December 31, 2010 and 2009, forfeited non-vested accounts totaled approximately \$1,000 and \$2,000, respectively. For the years ended December 31, 2010 and 2009, forfeitures of approximately \$1,000 and \$0 were used to reduce Company contributions, respectively.

Benefit Payments - Benefits from the Plan may be made upon proper application by a participant for retirement, proven financial hardship, in service (non-hardship), disability, death (in which case the payment is made to the beneficiary), or employment termination, as specified in the Plan agreement.

Notes Receivable from Participants - The Plan permits participants to borrow a minimum of \$1,000 up to a maximum of 50% of their vested account interest, not to exceed \$50,000. Loans are secured by the balance in the participant's account and bear interest at rates that range from 5.75% to 6.75%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except that benefits paid to Plan participants are recorded on a cash basis.

Use of Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and common collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation of investments.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits for a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required by the FASB ASC 962, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The change in net unrealized appreciation of investments held from the beginning of the Plan year to the end of the Plan year is included with realized gains (losses) as net investment income reported in the accompanying statement of changes in net assets available for benefits.

Contributions - Contributions from employees are recorded as they are withheld from the participant's wages. Contributions from the Company are recorded in the period in which the related participant contributions are due.

Notes Receivable from Participants - Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Reclassifications - Certain amounts in the 2009 financial statements have been reclassified to conform with the 2010 presentation. Such reclassifications had no effect on the reported change in net assets available for benefits.

Subsequent Events - In preparing its financial statements, the Plan has evaluated subsequent events through July 25, 2011, which is the date the financial statements were available to be issued.

3. INVESTMENTS (UNAUDITED)

The Plan's investment assets were held in trust and administered by Fidelity Management Trust Company, (the "Trustee"). All investment information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The fair value of investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009 is as follows:

	<u>2010</u>	<u>2009</u>
Fidelity Low Price Stock Fund	\$ 1,633,309	\$ 1,752,433
Fidelity Freedom 2010	\$ 869,238	\$ 1,311,896
Fidelity Managed Income Portfolio	\$ 730,094	\$ 1,187,473
Fidelity Growth Company Fund	\$ 542,113	\$ 735,116
Baron Growth Fund	\$ 423,592	*
Fidelity Diversified International Fund	\$ 380,654	\$ 621,523
Fidelity Spartan 500 Index – Investor Class	\$ 375,087	\$ 569,053
PIMCO Total Return Adm	*	\$ 1,024,302
Fidelity Freedom 2020	*	\$ 660,132

* - Does not represent 5% for respective year.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <p>Quoted prices for similar assets or liabilities in active markets;</p> <p>Quoted prices for identical or similar assets or liabilities in inactive markets;</p> <p>Inputs other than quoted prices that are observable for the asset or liability;</p> <p>Inputs that are derived principally from or corroborated by observable market data by correlation or other means.</p> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of units held by the plan at year end as determined by the fund's vendor or pricing agent.

Common collective trust fund: Valued at fair value of the underlying investments considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are funds managed by Fidelity Investments, Inc., an affiliate of Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan. Certain other third party administrator fees were paid by the Company on behalf of the Plan. These transactions qualify as party-in-interest transactions.

6. TRANSFER OF ASSETS

On November 1, 2010, the Baker & Taylor Retirement Savings Plan was amended to allow for the transfer of assets and liabilities of eligible participants from the Plan to the Baker & Taylor Retirement Savings Plan. Eligible employees are certain former employees of Blackwell North America, Inc. that became employees of Baker & Taylor, Inc. on or about November 1, 2010. During the year ended December 31, 2010, \$364,724 was transferred from the Plan to the Baker & Taylor Retirement Savings Plan.

7. TAX STATUS

The Plan administrator has received a favorable determination letter from the IRS dated March 31, 2008, which indicated the Plan, as designed, is in compliance with the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and plan sponsor believes the Plan is designed and is operating in accordance with the applicable requirements of the IRC; thus, the Plan and the related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for the years prior to 2007.

8. PARTIAL PLAN TERMINATION

Due to the Company being sold in December 2009, there was a significant decrease in the workforce during 2010 resulting in a partial plan termination. Since participants are immediately vested in their voluntary contributions and the Company's discretionary matching contribution, no additional action is required for the Plan to comply with partial plan termination requirements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENT

Effective July 25, 2011, the assets of the Plan were merged into the Baker & Taylor Retirement Savings Plan ("B&T Plan"). The participants' accounts were transferred into the B&T Plan and the participants preserved all protected benefits, rights and features that were accumulated under the Plan in the B&T Plan.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31, 2010:

	<u>2010</u>	<u>2009</u>

Supplemental schedules required by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, other than the one listed above, are omitted because of the absence of the conditions under which they are required.	

INDEPENDENT AUDITORS' REPORT

Blackwell's Book Services Retirement Savings Plan:

We were engaged to audit the financial statements and supplemental schedule of the Blackwell's Book Services Retirement Savings Plan (the "Plan") as of December 31, 2010 and for the year then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

The financial statements of the Plan as of December 31, 2009 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan. Their report, dated September 30, 2010 indicated that because of the significance of the information they did not audit, they were unable to, and did not, express an opinion in the financial statements taken as a whole and the form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the Trustee as of December 31, 2010 and for the year then ended, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BLACKWELL'S BOOK SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

1. PLAN DESCRIPTION

The following description of the Blackwell's Book Services Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The plan covers all full-time employees of Blackwell's Book Services, Inc. (the "Company") who have attained age 21, except for those covered by a collective bargaining agreement.

Contributions - Contributions consist of employee elective deferrals and discretionary matching contributions provided by the Company. Participants may voluntarily contribute up to 60% of their compensation, up to a maximum of \$16,500 for both years ended December 31, 2010 and 2009, subject to certain discrimination tests prescribed by the Internal Revenue Code. Participants aged 50 and older may elect to defer additional amounts ("catch-up contributions") to the Plan. The Company may make discretionary match or discretionary non-elective contributions. The Company made discretionary matching contributions of 50% of participant's elected deferral contributions up to a maximum of 2% of a participant's compensation through April 30, 2009. Effective May 1, 2009, the Company ceased making discretionary matching contributions for an undetermined period of time. There were no discretionary non-elective contributions during the years ended December 31, 2010 and 2009, respectively.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions and allocations of Plan earnings or losses and administrative expenses. Allocations for each fund are based on the ratio of weighted average participant account balances to the total weighted average of all participant account balances. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Investment Options - Upon enrollment in the Plan, a participant directs the investment of his or her contributions and Company matching contributions into various investment options offered by the Plan.

Vesting - Participants are immediately vested in all amounts credited to their accounts.

Forfeitures - The Plan provides that forfeited non-vested Company contributions be used to reduce future Company contributions. At December 31, 2010 and 2009, forfeited non-vested accounts totaled approximately \$1,000 and \$2,000, respectively. For the years ended December 31, 2010 and 2009, forfeitures of approximately \$1,000 and \$0 were used to reduce Company contributions, respectively.

Benefit Payments - Benefits from the Plan may be made upon proper application by a participant for retirement, proven financial hardship, in service (non-hardship), disability, death (in which case the payment is made to the beneficiary), or employment termination, as specified in the Plan agreement.

Notes Receivable from Participants - The Plan permits participants to borrow a minimum of \$1,000 up to a maximum of 50% of their vested account interest, not to exceed \$50,000. Loans are secured by the balance in the participant's account and bear interest at rates that range from 5.75% to 6.75%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except that benefits paid to Plan participants are recorded on a cash basis.

Use of Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and common collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation of investments.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits for a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required by the FASB ASC 962, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The change in net unrealized appreciation of investments held from the beginning of the Plan year to the end of the Plan year is included with realized gains (losses) as net investment income reported in the accompanying statement of changes in net assets available for benefits.

Contributions - Contributions from employees are recorded as they are withheld from the participant's wages. Contributions from the Company are recorded in the period in which the related participant contributions are due.

Notes Receivable from Participants - Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Reclassifications - Certain amounts in the 2009 financial statements have been reclassified to conform with the 2010 presentation. Such reclassifications had no effect on the reported change in net assets available for benefits.

Subsequent Events - In preparing its financial statements, the Plan has evaluated subsequent events through July 25, 2011, which is the date the financial statements were available to be issued.

3. INVESTMENTS (UNAUDITED)

The Plan's investment assets were held in trust and administered by Fidelity Management Trust Company, (the "Trustee"). All investment information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The fair value of investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009 is as follows:

	<u>2010</u>	<u>2009</u>
Fidelity Low Price Stock Fund	\$ 1,633,309	\$ 1,752,433
Fidelity Freedom 2010	\$ 869,238	\$ 1,311,896
Fidelity Managed Income Portfolio	\$ 730,094	\$ 1,187,473
Fidelity Growth Company Fund	\$ 542,113	\$ 735,116

* - Does not represent 5% for respective year.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <p>Quoted prices for similar assets or liabilities in active markets;</p> <p>Quoted prices for identical or similar assets or liabilities in inactive markets;</p> <p>Inputs other than quoted prices that are observable for the asset or liability;</p> <p>Inputs that are derived principally from or corroborated by observable market data by correlation or other means.</p> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of units held by the plan at year end as determined by the fund's vendor or pricing agent.

Common collective trust fund: Valued at fair value of the underlying investments considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are funds managed by Fidelity Investments, Inc., an affiliate of Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan. Certain other third party administrator fees were paid by the Company on behalf of the Plan. These transactions qualify as party-in-interest transactions.

6. TRANSFER OF ASSETS

On November 1, 2010, the Baker & Taylor Retirement Savings Plan was amended to allow for the transfer of assets and liabilities of eligible participants from the Plan to the Baker & Taylor Retirement Savings Plan. Eligible employees are certain former employees of Blackwell North America, Inc. that became employees of Baker & Taylor, Inc. on or about November 1, 2010. During the year ended December 31, 2010, \$364,724 was transferred from the Plan to the Baker & Taylor Retirement Savings Plan.

7. TAX STATUS

The Plan administrator has received a favorable determination letter from the IRS dated March 31, 2008, which indicated the Plan, as designed, is in compliance with the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and plan sponsor believes the Plan is designed and is operating in accordance with the applicable requirements of the IRC; thus, the Plan and the related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for the years prior to 2007.

8. PARTIAL PLAN TERMINATION

Due to the Company being sold in December 2009, there was a significant decrease in the workforce during 2010 resulting in a partial plan termination. Since participants are immediately vested in their voluntary contributions and the Company's discretionary matching contribution, no additional action is required for the Plan to comply with partial plan termination requirements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENT

Effective July 25, 2011, the assets of the Plan were merged into the Baker & Taylor Retirement Savings Plan ("B&T Plan"). The participants' accounts were transferred into the B&T Plan and the participants preserved all protected benefits, rights and features that were accumulated under the Plan in the B&T Plan.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31, 2010:

	<u>2010</u>	<u>2009</u>

INDEPENDENT AUDITORS' REPORT

Blackwell's Book Services Retirement Savings Plan:

We were engaged to audit the financial statements and supplemental schedule of the Blackwell's Book Services Retirement Savings Plan (the "Plan") as of December 31, 2010 and for the year then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

The financial statements of the Plan as of December 31, 2009 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan. Their report, dated September 30, 2010 indicated that because of the significance of the information they did not audit, they were unable to, and did not, express an opinion in the financial statements taken as a whole and the form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the Trustee as of December 31, 2010 and for the year then ended, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BLACKWELL'S BOOK SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

1. PLAN DESCRIPTION

The following description of the Blackwell's Book Services Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The plan covers all full-time employees of Blackwell's Book Services, Inc. (the "Company") who have attained age 21, except for those covered by a collective bargaining agreement.

Contributions - Contributions consist of employee elective deferrals and discretionary matching contributions provided by the Company. Participants may voluntarily contribute up to 60% of their compensation, up to a maximum of \$16,500 for both years ended December 31, 2010 and 2009, subject to certain discrimination tests prescribed by the Internal Revenue Code. Participants aged 50 and older may elect to defer additional amounts ("catch-up contributions") to the Plan. The Company may make discretionary match or discretionary non-elective contributions. The Company made discretionary matching contributions of 50% of participant's elected deferral contributions up to a maximum of 2% of a participant's compensation through April 30, 2009. Effective May 1, 2009, the Company ceased making discretionary matching contributions for an undetermined period of time. There were no discretionary non-elective contributions during the years ended December 31, 2010 and 2009, respectively.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions and allocations of Plan earnings or losses and administrative expenses. Allocations for each fund are based on the ratio of weighted average participant account balances to the total weighted average of all participant account balances. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Investment Options - Upon enrollment in the Plan, a participant directs the investment of his or her contributions and Company matching contributions into various investment options offered by the Plan.

Vesting - Participants are immediately vested in all amounts credited to their accounts.

Forfeitures - The Plan provides that forfeited non-vested Company contributions be used to reduce future Company contributions. At December 31, 2010 and 2009, forfeited non-vested accounts totaled approximately \$1,000 and \$2,000, respectively. For the years ended December 31, 2010 and 2009, forfeitures of approximately \$1,000 and \$0 were used to reduce Company contributions, respectively.

Benefit Payments - Benefits from the Plan may be made upon proper application by a participant for retirement, proven financial hardship, in service (non-hardship), disability, death (in which case the payment is made to the beneficiary), or employment termination, as specified in the Plan agreement.

Notes Receivable from Participants - The Plan permits participants to borrow a minimum of \$1,000 up to a maximum of 50% of their vested account interest, not to exceed \$50,000. Loans are secured by the balance in the participant's account and bear interest at rates that range from 5.75% to 6.75%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except that benefits paid to Plan participants are recorded on a cash basis.

Use of Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and common collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation of investments.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits for a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required by the FASB ASC 962, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The change in net unrealized appreciation of investments held from the beginning of the Plan year to the end of the Plan year is included with realized gains (losses) as net investment income reported in the accompanying statement of changes in net assets available for benefits.

Contributions - Contributions from employees are recorded as they are withheld from the participant's wages. Contributions from the Company are recorded in the period in which the related participant contributions are due.

Notes Receivable from Participants - Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Reclassifications - Certain amounts in the 2009 financial statements have been reclassified to conform with the 2010 presentation. Such reclassifications had no effect on the reported change in net assets available for benefits.

Subsequent Events - In preparing its financial statements, the Plan has evaluated subsequent events through July 25, 2011, which is the date the financial statements were available to be issued.

3. INVESTMENTS (UNAUDITED)

The Plan's investment assets were held in trust and administered by Fidelity Management Trust Company, (the "Trustee"). All investment information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The fair value of investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009 is as follows:

	<u>2010</u>	<u>2009</u>
Fidelity Low Price Stock Fund	\$ 1,633,309	\$ 1,752,433
Fidelity Freedom 2010	\$ 869,238	\$ 1,311,896
Fidelity Managed Income Portfolio	\$ 730,094	\$ 1,187,473
Fidelity Growth Company Fund	\$ 542,113	\$ 735,116
Baron Growth Fund	\$ 423,592	*
Fidelity Diversified International Fund	\$ 380,654	\$ 621,523
Fidelity Spartan 500 Index – Investor Class	\$ 375,087	\$ 569,053
PIMCO Total Return Adm	*	\$ 1,024,302
Fidelity Freedom 2020	*	\$ 660,132

* - Does not represent 5% for respective year.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <p>Quoted prices for similar assets or liabilities in active markets;</p> <p>Quoted prices for identical or similar assets or liabilities in inactive markets;</p> <p>Inputs other than quoted prices that are observable for the asset or liability;</p> <p>Inputs that are derived principally from or corroborated by observable market data by correlation or other means.</p> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of units held by the plan at year end as determined by the fund's vendor or pricing agent.

Common collective trust fund: Valued at fair value of the underlying investments considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

5. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are funds managed by Fidelity Investments, Inc., an affiliate of Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan. Certain other third party administrator fees were paid by the Company on behalf of the Plan. These transactions qualify as party-in-interest transactions.

6. TRANSFER OF ASSETS

On November 1, 2010, the Baker & Taylor Retirement Savings Plan was amended to allow for the transfer of assets and liabilities of eligible participants from the Plan to the Baker & Taylor Retirement Savings Plan. Eligible employees are certain former employees of Blackwell North America, Inc. that became employees of Baker & Taylor, Inc. on or about November 1, 2010. During the year ended December 31, 2010, \$364,724 was transferred from the Plan to the Baker & Taylor Retirement Savings Plan.

7. TAX STATUS

The Plan administrator has received a favorable determination letter from the IRS dated March 31, 2008, which indicated the Plan, as designed, is in compliance with the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and plan sponsor believes the Plan is designed and is operating in accordance with the applicable requirements of the IRC; thus, the Plan and the related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for the years prior to 2007.

8. PARTIAL PLAN TERMINATION

Due to the Company being sold in December 2009, there was a significant decrease in the workforce during 2010 resulting in a partial plan termination. Since participants are immediately vested in their voluntary contributions and the Company's discretionary matching contribution, no additional action is required for the Plan to comply with partial plan termination requirements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENT

Effective July 25, 2011, the assets of the Plan were merged into the Baker & Taylor Retirement Savings Plan (“B&T Plan”). The participants’ accounts were transferred into the B&T Plan and the participants preserved all protected benefits, rights and features that were accumulated under the Plan in the B&T Plan.
