NOTE 1 - DESCRIPTION OF PLAN

The following description of the Conitex Sonoco Inc. & Subsidiaries 401(k) Plan (the "Plan") provides only general information. The Plan agreement contains a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the purpose of providing retirement benefits to employees and to encourage and assist employees in adopting a regular savings program by means of payroll deductions through a plan that qualifies under the applicable laws of the United States of America. The Plan covers substantially all employees of Conitex Sonoco Inc. (the "Company") who have three months of service and are eighteen years old or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). During 2006, the Plan was amended to include a Roth 401(k) feature.

Contributions

Participants may elect to contribute from 1% to 25% of eligible compensation up to a maximum of $16,500, as defined in the Plan. There is a catch up limit of $5,500 for employees older than fifty years. The Company may make a discretionary matching contribution to each eligible participant to be determined each year by the Company. The Company makes employer matching contributions equal to 50% of the employee's contribution up to 6% of the employee's compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Participants are vested in the Company's matching portion of their accounts plus actual earnings thereon based on years of credited service as follows:

Years of Vesting Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investment Options
Upon enrollment in the Plan, a participant may direct their contributions to any of the 25 mutual fund investment options and one common trust offered by the plan.

Payment of Benefits
Upon termination of service, a participant is entitled to receive the vested portion of his or her account balance in a lump-sum amount. However, the participant can elect to leave the vested portion in the Plan until such time as distribution is requested in accordance with Plan provisions. If the account balance is less than $1,000, a mandatory distribution is made.

Participant Loans
The Plan allows a participant to borrow up to 50% of his/her vested account balance. The amount borrowed may not be less than $1,000 and shall not exceed $50,000 reduced by the excess, if any, of the highest outstanding loan balance during the one-year period prior to the date the loan was made over the outstanding balance of such loans from the Plan on the date on which such loan was made. A participant may not obtain more than one loan in a Plan year and may not have more than two loans outstanding at one time.

These loans bear interest at an annual rate as determined by the Plan administrator and are evidenced by a promissory note from the participant providing for repayment of principal and interest in periodic installments over a period not to exceed five years or fifteen years in the case of a residential loan. Principal and interest are paid ratably through payroll deductions, and the Plan provides for a single, lump-sum repayment at any time. At December 31, 2010, there was $140,488 in loans outstanding, bearing interest rates ranging from 4.25% - 9.25%.

Forfeitures
The non-vested portion of fund assets allocated to a participant's account is forfeited upon termination of service. These forfeitures are retained by the Plan and used to reduce future employer contributions. For the year ended December 31, 2010, $22,343 was utilized by the Company to reduce employer contributions. The balance of unallocated forfeitures at December 31, 2010 and 2009 was $22,390 and $22,331, respectively.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Uses of Estimates
The preparation of financial statements in conformity with accounting standards generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risk and Uncertainties
The Plan provides for various investment options in mutual funds and a collective trust fund. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for Plan benefits.

Valuation of Investments and Income Recognition
The Plan's mutual fund investments are stated at fair value based on each fund's net asset value as determined by the custodian. Purchase and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis.

The Suntrust Retirement Stable Asset Fund represents shares of participation in a collective trust fund. Such fund is valued at the net asset value as determined by audited financial statements.

The Plan presents in the statement of changes in net assets available for benefits, the net change in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Participants' loans receivable are valued at cost, which approximates fair value.

Participant Loans
Loans from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Company, to the extent not paid by the Plan, pays fees and expenses of the Plan. For the year ended December 31, 2010, the Company paid all expenses.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, SunTrust Bank, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009, the schedule of assets held at end of year, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

NOTE 4 - INVESTMENTS

The following investments represented 5% or more of the Plan's net assets at December 31, 2010 and 2009:

	2010	2009
SunTrust Stable Asset Fund	$ 634,304	$ 623,794
Vanguard 500 Index Fund	474,568	363,881
T. Rowe Price Growth Stock Fund	463,452	393,459
Dreyfus Premier Emerging Market Fund	200,545	147,936
MFS Value	218,353	180,682
Ridgeworth Large Cap Core Equity	295,937	
Invesco Real Estate Fund	168,595	
STI Classic Growth & Income Fund		285,383

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its matching contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their accounts.

NOTE 6 - TAX STATUS

The Plan is an adoption of the standardized prototype plan written by SunTrust Bank. The prototype sponsor has received a favorable determination letter dated August 26, 2002, in which the Internal Revenue Service stated that the prototype plan, as then designated, was in compliance with applicable requirements of the Internal Revenue Code ('IRC"). The Plan administrator may rely on this letter, and believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

NOTE 6 - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 7 - RISK AND UNCERTAINTIES

The plan invests in various investment securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the value of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - DISTRIBUTIONS OF EXCESS PARTICIPANT CONTRIBUTIONS

For purposes of complying with the participation and discrimination rules set forth in Section 401(k)(3) of the IRC, certain contributions from "highly compensated" participants are deemed to exceed allowable deferral limits and are required to be returned to the Plan. During 2010, a total of $28,293 of deferrals, Roth and matching contributions were required to be refunded. The Company was not required to file a Form 5530 as the excess contributions were refunded by March 15, 2011. Excess contributions required to be returned amounted to $17,707, and the Plan was required to pay excise taxes of $1,771 in 2009.

NOTE 9 - FAIR VALUE MEASUREMENT

The fair values of the Plan's assets measured on a recurring basis at December 31, 2010 and 2009 are as follows:

2010:

Assets	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)
Mutual Funds	$ 3,072,690	$ 3,072,690	
Suntrust Stable Asset Fund	634,304		$ 634,304
Total	$ 3,706,994	$ 3,072,690	$ 634,304

NOTE 9 - FAIR VALUE MEASUREMENT (Continued)

2009:

Assets	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)
Mutual Funds	$ 2,629,853	$ 2,629,853	
Suntrust Stable Asset Fund	623,794		$ 623,794
Total	$ 3,253,647	$ 2,629,853	$ 623,794

Fair values for investments are determined by reference to quoted market prices and other relevant information generated by market transactions.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include (quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means). If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 10 -RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by SunTrust Bank, custodian, and therefore, these transactions qualify as party-in-interest. Additionally, by definition, participant loans also qualify as party-in-interest.

NOTE 11 -DATE OF MANAGEMENT'S REVIEW

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through June 8, 2011, the date that the financial statements were available to be issued.

NOTE 12 –PLAN AMENDMENT

The Plan was amended during 2010 to comply with the new provisions of the Economic Growth Tax Relief Reconciliation Act.
