401(k) PLAN

Financial Statements and Supplemental Schedules

December 31, 2010 and 2009

(With Independent Auditors' Report Thereon)

Independent Auditors' Report

To the Participants and Administrator of
the Conner Steel Products, Inc. 401(k) Plan

We were engaged to audit the statement of net assets available for Plan benefits of Conner Steel Products, Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and the related statement of changes in net assets available for Plan benefits and the supplemental schedules for the year then ended. These financial statements and schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated September 30, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 as of and for the year ended December 31, 2010, which was certified by Hartford Life Insurance Company, the asset custodian of the Plan, except for comparing such information to the related information included in the 2010

financial statements and supplemental schedules. We have been informed by the plan administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the asset custodian as of and for the year ended December 31, 2010 that the information provided to the plan administrator by the asset custodian is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedules taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedules, other than that derived from the information certified by the asset custodian, as presented in note 3 to the financial statements, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2010 and 2009

(1) Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Conner Steel Products, Inc. 401(k) Plan (the Plan) have been prepared on the accrual basis of accounting, under which income is recognized when earned and expenses are recognized when the obligation is incurred.

Trustee

The Trustees for the Plan are responsible for the administration and management of the Plan.

Hartford Life Insurance Company holds all assets of the Plan, executes investment transactions pursuant to individual participant direction, values all assets and performs all recordkeeping functions, including income allocations and participant statement preparation.

Use of Estimates

Financial statements prepared on the accrual basis of accounting require management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Options

The Plan allows participants to self-direct their investments. Participants may invest their account balances in a combination of eleven investment funds which take the form of Hartford Life Insurance Company Group Annuity Contracts.

(2) Provisions of the Plan

General

The Plan is a defined contribution plan covering substantially all employees of the Company who have completed one year of service and attained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible participants may enter the Plan on the first day of the Plan year quarter coinciding with or next following the date on which such requirements are satisfied.

Contributions

Participants may elect to contribute to the Plan a specific percentage or dollar amount of their annual compensation, subject to limitations. Such contributions are recorded by the Plan in the period in which the Company makes applicable payroll deductions and shall not exceed the limitations as set forth by the Internal Revenue Code Section 415(d).

Under the provisions of the Plan, the Company may also make discretionary contributions for the benefit of the participants.

Participant Accounts

A separate account in the name of each participant is maintained by the Trustee to reflect the participant's accrued benefit in the Plan's net assets. Each participant's account is credited with employee deferrals and employer contributions, allocated forfeitures and an allocation of the Plan earnings. Plan earnings are allocated to participants based on the respective investment account balances during the Plan Year. Employer contributions are credited to participant accounts based on the matching formula and forfeitures are allocated to participant accounts in the same manner as employer contributions.

(2) Provisions of the Plan (continued)

Vesting

Participants are 100% vested in the employee contributions and the employer safe harbor matching contribution portion of the account balances as well as any non safe harbor employer contributions.

The term "year of service" includes all Plan years where an employee worked not less than 1,000 hours. Also, participants are 100% vested upon death or disability.

Participants Notes Receivable

Participants may borrow from their fund accounts up to their nonforfeitable account balance. Loan terms range from 1 - 5 years, except that a longer period is allowed when the loan is to be used for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through weekly payroll deductions.

Distributions

The benefit to which a participant is entitled is the nonforfeitable accrued benefit that can be provided from the participant's account. Benefits are payable by the Plan upon retirement, death, disability or other termination of employment pursuant to Item 40 of the Plan.

At December 31, 2010 and 2009, vested balances aggregating \$30,124 and \$27,821, respectively were reserved for participants who had terminated employment. These amounts have been reflected as a component of net assets available for plan benefits in the accompanying statements of net assets available for plan benefits.

(2) Provisions of the Plan (continued)

Hardship

Withdrawals for serious financial hardship are permitted under the Plan, however the participant must be suspended from making any additional elective deferral contributions for a period of six months.

Forfeitures

The nonvested portion of a terminated participant's account is forfeited after incurring a break in service. A break in service occurs when the participant does not work more than 500 hours in one Plan Year. Forfeitures are used to reduce plan expenses and to reduce employer contributions.

Trust accounting

All assets are held by Hartford Life Insurance Company, the asset custodian and recordkeeper, and all investment decisions and transactions are administered by the asset custodian and recordkeeper pursuant to participant instructions. Hartford Life Insurance Company, as recordkeeper, performs the allocation of employee and employer contributions and the allocation of income earned to the respective participant accounts.

Accounting method

Interest income is recognized when earned. Contributions are recognized based on payroll dates and are accrued.

Investment valuation

Values for investments in Group Annuity Contracts are determined by Hartford Life Insurance Company, the asset custodian.

(4) Termination of the Plan

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. The Plan sponsor was acquired by National Oilwell Varco (NOV) on May 25, 2011. As a result, it is the intent of management to terminate the Plan at some point in the future and merge it into the NOV retirement plan.

(5) Federal Income Taxes

The Company adopted the Plan, effective April 1, 2003, and has received a favorable determination from the Internal Revenue Service. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Effective May 5, 2009, the Plan was restated and amended to allow participant loans along with other miscellaneous provisions to comply with the latest applicable tax laws and regulations.

No provision for Federal income taxes has been made at December 31, 2010 or 2009.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) **Department of Labor Required Disclosures**

During the years ended December 31, 2010 and 2009 deposits to the Plan of all employee deferrals (contributions) were made timely in accordance with Department of Labor regulations.

(7) **Fair Value Measurements**

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820 Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

CONNER STEEL PRODUCTS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(7) **Fair Value Measurements, continued**

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Group annuity contracts: Valued as determined by Hartford Life Insurance Company.

Participant loans: valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(8) Subsequent Events

Subsequent events have been evaluated by management through July 18, 2011, which is the date the financial statements were available to be issued.

Effective May 24, 2011, the Plan sponsor was acquired by National Oilwell Varco (NOV). NOV intends to terminate the Plan during 2011 and merge the Plan participants into the NOV retirement plan.
