NOTE 1 - DESCRIPTION OF PLAN

The Alpin Haus Ski Shop, Inc. 401(k) Profit Sharing Plan and Trust was established on March 1, 1993. The following description of the Alpin Haus Ski Shop, Inc. (Company) 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution profit sharing plan covering all eligible employees of the Company. The Plan is drafted on a standardized prototype document and includes a 401(k) provision. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each year, participants may contribute a percentage of their annual wages on a pre-tax basis to the Plan. Contributions are subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant deferral for the Plan years ended December 31, 2010 and 2009, was $16,500. Participants age 50 and over are also permitted to make additional "catch-up" contributions as defined by the Economic Growth and Tax Relief Act of 2001 (EGTRRA). The Company may make a discretionary matching contribution of the employee's elective deferral to the extent the deferral does not exceed 6% of the participant's total compensation. The Company chose to temporarily suspend matching contributions as of December 1, 2008; however, during 2010, the Company made a discretionary matching contribution of $6,284. No discretionary matching contribution was made during 2009. The Company may also make a discretionary profit sharing contribution at the option of its Board of Directors. There were no discretionary profit sharing contributions made for the years ended December 31, 2010 and 2009.

Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of contributions into various investment options offered by the Plan.

c. Plan Eligibility

Employees are eligible to enter the Plan after they have attained the age of 21 and have completed one year of service. One year of service is defined as being credited with 1,000 hours of service in a consecutive twelve-month period. Entry dates of the Plan are January 1 and July 1. Participants who are actively employed at the end of the Plan year will share in the employer's matching and profit sharing contributions regardless of the service completed during the Plan year. Participants who left employment prior to year-end must complete more than 500 hours of service to share in the employer's profit sharing contributions. Participants who are not actively employed at the end of the year due to death, total and permanent disability, or early or normal retirement may share in the employer's matching and profit sharing contributions.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's match of those contributions, plus earnings and losses thereon, and the participant's allocable share, if any, of (a) the Company's discretionary profit sharing contribution and (b) forfeitures of the nonvested portion of terminated participants' accounts. Allocations of the Company's discretionary profit sharing contributions and forfeitures are based on a formula which takes into account the participant's gross compensation for the allocation period. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN - Continued

e. Vesting

Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is subject to a graduated vesting schedule. A participant shall have a vested and nonforfeitable interest in his or her account determined by the number of years of service as follows:

Years of Service	Vesting %
Less than 2	0
2	20
3	40
4	60
5	80
6	100

f. Participant Notes Receivable

Participants may borrow a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or a reasonable number of years determined by the Plan Administrator for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The Plan interest rates for loans during the years ended December 31, 2010 and 2009, range from 5.25% to 9.25%. Principal and interest are paid ratably through weekly payroll deductions.

g. Payment of Benefits

Upon termination of service due to death, disability, attainment of normal retirement age, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment. The Plan also allows hardship distributions up to the participant's vested account balance, and in-service distributions for participants upon attaining age 59½.

h. Forfeited Accounts

The nonvested portion of terminated participants' accounts, as defined by the Plan, represents a forfeiture. Forfeitures may be used to reduce Company contributions. During the years ended December 31, 2010 and 2009, the Company used $6,284 and $-0-, respectively, of forfeitures to reduce Company contributions. As of December 31, 2010 and 2009, the Plan has forfeitures of $-0- and $2,841, respectively, to reduce future Company contributions.

i. Administrative Expenses

Administrative fees of the Plan are paid by the Plan or the Company. Administrative fees paid by the Plan are allocated proportionately to participants based on the value of their account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

a. Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting.

b. Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP), management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as an exchange price that would be received for an asset or paid to transfer a liability (an "exit" price) in the principal or most advantageous market for the asset or liability between market participants on the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Effective December 31, 2010, the Plan adopted Accounting Standards Update 2010-06, *Improving Disclosures About Fair Value Measurements*. This new accounting guidance under ASC 820, *Fair Value Measurements and Disclosures*, requires additional disclosures about fair value measurements, including (a) the amounts and reasons for certain significant transfers among the three hierarchy levels of inputs, (b) the gross, rather than net, basis for certain Level 3 roll-forward information, (c) use of a "class" basis rather than a "major category" basis for assets and liabilities, and (d) valuation techniques and inputs used to estimate Level 2 and Level 3 fair value measurements.

d. Participant Notes Receivable

Effective December 31, 2010, the Plan adopted Accounting Standards Update (ASU) 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans.* ASU 2010-25 requires participant loans be classified as loans receivable from participants, which are segregated from Plan investments and measured at their principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions.

e. Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

f. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

g. Subsequent Events

In preparing the financial statements and notes thereto, the Plan has considered subsequent events through August 12, 2011, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

For the years ended December 31, 2010 and 2009, the Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure Under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Massachusetts Mutual Life Insurance Company, the Custodian of the Plan, as complete and accurate, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule of assets held for investment purposes.

	2010	2009

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENT

The following table presents investments that represent five percent or more of the Plan's net assets:

	2010	2009
Moderate Journey Fund	$ 269,322	$ 237,318
Aggressive Journey Fund	372,004	336,086

Wells Fargo Advantage Capital Growth Fund	209,449	200,352
Guaranteed investment contract with Massachusetts Mutual Life Insurance Company, at contract value	796,809	832,233

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENT - Continued

During 2010 and 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated as follows:

	Years Ended December 31,	
	2010	2009
Pooled separate accounts	$ 410,862	$ 692,087
Investment contract	22,219	21,205
	$ 433,081	$ 713,292

GAAP provides a framework for measuring fair value. That framework includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following three levels of inputs may be used to measure fair value:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2010 and 2009.

Cash, held for investment: The carrying amounts of cash approximate fair value because of the short maturity of these instruments.

Pooled separate accounts: Valued at the net asset value ("NAV") of shares held by the plan at year-end.

Investment contract: Valued at fair value by MassMutual Retirement Services, the issuer of this contract, based on the estimated liquidation value determined within contract specifications based on the Lehman (Barclay's Capital) Index.

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENT - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets measured at fair value:

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENT - Continued

The following sets forth a summary of changes in the fair value of the Plan's unobservable (Level 3) assets measured for the year ended December 31, 2010:

	Investment Contract
Balance, beginning of year	$ 832,233
Interest and dividends	22,768
Purchases, sales, issuances, and settlements, net	(58,192)
Balance, end of year	$ 796,809

NOTE 5 - INVESTMENT CONTRACT

The Plan has entered into a benefit-responsive investment contract with MassMutual Retirement Services. MassMutual Retirement Services maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009, was $796,809 and $832,233, respectively. The crediting interest rates are based on a formula agreed upon with the issuer. Such interest rates are viewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average Yields	December 31, 2010	December 31, 2009
Based on actual earnings	2.73%	2.90%
Based on interest rate credited to participants	2.73%	2.90%

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts, and the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

NOTE 7 - TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - ADMINISTRATION OF PLAN ASSETS

The Plan assets are held and administered by Massachusetts Mutual Life Insurance Company, the Custodian of the Plan, who invests cash received in accordance with participant instructions and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation for such functions from the Plan.

NOTE 9 - RELATED PARTY TRANSACTIONS

The Company contributed $6,284 and $-0- to the Plan for the years ended December 31, 2010 and 2009, respectively. In addition, the Company paid for certain administrative expenses on behalf of the Plan, which totaled $18,584 and $18,150 for the years ended December 31, 2010 and 2009, respectively.

All of the pooled separate accounts offered as investment options are managed by Massachusetts Mutual Life Insurance Company, the Custodian of the Plan.
