Independent Auditors' Report

To the Plan Administrator Pokemon USA Retirement Savings Plan Bellevue, Washington

Certified Public

Accountants

and Consultants

We were engaged to audit the accompanying statements of net assets available for benefits of the Pokemon USA Retirement Savings Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits and supplementary information as of and for the year ended December 31, 2010. These financial statements and supplementary information are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary information. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplementary information taken as a whole. The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Pokemon USA Retirement Savings Plan (the Plan) provides general information only. Participants should refer to the plan document for complete information regarding the Plan's definitions, benefits, eligibility and other matters.

General - The Plan is a defined contribution plan that was established for the benefit of employees of The Pokémon Company International (the Company) for the benefit of eligible employees of the Company. All employees are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Participants may contribute to the Plan through voluntary deferrals of earned compensation. Eligible employees may contribute from 1% to 60% of their compensation to the Plan, not to exceed annual limitations prescribed by the Internal Revenue Service (IRS). A participant who is age 50 or older on or before the last day of the plan year is eligible to make catch-up contributions. Participants may also make rollover contributions to their accounts from other qualified plans.

The Company makes a non-discretionary matching contribution equal to 100% of each contributing participant's elective deferral, not to exceed 2% of eligible compensation on a per pay period basis.

Participant Accounts - Participant contributions to the Plan are voluntary. Participants are allowed to direct the investment of all contributions into various investment options that offer a diversity of investment risk and return. Each participant's account is credited with any contributions made to their account and allocations of (i) Plan net earnings or losses and (ii) applicable fees related to their account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Company's matching contribution is based on years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	0%
2	0%
3	100%

Forfeitures - Forfeitures of terminated participants' non-vested accounts are to be used to pay for plan expenses, reduce the Company's matching contribution to the Plan, or to reinstate rehired employees prior forfeiture amounts. Unallocated forfeitures as of December 31, 2010 and 2009, totaled \$29,878 and \$11,729, respectively.

Distributions - Upon termination of service, death, disability, attainment of age 59½, or retirement, a participant may elect to receive a distribution of their vested account balance. The distribution may be in the form of a lump-sum payment. The Plan provides for hardship withdrawals in accordance with provisions specified in the plan document.

Notes to Financial Statements

Note 1 - Continued

Notes Receivable from Participants - The Plan allows participants to borrow from their accounts using their vested balance as collateral for the loans. The maximum amount that a participant may borrow is equal to the lesser of 50% of their entire vested account balance or \$50,000. The minimum amount required to be borrowed is \$1,000. Loan terms range from one to five years unless it is used to acquire a principal residence. The interest rate is determined by the plan administrator based on prevailing market conditions. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance. Transaction based fees for loans are charged directly to participant accounts. All other administrative expenses related to the Plan are paid by the Company.

Subsequent Events - The Plan's management has evaluated subsequent events through August 1, 2011, the date on which the Plan's financial statements were available to be issued.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits - Benefits paid to participants are recognized when they are paid. No amounts had been allocated to accounts of participants who had elected to withdraw from the Plan but had not yet been paid as of December 31, 2010 and 2009.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements.

Notes to Financial Statements

Note 2 - Continued

Risks and Uncertainties - The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

New Accounting Pronouncements - In September 2010, the Financial Accounting Standards Board issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities:

<u>Level 2</u> - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Money Market Fund - Valued at cost plus accrued interest, which approximates fair value.

<u>Mutual Funds</u> - Valued at quoted market prices in active markets, which represent the net asset value of shares held by the Plan at year-end.

Notes to Financial Statements

Note 3 - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009 (Level 1, 2, and 3 are defined above):

		Fair Va	ılue Me	asurements	as of I	December 31	, 20	10

Notes to Financial Statements

Note 4 - Investments

Participants are allowed to direct their account balance into a variety of investment options including a money market fund and mutual funds. Participants may change their investment elections and make transfers between investment options daily.

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

	 2010	2009
Mutual Funds- Fidelity Retirement Money Market	\$ 347,110	\$ 255,346
Mutual Funds-		
Spartan Total Market Index	358,219	260,431
Fidelity Diversified International	211,404	167,272
Fidelity Freedom 2020	191,852	136,361
Fidelity Freedom 2035	182,220	*
Fidelity Freedom 2040	172,419	*

^{*}Does not represent 5% of the Plan's net assets for the respective plan year

Note 5 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a qualifying institution need not be subjected to independent audits. The Plan Sponsor has obtained certification from Fidelity Management Trust Company (Fidelity), that the following information provided by Fidelity and included in the Plan's financial statements and supplementary information is complete and accurate:

- Fair value of investments as of December 31, 2010 and 2009;
- Investment income earned for the year ended December 31, 2010; and
- Investment transactions for the year ended December 31, 2010.

Note 6 - Party-In-Interest

The Plan invests in shares of mutual funds and a money market fund managed by an affiliate of Fidelity. Transactions in such investments and fees charged by the affiliate directly to the funds for managing the investments, qualify as party-in-interest transactions, which are exempt from the rules governing prohibited transactions under ERISA.

Notes to Financial Statements

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their respective account balances.

Note 8 - Federal Income Taxes

The Plan uses a volume submitter plan document sponsored by Fidelity. Fidelity received an opinion letter dated March 31, 2008, which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan is subject to audits by the IRS for certain tax periods based on applicable laws and regulations; however, there are currently no audits for any tax periods in progress

Note 9 - Delinquent Participant Contributions

The Company's policy is to remit all contributions to the trust within five business days of the paydate. The Company determined that there were several instances during 2010 and 2009 in which participant deferral contributions and loan repayments were not deposited within this time period and as such, the Company elected to calculate and remit lost earnings on all deferral contributions that exceeded this time period. For 2010, \$203,713 in participant contributions and loan remittances have been identified as delinquent and are considered nonexempt prohibited transactions. For 2009, \$151,393 in participant contributions and loan remittances have been identified as delinquent and are considered nonexempt prohibited transactions. Rather than correcting the delinquencies under the Department of Labor's "Voluntary Fiduciary Correction Program", the Company decided to self-correct the impact of lost earnings.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

		2010	 2009
