The statement of net assets available for benefits of Registrat, Inc. 401(k) Profit Sharing Plan as of December 31, 2009, were audited by Dean Dorton Ford, PSC, whose report dated September 21, 2010, disclaimed an opinion on the 2009 financial statements for the same reason as described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information related to Note 3, which was certified by State Street Bank and Trust Company, the trustee for the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

REGISTRAT, INC. 401(K) PROFIT SHARING PLAN

Notes to the Financial Statements

1. Description of Plan

The following brief description of the Registrat, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the *Summary Plan Description* for more complete information.

General

The Plan is a defined contribution retirement plan covering all employees of Registrat, Inc. dba Registrat-Mapi, Inc. (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as applicable sections of the Internal Revenue Code. The Plan is administered by a Automatic Data Processing, Inc. (ADP) and the investments are held in a trust, the trustee of which is State Street Bank and Trust Company (State Street).

Eligibility

Employees become eligible to make contributions on their own behalf on the first day of the month following their date of hire.

Contributions

The Plan is funded by employee deferral, rollover, and discretionary Plan Sponsor contributions. Each employee is permitted to contribute a percentage of their annual compensation to their individual accounts on a pre-tax basis, in a range from 1% to 80% of their eligible compensation. The Plan Sponsor did match 50% of the participant's elective contributions, up to 10% of gross wages and may make a discretionary contribution. Effective March 1, 2009, the Plan was amended to discontinue the employer matching contributions by the Plan Sponsor. The Plan does permit rollover contributions.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor's matching contribution, and an allocation of Plan earnings or losses and elective employer contributions. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which the participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are 100% vested in the portion of their accounts attributable to employee salary deferrals. The employer portion of participant balances are subject to a progressive vesting schedule ranging from 20% upon completion of two years of service to 100% upon completion of at least six years of service. The Plan provides for 100% vesting for any participant whose termination is attributable to death, normal retirement, or permanent disability.

Forfeited Accounts

As of December 31, 2010 and 2009, forfeited nonvested accounts totaled \$38,969 and \$21,098, respectively. Forfeited accounts may be applied to employer contributions and Plan expenses. No forfeitures were reallocated during 2010. Forfeitures of \$1,082 were reallocated during 2009.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Risk and Uncertainties

The Plan provides for various participant directed investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of assets available for benefits and the statement of changes in net assets available for benefits.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the preceding twelve month period. Loans must be fully repaid within five years unless the loan is used to purchase a primary residence, upon which it may be repaid within no more than thirty years. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus two percent. Principal and interest are paid ratably through payroll deductions.

Investment and Administrative Expenses

All investment and administrative expenses of the Plan, except certain trustee fees, are allocated pro-rata amongst the account balances of all participants in the Plan based on the ratio of each participant's account balance to the aggregate of all participants' account balances under the Plan.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

2. Summary of Significant Accounting Policies, continued

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In September 2010, the FASB issued ASU No. 2010-25, Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans, which requires that participant loans be classified as notes receivable for GAAP purposes and measured at unpaid principal balance plus accrued but unpaid interest. Previously these participant loans were classified as plan investments, and were subject to the fair value measurement and disclosure requirements of FASB ASC 820, Fair Value Measurements and Disclosures. This new standard eliminated the need to calculate fair values and present disclosures for these loans in accordance with FASB ASC 820. The amendments were effective for plan years ending after December 15, 2010 and have been applied retrospectively to the prior period presented.

Reclassification

Certain prior year amounts have been reclassified in these financial statements to conform to the current year presentation. Such reclassifications had no effect on net assets available for benefits as previously reported.

Subsequent Events

Management has evaluated subsequent events for accounting and disclosure requirements through August 10, 2011, the date that the financial statements were available to be issued. Except as disclosed in Note 8, there were no events occurring during the evaluation period that require recognition or disclosure in the consolidated financial statements.

4. Fair Value Measurement

The Plan has determined the fair value of certain assets through application of ASC 820-10. Financial assets and liabilities valued using Level 1 inputs are based on unadjusted quoted market prices within active markets. Financial assets and liabilities valued using Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets. Financial assets using Level 3 inputs are valued using management's assumptions about the assumptions market participants would utilize in pricing the asset or liability. Please refer to the attached 2010 Schedule of Assets for disaggregated information on the 2010 fair values.

Total	<u>\$ 2,954,007</u>	<u>\$ 2,405,973</u>	<u>\$ 548,034</u>	<u>\$ -</u>

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust: Valued at the net asset value (NAV) of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan obtained its latest determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
