NOTE 1 - DESCRIPTION OF THE PLAN

Plan Description

The following description of the Wimberly Allison Tong & Goo, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Effective January 1, 1992. WATG Holdings, Inc., Wimberly Allison Tong & Goo NA, Inc., and Wimberly Allison Tong & Goo, Inc. (the "Company") established the Plan as a defined contribution plan under the provisions of Section 401(a) of the Internal Revenue Code (IRC) for the benefit of eligible employees of the Companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Eligibility

Each of the Company's employees are eligible to participate in the 401(k) Plan if they have completed three months of service and attained age 18. Once the eligibility requirements have been met, employees may enroll in the Plan on the first day of the following month. For the discretionary profit sharing contribution, employees must complete one thousand hours of service during the calendar year and be employed on December 31st to be eligible.

Contributions

Participants may elect to defer up to 100 percent of compensation, as defined in the Plan, as pre-tax contributions to the Plan, up to the 402(g) limit and/or the ADP test limit for highly compensated employees. The 402(g) limit for 2010 and 2009 was $16,500. In addition, all eligible employees who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

Effective January 1, 2007, the Plan was amended to allow the Company to make a discretionary matching contribution. The contribution is limited to 50% of the first 7% of employee compensation contributed as an elective deferral and is subject to certain limitations for highly compensated individuals. Effective February 28, 2009, the Company suspended all company matching contributions. For the year ended December 31, 2009, the matching contributions amounted to $104,102.

The Company may also make a discretionary profit sharing contribution. The Company did not make a profit sharing contribution for the years ended December 31, 2010 and 2009.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. The Plan maintains an account to hold amounts forfeited by participants who leave employment before their accounts become 100% vested.

Allocation of Investment Activity

The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

Vesting

Participants are immediately vested as to their contributions, rollover contributions and actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of continuous service according to the following schedule:

Years of Service	Vested Interest (%)
1	20
2	40
3	60
4	80
5	100

Note Receivable from Participant

A participant may borrow the lesser of $50,000 or 50% of his or her vested account balance. The notes must be repaid within 5 years, unless for the purchase of a primary residence. The notes are secured by the balance of the participant's account. Principal and interest is paid ratably through payroll deductions. All notes must be adequately secured and accrue interest at the current prime rate as of the date of the loan. Current interest rates range from 3.25% to 10.5%.

Payment of Benefits

Upon termination of service, including termination due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account. The normal form of benefit is a lump-sum distribution.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account and Company discretionary profit sharing contribution account and earnings on Company contributions are generally used to offset administrative fees, and then to reduce the Company's contributions. Forfeitures used to offset amounts paid for Company discretionary contributions were $61,399 and $22,933 for the years ended December 31, 2010 and 2009.

Hardship Distributions

A participant may elect a hardship distribution if it is deemed that the participant has an immediate and heavy financial need as described by the Plan. This distribution is subject to the applicable federal and state taxes and/or penalties.

Administrative Expenses

The Plan pays recordkeeping, maintenance and service fees. Other Plan expenses are paid by the Company. Investment manager fees relating to self-directed accounts are paid from those participants' accounts.

Investment of Plan Funds

Participants may elect to have their accounts invested in a variety of mutual funds and a common/collective trust offered by the trustee or a self-directed brokerage account. Participants may change their investment options daily.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contribution Funding

The Company makes payments to the plan for employee contributions and employer discretionary matching contributions on a bi-weekly basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Non-Discrimination for Employee and Employer Contributions

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund excess deferral contributions or make a Qualified Non-Elective Contribution (QNEC) for the non-highly compensated employees. Excess contributions that are refunded within two and a half months of the Plan year end are accrued as a liability on the statement of net assets available for benefits. For the years ended December 31, 2010 and 2009, the Company made QNEC contributions of $86,692 and $22,933, respectively.

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The mutual funds are recorded at quoted market prices. The common/collective trust funds are valued in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards codification (ASC) 962-325, that permits the use of contracts and provides guidance with respect to financial statement presentation and disclosure of fully benefit-responsive investment contracts.

Investments held by the Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of the Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying agreement. The accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits reflects both the fair value as well as the adjustment to contract value for each investment contract deemed fully benefit-responsive. The fair value of the common/collective trust funds has been determined by Bank of America, N.A. which generally reflects the representative quoted market prices for similar investments. Securities in self-directed brokerage accounts are reported at fair value, based on quoted market prices, as furnished by the trustee.

In September 2006, the FASB issued ASC Topic 820, *Fair Value Measurements* (ASC 820) which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. The Plan adopted ASC 820 in 2008.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Adoption of ASC 820 did not have a material impact on the Plan's financial statements.

The following provides a description of the three levels of inputs that may be used to measure fair value under ASC 820, the types of Plan investments that fall under each category, and the valuation methodologies used to measure these investments at fair value.

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Mutual Funds, Bonds and Notes, and Common Stock:

These investments are public investment securities valued using the Net Asset Value (NAV) provided by Bank of America, N.A. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Common/Collective Trust Funds:

These investments are public investment securities valued using the NAV provided by Bank of America, N.A. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

NOTE 3 - INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits at fair value as of December 31:

	2010	2009
Bank of America Retirement Preservation Trust	$ 2,445,455	$ 2,391,998
American Growth Fund of America	2,017,571	2,761,342
American Cap World Growth	-	2,771,792
PIMCO Total Return Fund	3,694,988	4,479,354

Ivy Asset Strategy Fund	2,789,765	-
Delaware Investment Dividend Income Fund	1,520,445	-
Blackrock Global Allocation Fund	2,125,017	-

For the years ended December 31, 2010 and 2009, the net appreciation in fair market value of investments was $1,938,811 and $3,324,341, respectively.

NOTE 4 - INFORMATION CERTIFIED BY PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. All of the investment information, including investment income, shown in the accompanying financial statements and supplemental schedule has been certified as complete and accurate by the trustee of the Plan.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will be 100% vested in their account balances.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued a determination letter dated June 4, 2002 stating that the Plan was designed in accordance with applicable IRC requirements as of that date. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 6 - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Bank of America, N.A. Bank of America, N.A. is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions for which there is statutory exemption.
