ANGELUS BLOCK COMPANY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Angelus Block Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time non-union employees of Angelus Block Company, Inc., E-Z Mix, Inc., and Desert Block Company, Inc. (collectively, the "Companies") who have six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan offers the participants of the Plan investment options through a group annuity contract with John Hancock Insurance Company (U.S.A.), the Corporate Trustee. The investment options that are offered the participants are guaranteed interest accounts and pooled separate accounts.

Contributions - For each year, participants may contribute up to $16,500 of pretax annual compensation, as defined in the Plan. Participants who are 50 years or older may contribute up to $22,000 of pretax annual compensation. Participants may also contribute certain amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies contribute 50% of the first 5% of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Companies' Boards of Directors. For the years ended December 31, 2010 and 2009, no additional contributions were made.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contributions and (b) Plan earnings, less an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits - On termination of service due to death, disability, retirement or termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - At December 31, 2010, forfeited nonvested accounts totaled $4,995. These amounts will be used to reduce future employer contributions. Also in 2010, employer contributions were reduced by $3,567 from forfeited nonvested accounts.

NOTE A - DESCRIPTION OF PLAN (Continued)

Operating Expenses - The majority of the expenses of maintaining the Plan are paid by the Companies.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE C - FAIR VALUE MEASUREMENTS (Continued)

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The pooled separate accounts are John Hancock U.S.A. Sub-Account Funds ("Sub-Account Fund"). Each Sub-Account Fund invests solely in shares of a specific mutual fund (the "underlying fund") which are segregated from other assets of John Hancock USA. The Sub-Account Funds' assets are carried at fair value. Fair value of shares of an underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund. In accordance with FASB Accounting Standards Update No. 2009-12 (ASU 2009-12), Investment in Certain Entities That Calculate Net Asset Value per Share (or its equivalent), the Sub-Account Funds are classified as Level 2 measurement. The Sub-Account Funds were classified as Level 1 at December 31, 2009. The classification has been changed in the table below for December 31, 2009 to Level 2 measurement to be in compliance with ASU 2009-12.

The guaranteed interest accounts are included at their fair values as reported to the Plan by John Hancock USA. The fair values were determined utilizing a formula based upon interest rates at December 31, 2010 and 2009 in effect for accounts with similar maturities. The Plan has revaluated the inputs and valuation technique used in measuring the fair value of the guaranteed interest accounts and have changed measurement to a Level 3 measurement as of December 31, 2010 from the Level 2 measurement assigned at December 31, 2009.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010

During 2010, the Plan's pooled separate accounts (including gains and losses on investments purchased and sold, as well as held during the year) appreciated in value by $1,043,601.

NOTE E - GUARANTEED INTEREST ACCOUNTS

Under the Plan's group annuity contract, the participants of the Plan may make contributions to guaranteed interest accounts. The guaranteed interest accounts guarantee the return of principal plus compound interest earned over either a three-year or ten-year term, provided all contributions remain in the account until the end of the guarantee period. If a participant withdraws a portion of their contribution before the end of the guarantee period, a portion of the withdrawal may be subject to a market rate adjustment. John Hancock maintains the contributions in a general account. The accounts are credited with earnings and are charged for participant withdrawals and administrative expenses. The three-year accounts total $2,268,622 and $2,243,675 at December 31, 2010 and 2009, respectively. The ten-year accounts total $305,703 and $226,089 at December 31, 2010 and 2009, respectively.

The average yield and crediting interest rates were approximately .92% for the three-year accounts and 3.05% for the ten-year accounts. The interest rates are established on the first day of each calendar month and apply to contributions made to the account that month. At the end of each reporting year, a composite rate of interest is determined. The composite rate is the effective annual rate earned by all contributions to that guaranteed interest account during that reporting year. After the end of each reporting year, contributions made will continue to earn that reporting year's composite interest rate until the end of the guaranteed term.

Certain events would limit the Plan's ability to transact at contract value with John Hancock. Such events include the following: a) premature termination of the contract by the Plan, b) termination of the Plan, or c) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

NOTE F - RELATED PARTY TRANSACTIONS

An affiliate of the contract administrator of the Plan was paid a commission of $17,103 and $15,116 in 2010 and 2009, respectively. Investment income has been reduced by the amount of this fee.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE H - PLAN RESTATEMENT AND AMENDMENT

Effective January 1, 2010, the Plan was amended and restated in its entirety to encompass changes mandated by legislative acts including the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), the Jobs Creation and Worker Assistance Act of 2002 (JCWAA), the Pension Protection Act of 2006 (PPA) and the Heroes Earnings Assistance and Relief Tax Act (HEART), and other applicable changes made to the Internal Revenue Code ("IRC").

NOTE I - TAX STATUS

The Internal Revenue Service has determined and informed the Companies by a letter dated November 11, 2010 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been restated and amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in pooled separate accounts and two guaranteed interest accounts which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the pooled separate accounts and the two guaranteed interest accounts, it is at least reasonably possible that changes in the values of the pooled separate accounts and the two guaranteed interest accounts will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

Subsequent to December 31, 2010, the Plan distributed to participants $581,531. In addition, effective August 15, 2011, the three-year guaranteed interest account will no longer be offered as an investment option to the participants. Funds invested in this account will be transferred to the John Hancock Stable Value Fund at account value.

Subsequent events were evaluated through July 25, 2011 which is the date the financial statements were available for issue.
